AGENDA ITEM 7

<i>RIVERSIDE COUNTY TRANSPORTATION COMMISSION</i>	
DATE:	November 22, 2021
TO:	Western Riverside County Programs and Projects Committee
FROM:	Jillian Guizado, Planning and Programming Director
THROUGH:	John Standiford, Deputy Executive Director
SUBJECT:	City of Temecula Funding Request for Construction of the Interstate 15 Auxiliary Lane Project

STAFF RECOMMENDATION:

This item is for the Committee to:

- 1) Approve programming \$3.5 million of Transportation Uniform Mitigation Fee (TUMF) Community Environmental Transportation Acceptability Process (CETAP) funds for the city of Temecula's (Temecula) Interstate 15 (I-15) Auxiliary Lane Project (ALP);
- 2) Approve Agreement No. 22-73-032-00 between the Commission and Temecula for the programming of \$3.5 million of TUMF CETAP for the construction phase of the I-15 ALP;
- 3) Authorize the Chair or Executive Director, pursuant to legal counsel review, to execute the agreement; and
- 4) Forward to the Commission for final action.

BACKGROUND INFORMATION:

The I-15, through Temecula, carries 164,000 vehicles and trucks daily. Vehicles getting on and off the I-15 in Temecula require weaving and merging, degrading the operational efficiency of the local arterials, on-ramps, off-ramps, and freeway mainline.

Temecula has been working with Caltrans on a package of auxiliary lanes through Temecula on I-15 to improve circulation within the city, reduce delays, and improve safety. While Caltrans is the lead agency and sponsor of a suite of auxiliary lane improvements on I-15 between Temecula Parkway and Winchester Road, Temecula is the project lead on one northbound auxiliary lane project on two ramps connecting to the I-15 at Temecula Parkway and Rancho California Road, called the I-15 ALP. Due to this project being a high priority for Temecula, the city opted to be the project lead which is anticipated to result in the I-15 ALP being delivered up to two years earlier. The environmental document is underway for the I-15 ALP, and design is scheduled for completion in June 2022.

DISCUSSION:

On September 20, 2021, Temecula submitted a request to the Commission for assistance closing the funding gap on the I-15 ALP in the amount of \$3.5 million (Attachment 1). Funding is needed to construct improvements in FY 2022/23. Once the project is fully funded, construction is planned to be advertised in summer 2022 and awarded in fall 2022. As shown on the location map (Attachment 2), the project is in Temecula at the northbound I-15 on-ramp for Temecula Parkway and the I-15 off-ramp for Rancho California Road. Temecula, the city of Murrieta, the Pechanga Band of Luiseño Indians, and Caltrans are all funding partners collectively bringing \$5.47 million to the project. In 2020, Temecula sought additional state funding through Cycle 2 of the Senate Bill 1 Local Partnership Program Competitive (SB 1 LPP-C) call for projects. Ultimately, the I-15 ALP was not selected for SB 1 LPP-C funding. If Temecula waits to submit another competitive grant application in Cycle 3 of SB 1 LPP-C, it would delay construction by at least one year without an actual guarantee of funding.

The I-15 ALP compliments the Commission-led I-15 Smart Freeway pilot project on the I-15 in Temecula. Each project will enhance the other because they both improve operations along the corridor. By the Commission joining Temecula as a funding partner on this project, it would ensure the timely delivery of the I-15 ALP improvements.

Extending the I-15 on-ramp at Temecula Parkway and the I-15 off-ramp at Rancho California Road will improve air quality, enhance safety, reduce congestion, facilitate goods movement, and compliment the Commission-led I-15 Smart Freeway project. Since the project is not federalized, staff recommends programming \$3.5 million in TUMF CETAP funds to complete construction funding and approving an agreement with Temecula for the programming of the funds.

FISCAL IMPACT:

The Fiscal Year 2022/23 budget has not been prepared yet. If this item is approved by the Commission, the FY 2022/23 budget will include \$3.5 million for construction cost reimbursements to Temecula.

Subject: I-15 Congestion Relief/Auxiliary Lane Project Additional Funds Request

Dear Anne:

The City of Temecula, in partnership with Caltrans District 8, is working on plans for the addition of Auxiliary Lanes on I-15 between Temecula Parkway and Winchester Road. The City agreed to lead the Auxiliary Lane Project for northbound I-15 between Temecula Parkway and Rancho California Road (*the I-15 Auxiliary Lane Project*), EA 08-1K402. Caltrans District 8 has included Auxiliary Lanes between the other I-15 Interchanges in Temecula in their 2020 SHOPP program, with anticipated start date in 2024, EA 08-1K400.

The City submitted the I-15 Auxiliary Lane Project for the 2020 SB 1 Local Partnership Program (Competitive Program); however, it was determined the City was not eligible to apply due to an issue with the City's Development Impact Fee program. The City's application was submitted by WRCOG, along with several other projects from WRCOG member cities participating in the TUMF program, but the I-15 Auxiliary Lane Project was not selected for funding. The next opportunity for the LPP program will be FY 22-23, however, there is no guarantee this project will be selected for funding.

Shown below are the current estimated project costs:

Administration:	\$ 420,000
Construction:	\$ 6,600,000
Construction Engineering:	\$ 650,000
Design and Environmental:	<u>\$ 1,300,000</u>
Total	\$ 8,970,000

Currently available funding:

City of Temecula General Fund \$ 1,620,000

City of Murrieta	\$ 100,000
SHOPP Minor	\$ 1,250,000
Pechanga IGA	<u>\$ 2,500,000</u>
Total	\$ 5,470,000

Total Funding Shortfall	\$ 3,500,000
-------------------------	--------------

The purpose of this letter is to seek additional funds to cover the difference between the estimated project costs and currently available funding in the amount of \$3,500,000.

Improvement of the I-15 corridor between Route 60 and San Diego County Line is included in the Measure A Ordinance and Expenditure Plan so we believe this project should be eligible for Measure A funding.

The City is working with Caltrans District 8 on the I-15 Auxiliary Lane Project as a Streamlined Oversight Project (SOP). The City is preparing an environmental document for this project in accordance with CEQA; along with Plans, Specifications and Estimate scheduled for completion by June 2022. We anticipate being prepared to solicit construction bids in Summer 2022 and starting construction as soon as October 2022.

This project is strongly supported by the Move I-15 Task Force, a coalition of cities in Southwest Riverside County on the I-15 corridor. Also, as noted in the list of currently available funding, the Pechanga Band of San Luiseno Indians has committed \$2.5 million in funding for this project as part of the recently adopted Intergovernmental Agreement between the City and Pechanga.

Thank you in advance for your consideration of this request for additional funds to cover the funding shortfall for the I-15 Auxiliary Lane Project. If you have any questions, please contact me at (951) 506-5163 or patrick.thomas@temeculaca.gov.

Sincerely,

Patrick Thomas

Agreement No. 22-73-032-00

**AGREEMENT FOR THE FUNDING OF
TRANSPORTATION UNIFORM MITIGATION FEE IMPROVEMENTS
WITH THE CITY OF TEMECULA**

1. Parties and Date.

1.1 This Agreement is executed and entered into this ____ day of _____, 2021, by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION (“RCTC”) and the CITY OF TEMECULA (“City”). RCTC and City are sometimes collectively referred to herein as the “Parties”.

2. Recitals.

2.1 RCTC is a county transportation commission created and existing pursuant to California Public Utilities Code Sections 130053 and 130053.5.

2.2 On November 5, 2002 the voters of Riverside County approved Measure A authorizing the collection of a one-half percent (1/2%) retail transactions and use tax to fund transportation programs and improvements within the County of Riverside, and adopting the Riverside County Transportation Improvement Plan (the “Plan”).

2.3 The Plan establishes funding for any improved Regional Arterial System to be funded by a mix of Measure A and Transportation Uniform Mitigation Fees (“TUMF”) revenues.

2.4 Pursuant to Public Utility Code Sections 240000 et seq., RCTC is authorized to allocate the proceeds of the Measure A tax in furtherance of the Plan.

2.5 RCTC intends, by this Agreement, to distribute TUMF Community Environmental Transportation Acceptability Process (“CETAP”) Funds, subject to the conditions provided herein, and to participate in the joint development of the Project, as defined herein.

3. Terms.

3.1 Description of Work. This Agreement is intended to distribute TUMF CETAP Funds to the City for the Interstate 15 Auxiliary Lane Project (“the Work”). The Work, including a timetable and a detailed scope of work, is more fully described in Exhibit “A” attached hereto and, pursuant to Section 3.15 below, is subject to modification as requested by the City and approved by RCTC. The Work shall be consistent with the following defined phase as follows:

1) CONS – Construction

The Work phase funded pursuant to this Agreement shall be consistent with the City’s Request Letter submitted to the RCTC (“the Project”). The Project is more fully described in Exhibit “A” and depicted in Exhibit “B” attached hereto. It is understood and agreed that the City shall expend

TUMF CETAP Funds only as set forth in this Agreement and only for the Work. To this end, any use of funds provided pursuant to this Agreement shall be subject to the review and approval of RCTC.

3.2 RCTC Funding Amount. RCTC hereby agrees to distribute to the City, on the terms and conditions set forth herein, a sum not to exceed Three Million, Five Hundred Thousand Dollars (\$3,500,000), to be used exclusively for reimbursing the City for eligible Work expenses as described herein (“Funding Amount”). The City acknowledges and agrees that the Funding Amount may be less than the actual cost of the Work, and that RCTC shall not contribute TUMF CETAP Funds in excess of the maximum authorized in this section.

3.2.1 Eligible Work Costs. The total Work costs (“Total Work Cost”) may include the following items: (1) City and/or consultant costs associated with direct Work coordination and support; (2) construction costs, including change orders to construction contract approved by the City; and (3) construction management, field inspection and material testing costs.

3.2.2 Ineligible Work Costs. The Total Work Cost shall not include the following items which shall be borne solely by the City without reimbursement: (1) City administrative costs; (2) City costs attributed to the preparation of invoices, billings and payments; (3) any City fees attributed to the processing of the Work; and (4) expenses for items of work not included within the scope of work in Exhibit “A”.

3.2.3 Increases in Work Funding. The Funding Amount may, in RCTC’s sole discretion, be augmented with additional TUMF CETAP Funds. Any such increase in the Funding Amount must be approved in writing by RCTC’s Executive Director. No such increased funding shall be expended to pay for any Work already completed. For purposes of this Agreement, the Work or any portion thereof shall be deemed complete upon its acceptance by RCTC’s Executive Director.

3.2.4 Cost Savings. In the event that bids for the Work are lower than anticipated, or there are cost savings for any other reason, the Funding Amount shall be reduced as follows: cost savings shall be applied proportionately to each funding source listed in Exhibit “A” for the Work. The City shall inform RCTC of any cost savings and the Parties shall amend this Agreement to reflect the revised Funding Amount. RCTC’s Executive Director and the City Manager shall be authorized to execute any such amendment.

3.2.5 No Funding for Temporary Improvements. Only segments or components of the Work that are intended to form part of or be integrated into the Work may be funded by TUMF CETAP Funds. No improvement which is temporary in nature, including but not limited to temporary roads, curbs, or drainage facilities, shall be funded with TUMF CETAP Funds except as needed for staged construction of the Work.

3.3 City’s Funding Obligation to Complete the Work. In the event that the TUMF CETAP Funds allocated to the Work represent less than the total cost of the Work, the City shall provide such additional funds as may be required to complete the Work as described in Exhibit “A”.

3.3.1 City's Obligation to Repay TUMF CETAP Funds to RCTC. In the event that: (i) the City, for any reason, determines not to proceed with or complete the Work; or (ii) the Work is not timely completed, subject to any extension of time granted by RCTC pursuant to Section 3.15; the City agrees that any TUMF CETAP Funds that were distributed to the City for the Work shall be repaid in full to RCTC. The Parties shall enter into good faith negotiations to establish a reasonable repayment schedule and repayment mechanism which may include, but is not limited to, withholding of Measure A Local Streets and Roads revenues. The City acknowledges and agrees that RCTC shall have the right to withhold any Measure A Local Streets and Roads revenues due the City, in an amount not to exceed the total of the funds distributed to the City, and/or initiate legal action to compel repayment, if the City fails to repay RCTC within a reasonable time period not to exceed 180 days from receipt of written notification from RCTC that repayment is required.

3.3.2 City's Local Match Contribution. The City shall provide at least **Four Hundred Seventy-Six Thousand Dollars (\$476,000)** of funding toward the Work, as shown in Exhibit "A".

3.4 Work Responsibilities of the City. The City shall be responsible for the following aspects of the Work, in compliance with state and federal law provided that such items are included in the Project scope of work attached as Exhibit "A": (i) all aspects of bidding, awarding, and administration of the contracts for the Work; (ii) all construction management of any construction activities undertaken in connection with the Work, including survey and material testing; and (iii) development of a budget for the Work prior to award of any contract for the Work, taking into consideration available funding, including TUMF CETAP Funds.

3.5 Term/Notice of Completion. The term of this Agreement shall be from the date first herein above written until: (i) the date RCTC formally accepts the Work as complete, pursuant to Section 3.2.3; (ii) termination of this Agreement pursuant to Section 3.9; or (iii) the City has fully satisfied its obligations under this Agreement, including full repayment of TUMF CETAP Funds to RCTC as provided herein. All applicable indemnification provisions of this Agreement shall remain in effect following the termination of this Agreement.

3.6 Representatives of the Parties. The City's representative shall have the authority to act on behalf of the City for all purposes under this Agreement and shall coordinate all activities of the Work under the City's responsibility. The City shall work closely and cooperate fully with RCTC's representative and any other agencies which may have jurisdiction over or an interest in the Work.

3.7 Expenditure of Funds by City Prior to Execution of Agreement. Nothing in this Agreement shall be construed to prevent or preclude the City from expending funds on the Work prior to the execution of the Agreement, or from being reimbursed by RCTC for such expenditures. However, the City understands and acknowledges that any expenditure of funds on the Work prior to the execution of the Agreement is made at the City's sole risk, and that some expenditures by the City may not be eligible for reimbursement under this Agreement.

3.8 Review of Services. The City shall allow RCTC's Representative to inspect or review the progress of the Work at any reasonable time in order to determine whether the terms of this Agreement are being met.

3.9 Termination. This Agreement may be terminated for cause or convenience as further specified below.

3.9.1 Termination for Convenience.

3.9.1.1 Notice. Either RCTC or the City may, by written notice to the other party, terminate this Agreement, in whole or in part, for convenience by giving thirty (30) days' written notice to the other party of such termination and specifying the effective date thereof.

3.9.1.2 Effect of Termination for Convenience. In the event that the City terminates this Agreement for convenience, the City shall, within 180 days, repay to RCTC in full all TUMF CETAP Funds provided to the City under this Agreement. In the event that RCTC terminates this Agreement for convenience, RCTC shall, within 90 days, distribute to the City TUMF CETAP Funds in an amount equal to the aggregate total of all unpaid invoices which have been received from the City regarding the Work at the time of the notice of termination; provided, however, that RCTC shall be entitled to exercise its rights under Section 3.14.2, including but not limited to conducting a review of the invoices and requesting additional information. This Agreement shall terminate upon receipt by the non-terminating party of the amounts due it under this Section 3.9.1.2.

3.9.2 Termination for Cause.

3.9.2.1 Notice. Either RCTC or the City may, by written notice to the other party, terminate this Agreement, in whole or in part, in response to a material breach hereof by the other party, by giving written notice to the other party of such termination and specifying the effective date thereof. The written notice shall provide a 30 day period to cure any alleged breach. During the 30 day cure period, the Parties shall discuss, in good faith, the manner in which the breach can be cured.

3.9.2.2 Effect of Termination for Cause. In the event that the City terminates this Agreement in response to RCTC's uncured material breach hereof, RCTC shall, within 90 days, distribute to the City TUMF CETAP Funds in an amount equal to the aggregate total of all unpaid invoices which have been received from the City regarding the Work at the time of the notice of termination. In the event that RCTC terminates this Agreement in response to the City's uncured material breach hereof, the City shall, within 180 days, repay to RCTC in full all TUMF CETAP Funds provided to the City under this Agreement. Notwithstanding termination of this Agreement by RCTC pursuant to this Section 3.9.2.2, RCTC shall be entitled to exercise its rights under Section 3.14.2, including but not limited to conducting a review of the invoices and requesting additional information. This Agreement shall terminate upon receipt by the terminating party of the amounts due it under this Section 3.9.2.2.

