RIVERSIDE COUNTY TRANSPORTATION COMMISSION

Mid County Parkway RAMONA EXPRESSWAY

CONSTRUCTION ALERT

BRINGING SAFETY IMPROVEMENTS TO RAMONA EXPRESSWAY

Week of November 23, 2026

para español haga clic aqui

Upcoming Daytime Intersection Work

Ramona Expressway and Reservoir Ave

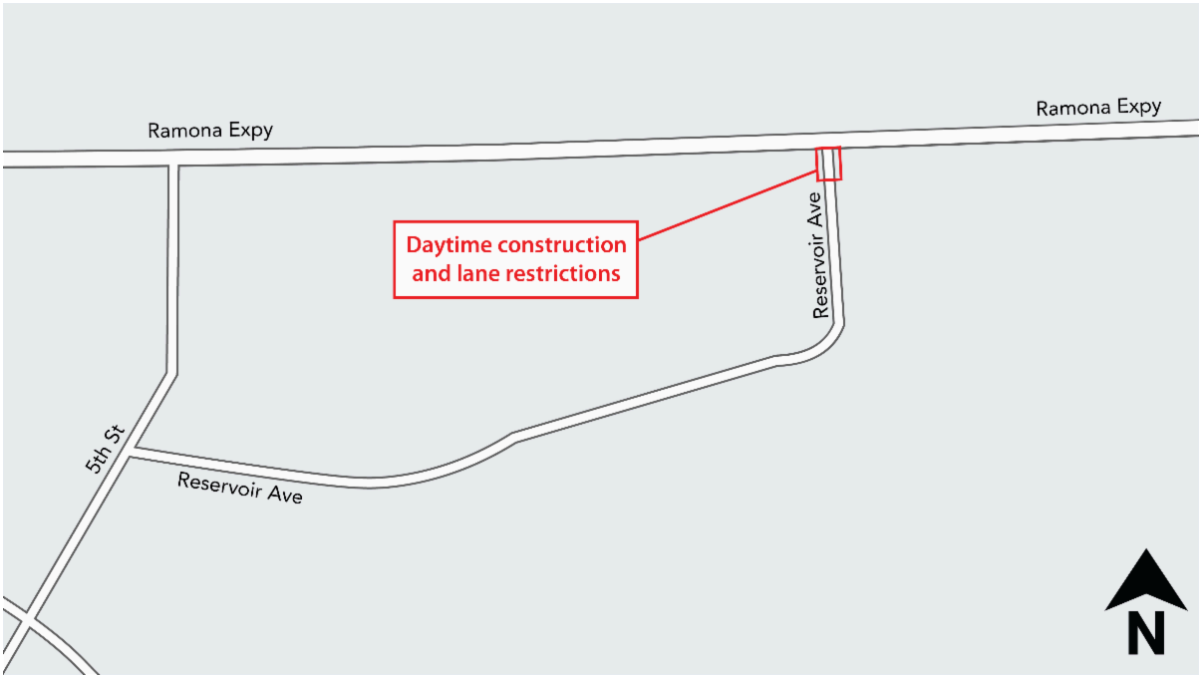
The Riverside County Transportation Commission's Mid County Parkway Ramona Expressway project will require **daily construction activity and lane restrictions at the intersection of Ramona Expressway and Reservoir Ave** starting Monday, November 23 through Tuesday, November 24, from 7 a.m. to 3 p.m. Access through the intersection will be maintained at all times. Please follow all flagging instructions and temporary construction signage.

In observance of Thanksgiving, no closures will occur between Wednesday, November 25 and Monday, November 30.

Please see closure details below. Construction activity and closures are subject to change due to inclement weather and other factors.

UPCOMING WORK

Date/Time	Activity & Location	Detour
Monday, November 23 - Tuesday, November 24 _____ Daily, 7 a.m. - 3 p.m.	Construction activity and lane restrictions at the intersection of Ramona Expressway and Reservoir Ave	No detour required; access will be maintained



PROJECT OVERVIEW

The Riverside County Transportation Commission (RCTC) is making major improvements along an **8.6 mile stretch of Ramona Expressway,** from one mile east of Rider Street to Warren Road. This corridor has experienced a high number of collisions and is identified as a high priority for safety and access improvements. Once complete, the project will create a safer, more reliable roadway for residents, commuters, businesses, and visitors. Project improvements include:

- **One new lane in each direction**
- **A raised center median**
- **A new bridge over the San Jacinto River**

- **Traffic signal upgrades**
- **A new wildlife crossing**

Construction will continue through 2028. While this work is underway, we appreciate your patience as crews make these long-term improvements. Drivers should plan for extra travel time, slow down, and stay alert near work areas. Access to homes and businesses will be maintained as much as possible throughout construction.
