

NOTICE OF POTENTIAL FINANCING

Riverside County Transportation Commission

The Riverside County Transportation Commission (“RCTC”) is considering the issuance of tax-exempt new money fixed rate bonds (the “2017 Bonds”) payable from Measure A sales tax revenues. This transaction may price the week of July 10, 2017, with a specific order period for retail investors occurring on Tuesday, July 11, 2017, by the following underwriters for specified series of the 2017 Bonds: led by book-running senior manager Bank of America Merrill Lynch with Goldman Sachs, as a senior manager; Barclays Capital, as co-senior manager; and Academy Securities and Fidelity Capital Markets, serving as co-managers. It is expected that, if issued, the 2017 Bonds will finance a portion of RCTC’s capital expenditures for construction of express lanes on I-15 between Cajalco Road and State Route 60 including the issuance costs relating to the Transportation Infrastructure Finance and Innovation Act loan, pay a portion of the costs of the SR-91 Corridor Improvement Project, repay commercial paper previously issued, and pay the costs of issuance for the 2017 Bonds.

The 2017 Bonds, if issued, would be special limited obligations of RCTC secured solely by a pledge of and a lien and charge upon the Measure A sales tax revenues, on parity with other obligations previously issued and to be issued in the future by RCTC.

The timing and structure of the 2017 Bonds remain subject to market conditions. RCTC reserves the right to change or modify its plans as it deems appropriate. There is no guarantee that any 2017 Bonds will be issued or that that the transaction or structure described herein will be consummated.

Any such offer or solicitation will only be made pursuant to a preliminary official statement that prospective investors should review before making any investment decision.