The City and any other person or entity hired to perform services on the Work are alerted to the requirements of California Labor Code Sections 1770 et seq., which would require the payment of prevailing wages were the services or any portion thereof determined to be a public work, as defined therein. The City shall ensure compliance with these prevailing wage requirements by any person or entity hired to perform the Work. The City shall defend, indemnify, and hold harmless RCTC, its officers, employees, consultants, and agents from any claim or liability, including without limitation attorneys, fees, arising from its failure or alleged failure to comply with California Labor Code Sections 1770 et seq.

The City will reimburse RCTC for any expenditures, including reasonable attorneys' fees, incurred by RCTC, in defending against claims ultimately determined to be due to any act of the City or its subcontractors whatsoever, regardless of fault, including negligent acts, errors or omissions or willful misconduct, except that caused by the sole negligence of RCTC.

3.12.2 Effect of Acceptance. The City shall be responsible for the professional quality, technical accuracy and the coordination of any services provided to complete the Work. RCTC's review, acceptance or funding of any services performed by the City or any other person or entity under this agreement shall not be construed to operate as a waiver of any rights RCTC may hold under this Agreement or of any cause of action arising out of this Agreement. Further, the City shall be and remain liable to RCTC, in accordance with applicable law, for all damages to RCTC caused by the City's performance of this Agreement or supervision of any services provided to complete the Work.

3.13 Insurance. The City shall require, at a minimum, all persons or entities hired to perform the Work to obtain, and require their subcontractors to obtain, insurance of the types and in the amounts described below and satisfactory to the City and RCTC. Such insurance shall be maintained throughout the term of this Agreement, or until completion of the Work, whichever occurs last.

The City may appeal the decision of the Executive Director to the full RCTC Board, the decision of which shall be final. Additional details concerning the procedure for the City's submittal of invoices to RCTC and RCTC's consideration and payment of submitted invoices are set forth in Exhibit "C", attached hereto.

Nothing in this Agreement shall be construed to require or allow completion of the Work without full compliance with the California Environmental Quality Act (Public Resources Code Section 21000 *et seq.*; "CEQA") but the necessity of compliance with CEQA shall not justify, excuse, or permit a delay in completion of the Work.

3.16 Conflict of Interest. AGENDA ITEM 8

<i>RIVERSIDE COUNTY TRANSPORTATION COMMISSION</i>	
DATE:	November 22, 2021
TO:	Western Riverside County Programs and Projects Committee
FROM:	Hector Casillas, Right of Way Manager Ruben Duran, Senior Management Analyst
THROUGH:	Marlin Feenstra, Project Delivery Director
SUBJECT:	Agreements for On-Call Right of Way Appraisal Services

STAFF RECOMMENDATION:

This item is for the Committee to:

- 1) Award the following agreements to provide on-call right of way appraisal services for a three-year term, in an amount not to exceed an aggregate value of \$1 million;
 - a) Agreement No. 22-31-009-00 with Hawran & Malm, LLC;
 - b) Agreement No. 22-31-026-00 with Hennessey & Hennessey, LLC;
 - c) Agreement No. 22-31-027-00 with Integra Realty Resources – Los Angeles;
 - d) Agreement No. 22-31-028-00 with R.P. Laurain & Associates, Inc.; and
 - e) Agreement No. 22-31-029-00 with Santolucito Dorè Group, Inc.
- 2) Authorize the Chair or Executive Director, pursuant to legal counsel review, to finalize and execute the agreements, on behalf of the Commission;
- 3) Authorize the Executive Director, or designee, to execute task orders awarded to the consultants under the terms of the agreements; and
- 4) Forward to the Commission for final action

BACKGROUND INFORMATION:

Appraisal services are necessary to support the Right of Way department's Commission projects, future Measure A highway and rail projects, as well as projects for the Western Riverside County Regional Conservation Authority (RCA), for which the Commission is the managing agency as of January 1, 2021.

Federal and state regulations require that before the initiation of negotiations with property owners, the public agency shall establish an amount that it believes is just compensation and/or the fair market value for the property. To comply with regulations, the Commission can either hire staff appraisers or establish a list of on-call appraisers. Staff recommends the latter.

Awarding contracts for on-call appraisal services with the work to be issued on an as-needed task order basis has worked well for the Commission in the past, and staff recommends continuing

that practice. Due to the amount of potential appraisal services required, staff determined an award to several firms was in the Commission's best interest.

Procurement Process

Staff determined the weighted factor method of source selection to be the most appropriate for this procurement, as it allows the Commission to identify the most advantageous proposal with price and other factors considered. Non-price factors include elements such as qualifications of firm and personnel and understanding and approach for on-call right of way appraisal services as set forth under the terms of Request for Proposals (RFP) No. 22-31-009-00.

RFP No. 22-31-009-00 for on-call right of way appraisal services was released by staff on September 21, 2021. The RFP was posted on the Commission's Planet Bids website, which is accessible through the Commission's website. Through Planet Bids, 21 firms downloaded the RFP; 7 of these firms are located in Riverside County. Staff responded to all questions submitted by potential proposers prior to the October 5, 2021, clarification deadline. Nine firms – Curtis Rosenthal, Inc. (Los Angeles); Epic Land Solutions, Inc. (Riverside); Hawran & Malm, LLC (Newport Beach); Hennessey & Hennessey, LLC (Tustin); Integra Realty Resources – Los Angeles (Encino); Michael J. Francis (Newport Beach); R.P. Laurain & Associates, Inc. (Long Beach); Santolucito Dorè Group, Inc. (Canyon Lake); and Thomas M. Pike, Jr., MAI (Coto De Caza) – submitted responsive and responsible proposals prior to the 2:00 p.m. submittal deadline on October 21, 2021. Based on the evaluation criteria set forth in the RFP, the firms were evaluated and scored by an evaluation committee comprised of Commission staff.

As a result of the evaluation committee's assessment of the written proposals, the evaluation committee determined five firms – Hawran & Malm, LLC; Hennessey & Hennessey, LLC; Integra Realty Resources – Los Angeles; R.P. Laurain & Associates, Inc.; and Santolucito Dorè Group, Inc. – to be the most qualified firms to provide on-call right of way appraisal services. The evaluation committee recommends contract awards to these five firms for a three-year term, in the aggregate amount of \$1 million, as these firms earned the highest total evaluation scores.

The multiple award, on-call, indefinite delivery/indefinite quantity task order type contracts do not guarantee work to any of the awardees; therefore, no funds are guaranteed to any consultant. Pre-qualified consultants will be selected for specific tasks based on qualification information contained in their proposals and/or competitive fee proposals for the specific tasks. Services will be provided through the Commission's issuance of contract task orders to the consultants on an as-needed basis.

The Commission's model on-call professional services agreement will be entered into with each consultant firm. Staff recommends the Commission authorize the Chair or Executive Director, pursuant to legal counsel review, to finalize and execute the agreements on behalf of the Commission and the Executive Director, or designee, to execute task orders awarded to the

consultants under the terms of the agreements. Staff oversight of the contracts and task orders will maximize the effectiveness of the consultants and minimize costs to the Commission.

WITH FHWA AND FTA FUNDING ASSISTANCE****RIVERSIDE COUNTY TRANSPORTATION COMMISSION
AGREEMENT WITH
HAWRAN & MALM, LLC
FOR ON-CALL
RIGHT OF WAY APPRAISAL SERVICES****Parties and Date.**

This Agreement is made and entered into this ____ day of _____, 2021, by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION ("the Commission") and **HAWRAN & MALM, LLC** ("Consultant"), a **Limited Liability Company**. The Commission and Consultant are sometimes referred to herein individually as "Party", and collectively as the "Parties".

Recitals.

A. On November 8, 1988, the Voters of Riverside County approved Measure A authorizing the collection of a one-half percent (1/2 %) retail transactions and use tax (the "tax") to fund transportation programs and improvements within the County of Riverside, and adopting the Riverside County Transportation Improvement Plan (the "Plan").

B. Pursuant to Public Utility Code Sections 240000 et seq., the Commission is authorized to allocate the proceeds of the Tax in furtherance of the Plan.

C. On November 5, 2002, the voters of Riverside County approved an extension of the Measure A tax for an additional thirty (30) years for the continued funding of transportation and improvements within the County of Riverside.

D. A source of funding for payment for on-call professional appraisal services provided under this Agreement may be Federal Highway Administration ("FHWA") funds administered by the California Department of Transportation ("Caltrans"), and/or funds from the Federal Transit Administration ("FTA"). This Commission may withhold payment of any federal funds hereunder until the certification shown in Exhibit "F" attached hereto and incorporated herein by reference, is executed.

E. Consultant desires to perform and assume responsibility for the provision of certain on-call right of way appraisal services for projects in the County of Riverside, California. Services shall be provided on the terms and conditions set forth in this Agreement and in the task order(s) to be solicited, awarded and authorized by Commission as further described in this Agreement ("Task Order"). Consultant

represents that it is experienced in providing such services to public clients, is licensed in the State of California (if necessary) and is familiar with the plans of the Commission.

G. Commission desires to engage Consultant to render such services on an on-call basis. Services shall be ordered by Task Order(s) to be issued pursuant to this Agreement for future projects as set forth herein and in each Task Order (each such project shall be designated a "Project" under this Agreement).

Terms.

1. General Scope of Services. Consultant shall furnish all technical and professional services, including labor, material, equipment, transportation, supervision and expertise, and incidental and customary work necessary to fully and adequately supply the on-call right of way appraisal services for the Projects ("Services"). The Services are generally described in Exhibit "A" attached hereto and incorporated herein by reference. The Services shall be more particularly described in the individual Task Orders issued by the Commission's Executive Director or designee. No Services shall be performed unless authorized by a fully executed Task Order. All Services shall be subject to, and performed in accordance with, this Agreement, the relevant Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

2. Task Orders; Commencement of Services; Schedule of Services. Services under this Agreement shall be requested by the Commission pursuant to Task Order requests. If Commission accepts Consultant's Task Order proposal, Commission shall issue a purchase order or executed task order for the Services ("Commission's Task Order Authorization"). Consultant's agreement to the final terms of a proposed Task Order, Commission's Task Order Authorization and Consultant's commencement of the Services shall indicate the Parties' agreement to the terms of the relevant Task Order.

Consultant shall commence Services under a Task Order within five (5) days of receiving Commission's Task Order Authorization.

Consultant shall perform the Services expeditiously, in accordance with the Schedule of Services set forth in a Task Order. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, Commission shall respond to Consultant's submittals in a timely manner. Upon request of the Commission, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3. Pre-Award Audit. As a result of the funding for this Project, and to the extent Caltrans procedures apply in connection therewith, issuance of a "Notice to Proceed" or other authorization to proceed under a Task Order may be contingent upon completion and approval of a pre-award audit. Any questions raised during the pre-award audit shall be resolved before Services are commenced under a Task Order. The funding provided under this Agreement is contingent on meeting all funding requirements and could be

withdrawn, thereby entitling the Commission to terminate this Agreement, if the procedures are not completed. The Consultant's files shall be maintained in a manner to facilitate State process reviews. In addition, Caltrans may require that prior to performance of any work for which funding reimbursement through Caltrans is requested and provided, that Caltrans must give to Commission an "Authorization to Proceed".

4. Audit Procedures.

4.1 Consultant and certain subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an Independent Cost Review (ICR) Audit, or a CPA ICR audit work paper review. If selected for audit or review, this Agreement, Consultant's cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into this Agreement by this reference if directed by Commission at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of the Agreement terms and cause for termination of this Agreement and disallowance of prior reimbursed costs. Additional audit provisions applicable to this Agreement are set forth in Sections 22 and 23 of this Agreement.

Section 4.2 and 4.3 shall apply to the extent applicable to the Task Order and funding source.

4.2 During any Caltrans' review of the ICR audit work papers created by the Consultant's independent CPA, Caltrans will work with the CPA and/or Consultant toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

Accepted rates will be as follows:

- a. If the proposed rate is less than one hundred fifty percent (150%) - the accepted rate reimbursed will be ninety percent (90%) of the proposed rate.

b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) - the accepted rate will be eighty-five percent (85%) of the proposed rate.

c. If the proposed rate is greater than two hundred percent (200%) - the accepted rate will be seventy-five percent (75%) of the proposed rate.

4.3 If Caltrans is unable to issue a cognizant letter per Section 4.2 above, Caltrans may require Consultant to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the Caltrans' management letter. Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

Consultant may submit to Commission final invoice only when all of the following items have occurred: (1) Caltrans accepts or adjusts the original or revised independent CPA audited ICR; (2) all work under this Agreement has been completed to the satisfaction of Commission; and (3) Caltrans has issued its final ICR review letter. The Consultant must submit its final invoice to Commission no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this Agreement and all Task Orders issued under this Agreement, and all other agreements executed between the Commission and the Consultant, either as a prime or subconsultant, with the same fiscal period ICR.

5. Term

5.1 This Agreement shall go into effect on the date first set forth above, contingent upon approval by Commission, and Consultant shall commence work after notification to proceed by Commission's Contract Administrator. This Agreement shall end on December 31, 2025, unless extended by contract amendment.

Notwithstanding the foregoing, Caltrans and/or FHWA funded Task Orders shall be completed within thirty-six (36) months of the Effective Date, unless approval of Caltrans is obtained from the Commission.

5.2 Consultant is advised that any recommendation for contract award is not binding on Commission until this Agreement is fully executed and approved by the Commission.

5.3 This Agreement shall remain in effect until the date set forth above, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and

deadlines. All applicable indemnification provisions of this Agreement shall remain in effect following the termination of this Agreement.

6. Commission's Contract Administrator. The Commission hereby designates the Commission's Executive Director, or his or her designee, to act as its Contract Administrator for the performance of this Agreement ("Commission's Contract Administrator"). Commission's Contract Administrator shall have the authority to act on behalf of the Commission for all purposes under this Agreement. Commission's Contract Administrator shall also review and give approval, as needed, to the details of Consultant's work as it progresses. Consultant shall not accept direction or orders from any person other than the Commission's Contract Administrator or his or her designee.

7. Consultant's Representative. Consultant hereby **Sydney H. Hawran** to act as its Representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to act on behalf of Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his or her professional skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement. Consultant shall work closely and cooperate fully with Commission's Contract Administrator and any other agencies which may have jurisdiction over, or an interest in, the Services. Consultant's Representative shall be available to the Commission staff at all reasonable times. Any substitution in Consultant's Representative shall be approved in writing by Commission's Contract Administrator.

8. Substitution of Key Personnel. Consultant has represented to the Commission that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval by the Commission. In the event that the Commission and Consultant cannot agree as to the substitution of the key personnel, the Commission shall be entitled to terminate this Agreement for cause, pursuant to the provisions herein. The key personnel for performance of this Agreement are: **Sydney H. Hawran, James C. Malm**, or as otherwise identified in the Task Order.

9. Standard of Care; Licenses. Consultant represents and maintains that it is skilled in the professional calling necessary to perform all Services, duties and obligations required by this Agreement to fully and adequately complete the Project. Consultant shall perform the Services and duties in conformance to and consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Consultant further represents and warrants to the Commission that its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the Commission, any services

necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein, and shall be fully responsible to the Commission for all damages and other liabilities provided for in the indemnification provisions of this Agreement arising from the Consultant's errors and omissions. Any employee of Consultant or its sub-consultants who is determined by the Commission to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the Commission, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

10. Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Commission retains Consultant on an independent contractor basis and not as an employee, agent or representative of the Commission. Consultant retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant shall be responsible for all reports and obligations respecting such personnel, including but not limited to, social security taxes, income tax withholdings, unemployment insurance, disability insurance, and workers' compensation insurance.

11. Project Progress.

11.1 Modification of the Schedule. Consultant shall regularly report to the Commission, through correspondence or progress reports, its progress in providing required Services within the scheduled time periods. Commission shall be promptly informed of all anticipated delays. In the event that Consultant determines that a schedule modification is necessary, Consultant shall promptly submit a revised Schedule of Services for approval by Commission's Contract Administrator.

11.2 Trend Meetings. Consultant shall conduct trend meetings with the Commission's Contract Administrator and other interested parties, as requested by the Commission, on a bi-weekly basis or as may be mutually scheduled by the Parties at a standard day and time. These trend meetings will encompass focused and informal discussions concerning scope, schedule, and current progress of Services, relevant cost issues, and future Project objectives. Consultant shall be responsible for the preparation and distribution of meeting agendas to be received by the Commission and other attendees no later than three (3) working days prior to the meeting.

11.3 Progress Reports. As part of its monthly invoice, Consultant shall submit a progress report, in a form determined by the Commission, which will indicate the progress achieved during the previous month in relation to the Schedule of Services.

Submission of such progress report by Consultant shall be a condition precedent to receipt of payment from the Commission for each monthly invoice submitted.

12. Delay in Performance.

12.1 Excusable Delays. Should Consultant be delayed or prevented from the timely performance of any act or Services required by the terms of the Agreement by reason of acts of God or of the public enemy, acts or omissions of the Commission or other governmental agencies in either their sovereign or contractual capacities, fires, floods, pandemics, epidemics, quarantine restrictions, strikes, freight embargoes or unusually severe weather, performance of such act shall be excused for the period of such delay.

12.2 Written Notice. If Consultant believes it is entitled to an extension of time due to conditions set forth in subsection 12.1, Consultant shall provide written notice to the Commission within seven (7) working days from the time Consultant knows, or reasonably should have known, that performance of the Services will be delayed due to such conditions. Failure of Consultant to provide such timely notice shall constitute a waiver by Consultant of any right to an excusable delay in time of performance.

12.3 Mutual Agreement. Performance of any Services under this Agreement may be delayed upon mutual agreement of the Parties. Upon such agreement, Consultant's Schedule of Services shall be extended as necessary by the Commission. Consultant shall take all reasonable steps to minimize delay in completion, and additional costs, resulting from any such extension.

13. Preliminary Review of Work. All reports, working papers, and similar work products prepared for submission in the course of providing Services under this Agreement shall be submitted to the Commission's Contract Administrator in draft form, and the Commission may require revisions of such drafts prior to formal submission and approval. In the event plans and designs are to be developed as part of the Project, final detailed plans and designs shall be contingent upon obtaining environmental clearance as may be required in connection with Federal funding. In the event that Commission's Contract Administrator, in his or her sole discretion, determines the formally submitted work product to be not in accordance with the standard of care established under this Agreement, Commission's Contract Administrator may require Consultant to revise and resubmit the work at no cost to the Commission.

14. Appearance at Hearings. If and when required by the Commission, Consultant shall render assistance at public hearings or other meetings related to the Project or necessary to the performance of the Services. However, Consultant shall not be required to, and will not, render any decision, interpretation or recommendation regarding questions of a legal nature or which may be construed as constituting a legal opinion.

15. Opportunity to Cure; Inspection of Work. Commission may provide Consultant an opportunity to cure, at Consultant's expense, all errors and omissions

which may be disclosed during Project implementation. Should Consultant fail to make such correction in a timely manner, such correction may be made by the Commission, and the cost thereof charged to Consultant. Consultant shall allow the Commission's Contract Administrator and Caltrans to inspect or review Consultant's work in progress at any reasonable time.

16. Final Acceptance. Upon determination by the Commission that Consultant has satisfactorily completed the Services required under this Agreement and within the term set forth herein the Commission shall give Consultant a written Notice of Final Acceptance. Upon receipt of such notice, Consultant shall incur no further costs hereunder, unless otherwise specified in the Notice of Final Acceptance. Consultant may request issuance of a Notice of Final Acceptance when, in its opinion, it has satisfactorily completed all Services required under the terms of this Agreement. In the event copyrights are permitted under this Agreement, then in connection with Federal funding, it is hereby acknowledged and agreed that the United States Department of Transportation shall have the royalty-free non-exclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

17. Laws and Regulations. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. For example, and not by way of limitation, Consultant shall keep itself fully informed of and in compliance with all implementing regulations, design standards, specifications, previous commitments that must be incorporated in the design of the Project, and administrative controls including those of the United States Department of Transportation. Compliance with Federal procedures may include completion of the applicable environmental documents and approved by the United States Department of Transportation. For example, and not by way of limitation, a signed Categorical Exclusion, Finding of No Significant Impact, or published Record of Decision may be required to be approved and/or completed by the United States Department of Transportation. For Consultant shall be liable for all violations of such laws and regulations in connection with Services. If the Consultant performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the Commission, Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold Commission, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

18. Fees and Payment.

18.1 The method of payment for this Agreement will be based on actual cost. Commission shall reimburse Consultant for actual costs (including labor costs, employee benefits, travel, equipment rental costs, overhead and other direct costs) incurred by Consultant in performance of the Services. Consultant shall not be reimbursed for actual costs that exceed the estimated wage rates, employee benefits,

travel, equipment rental, overhead, and other estimated costs set forth in the approved Consultant cost proposal attached hereto as Exhibit "B" and incorporated herein by reference, or any cost proposal included as part of a Task Order ("Cost Proposal") unless additional reimbursement is provided for by written amendment. In no event, shall Consultant be reimbursed for overhead costs at a rate that exceeds Commission's approved overhead rate set forth in the Cost Proposal. To the extent legally permissible, Consultant's approved overhead rate shall be fixed for the term of this Agreement. In the event that Commission determines that a change to the Services from that specified in the Cost Proposal, this Agreement or any Task Order is required, the Agreement time or actual costs reimbursable by Commission shall be adjusted by written amendment to accommodate the changed work. The maximum total cost as specified in Section 18.8 shall not be exceeded, unless authorized by a written amendment.

18.2 Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal. In addition, payments to Consultant for travel and subsistence expenses claimed for reimbursement or applied as local match credit shall not exceed rates authorized to be paid exempt non-represented State employees under current State Department of Personnel Administration (DPA) rules, unless otherwise authorized by Commission. If the rates invoiced are in excess of those authorized DPA rates, and Commission has not otherwise approved said rates, then Consultant is responsible for the cost difference and any overpayments shall be reimbursed to the Commission on demand.

18.3 When milestone cost estimates are included in the approved Cost Proposal for a Task Order, Consultant shall obtain prior written approval for a revised milestone cost estimate from the Contract Administrator before exceeding such cost estimate.

18.4 Progress payments shall be made monthly in arrears based on Services provided and allowable incurred costs. If Consultant fails to submit the required deliverable items according to the schedule set forth in the Scope of Services, Commission shall have the right to delay payment or terminate this Agreement in accordance with the provisions of Section 20, Termination.

18.5 No payment shall be made prior to approval of any Services, nor for any Services performed prior to approval of this Agreement.

18.6 Consultant shall be reimbursed, as promptly as fiscal procedures will permit upon receipt by Commission's Contract Administrator of itemized invoices in triplicate. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing. Invoices shall detail the work performed on each milestone and each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number and project title. Final invoice must contain the final cost and all credits due Commission including any equipment purchased under the Equipment Purchase provisions of this Agreement. The final invoice should be submitted within 60 calendar

days after completion of Consultant's work. Invoices shall be mailed to Commission's Contract Administrator at the following address:

Riverside County Transportation Commission
Attention: Accounts Payable
P.O. 12008
Riverside, CA 92502

18.7 The total amount payable by Commission, shall not exceed the amount set forth in each Task Order.

The other On-Call ROW Appraisal Task Order Contracts are Hennessey & Hennessey, LLC, 22-31-026-00; Integra Realty Resources – Los Angeles, 22-31-027-00; R.P. The total amount payable by Commission for the On-Call ROW Appraisal Task Order Contracts shall not exceed a cumulative maximum total value of One Million Dollars (\$1,000,000) ("NTE Sum"). It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under the On-Call ROW Appraisal Task Order Contracts through Task Orders. Each time a Task Order is awarded under any of the On-Call ROW Appraisal Task Order Contracts, Commission must send written notification to Consultant and each of the other consultants entering into the On-Call ROW Appraisal Task Order Contracts. The notice must identify the total funds allocated under issued Task Orders, and the remaining unencumbered amount of the NTE Sum. Consultant acknowledges and agrees that Commission must not pay any amount under this Agreement that would exceed the NTE Sum, and Consultant must not enter into a Task Order that exceeds the NTE Sum.

18.9 Salary increases shall be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by Commission's Contract Administrator. For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

18.10 Consultant shall not be reimbursed for any expenses unless authorized in writing by the Commission's Contract Administrator.

18.11 All subcontracts in excess of \$25,000 shall contain the above provisions.

19. Disputes.

19.2 Not later than 30 days after completion of all Services under this Agreement, Consultant may request review by the Commission's Executive Director of unresolved claims or disputes, other than audit. The request for review will be submitted in writing.

19.3 Neither the pendency of a dispute, nor its consideration by the committee will excuse Consultant from full and timely performance in accordance with the terms of this Agreement.

20. Termination.

20.1 Commission reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant, for any or no reason, with the reasons for termination stated in the notice. Commission may terminate Services under a Task Order, at any time, for any or no reason, with the effective date of termination to be specified in the notice of termination of Task Order.

20.2 Commission may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, Commission may proceed with the Services in any manner deemed proper by Commission. If Commission terminates this Agreement with Consultant, Commission shall pay Consultant the sum due to Consultant under this Agreement for Services completed and accepted prior to termination, unless the cost of completion to Commission exceeds the funds remaining in the Agreement. In such case, the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

20.3 In addition to the above, payment upon termination shall include a prorated amount of profit, if applicable, but no amount shall be paid for anticipated profit on unperformed Services. Consultant shall provide documentation deemed adequate by Commission's Contract Administrator to show the Services actually completed by Consultant prior to the effective date of termination. This Agreement shall terminate on the effective date of the Notice of Termination

20.4 Upon receipt of the written Notice of Termination, Consultant shall discontinue all affected Services as directed in the Notice or as otherwise provided herein, and deliver to the Commission all Documents and Data, as defined in this Agreement, as may have been prepared or accumulated by Consultant in performance of the Services, whether completed or in progress.

20.5 In addition to the above, Consultant shall be liable to the Commission for any reasonable additional costs incurred by the Commission to revise work for which the Commission has compensated Consultant under this Agreement, but which the Commission has determined in its sole discretion needs to be revised, in part

or whole, to complete the Project because it did not meet the standard of care established in this Agreement. Termination of this Agreement for cause may be considered by the Commission in determining whether to enter into future agreements with Consultant.

20.6 The rights and remedies of the Parties provided in this Section are in addition to any other rights and remedies provided by law or under this Agreement.

20.7 Consultant, in executing this Agreement, shall be deemed to have waived any and all claims for damages which may otherwise arise from the Commission's termination of this Agreement, for convenience or cause, as provided in this Section.

20.8 Consultant may not terminate this Agreement except for cause

20.9 In addition to the termination rights above, Commission may temporarily suspend the Services under any Task Order(s), at no additional cost to Commission, provided that Consultant is given written notice of temporary suspension. If Commission gives such notice of temporary suspension, Consultant shall immediately suspend its activities under the relevant Task Order(s). A temporary suspension may be issued concurrent with a notice of termination.

21. Cost Principles and Administrative Requirements.

21.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 et seq., shall be used to determine the cost allowability of individual items.

21.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

21.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 et seq., are subject to repayment by Consultant to Commission.

21.4 All subcontracts in excess of \$25,000 shall contain the above provisions.

22. Retention of Records/Audit. 23.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by Commission's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.

23.3 Neither the pendency of a dispute nor its consideration by Commission shall excuse Consultant from full and timely performance, in accordance with the terms of this Agreement.

24. Subcontracting.

24.1 Nothing contained in this Agreement or otherwise, shall create any contractual relation between Commission and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to Commission for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. Consultant's obligation to pay its subconsultant(s) is an independent obligation from Commission's obligation to make payments to the Consultant.

24.2 Consultant shall perform the Services contemplated with resources available within its own organization and no portion of the Services pertinent to this Agreement shall be subcontracted without written authorization by Commission's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.

24.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by Commission.

Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.

25.2 For purchase of any item, service or consulting work not covered in the Cost Proposal and exceeding \$5,000 prior authorization, in writing, by Commission's Contract Administrator is required. If Consultant determines to sell the equipment, the terms and conditions of such sale must be approved in advance by Commission. 2 CFR, Part 200 requires a credit to Federal funds when participating equipment with a fair market value greater than \$5,000 is credited to the Project.

25.4 All subcontracts in excess \$25,000 shall contain the above provisions.

26. Labor Code Requirements.

26.1 By its execution of this Agreement, Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. Copies of the prevailing rate of per diem wages are on file at the Commission's offices. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. Consultant shall defend, indemnify and hold the Commission, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

If the Services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Consultant and all subconsultants must be registered with the Department of Industrial Relations. Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants. This Agreement shall not prevent the employment of properly indentured apprentices in accordance with the California Labor Code, and no employer or labor union shall refuse to accept otherwise qualified employees as indentured apprentices on the work performed hereunder solely on the ground of race, creed, national origin, ancestry, color or sex. Every qualified apprentice

shall be paid the standard wage paid to apprentices under the regulations of the craft or trade in which he or she is employed and shall be employed only in the craft or trade to which he or she is registered.

Upon issuance of this certificate, Consultant and any sub-consultant shall employ the number of apprentices provided for therein, as well as contribute to the fund to administer the apprenticeship program in each craft or trade in the area of the work hereunder.

The parties expressly understand that the responsibility for compliance with provisions of this Section and with Sections 1777.5, 1777.6 and 1777.7 of the California Labor Code in regard to all apprenticeable occupations lies with Consultant.

Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or provided to Consultant by the Commission.

Commission shall not be limited in any way in its use of the Documents & Data at any time, provided that any such use not within the purposes intended by this Agreement shall be at Commission's sole risk.

27.2 Intellectual Property. In addition, Commission shall have and retain all right, title and interest (including copyright, patent, trade secret and other proprietary rights) in all plans, specifications, studies, drawings, estimates, materials, data, computer programs or software and source code, enhancements, documents, and any and all works of authorship fixed in any tangible medium or expression, including but not limited to, physical drawings or other data magnetically or otherwise recorded on computer

Should Consultant, either during or following termination of this Agreement, desire to use any of the above-referenced Intellectual Property, it shall first obtain the written approval of the Commission.

All materials and documents which were developed or prepared by the Consultant for general use prior to the execution of this Agreement and which are not the copyright of any other party or publicly available and any other computer applications, shall continue to be the property of the Consultant. However, unless otherwise identified and stated prior to execution of this Agreement, Consultant represents and warrants that it has the right to grant the exclusive and perpetual license for all such Intellectual Property as provided herein.

The Commission reserves the right to require complete, certified copies of all required insurance policies, at any time.

29.9 Subconsultant Insurance Requirements. Consultant shall not allow any subcontractors or subconsultants to commence work on any subcontract until they have provided evidence satisfactory to the Commission that they have secured all insurance required under this Section. Policies of commercial general liability insurance provided by such subcontractors or subconsultants shall be endorsed to name the Commission as an additional insured using ISO form CG 20 38 04 13 or an endorsement providing the exact same coverage. 29.10 Other Insurance. At its option, the Commission may require such additional coverage(s), limits and/or the reduction of deductibles or retentions it considers reasonable and prudent based upon risk factors that may directly or indirectly impact the Project. Notwithstanding the foregoing, the Commission's Executive Director may make a change to the Agreement, other than a Cardinal Change. For purposes of this Agreement, a Cardinal Change is a change which is "outside the scope" of the Agreement; in other words, work which should not be regarded as having been fairly and reasonably within the contemplation of the parties when the Agreement was entered into. An example of a change which is not a Cardinal Change would be where, in a contract to construct a building there are many changes in the materials used, but the size and layout of the building remains the same. Cardinal Changes are not within the authority of this provision to order, and shall be processed by the Commission as "sole source" procurements according to applicable law, including the requirements of FTA Circular 4220.1D, paragraph 9(f).

(a) In addition to the changes authorized above, a modification which is signed by Consultant and the Commission's Executive Director,

(b) Consultant shall not perform, nor be compensated for any change, without written authorization from the Commission's Executive Director as set forth herein. In the event such a change authorization is not issued and signed by the Commission's Executive Director, Consultant shall not provide such change.

32.1 Solicitation. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Further, Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the Commission shall have the right to rescind this Agreement without liability.

32.2 Consultant Conflict of Interest.

(a) Consultant shall disclose any financial, business, or other relationship with Commission that may have an impact upon the outcome of this Agreement. Consultant hereby certifies that it does not now have, nor shall it acquire any financial or business interest that would conflict with the performance of services under this Agreement.

(b) Any subcontract in excess of \$25,000 entered into as a result of this Agreement, shall contain all of the provisions of this Article.

32.3 Commission Conflict of Interest. For the term of this Agreement, no member, officer or employee of the Commission, during the term of his or her service with the Commission, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

32.4 Conflict of Employment. Employment by the Consultant of personnel currently on the payroll of the Commission shall not be permitted in the performance of this Agreement, even though such employment may occur outside of the employee's regular working hours or on weekends, holidays or vacation time. Further, the employment by the Consultant of personnel who have been on the Commission payroll within one year prior to the date of execution of this Agreement, where this employment is caused by and or dependent upon the Consultant securing this or related Agreements with the Commission, is prohibited.

32.5 Covenant Against Contingent Fees. As required in connection with federal funding, the Consultant warrants that he/she has not employed or retained any company or person, other than a bona fide employee working for the Consultant, to solicit or secure this Agreement, and that he/she has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or formation of this Agreement. For breach or violation of this warranty, the Commission shall have the right to terminate this Agreement without liability pursuant to the terms herein, or at its discretion to deduct from the Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.

32.6 Rebates, Kickbacks or Other Unlawful Consideration. Consultant warrants that this Agreement was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any Commission employee. For breach or violation of this warranty, Commission shall have the right in its discretion; to terminate this Agreement without liability; to pay only for the value of the work actually performed; or to deduct from the Agreement price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

32.7 Covenant Against Expenditure of Commission, State or Federal Funds for Lobbying. EXHIBIT A

SCOPE OF SERVICES

The Riverside County Transportation Commission (Commission) is seeking one or more Consultants (Consultant or Appraiser) to provide right of way appraisal services for developed or undeveloped residential, commercial, industrial, agricultural and railroad properties. Consultant shall produce appraisal reports for full or partial acquisitions, easements, temporary construction easements, leased or licensed properties, and sale or disposition of excess/surplus properties, as required by the Commission. Services shall be provided on an on-call/as needed basis in support of current and future Commission Projects, Measure A Projects and projects done in partnership with other agencies, pursuant to Task Orders issued in the sole discretion of the Commission.

Task Orders shall be awarded through an additional qualification-based selection process.

Such appraisal services may include, but are not limited to, the following work program and/or comply with applicable requirements below:

1. Consultant shall prepare appraisals in accordance with the Uniform Relocation and Real Property Acquisition Policies Act of 1970, as amended, and implemented by 49 CFR Part 24; the State of California Government Code, the State of California Relocation Assistance and Real Property Acquisition Guidelines (Title 25, California Code of Regulations Ch 6, Art 1, Section 6000 et seq.), the California Code of Civil Procedure, the Uniform Standards of Professional Appraisal Practice (USPAP), and in some cases, the Uniform Appraisal Standards for Federal Land Acquisition Act. Consultant must be licensed by the State of California.
2. Consultant shall prepare appraisals in accordance with the Uniform Appraisal Standards for Federal Land Acquisition ("Yellow Book"). Consultant must be licensed by the State of California.
3. Consultant must be qualified to provide expert witness testimony and defend the opinions or conclusions reached in the appraisal at any Administrative or Judicial proceeding.
4. Deliverables shall typically consist of three (3) originals of the completed appraisal report and one (1) electronic copy, specialty reports and component valuations which may be performed by someone other than Consultant and incorporated into the overall fair market valuation.

5. Consultant may be required to meet with and coordinate their efforts with Commission staff, Commission legal counsel, and other consultants or Caltrans staff; participate in office or project site meetings.
6. Appraisal reports may be reviewed for acceptance and approval by Commission's review appraisers and Caltrans. Revisions may be required by reason of this review process. Consultants may be requested to complete and deliver revised and/or updated appraisals. In the event of non-acceptance due to errors or omissions, Consultant shall have fifteen (15) calendar days to make corrections and return the revised appraisals to the review appraiser.
7. For proposed acquisitions, the owner of the real property or a designated representative will be invited by the Appraiser to accompany the Appraiser during the inspection of the property. This invitation must be in the form of a letter entitled "Notice to Appraise" written by the Appraiser to the owner. A copy of the invitation will be included in the appraisal report.
8. It is the Appraiser's responsibility to contact the Commission's project engineers for discussion and/or clarification of the Construction in the Manner Proposed. This is critical in the appraisal of partial acquisitions and easements where the Appraiser may need cross sections or other project engineering information to complete the report.
9. The highest and best use for the property in the before condition must be determined and supported. If a partial acquisition is involved, the highest and best use of the property in the after condition must be determined and supported. If the existing use is not the premise on which the valuation is based, the appraisal will contain an explanation justifying the determination that the property is available and adaptable for a different highest and best use and there is demand for that use in the market.
10. Where the acquisition involves only a part (or portion) of the property, the Appraiser will estimate any severance damages and special benefits to the remainder, including reasoning and market data to support the opinion or conclusion. The Appraiser will indicate if the remainder constitutes an economic or uneconomic unit in the market and/or to the present owner.
11. The California Eminent Domain Law will be followed in partial acquisitions. Special benefits are to be offset only against damages to the remainder in accordance with the law.
12. Appraisal for easement acquisitions will reflect the restrictive elements of the easement to be acquired and the potential effect of such elements on the utility of the property considering its highest and best use. Full details with respect to any interference with the highest and best use of the property affected must be explained and supported.

13. The Appraiser must estimate and support the economic rent, state the contract rent and the remaining term of the lease as of the date of value. Lessor and lessee responsibilities for paying major expenses, e.g., taxes, insurance and maintenance shall be included.
14. Appraiser shall itemize in detail the "improvements pertaining to realty" (Eminent Domain Law-CCP Section 1263.205) showing their replacement cost new, depreciated value in place, salvage value if any, and relocation estimate. To the extent possible, determine the ownership claims of the Improvements Pertaining to the Realty.
15. In cases where the Appraisal Assignment requires a Specialty Appraisal (Furniture, Fixtures, Machinery and Equipment) and/or Specialists Reports (title, survey, soils, engineering), Appraiser shall utilize the services of Commission's On-Call Consultants for such services or obtain Commission's prior approval for any others. Fees charged by Commission's On-Call Consultants for Specialty Appraisal and/or Specialists Reports shall be paid directly by the Commission.
16. It is the Appraiser's responsibility to thoroughly review the Specialty Appraisal for adoption (with adjustments or not, as appropriate) and inclusion in the overall appraisal. The estimated values that the specialty items contribute to the overall value of the real estate will be separately stated but included in the total value of the property.
17. If any legal issues exist during the appraisal assignment, Appraiser shall request legal opinion. All legal opinions shall be rendered by Commission's legal counsel.
18. It is the Appraiser's responsibility to contact the Commission's legal counsel, if necessary, for discussion and/or clarification in identifying personal or real property.
19. If hazardous waste is discovered on the property, Appraiser shall seek further direction from the Commission.

Specifically, the Consultant shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR §21.5, including employment practices and the selection and retention of subconsultants.

H. I. Consultant shall include the nondiscrimination and compliance provisions of this section in all subcontracts to perform work under this Agreement.

2. DEBARMENT AND SUSPENSION CERTIFICATION

Any exceptions to this certification must be disclosed to COMMISSION.

B. Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining CONSULTANT responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

C. Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

3. DISCRIMINATION; CONTRACT ASSURANCE

The Commission shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT-assisted contract or in the implementation of the Caltrans DBE program or the requirements of 49 CFR Part 26. The Commission shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts.

Consultant or subcontractor shall not discriminate on the basis of race, color, national origin, of sex in the performance of this Agreement. Consultant or subcontractor shall carry out applicable requirements of 49 CFR Part 26 and the Caltrans DBE program in the award and administration of DOT-assisted contracts, as further set forth below. Failure by the Consultant or subcontractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy, as the Commission deems appropriate.

Failure by the Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying Consultant from future proposing as non-responsible

4. PROMPT PAYMENT

Consultant or subconsultant shall pay to any subconsultant, not later than fifteen (15) days after receipt of each progress payment, unless otherwise agreed to in writing, the respective amounts allowed Consultant on account of the work performed by the subconsultants, to the extent of each subconsultant's interest therein. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from Consultant or subconsultant to a subconsultant, Consultant or subconsultant may withhold no more than 150 percent of the disputed amount. Any violation of this requirement shall constitute a cause for disciplinary action and shall subject the Consultant or subconsultant to a penalty, payable to the applicable subconsultant, of 2 percent of the amount due per month for every month that payment is not made.

In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs. The sanctions authorized under this

requirement shall be separate from, and in addition to, all other remedies, either civil, administrative, or criminal. This clause applies to both DBE and non-DBE subconsultants.

5. RELEASE OF RETAINAGE

No retainage will be held by the Commission from progress payments due to Consultant. Consultant and subconsultants are prohibited from holding retainage from subconsultants. Any delay or postponement of payment may take place only for good cause and with the Commission's prior written approval. Any violation of these provisions shall subject Consultant or the violating subconsultant to the penalties, sanctions, and other remedies specified in Section 3321 of the California Civil Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant, deficient subconsultant performance and/or noncompliance by a subconsultant. This clause applies to both DBE and non-DBE subconsultants.

6. LEGAL REMEDIES

In addition to those contract remedies set forth under relevant provisions of California law, either Party to this Agreement may, where applicable, seek legal redress for violations of this Agreement pursuant to the relevant provisions of 49 C.F.R. Parts 23 and 26, to the relevant federal or state statutory provisions governing civil rights violations, and to the relevant federal and state provisions governing false claims or "whistleblower" actions, as well as any and all other applicable federal and state provisions of law.

The Consultant shall include a provision to this effect in each of its agreements with its subcontractors.

7. DBE PARTICIPATION

Caltrans has developed a statewide DBE program pursuant to 49 C.F.R. Part 26. The requirements and procedures, as applicable, of the Caltrans DBE program are hereby incorporated by reference into this Agreement. Even if no DBE participation will be reported, Consultant shall complete any Caltrans required DBE reporting forms, as provided by the Commission, in compliance with the Caltrans DBE program, and a final utilization report in the form provided by the Commission.

A. This Agreement is subject to Title 49, Part 26 of the Code of Federal Regulations entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." Consultants who enter into a federally-funded agreement will assist the Commission in a good faith effort to achieve California's statewide overall DBE goal.

B. This Agreement does not have a DBE goal, but DBE goals may be included as part of each Task Order request for proposals. Participation by DBE Consultant or

subconsultants for an FHWA funded Task Order shall be in accordance with the information contained in the Consultant Contract DBE Commitment form (Caltrans LAPM Forms Exhibit 10-O1) to be submitted with the relevant Task Order proposal. If a DBE subconsultant is unable to perform, the Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met. A DBE is a firm meeting the definition of a DBE as specified in 49 CFR.

C. All DBE participation will count toward the Caltrans federally mandated statewide overall DBE goal. Credit for materials or supplies Consultant purchases from DBEs counts towards the goal in the following manner:

- 100 percent counts if the materials or supplies are obtained from a DBE manufacturer.
- 60 percent counts if the materials or supplies are purchased from a DBE regular dealer.
- Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49 CFR 26.55 defines "manufacturer" and "regular dealer."

D. DBE and other small businesses (SB), as defined in Title 49 CFR, Part 26 are encouraged to participate in the performance of agreements financed in whole or in part with federal funds. The Consultant, subrecipient or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. The Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT- assisted agreements. Failure by the contractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as the Commission, Caltrans or the Department of Transportation deems appropriate.

E. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

F. A DBE may be terminated only as further set forth in Section 13 below.

8. DBE PARTICIPATION GENERAL INFORMATION

It is Consultant's responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Caltrans DBE program. Particular attention is directed to the following:

A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).

B. A certified DBE may participate as a prime contractor, subcontractor, joint venture partner, as a vendor of material or supplies, or as a trucking company.

C. A DBE joint-venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint-venture commensurate with its ownership interest.

D. A DBE must perform a commercially useful function, pursuant to 49 CFR 26.55 that is, must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work, as more fully described in section 9 below.

E. The Consultant shall list only one subcontractor for each portion of work as defined in the Consultant's bid/proposal and all DBE subcontractors should be listed in the Consultant's bid/cost proposal list of subcontractors.

F. A Consultant who is a certified DBE is eligible to claim all of the work in the Agreement toward the DBE participation except that portion of the work to be performed by non-DBE subcontractors.

G. Consultant shall notify the Commission's contract administrator or designated representative of any changes to its anticipated DBE participation prior to starting the affected work.

9. COMMERCIALLY USEFUL FUNCTION

A. A DBE performs a commercially useful function when it is responsible for execution of the work of the Agreement and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible with respect to materials and supplies used on the Agreement, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, evaluate the amount of work subcontracted, industry practices; whether the amount the firm is to be paid under the Agreement is commensurate with the work it is actually performing, and other relevant factors.

B. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, Agreement, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.

C. If a DBE does not perform or exercise responsibility for at least thirty percent of the total cost of its Agreement with its own work force, or the DBE subcontracts a greater portion of the work of the Agreement than would be expected on the basis of normal

industry practice for the type of work involved, it will be presumed that it is not performing a commercially useful function.

10. DBE CERTIFICATION AND DE-CERTIFICATION STATUS

If a DBE subcontractor is decertified before completing its work, the decertified subcontractor shall notify the Contractor in writing with the date of de-certification. If a subcontractor becomes a certified DBE during the life of the Agreement, the subcontractor shall notify the Contractor in writing with the date of certification. Any changes should be reported to the Commission's Contract Administrator within 30 days.

11. DBE RECORDS

A. The Contractor shall maintain records of materials purchased and/or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE subconsultant, DBE vendor, and DBE trucking company and the total dollar amount actually paid each business regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime Contractors shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.

In addition to all other requirements, Consultant shall complete and submit, on a monthly basis, the Monthly DBE Payment form (Caltrans Exhibit 9-F of Chapter 9 of the LAPM).

B. Upon completion of the Agreement, a summary of these records shall be prepared and submitted on the most current version of the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprises (DBE)," CEM- 2402F (Exhibit 17-F in Chapter 17 of the LAPM), certified correct by the Contractor or the Contractor's authorized representative and shall be furnished to the Commission's Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in the Commission withholding \$10,000 until the form is submitted. This amount will be returned to the Contractor when a satisfactory "Final Report Utilization of Disadvantaged Business Enterprises (DBE)" is submitted to the Commission's Contract Administrator.

a. Prior to the fifteenth of each month, the Contractor shall submit documentation to the Commission's Contract Administrator showing the amount paid to DBE trucking companies. The Contractor shall also obtain and submit documentation to the Commission's Contract Administrator showing the amount paid by DBE trucking companies to all firms, including owner-operators, for the leasing of trucks. If the DBE leases trucks from a non-DBE, the Contractor may count only the fee or commission the DBE receives as a result of the lease arrangement.

b. The Contractor shall also submit to the Commission's Contract Administrator documentation showing the truck number, name of owner, California Highway Patrol CA

number, and if applicable, the DBE certification number of the truck owner for all trucks used during that month. This documentation shall be submitted on the Caltrans "Monthly DBE Trucking Verification," CEM-2404(F) form provided to the Contractor by the Commission's Contract Administrator.

12. REPORTING MATERIAL OR SUPPLIES PURCHASED FROM DBEs

When Reporting DBE Participation, Material or Supplies purchased from DBEs may count as follows:

A. If the materials or supplies are obtained from a DBE manufacturer, 100 % of the cost of the materials or supplies will count toward the DBE participation. A DBE manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises, the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.

B. If the materials or supplies purchased from a DBE regular dealer, count 60 % of the cost of the materials or supplies toward DBE goals. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement, are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment, shall be by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.

D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.

13. TERMINATION AND SUBSTITUTION OF DBE SUBCONSULTANTS

Consultant shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless Consultant or DBE subconsultant obtains the Commission's written consent. Consultant shall not terminate or substitute a listed DBE for convenience and perform the work with their own forces or obtain materials from other

sources without authorization from the Commission. Unless the Commission's consent is provided, the Consultant shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the attached Consultant Contract DBE Commitment form.

The Commission authorizes a request to use other forces or sources of materials if Consultant shows any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.
2. The Commission stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the Commission's bond requirements.
3. Work requires a consultant's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent.
8. Listed DBE voluntarily withdraws with written notice from the Agreement.
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.
11. The Commission determines other documented good cause.

Consultant shall notify the original DBE of the intent to use other forces or material sources and provide the reasons and provide the DBE with 5 days to respond to the notice and advise Consultant and the Commission of the reasons why the use of other forces or sources of materials should not occur.

Consultant's request to use other forces or material sources must include:

1. One or more of the reasons listed in the preceding paragraph.
2. Notices from Consultant to the DBE regarding the request.
3. Notices from the DBEs to Consultant regarding the request.

If a listed DBE is terminated or substituted, Consultant must make good faith efforts to find another DBE to substitute for the original DBE. The substitute DBE must perform at least the same amount of work as the original DBE under the contract to the extent needed to meet or exceed the DBE goal.

14. DEBARMENT, SUSPENSION AND OTHER INELIGIBILITY AND VOLUNTARY EXCLUSION

In accordance with 49 CFR Part 29, which by this reference is incorporated herein, Consultant's subconsultants completed and submitted the Certificate of subconsultant Regarding Debarment, Suspension and Other Ineligibility and Voluntary Exclusion as part of the Consultant's proposal. If it is later determined that Consultant's subconsultants knowingly rendered an erroneous Certificate, the Commission may, among other remedies, terminate this Agreement.

15. ENVIRONMENTAL COMPLIANCE

A. Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of \$100,000).

B. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

16. NATIONAL LABOR RELATIONS BOARD CERTIFICATION

In accordance with Public Contract Code Section 10296, and by signing this Agreement, Consultant certifies under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

17. FUNDING REQUIREMENTS

It is mutually understood between the Parties that this Agreement may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both Parties, in order to avoid program and fiscal delays that would occur if the Agreement were executed after that determination was made.

This Agreement is valid and enforceable only if sufficient funds are made available to Commission for the purpose of this Agreement. In addition, this Agreement is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or Commission governing board that may affect the provisions, terms, or funding of this Agreement in any manner.

It is mutually agreed that if sufficient funds are not appropriated, this Agreement may be amended to reflect any reduction in funds.

EXHIBIT D

FTA FUNDING REQUIREMENTS (Non-construction/maintenance work)

As used herein, "RCTC" shall have the same meaning as the "Commission." The term "contract" or "Contract" shall have the same meaning as the "Agreement."

1. No Obligation by the Federal Government

- a. RCTC and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Consultant, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- b. The Consultant agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

2. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Consultant acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Consultant certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Consultant further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Consultant to the extent the Federal Government deems appropriate.
- b. The Consultant also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Consultant, to the extent the Federal Government deems appropriate.
- c. The Consultant agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subconsultant who will be subject to the provisions.

3. Access to Records

The Consultant agrees to the following access to records requirements:

- a. To provide RCTC, the FTA Administrator, the Comptroller General of the United States or any of their authorized representatives access to any books, documents, papers and records of the Consultant which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions. Consultant also agrees, pursuant to 49 C. F. R. 633.17 to provide the FTA Administrator or his authorized representatives including any PMO Consultant access to Consultant's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311.
- b. To make available in the case of a contract for a capital project or improvement, as defined above and awarded by other than competitive bidding in accordance with 49 U.S.C. 5325(a), records related to the contract to RCTC, the Secretary of Transportation and the Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.
- c. To maintain all books, records, accounts and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Consultant agrees to maintain same until RCTC, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).
- d. To permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

4. Federal Changes

The Consultant shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between RCTC and FTA, as they may be amended or promulgated from time to time during the term of this contract. Consultant's failure to so comply shall constitute a material breach of this contract.

5. Civil Rights

The following requirements apply to the underlying contract:

(1) Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332 and 49 CFR part 21, the Consultant agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed,

national origin, sex, age, or disability. In addition, the Consultant agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity - The following equal employment opportunity requirements apply to the underlying contract:

(a) Race, Color, Creed, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Consultant agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 *et seq.*, (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the Project. The Consultant agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(b) Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § § 623, Federal transit law at 49 U.S.C. § 5332, the Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 *et seq.*, U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, the Consultant agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(c) Disabilities - In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 *et seq.*, the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 *et seq.*, and Federal transit law at 49 U.S.C. § 5332, the Consultant agrees that it will not discriminate against individuals on the basis of disability, and that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(3) The Consultant also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.

C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit

Exhibit D-4

to Commission a “DBE Race-Neutral Participation Listing” in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its “DBE Race-Neutral Participation Listing” submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.

F. DBE Certification Status: If a listed DBE subconsultant is decertified during the life of this Agreement, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a non-DBE subconsultant becomes a certified DBE during the life of this Agreement, the DBE subconsultant shall notify Consultant in writing with the date of certification. Consultant shall furnish the written documentation to Commission in a timely manner. Consultant shall include this requirement in all subcontracts.

G. Consultant’s Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Consultant shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Consultant shall affirm that they will consider, and utilize subconsultants and vendors, in a manner consistent with non-discrimination objectives.

H. Violations: Failure by the selected Consultant(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Consultant from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

I. Prompt Payment: Consultant shall pay its subconsultants for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Consultant. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.

J. Compliance with DBE Requirements Contained in FTA Provisions: Consultant shall comply with all DBE reporting and other requirements contained in this Agreement.

7. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any RCTC requests which would cause RCTC to be in violation of the FTA terms and conditions.

8. Debarment and Suspension.

The Consultant agrees to the following:

(1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.

(2) It will not enter into any "covered transaction" (as that phrase is defined at 2 CFR §§ 180.220 and 1200.220) with any subconsultant whose principal is, suspended, debarred, or otherwise excluded from participating in covered transactions, except as authorized by— (i) U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200; (ii) U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180; and (iii) Other applicable federal laws, regulations, or requirements regarding participation with debarred or suspended recipients or third party participants.

(3) It will review the U.S. GSA "System for Award Management – Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs," if required by U.S. DOT regulations, 2 CFR Part 1200.

9. ADA Access Requirements

The Consultant shall comply with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 USC Section 12101 et seq; Section 504 of the Rehabilitation Act of 1973, as amended, 29 USC Section 794; 49 USC Section 5301(d).

10. Fly America

To the extent applicable to the Services, the Consultant agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and sub recipients of Federal funds and their consultants are required to use U.S. Flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Consultant shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with

Exhibit D-6

the Fly America requirements. The Consultant agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

11. Cargo Preference - Use of United States-Flag Vessels

To the extent applicable to the Services, the Consultant agrees:

1. To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;
2. To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the Consultant in the case of a subconsultant's bill-of-lading.)
3. To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

11. Buy America – Not applicable.

12. Employment Provisions

To the extent applicable to the Services, Consultant shall comply with the following:

- A. Equal Employment Opportunity — Not applicable.
- B. Copeland "Anti-Kickback" Act (18 U.S.C. 874 and 40 U.S.C. 276c) — Not applicable.
- C. Contract Work Hours and Safety Standards Act (40 U.S.C. 327–333) —Not applicable.

D. Release of Retainage

No retainage will be withheld by the RCTC from progress payments due Consultant. Retainage by Consultant or subconsultants is prohibited, and no retainage will be held by the prime consultant from progress due subconsultants. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

Exhibit D-7

13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant's proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.

e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens or claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.

f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.

g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.

h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

16. Disputes

a. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be

decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.

b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.

c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

17. Lobbying

See the Byrd Anti-Lobbying Amendment, 31 U.S.C. 1352, as amended by the Lobbying Disclosure Act of 1995, P.L. 104-65 [to be codified at 2 U.S.C. § 1601, et seq.] - Consultants who apply or bid for an award of \$100,000 or more shall file the certification required by 49 CFR part 20, "New Restrictions on Lobbying." Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. 1352. Such disclosures are forwarded from tier to tier up to the recipient. The Offeror shall complete and submit with its bid/proposal the attached Certification Regarding Lobbying, and if applicable, the Standard Form-LLL, "Disclosure Form to Report Lobbying."

18. Energy Conservation

The Consultant agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

19. Clean Water

a. The Consultant agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. **PROFESSIONAL SERVICES AGREEMENT
WITH FHWA AND FTA FUNDING ASSISTANCE**

**RIVERSIDE COUNTY TRANSPORTATION COMMISSION
AGREEMENT WITH
HENNESSEY & HENNESSEY, LLC
FOR ON-CALL
RIGHT OF WAY APPRAISAL SERVICES**

Parties and Date.

This Agreement is made and entered into this ____ day of _____, 2021, by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION ("the Commission") and **HENNESSEY & HENNESSEY, LLC** ("Consultant"), a **Limited Liability Company**. The Commission and Consultant are sometimes referred to herein individually as "Party", and collectively as the "Parties".

Recitals.

A. On November 8, 1988, the Voters of Riverside County approved Measure A authorizing the collection of a one-half percent (1/2 %) retail transactions and use tax (the "tax") to fund transportation programs and improvements within the County of Riverside, and adopting the Riverside County Transportation Improvement Plan (the "Plan").

B. Pursuant to Public Utility Code Sections 240000 et seq., the Commission is authorized to allocate the proceeds of the Tax in furtherance of the Plan.

C. On November 5, 2002, the voters of Riverside County approved an extension of the Measure A tax for an additional thirty (30) years for the continued funding of transportation and improvements within the County of Riverside.

D. A source of funding for payment for on-call professional appraisal services provided under this Agreement may be Federal Highway Administration ("FHWA") funds administered by the California Department of Transportation ("Caltrans"), and/or funds from the Federal Transit Administration ("FTA"). This Commission may withhold payment of any federal funds hereunder until the certification shown in Exhibit "F" attached hereto and incorporated herein by reference, is executed.

E. Consultant desires to perform and assume responsibility for the provision of certain on-call right of way appraisal services for projects in the County of Riverside, California. Services shall be provided on the terms and conditions set forth in this Agreement and in the task order(s) to be solicited, awarded and authorized by Commission as further described in this Agreement ("Task Order"). Consultant

represents that it is experienced in providing such services to public clients, is licensed in the State of California (if necessary) and is familiar with the plans of the Commission.

G. Commission desires to engage Consultant to render such services on an on-call basis. Services shall be ordered by Task Order(s) to be issued pursuant to this Agreement for future projects as set forth herein and in each Task Order (each such project shall be designated a "Project" under this Agreement).

Terms.

1. General Scope of Services. Consultant shall furnish all technical and professional services, including labor, material, equipment, transportation, supervision and expertise, and incidental and customary work necessary to fully and adequately supply the on-call right of way appraisal services for the Projects ("Services"). The Services are generally described in Exhibit "A" attached hereto and incorporated herein by reference. The Services shall be more particularly described in the individual Task Orders issued by the Commission's Executive Director or designee. No Services shall be performed unless authorized by a fully executed Task Order. All Services shall be subject to, and performed in accordance with, this Agreement, the relevant Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

2. Task Orders; Commencement of Services; Schedule of Services. Services under this Agreement shall be requested by the Commission pursuant to Task Order requests. If Commission accepts Consultant's Task Order proposal, Commission shall issue a purchase order or executed task order for the Services ("Commission's Task Order Authorization"). Consultant's agreement to the final terms of a proposed Task Order, Commission's Task Order Authorization and Consultant's commencement of the Services shall indicate the Parties' agreement to the terms of the relevant Task Order.

Consultant shall commence Services under a Task Order within five (5) days of receiving Commission's Task Order Authorization.

Consultant shall perform the Services expeditiously, in accordance with the Schedule of Services set forth in a Task Order. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, Commission shall respond to Consultant's submittals in a timely manner. Upon request of the Commission, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3. Pre-Award Audit. As a result of the funding for this Project, and to the extent Caltrans procedures apply in connection therewith, issuance of a "Notice to Proceed" or other authorization to proceed under a Task Order may be contingent upon completion and approval of a pre-award audit. Any questions raised during the pre-award audit shall be resolved before Services are commenced under a Task Order. The funding provided under this Agreement is contingent on meeting all funding requirements and could be

withdrawn, thereby entitling the Commission to terminate this Agreement, if the procedures are not completed. The Consultant's files shall be maintained in a manner to facilitate State process reviews. In addition, Caltrans may require that prior to performance of any work for which funding reimbursement through Caltrans is requested and provided, that Caltrans must give to Commission an "Authorization to Proceed".

4. Audit Procedures.

4.1 Consultant and certain subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an Independent Cost Review (ICR) Audit, or a CPA ICR audit work paper review. If selected for audit or review, this Agreement, Consultant's cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into this Agreement by this reference if directed by Commission at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of the Agreement terms and cause for termination of this Agreement and disallowance of prior reimbursed costs. Additional audit provisions applicable to this Agreement are set forth in Sections 22 and 23 of this Agreement.

Section 4.2 and 4.3 shall apply to the extent applicable to the Task Order and funding source.

4.2 During any Caltrans' review of the ICR audit work papers created by the Consultant's independent CPA, Caltrans will work with the CPA and/or Consultant toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

Accepted rates will be as follows:

- a. If the proposed rate is less than one hundred fifty percent (150%) - the accepted rate reimbursed will be ninety percent (90%) of the proposed rate.

b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) - the accepted rate will be eighty-five percent (85%) of the proposed rate.

c. If the proposed rate is greater than two hundred percent (200%) - the accepted rate will be seventy-five percent (75%) of the proposed rate.

4.3 If Caltrans is unable to issue a cognizant letter per Section 4.2 above, Caltrans may require Consultant to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the Caltrans' management letter. Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

Consultant may submit to Commission final invoice only when all of the following items have occurred: (1) Caltrans accepts or adjusts the original or revised independent CPA audited ICR; (2) all work under this Agreement has been completed to the satisfaction of Commission; and (3) Caltrans has issued its final ICR review letter. The Consultant must submit its final invoice to Commission no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this Agreement and all Task Orders issued under this Agreement, and all other agreements executed between the Commission and the Consultant, either as a prime or subconsultant, with the same fiscal period ICR.

5. Term

5.1 This Agreement shall go into effect on the date first set forth above, contingent upon approval by Commission, and Consultant shall commence work after notification to proceed by Commission's Contract Administrator. This Agreement shall end on December 31, 2025, unless extended by contract amendment.

Notwithstanding the foregoing, Caltrans and/or FHWA funded Task Orders shall be completed within thirty-six (36) months of the Effective Date, unless approval of Caltrans is obtained from the Commission.

5.2 Consultant is advised that any recommendation for contract award is not binding on Commission until this Agreement is fully executed and approved by the Commission.

5.3 This Agreement shall remain in effect until the date set forth above, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and

deadlines. All applicable indemnification provisions of this Agreement shall remain in effect following the termination of this Agreement.

Consultant shall not accept direction or orders from any person other than the Commission's Contract Administrator or his or her designee.

7. Consultant's Representative. Consultant hereby **Sharon A. Hennessey** to act as its Representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to act on behalf of Consultant for all purposes under this Agreement. Consultant shall work closely and cooperate fully with Commission's Contract Administrator and any other agencies which may have jurisdiction over, or an interest in, the Services. Consultant's Representative shall be available to the Commission staff at all reasonable times. Any substitution in Consultant's Representative shall be approved in writing by Commission's Contract Administrator.

8. Substitution of Key Personnel. Consultant has represented to the Commission that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval by the Commission. In the event that the Commission and Consultant cannot agree as to the substitution of the key personnel, the Commission shall be entitled to terminate this Agreement for cause, pursuant to the provisions herein. The key personnel for performance of this Agreement are: **Sharon A. Hennessey and Susan D. Taylor**, or as otherwise identified in the Task Order.

9. Standard of Care; Licenses. Consultant represents and maintains that it is skilled in the professional calling necessary to perform all Services, duties and obligations required by this Agreement to fully and adequately complete the Project. Consultant shall perform the Services and duties in conformance to and consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Consultant further represents and warrants to the Commission that its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the Commission, any services

necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein, and shall be fully responsible to the Commission for all damages and other liabilities provided for in the indemnification provisions of this Agreement arising from the Consultant's errors and omissions. Any employee of Consultant or its sub-consultants who is determined by the Commission to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the Commission, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

10. Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Commission retains Consultant on an independent contractor basis and not as an employee, agent or representative of the Commission. Consultant retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant shall be responsible for all reports and obligations respecting such personnel, including but not limited to, social security taxes, income tax withholdings, unemployment insurance, disability insurance, and workers' compensation insurance.

11. Project Progress.

11.1 Modification of the Schedule. Consultant shall regularly report to the Commission, through correspondence or progress reports, its progress in providing required Services within the scheduled time periods. Commission shall be promptly informed of all anticipated delays. In the event that Consultant determines that a schedule modification is necessary, Consultant shall promptly submit a revised Schedule of Services for approval by Commission's Contract Administrator.

11.2 Trend Meetings. Consultant shall conduct trend meetings with the Commission's Contract Administrator and other interested parties, as requested by the Commission, on a bi-weekly basis or as may be mutually scheduled by the Parties at a standard day and time. These trend meetings will encompass focused and informal discussions concerning scope, schedule, and current progress of Services, relevant cost issues, and future Project objectives. Consultant shall be responsible for the preparation and distribution of meeting agendas to be received by the Commission and other attendees no later than three (3) working days prior to the meeting.

11.3 Progress Reports. As part of its monthly invoice, Consultant shall submit a progress report, in a form determined by the Commission, which will indicate the progress achieved during the previous month in relation to the Schedule of Services.

Submission of such progress report by Consultant shall be a condition precedent to receipt of payment from the Commission for each monthly invoice submitted.

12. Delay in Performance.

12.1 Excusable Delays. Should Consultant be delayed or prevented from the timely performance of any act or Services required by the terms of the Agreement by reason of acts of God or of the public enemy, acts or omissions of the Commission or other governmental agencies in either their sovereign or contractual capacities, fires, floods, pandemics, epidemics, quarantine restrictions, strikes, freight embargoes or unusually severe weather, performance of such act shall be excused for the period of such delay.

12.2 Written Notice. If Consultant believes it is entitled to an extension of time due to conditions set forth in subsection 12.1, Consultant shall provide written notice to the Commission within seven (7) working days from the time Consultant knows, or reasonably should have known, that performance of the Services will be delayed due to such conditions. Failure of Consultant to provide such timely notice shall constitute a waiver by Consultant of any right to an excusable delay in time of performance.

12.3 Mutual Agreement. Performance of any Services under this Agreement may be delayed upon mutual agreement of the Parties. Upon such agreement, Consultant's Schedule of Services shall be extended as necessary by the Commission. Consultant shall take all reasonable steps to minimize delay in completion, and additional costs, resulting from any such extension.

13. Preliminary Review of Work. All reports, working papers, and similar work products prepared for submission in the course of providing Services under this Agreement shall be submitted to the Commission's Contract Administrator in draft form, and the Commission may require revisions of such drafts prior to formal submission and approval. In the event plans and designs are to be developed as part of the Project, final detailed plans and designs shall be contingent upon obtaining environmental clearance as may be required in connection with Federal funding. In the event that Commission's Contract Administrator, in his or her sole discretion, determines the formally submitted work product to be not in accordance with the standard of care established under this Agreement, Commission's Contract Administrator may require Consultant to revise and resubmit the work at no cost to the Commission.

14. Appearance at Hearings. If and when required by the Commission, Consultant shall render assistance at public hearings or other meetings related to the Project or necessary to the performance of the Services. However, Consultant shall not be required to, and will not, render any decision, interpretation or recommendation regarding questions of a legal nature or which may be construed as constituting a legal opinion.

15. Opportunity to Cure; Inspection of Work. Commission may provide Consultant an opportunity to cure, at Consultant's expense, all errors and omissions

which may be disclosed during Project implementation. Should Consultant fail to make such correction in a timely manner, such correction may be made by the Commission, and the cost thereof charged to Consultant. Consultant shall allow the Commission's Contract Administrator and Caltrans to inspect or review Consultant's work in progress at any reasonable time.

16. Final Acceptance. Upon determination by the Commission that Consultant has satisfactorily completed the Services required under this Agreement and within the term set forth herein the Commission shall give Consultant a written Notice of Final Acceptance. Upon receipt of such notice, Consultant shall incur no further costs hereunder, unless otherwise specified in the Notice of Final Acceptance. Consultant may request issuance of a Notice of Final Acceptance when, in its opinion, it has satisfactorily completed all Services required under the terms of this Agreement. In the event copyrights are permitted under this Agreement, then in connection with Federal funding, it is hereby acknowledged and agreed that the United States Department of Transportation shall have the royalty-free non-exclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

17. Laws and Regulations. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. For example, and not by way of limitation, Consultant shall keep itself fully informed of and in compliance with all implementing regulations, design standards, specifications, previous commitments that must be incorporated in the design of the Project, and administrative controls including those of the United States Department of Transportation. Compliance with Federal procedures may include completion of the applicable environmental documents and approved by the United States Department of Transportation. For example, and not by way of limitation, a signed Categorical Exclusion, Finding of No Significant Impact, or published Record of Decision may be required to be approved and/or completed by the United States Department of Transportation. For Consultant shall be liable for all violations of such laws and regulations in connection with Services. If the Consultant performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the Commission, Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold Commission, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

18. Fees and Payment.

18.1 The method of payment for this Agreement will be based on actual cost. Commission shall reimburse Consultant for actual costs (including labor costs, employee benefits, travel, equipment rental costs, overhead and other direct costs) incurred by Consultant in performance of the Services. Consultant shall not be reimbursed for actual costs that exceed the estimated wage rates, employee benefits,

travel, equipment rental, overhead, and other estimated costs set forth in the approved Consultant cost proposal attached hereto as Exhibit "B" and incorporated herein by reference, or any cost proposal included as part of a Task Order ("Cost Proposal") unless additional reimbursement is provided for by written amendment. In no event, shall Consultant be reimbursed for overhead costs at a rate that exceeds Commission's approved overhead rate set forth in the Cost Proposal. To the extent legally permissible, Consultant's approved overhead rate shall be fixed for the term of this Agreement. In the event that Commission determines that a change to the Services from that specified in the Cost Proposal, this Agreement or any Task Order is required, the Agreement time or actual costs reimbursable by Commission shall be adjusted by written amendment to accommodate the changed work. The maximum total cost as specified in Section 18.8 shall not be exceeded, unless authorized by a written amendment.

18.2 Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal. In addition, payments to Consultant for travel and subsistence expenses claimed for reimbursement or applied as local match credit shall not exceed rates authorized to be paid exempt non-represented State employees under current State Department of Personnel Administration (DPA) rules, unless otherwise authorized by Commission. If the rates invoiced are in excess of those authorized DPA rates, and Commission has not otherwise approved said rates, then Consultant is responsible for the cost difference and any overpayments shall be reimbursed to the Commission on demand.

18.3 When milestone cost estimates are included in the approved Cost Proposal for a Task Order, Consultant shall obtain prior written approval for a revised milestone cost estimate from the Contract Administrator before exceeding such cost estimate.

18.4 Progress payments shall be made monthly in arrears based on Services provided and allowable incurred costs. If Consultant fails to submit the required deliverable items according to the schedule set forth in the Scope of Services, Commission shall have the right to delay payment or terminate this Agreement in accordance with the provisions of Section 20, Termination.

18.5 No payment shall be made prior to approval of any Services, nor for any Services performed prior to approval of this Agreement.

19.2 Not later than 30 days after completion of all Services under this Agreement, Consultant may request review by the Commission's Executive Director of unresolved claims or disputes, other than audit. The request for review will be submitted in writing.

19.3 Neither the pendency of a dispute, nor its consideration by the committee will excuse Consultant from full and timely performance in accordance with the terms of this Agreement.

20. Termination.

20.1 Commission reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant, for any or no reason, with the reasons for termination stated in the notice. Commission may terminate Services under a Task Order, at any time, for any or no reason, with the effective date of termination to be specified in the notice of termination of Task Order.

20.2 Commission may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, Commission may proceed with the Services in any manner deemed proper by Commission. In such case, the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

20.3 In addition to the above, payment upon termination shall include a prorated amount of profit, if applicable, but no amount shall be paid for anticipated profit on unperformed Services. 20.6 The rights and remedies of the Parties provided in this Section are in addition to any other rights and remedies provided by law or under this Agreement.

20.7 Consultant, in executing this Agreement, shall be deemed to have waived any and all claims for damages which may otherwise arise from the Commission's termination of this Agreement, for convenience or cause, as provided in this Section.

20.8 Consultant may not terminate this Agreement except for cause

20.9 In addition to the termination rights above, Commission may temporarily suspend the Services under any Task Order(s), at no additional cost to Commission, provided that Consultant is given written notice of temporary suspension. 23.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by Commission's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.

23.3 Neither the pendency of a dispute nor its consideration by Commission shall excuse Consultant from full and timely performance, in accordance with the terms of this Agreement.

24. Subcontracting.

24.1 Nothing contained in this Agreement or otherwise, shall create any contractual relation between Commission and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to Commission for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. Consultant's obligation to pay its subconsultant(s) is an independent obligation from Commission's obligation to make payments to the Consultant.

24.2 Consultant shall perform the Services contemplated with resources available within its own organization and no portion of the Services pertinent to this Agreement shall be subcontracted without written authorization by Commission's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.

24.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by Commission.

If Consultant elects to keep the equipment, fair market value shall be determined at Consultant's expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by Commission and Consultant. If Consultant determines to sell the equipment, the terms and conditions of such sale must be approved in advance by Commission. 2 CFR, Part 200 requires a credit to Federal funds when participating equipment with a fair market value greater than \$5,000 is credited to the Project.

25.4 All subcontracts in excess \$25,000 shall contain the above provisions.

26. Labor Code Requirements.

26.1 By its execution of this Agreement, Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. Copies of the prevailing rate of per diem wages are on file at the Commission's offices. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. Consultant shall defend, indemnify and hold the Commission, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

This Agreement shall not prevent the employment of properly indentured apprentices in accordance with the California Labor Code, and no employer or labor union shall refuse to accept otherwise qualified employees as indentured apprentices on the work performed hereunder solely on the ground of race, creed, national origin, ancestry, color or sex. Every qualified apprentice

shall be paid the standard wage paid to apprentices under the regulations of the craft or trade in which he or she is employed and shall be employed only in the craft or trade to which he or she is registered.

If California Labor Code Section 1777.5 applies to the Services, Consultant and any subcontractor hereunder who employs workers in any apprenticeable craft or trade shall apply to the joint apprenticeship council administering applicable standards for a certificate approving Consultant or any sub-consultant for the employment and training of apprentices. Upon issuance of this certificate, Consultant and any sub-consultant shall employ the number of apprentices provided for therein, as well as contribute to the fund to administer the apprenticeship program in each craft or trade in the area of the work hereunder.

The parties expressly understand that the responsibility for compliance with provisions of this Section and with Sections 1777.5, 1777.6 and 1777.7 of the California Labor Code in regard to all apprenticeable occupations lies with Consultant.

Consultant shall purchase a one (1) year extended reporting period A) if the retroactive date is advanced past the effective date of this Agreement; B) if the policy is cancelled or not renewed; or C) if the policy is replaced by another claims-made policy with a retroactive date subsequent to the effective date of this Agreement.

(vi) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the Commission, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(vii) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, Commission has the right but not the duty to obtain the insurance it deems necessary, and any premium paid by Commission will be promptly reimbursed by Consultant or Commission will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, Commission may cancel this Agreement. The Commission may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

The certificates and endorsements for each insurance policy shall be signed by a person authorized by that insurer to bind coverage on its behalf. All certificates and endorsements must be received and approved by the Commission before work commences. The Commission reserves the right to require complete, certified copies of all required insurance policies, at any time.

29.9 Subconsultant Insurance Requirements. Consultant shall not allow any subcontractors or subconsultants to commence work on any subcontract until they have provided evidence satisfactory to the Commission that they have secured all insurance required under this Section. Policies of commercial general liability insurance provided by such subcontractors or subconsultants shall be endorsed to name the Commission as an additional insured using ISO form CG 20 38 04 13 or an endorsement providing the exact same coverage. If requested by Consultant, the Commission may approve different scopes or minimum limits of insurance for particular subcontractors or subconsultants.

29.10 Other Insurance. At its option, the Commission may require such additional coverage(s), limits and/or the reduction of deductibles or retentions it considers reasonable and prudent based upon risk factors that may directly or indirectly impact the Project. In retaining this option Commission does not warrant Consultant's insurance program to be adequate. Consultant shall have the right to purchase insurance in addition to the insurance required in this Section.

30. Safety. Consultant shall execute and maintain its work so as to avoid injury or damage to any person or property. 32.6 Rebates, Kickbacks or Other Unlawful Consideration. Consultant warrants that this Agreement was not obtained or secured through rebates kickbacks or other unlawful consideration, either promised or paid to any Commission employee. For breach or violation of this warranty, Commission shall have the right in its discretion; to terminate this Agreement without liability; to pay only for the value of the work actually performed; or to deduct from the Agreement price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

EXHIBIT A

SCOPE OF SERVICES

The Riverside County Transportation Commission (Commission) is seeking one or more Consultants (Consultant or Appraiser) to provide right of way appraisal services for developed or undeveloped residential, commercial, industrial, agricultural and railroad properties. Consultant shall produce appraisal reports for full or partial acquisitions, easements, temporary construction easements, leased or licensed properties, and sale or disposition of excess/surplus properties, as required by the Commission. Services shall be provided on an on-call/as needed basis in support of current and future Commission Projects, Measure A Projects and projects done in partnership with other agencies, pursuant to Task Orders issued in the sole discretion of the Commission.

Task Orders shall be awarded through an additional qualification-based selection process.

Such appraisal services may include, but are not limited to, the following work program and/or comply with applicable requirements below:

1. Consultant shall prepare appraisals in accordance with the Uniform Relocation and Real Property Acquisition Policies Act of 1970, as amended, and implemented by 49 CFR Part 24; the State of California Government Code, the State of California Relocation Assistance and Real Property Acquisition Guidelines (Title 25, California Code of Regulations Ch 6, Art 1, Section 6000 et seq.), the California Code of Civil Procedure, the Uniform Standards of Professional Appraisal Practice (USPAP), and in some cases, the Uniform Appraisal Standards for Federal Land Acquisition Act. Consultant must be licensed by the State of California.
2. Consultant shall prepare appraisals in accordance with the Uniform Appraisal Standards for Federal Land Acquisition ("Yellow Book"). Consultant must be licensed by the State of California.
3. Consultant must be qualified to provide expert witness testimony and defend the opinions or conclusions reached in the appraisal at any Administrative or Judicial proceeding.
4. Deliverables shall typically consist of three (3) originals of the completed appraisal report and one (1) electronic copy, specialty reports and component valuations which may be performed by someone other than Consultant and incorporated into the overall fair market valuation.

5. Consultant may be required to meet with and coordinate their efforts with Commission staff, Commission legal counsel, and other consultants or Caltrans staff; participate in office or project site meetings.
6. Appraisal reports may be reviewed for acceptance and approval by Commission's review appraisers and Caltrans. Revisions may be required by reason of this review process. Consultants may be requested to complete and deliver revised and/or updated appraisals. In the event of non-acceptance due to errors or omissions, Consultant shall have fifteen (15) calendar days to make corrections and return the revised appraisals to the review appraiser.
7. For proposed acquisitions, the owner of the real property or a designated representative will be invited by the Appraiser to accompany the Appraiser during the inspection of the property. This invitation must be in the form of a letter entitled "Notice to Appraise" written by the Appraiser to the owner. A copy of the invitation will be included in the appraisal report.
8. It is the Appraiser's responsibility to contact the Commission's project engineers for discussion and/or clarification of the Construction in the Manner Proposed. This is critical in the appraisal of partial acquisitions and easements where the Appraiser may need cross sections or other project engineering information to complete the report.
9. The highest and best use for the property in the before condition must be determined and supported. If a partial acquisition is involved, the highest and best use of the property in the after condition must be determined and supported. If the existing use is not the premise on which the valuation is based, the appraisal will contain an explanation justifying the determination that the property is available and adaptable for a different highest and best use and there is demand for that use in the market.
10. Where the acquisition involves only a part (or portion) of the property, the Appraiser will estimate any severance damages and special benefits to the remainder, including reasoning and market data to support the opinion or conclusion. The Appraiser will indicate if the remainder constitutes an economic or uneconomic unit in the market and/or to the present owner.
11. The California Eminent Domain Law will be followed in partial acquisitions. Special benefits are to be offset only against damages to the remainder in accordance with the law.
12. Appraisal for easement acquisitions will reflect the restrictive elements of the easement to be acquired and the potential effect of such elements on the utility of the property considering its highest and best use. Full details with respect to any interference with the highest and best use of the property affected must be explained and supported.

13. The Appraiser must estimate and support the economic rent, state the contract rent and the remaining term of the lease as of the date of value. Lessor and lessee responsibilities for paying major expenses, e.g., taxes, insurance and maintenance shall be included.
14. Appraiser shall itemize in detail the "improvements pertaining to realty" (Eminent Domain Law-CCP Section 1263.205) showing their replacement cost new, depreciated value in place, salvage value if any, and relocation estimate. To the extent possible, determine the ownership claims of the Improvements Pertaining to the Realty.
15. In cases where the Appraisal Assignment requires a Specialty Appraisal (Furniture, Fixtures, Machinery and Equipment) and/or Specialists Reports (title, survey, soils, engineering), Appraiser shall utilize the services of Commission's On-Call Consultants for such services or obtain Commission's prior approval for any others. Fees charged by Commission's On-Call Consultants for Specialty Appraisal and/or Specialists Reports shall be paid directly by the Commission.
16. It is the Appraiser's responsibility to thoroughly review the Specialty Appraisal for adoption (with adjustments or not, as appropriate) and inclusion in the overall appraisal. The estimated values that the specialty items contribute to the overall value of the real estate will be separately stated but included in the total value of the property.
17. If any legal issues exist during the appraisal assignment, Appraiser shall request legal opinion. All legal opinions shall be rendered by Commission's legal counsel.
18. It is the Appraiser's responsibility to contact the Commission's legal counsel, if necessary, for discussion and/or clarification in identifying personal or real property.
19. If hazardous waste is discovered on the property, Appraiser shall seek further direction from the Commission.

C. Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

3. DISCRIMINATION; CONTRACT ASSURANCE

The Commission shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT-assisted contract or in the implementation of the Caltrans DBE program or the requirements of 49 CFR Part 26. The Commission shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts.

Consultant or subcontractor shall carry out applicable requirements of 49 CFR Part 26 and the Caltrans DBE program in the award and administration of DOT-assisted contracts, as further set forth below. Failure by the Consultant or subcontractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy, as the Commission deems appropriate.

Failure by the Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from Consultant or subconsultant to a subconsultant, Consultant or subconsultant may withhold no more than 150 percent of the disputed amount. Any violation of this requirement shall constitute a cause for disciplinary action and shall subject the Consultant or subconsultant to a penalty, payable to the applicable subconsultant, of 2 percent of the amount due per month for every month that payment is not made.

In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs. The sanctions authorized under this

This clause applies to both DBE and non-DBE subconsultants.

6. LEGAL REMEDIES

The requirements and procedures, as applicable, of the Caltrans DBE program are hereby incorporated by reference into this Agreement. Even if no DBE participation will be reported, Consultant shall complete any Caltrans required DBE reporting forms, as provided by the Commission, in compliance with the Caltrans DBE program, and a final utilization report in the form provided by the Commission.

A. This Agreement is subject to Title 49, Part 26 of the Code of Federal Regulations entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." Consultants who enter into a federally-funded agreement will assist the Commission in a good faith effort to achieve California's statewide overall DBE goal.

B. This Agreement does not have a DBE goal, but DBE goals may be included as part of each Task Order request for proposals. Participation by DBE Consultant or

subconsultants for an FHWA funded Task Order shall be in accordance with the information contained in the Consultant Contract DBE Commitment form (Caltrans LAPM Forms Exhibit 10-O1) to be submitted with the relevant Task Order proposal. If a DBE subconsultant is unable to perform, the Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met. A DBE is a firm meeting the definition of a DBE as specified in 49 CFR.

C. All DBE participation will count toward the Caltrans federally mandated statewide overall DBE goal. Credit for materials or supplies Consultant purchases from DBEs counts towards the goal in the following manner:

- 100 percent counts if the materials or supplies are obtained from a DBE manufacturer.
- 60 percent counts if the materials or supplies are purchased from a DBE regular dealer.
- Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49 CFR 26.55 defines "manufacturer" and "regular dealer."

D. DBE and other small businesses (SB), as defined in Title 49 CFR, Part 26 are encouraged to participate in the performance of agreements financed in whole or in part with federal funds. The Consultant, subrecipient or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. The Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT- assisted agreements. Failure by the contractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as the Commission, Caltrans or the Department of Transportation deems appropriate.

E. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

F. A DBE may be terminated only as further set forth in Section 13 below.

8. DBE PARTICIPATION GENERAL INFORMATION

It is Consultant's responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Caltrans DBE program. Particular attention is directed to the following:

The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint-venture commensurate with its ownership interest.

D. A DBE must perform a commercially useful function, pursuant to 49 CFR 26.55 that is, must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work, as more fully described in section 9 below.

E. The Consultant shall list only one subcontractor for each portion of work as defined in the Consultant's bid/proposal and all DBE subcontractors should be listed in the Consultant's bid/cost proposal list of subcontractors.

F. A Consultant who is a certified DBE is eligible to claim all of the work in the Agreement toward the DBE participation except that portion of the work to be performed by non-DBE subcontractors.

G. Consultant shall notify the Commission's contract administrator or designated representative of any changes to its anticipated DBE participation prior to starting the affected work.

9. COMMERCIALLY USEFUL FUNCTION

A. A DBE performs a commercially useful function when it is responsible for execution of the work of the Agreement and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible with respect to materials and supplies used on the Agreement, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, evaluate the amount of work subcontracted, industry practices; whether the amount the firm is to be paid under the Agreement is commensurate with the work it is actually performing, and other relevant factors.

B. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, Agreement, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.

C. If a DBE does not perform or exercise responsibility for at least thirty percent of the total cost of its Agreement with its own work force, or the DBE subcontracts a greater portion of the work of the Agreement than would be expected on the basis of normal

industry practice for the type of work involved, it will be presumed that it is not performing a commercially useful function.

10. DBE CERTIFICATION AND DE-CERTIFICATION STATUS

If a DBE subcontractor is decertified before completing its work, the decertified subcontractor shall notify the Contractor in writing with the date of de-certification. If a subcontractor becomes a certified DBE during the life of the Agreement, the subcontractor shall notify the Contractor in writing with the date of certification. Any changes should be reported to the Commission's Contract Administrator within 30 days.

11. DBE RECORDS

A. The Contractor shall maintain records of materials purchased and/or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE subconsultant, DBE vendor, and DBE trucking company and the total dollar amount actually paid each business regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime Contractors shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.

In addition to all other requirements, Consultant shall complete and submit, on a monthly basis, the Monthly DBE Payment form (Caltrans Exhibit 9-F of Chapter 9 of the LAPM).

B. Upon completion of the Agreement, a summary of these records shall be prepared and submitted on the most current version of the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprises (DBE)," CEM- 2402F (Exhibit 17-F in Chapter 17 of the LAPM), certified correct by the Contractor or the Contractor's authorized representative and shall be furnished to the Commission's Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in the Commission withholding \$10,000 until the form is submitted. This amount will be returned to the Contractor when a satisfactory "Final Report Utilization of Disadvantaged Business Enterprises (DBE)" is submitted to the Commission's Contract Administrator.

a. Prior to the fifteenth of each month, the Contractor shall submit documentation to the Commission's Contract Administrator showing the amount paid to DBE trucking companies. The Contractor shall also obtain and submit documentation to the Commission's Contract Administrator showing the amount paid by DBE trucking companies to all firms, including owner-operators, for the leasing of trucks. If the DBE leases trucks from a non-DBE, the Contractor may count only the fee or commission the DBE receives as a result of the lease arrangement.

b. The Contractor shall also submit to the Commission's Contract Administrator documentation showing the truck number, name of owner, California Highway Patrol CA

number, and if applicable, the DBE certification number of the truck owner for all trucks used during that month. This documentation shall be submitted on the Caltrans "Monthly DBE Trucking Verification," CEM-2404(F) form provided to the Contractor by the Commission's Contract Administrator.

12. REPORTING MATERIAL OR SUPPLIES PURCHASED FROM DBEs

When Reporting DBE Participation, Material or Supplies purchased from DBEs may count as follows:

A. If the materials or supplies are obtained from a DBE manufacturer, 100 % of the cost of the materials or supplies will count toward the DBE participation. A DBE manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises, the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.

B. If the materials or supplies purchased from a DBE regular dealer, count 60 % of the cost of the materials or supplies toward DBE goals. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement, are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment, shall be by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.

D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.

13. TERMINATION AND SUBSTITUTION OF DBE SUBCONSULTANTS

Consultant shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless Consultant or DBE subconsultant obtains the Commission's written consent. Consultant shall not terminate or substitute a listed DBE for convenience and perform the work with their own forces or obtain materials from other

sources without authorization from the Commission. Unless the Commission's consent is provided, the Consultant shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the attached Consultant Contract DBE Commitment form.

The Commission authorizes a request to use other forces or sources of materials if Consultant shows any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.
2. The Commission stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the Commission's bond requirements.
3. Work requires a consultant's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent.
8. Listed DBE voluntarily withdraws with written notice from the Agreement.
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.
11. The Commission determines other documented good cause.

Consultant shall notify the original DBE of the intent to use other forces or material sources and provide the reasons and provide the DBE with 5 days to respond to the notice and advise Consultant and the Commission of the reasons why the use of other forces or sources of materials should not occur.

Consultant's request to use other forces or material sources must include:

1. One or more of the reasons listed in the preceding paragraph.
2. Notices from Consultant to the DBE regarding the request.
3. Notices from the DBEs to Consultant regarding the request.

If a listed DBE is terminated or substituted, Consultant must make good faith efforts to find another DBE to substitute for the original DBE. The substitute DBE must perform at least the same amount of work as the original DBE under the contract to the extent needed to meet or exceed the DBE goal.

14. DEBARMENT, SUSPENSION AND OTHER INELIGIBILITY AND VOLUNTARY EXCLUSION

In accordance with 49 CFR Part 29, which by this reference is incorporated herein, Consultant's subconsultants completed and submitted the Certificate of subconsultant Regarding Debarment, Suspension and Other Ineligibility and Voluntary Exclusion as part of the Consultant's proposal. If it is later determined that Consultant's subconsultants knowingly rendered an erroneous Certificate, the Commission may, among other remedies, terminate this Agreement.

15. ENVIRONMENTAL COMPLIANCE

A. Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of \$100,000).

B. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

16. NATIONAL LABOR RELATIONS BOARD CERTIFICATION

In accordance with Public Contract Code Section 10296, and by signing this Agreement, Consultant certifies under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

17. FUNDING REQUIREMENTS

It is mutually understood between the Parties that this Agreement may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both Parties, in order to avoid program and fiscal delays that would occur if the Agreement were executed after that determination was made.

This Agreement is valid and enforceable only if sufficient funds are made available to Commission for the purpose of this Agreement. In addition, this Agreement is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or Commission governing board that may affect the provisions, terms, or funding of this Agreement in any manner.

It is mutually agreed that if sufficient funds are not appropriated, this Agreement may be amended to reflect any reduction in funds.

EXHIBIT D

FTA FUNDING REQUIREMENTS (Non-construction/maintenance work)

As used herein, "RCTC" shall have the same meaning as the "Commission." The term "contract" or "Contract" shall have the same meaning as the "Agreement."

1. No Obligation by the Federal Government

- a. RCTC and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Consultant, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- b. The Consultant agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

2. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Consultant acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Consultant certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Consultant further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Consultant to the extent the Federal Government deems appropriate.
- b. The Consultant also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Consultant, to the extent the Federal Government deems appropriate.
- c. The Consultant agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed

that the clauses shall not be modified, except to identify the subconsultant who will be subject to the provisions.

3. Access to Records

The Consultant agrees to the following access to records requirements:

- a. To provide RCTC, the FTA Administrator, the Comptroller General of the United States or any of their authorized representatives access to any books, documents, papers and records of the Consultant which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions. Consultant also agrees, pursuant to 49 C. F. R. 633.17 to provide the FTA Administrator or his authorized representatives including any PMO Consultant access to Consultant's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311.
- b. To make available in the case of a contract for a capital project or improvement, as defined above and awarded by other than competitive bidding in accordance with 49 U.S.C. 5325(a), records related to the contract to RCTC, the Secretary of Transportation and the Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.
- c. To maintain all books, records, accounts and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Consultant agrees to maintain same until RCTC, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).
- d. To permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

4. Federal Changes

The Consultant shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between RCTC and FTA, as they may be amended or promulgated from time to time during the term of this contract. Consultant's failure to so comply shall constitute a material breach of this contract.

5. Civil Rights

The following requirements apply to the underlying contract:

(1) Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332 and 49 CFR part 21, the Consultant agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the Consultant agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity - The following equal employment opportunity requirements apply to the underlying contract:

(a) Race, Color, Creed, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Consultant agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 *et seq.*, (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the Project. The Consultant agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(b) Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § § 623, Federal transit law at 49 U.S.C. § 5332, the Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 *et seq.*, U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, the Consultant agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(c) Disabilities - In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 *et seq.*, the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 *et seq.*, and Federal transit law at 49 U.S.C. § 5332, the Consultant

agrees that it will not discriminate against individuals on the basis of disability, and that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(3) The Consultant also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used

herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.

C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit to Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its "DBE Race-Neutral Participation Listing" submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.

F. DBE Certification Status: If a listed DBE subconsultant is decertified during the life of this Agreement, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a non-DBE subconsultant becomes a certified DBE during the life of this Agreement, the DBE subconsultant shall notify Consultant in writing with the date of certification. Consultant shall furnish the written documentation to Commission in a timely manner. Consultant shall include this requirement in all subcontracts.

G. Consultant's Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Consultant shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Consultant shall affirm that they will consider, and utilize subconsultants and vendors, in a manner consistent with non-discrimination objectives.

H. Violations: Failure by the selected Consultant(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Consultant from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

I. Prompt Payment: Consultant shall pay its subconsultants for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Consultant. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.

J. Compliance with DBE Requirements Contained in FTA Provisions: Consultant shall comply with all DBE reporting and other requirements contained in this Agreement.

7. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any RCTC requests which would cause RCTC to be in violation of the FTA terms and conditions.

8. Debarment and Suspension.

The Consultant agrees to the following:

(1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.

(2) It will not enter into any "covered transaction" (as that phrase is defined at 2 CFR §§ 180.220 and 1200.220) with any subconsultant whose principal is, suspended, debarred, or otherwise excluded from participating in covered transactions, except as authorized by— (i) U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200; (ii) U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180; and (iii) Other applicable federal laws, regulations, or requirements regarding participation with debarred or suspended recipients or third party participants.

(3) It will review the U.S. GSA "System for Award Management – Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs," if required by U.S. DOT regulations, 2 CFR Part 1200.

9. ADA Access Requirements

The Consultant shall comply with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 USC Section 12101 et seq; Section 504 of the Rehabilitation Act of 1973, as amended, 29 USC Section 794; 49 USC Section 5301(d).

10. Fly America

To the extent applicable to the Services, the Consultant agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and sub recipients of Federal funds and their consultants are required to use U.S. Flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Consultant shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Consultant agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

11. Cargo Preference - Use of United States-Flag Vessels

To the extent applicable to the Services, the Consultant agrees:

1. To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;
2. To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the Consultant in the case of a subconsultant's bill-of-lading.)

3. To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

11. Buy America – Not applicable.

12. Employment Provisions

To the extent applicable to the Services, Consultant shall comply with the following:

- A. Equal Employment Opportunity — Not applicable.
- B. Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 276c) — Not applicable.
- C. Contact Work Hours and Safety Standards Act (40 U.S.C. 327–333) —Not applicable.

D. Release of Retainage

No retainage will be withheld by the RCTC from progress payments due Consultant. Retainage by Consultant or subconsultants is prohibited, and no retainage will be held by the prime consultant from progress due subconsultants. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant’s proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.
- e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens or claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.
- f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.

g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.

h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

16. Disputes

a. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be

decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.

b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.

c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

Agreement No. 22-31-027-00**PROFESSIONAL SERVICES AGREEMENT
WITH FHWA AND FTA FUNDING ASSISTANCE****RIVERSIDE COUNTY TRANSPORTATION COMMISSION
AGREEMENT WITH
INTEGRA REALTY RESOURCES – LOS ANGELES
FOR ON-CALL
RIGHT OF WAY APPRAISAL SERVICES****Parties and Date.**

This Agreement is made and entered into this ____ day of _____, 2021, by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION ("the Commission") and **INTEGRA REALTY RESOURCES – LOS ANGELES** ("Consultant"), a **Corporation**. The Commission and Consultant are sometimes referred to herein individually as "Party", and collectively as the "Parties".

Recitals.

A. On November 8, 1988, the Voters of Riverside County approved Measure A authorizing the collection of a one-half percent (1/2 %) retail transactions and use tax (the "tax") to fund transportation programs and improvements within the County of Riverside, and adopting the Riverside County Transportation Improvement Plan (the "Plan").

B. Pursuant to Public Utility Code Sections 240000 et seq., the Commission is authorized to allocate the proceeds of the Tax in furtherance of the Plan.

C. On November 5, 2002, the voters of Riverside County approved an extension of the Measure A tax for an additional thirty (30) years for the continued funding of transportation and improvements within the County of Riverside.

D. A source of funding for payment for on-call professional appraisal services provided under this Agreement may be Federal Highway Administration ("FHWA") funds administered by the California Department of Transportation ("Caltrans"), and/or funds from the Federal Transit Administration ("FTA"). This Commission may withhold payment of any federal funds hereunder until the certification shown in Exhibit "F" attached hereto and incorporated herein by reference, is executed.

E. Consultant desires to perform and assume responsibility for the provision of certain on-call right of way appraisal services for projects in the County of Riverside, California. Services shall be provided on the terms and conditions set forth in this Agreement and in the task order(s) to be solicited, awarded and authorized by Commission as further described in this Agreement ("Task Order"). Consultant

represents that it is experienced in providing such services to public clients, is licensed in the State of California (if necessary) and is familiar with the plans of the Commission.

G. Commission desires to engage Consultant to render such services on an on-call basis. Services shall be ordered by Task Order(s) to be issued pursuant to this Agreement for future projects as set forth herein and in each Task Order (each such project shall be designated a "Project" under this Agreement).

Terms.

1. General Scope of Services. Consultant shall furnish all technical and professional services, including labor, material, equipment, transportation, supervision and expertise, and incidental and customary work necessary to fully and adequately supply the on-call right of way appraisal services for the Projects ("Services"). The Services are generally described in Exhibit "A" attached hereto and incorporated herein by reference. The Services shall be more particularly described in the individual Task Orders issued by the Commission's Executive Director or designee. No Services shall be performed unless authorized by a fully executed Task Order. All Services shall be subject to, and performed in accordance with, this Agreement, the relevant Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

2. Task Orders; Commencement of Services; Schedule of Services. Services under this Agreement shall be requested by the Commission pursuant to Task Order requests. If Commission accepts Consultant's Task Order proposal, Commission shall issue a purchase order or executed task order for the Services ("Commission's Task Order Authorization"). Consultant's agreement to the final terms of a proposed Task Order, Commission's Task Order Authorization and Consultant's commencement of the Services shall indicate the Parties' agreement to the terms of the relevant Task Order.

Consultant shall commence Services under a Task Order within five (5) days of receiving Commission's Task Order Authorization.

Consultant shall perform the Services expeditiously, in accordance with the Schedule of Services set forth in a Task Order. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, Commission shall respond to Consultant's submittals in a timely manner. Upon request of the Commission, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3. Pre-Award Audit. As a result of the funding for this Project, and to the extent Caltrans procedures apply in connection therewith, issuance of a "Notice to Proceed" or other authorization to proceed under a Task Order may be contingent upon completion and approval of a pre-award audit. Any questions raised during the pre-award audit shall be resolved before Services are commenced under a Task Order. The funding provided under this Agreement is contingent on meeting all funding requirements and could be

withdrawn, thereby entitling the Commission to terminate this Agreement, if the procedures are not completed. The Consultant's files shall be maintained in a manner to facilitate State process reviews. In addition, Caltrans may require that prior to performance of any work for which funding reimbursement through Caltrans is requested and provided, that Caltrans must give to Commission an "Authorization to Proceed".

4. Audit Procedures.

4.1 Consultant and certain subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an Independent Cost Review (ICR) Audit, or a CPA ICR audit work paper review. If selected for audit or review, this Agreement, Consultant's cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into this Agreement by this reference if directed by Commission at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of the Agreement terms and cause for termination of this Agreement and disallowance of prior reimbursed costs. Additional audit provisions applicable to this Agreement are set forth in Sections 22 and 23 of this Agreement.

Section 4.2 and 4.3 shall apply to the extent applicable to the Task Order and funding source.

4.2 During any Caltrans' review of the ICR audit work papers created by the Consultant's independent CPA, Caltrans will work with the CPA and/or Consultant toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

Accepted rates will be as follows:

- a. If the proposed rate is less than one hundred fifty percent (150%) - the accepted rate reimbursed will be ninety percent (90%) of the proposed rate.

b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) - the accepted rate will be eighty-five percent (85%) of the proposed rate.

c. If the proposed rate is greater than two hundred percent (200%) - the accepted rate will be seventy-five percent (75%) of the proposed rate.

4.3 If Caltrans is unable to issue a cognizant letter per Section 4.2 above, Caltrans may require Consultant to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the Caltrans' management letter. Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

Consultant may submit to Commission final invoice only when all of the following items have occurred: (1) Caltrans accepts or adjusts the original or revised independent CPA audited ICR; (2) all work under this Agreement has been completed to the satisfaction of Commission; and (3) Caltrans has issued its final ICR review letter. The Consultant must submit its final invoice to Commission no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this Agreement and all Task Orders issued under this Agreement, and all other agreements executed between the Commission and the Consultant, either as a prime or subconsultant, with the same fiscal period ICR.

5. Term

5.1 This Agreement shall go into effect on the date first set forth above, contingent upon approval by Commission, and Consultant shall commence work after notification to proceed by Commission's Contract Administrator. This Agreement shall end on December 31, 2025, unless extended by contract amendment.

Notwithstanding the foregoing, Caltrans and/or FHWA funded Task Orders shall be completed within thirty-six (36) months of the Effective Date, unless approval of Caltrans is obtained from the Commission.

5.2 Consultant is advised that any recommendation for contract award is not binding on Commission until this Agreement is fully executed and approved by the Commission.

5.3 This Agreement shall remain in effect until the date set forth above, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and

deadlines. All applicable indemnification provisions of this Agreement shall remain in effect following the termination of this Agreement.

6. Commission's Contract Administrator. The Commission hereby designates the Commission's Executive Director, or his or her designee, to act as its Contract Administrator for the performance of this Agreement ("Commission's Contract Administrator"). Commission's Contract Administrator shall have the authority to act on behalf of the Commission for all purposes under this Agreement. Commission's Contract Administrator shall also review and give approval, as needed, to the details of Consultant's work as it progresses. Consultant shall not accept direction or orders from any person other than the Commission's Contract Administrator or his or her designee.

7. Consultant's Representative. Consultant hereby **Beth B. Finestone** to act as its Representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to act on behalf of Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his or her professional skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement. Consultant shall work closely and cooperate fully with Commission's Contract Administrator and any other agencies which may have jurisdiction over, or an interest in, the Services. Consultant's Representative shall be available to the Commission staff at all reasonable times. Any substitution in Consultant's Representative shall be approved in writing by Commission's Contract Administrator.

8. Substitution of Key Personnel. Consultant has represented to the Commission that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval by the Commission. In the event that the Commission and Consultant cannot agree as to the substitution of the key personnel, the Commission shall be entitled to terminate this Agreement for cause, pursuant to the provisions herein. The key personnel for performance of this Agreement are: **Beth B. Finestone, John G. Ellis, Adam M. Bogorad, Robert M. Lea, William Larsen, Ryan J. Dobbins, Jerardo Arciniega, Nicole B. Galvez, Susan O. Gordon, Thomas G. Richardson, J. Richard Donahue, and Stephanie Kavanaugh**, or as otherwise identified in the Task Order.

9. Standard of Care; Licenses. Consultant represents and maintains that it is skilled in the professional calling necessary to perform all Services, duties and obligations required by this Agreement to fully and adequately complete the Project. Consultant shall perform the Services and duties in conformance to and consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Consultant further represents and warrants to the Commission that its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be

maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the Commission, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein, and shall be fully responsible to the Commission for all damages and other liabilities provided for in the indemnification provisions of this Agreement arising from the Consultant's errors and omissions. Any employee of Consultant or its sub-consultants who is determined by the Commission to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the Commission, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

10. Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Commission retains Consultant on an independent contractor basis and not as an employee, agent or representative of the Commission. Consultant retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant shall be responsible for all reports and obligations respecting such personnel, including but not limited to, social security taxes, income tax withholdings, unemployment insurance, disability insurance, and workers' compensation insurance.

11. Project Progress.

11.1 Modification of the Schedule. Consultant shall regularly report to the Commission, through correspondence or progress reports, its progress in providing required Services within the scheduled time periods. Commission shall be promptly informed of all anticipated delays. In the event that Consultant determines that a schedule modification is necessary, Consultant shall promptly submit a revised Schedule of Services for approval by Commission's Contract Administrator.

11.2 Trend Meetings. Consultant shall conduct trend meetings with the Commission's Contract Administrator and other interested parties, as requested by the Commission, on a bi-weekly basis or as may be mutually scheduled by the Parties at a standard day and time. These trend meetings will encompass focused and informal discussions concerning scope, schedule, and current progress of Services, relevant cost issues, and future Project objectives. Consultant shall be responsible for the preparation and distribution of meeting agendas to be received by the Commission and other attendees no later than three (3) working days prior to the meeting.

11.3 Progress Reports. As part of its monthly invoice, Consultant shall submit a progress report, in a form determined by the Commission, which will indicate

the progress achieved during the previous month in relation to the Schedule of Services. Submission of such progress report by Consultant shall be a condition precedent to receipt of payment from the Commission for each monthly invoice submitted.

12. Delay in Performance.

12.1 Excusable Delays. Should Consultant be delayed or prevented from the timely performance of any act or Services required by the terms of the Agreement by reason of acts of God or of the public enemy, acts or omissions of the Commission or other governmental agencies in either their sovereign or contractual capacities, fires, floods, pandemics, epidemics, quarantine restrictions, strikes, freight embargoes or unusually severe weather, performance of such act shall be excused for the period of such delay.

12.2 Written Notice. If Consultant believes it is entitled to an extension of time due to conditions set forth in subsection 12.1, Consultant shall provide written notice to the Commission within seven (7) working days from the time Consultant knows, or reasonably should have known, that performance of the Services will be delayed due to such conditions. Failure of Consultant to provide such timely notice shall constitute a waiver by Consultant of any right to an excusable delay in time of performance.

12.3 Mutual Agreement. Performance of any Services under this Agreement may be delayed upon mutual agreement of the Parties. Upon such agreement, Consultant's Schedule of Services shall be extended as necessary by the Commission. Consultant shall take all reasonable steps to minimize delay in completion, and additional costs, resulting from any such extension.

13. Preliminary Review of Work. All reports, working papers, and similar work products prepared for submission in the course of providing Services under this Agreement shall be submitted to the Commission's Contract Administrator in draft form, and the Commission may require revisions of such drafts prior to formal submission and approval. In the event plans and designs are to be developed as part of the Project, final detailed plans and designs shall be contingent upon obtaining environmental clearance as may be required in connection with Federal funding. In the event that Commission's Contract Administrator, in his or her sole discretion, determines the formally submitted work product to be not in accordance with the standard of care established under this Agreement, Commission's Contract Administrator may require Consultant to revise and resubmit the work at no cost to the Commission.

14. Appearance at Hearings. If and when required by the Commission, Consultant shall render assistance at public hearings or other meetings related to the Project or necessary to the performance of the Services. However, Consultant shall not be required to, and will not, render any decision, interpretation or recommendation regarding questions of a legal nature or which may be construed as constituting a legal opinion.

15. Opportunity to Cure; Inspection of Work. Commission may provide Consultant an opportunity to cure, at Consultant's expense, all errors and omissions which may be disclosed during Project implementation. Should Consultant fail to make such correction in a timely manner, such correction may be made by the Commission, and the cost thereof charged to Consultant. Consultant shall allow the Commission's Contract Administrator and Caltrans to inspect or review Consultant's work in progress at any reasonable time.

16. Final Acceptance. Upon determination by the Commission that Consultant has satisfactorily completed the Services required under this Agreement and within the term set forth herein the Commission shall give Consultant a written Notice of Final Acceptance. Upon receipt of such notice, Consultant shall incur no further costs hereunder, unless otherwise specified in the Notice of Final Acceptance. Consultant may request issuance of a Notice of Final Acceptance when, in its opinion, it has satisfactorily completed all Services required under the terms of this Agreement. In the event copyrights are permitted under this Agreement, then in connection with Federal funding, it is hereby acknowledged and agreed that the United States Department of Transportation shall have the royalty-free non-exclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

17. Laws and Regulations. The umbrella/excess policy shall be provided on a "following form" basis with coverage at least as broad as provided on the underlying policy(ies).

(iv) Consultant shall provide the Commission at least thirty (30) days prior written notice of cancellation of any policy required by this Agreement, except that the Consultant shall provide at least ten (10) days prior written notice of cancellation of any such policy due to non-payment of premium. At its option, the Commission may require such additional coverage(s), limits and/or the reduction of deductibles or retentions it considers reasonable and prudent based upon risk factors that may directly or indirectly impact the Project. For breach or violation of this warranty, Commission shall have the right in its discretion; to terminate this Agreement without liability; to pay only for the value of the work actually performed; or to deduct from the Agreement price; or otherwise recover the full amount of such rebate, kickback or other unlawful consideration.

EXHIBIT A

SCOPE OF SERVICES

The Riverside County Transportation Commission (Commission) is seeking one or more Consultants (Consultant or Appraiser) to provide right of way appraisal services for developed or undeveloped residential, commercial, industrial, agricultural and railroad properties. Consultant shall produce appraisal reports for full or partial acquisitions, easements, temporary construction easements, leased or licensed properties, and sale or disposition of excess/surplus properties, as required by the Commission. Services shall be provided on an on-call/as needed basis in support of current and future Commission Projects, Measure A Projects and projects done in partnership with other agencies, pursuant to Task Orders issued in the sole discretion of the Commission.

Task Orders shall be awarded through an additional qualification-based selection process.

Such appraisal services may include, but are not limited to, the following work program and/or comply with applicable requirements below:

1. Consultant shall prepare appraisals in accordance with the Uniform Relocation and Real Property Acquisition Policies Act of 1970, as amended, and implemented by 49 CFR Part 24; the State of California Government Code, the State of California Relocation Assistance and Real Property Acquisition Guidelines (Title 25, California Code of Regulations Ch 6, Art 1, Section 6000 et seq.), the California Code of Civil Procedure, the Uniform Standards of Professional Appraisal Practice (USPAP), and in some cases, the Uniform Appraisal Standards for Federal Land Acquisition Act. Consultant must be licensed by the State of California.
2. Consultant shall prepare appraisals in accordance with the Uniform Appraisal Standards for Federal Land Acquisition ("Yellow Book"). Consultant must be licensed by the State of California.
3. Consultant must be qualified to provide expert witness testimony and defend the opinions or conclusions reached in the appraisal at any Administrative or Judicial proceeding.
4. Deliverables shall typically consist of three (3) originals of the completed appraisal report and one (1) electronic copy, specialty reports and component valuations which may be performed by someone other than Consultant and incorporated into the overall fair market valuation.

5. Consultant may be required to meet with and coordinate their efforts with Commission staff, Commission legal counsel, and other consultants or Caltrans staff; participate in office or project site meetings.
6. Appraisal reports may be reviewed for acceptance and approval by Commission's review appraisers and Caltrans. Revisions may be required by reason of this review process. Consultants may be requested to complete and deliver revised and/or updated appraisals. In the event of non-acceptance due to errors or omissions, Consultant shall have fifteen (15) calendar days to make corrections and return the revised appraisals to the review appraiser.
7. For proposed acquisitions, the owner of the real property or a designated representative will be invited by the Appraiser to accompany the Appraiser during the inspection of the property. This invitation must be in the form of a letter entitled "Notice to Appraise" written by the Appraiser to the owner. A copy of the invitation will be included in the appraisal report.
8. It is the Appraiser's responsibility to contact the Commission's project engineers for discussion and/or clarification of the Construction in the Manner Proposed. This is critical in the appraisal of partial acquisitions and easements where the Appraiser may need cross sections or other project engineering information to complete the report.
9. The highest and best use for the property in the before condition must be determined and supported. If a partial acquisition is involved, the highest and best use of the property in the after condition must be determined and supported. If the existing use is not the premise on which the valuation is based, the appraisal will contain an explanation justifying the determination that the property is available and adaptable for a different highest and best use and there is demand for that use in the market.
10. Where the acquisition involves only a part (or portion) of the property, the Appraiser will estimate any severance damages and special benefits to the remainder, including reasoning and market data to support the opinion or conclusion. The Appraiser will indicate if the remainder constitutes an economic or uneconomic unit in the market and/or to the present owner.
11. The California Eminent Domain Law will be followed in partial acquisitions. Special benefits are to be offset only against damages to the remainder in accordance with the law.
12. Appraisal for easement acquisitions will reflect the restrictive elements of the easement to be acquired and the potential effect of such elements on the utility of the property considering its highest and best use. Full details with respect to any interference with the highest and best use of the property affected must be explained and supported.

13. The Appraiser must estimate and support the economic rent, state the contract rent and the remaining term of the lease as of the date of value. Lessor and lessee responsibilities for paying major expenses, e.g., taxes, insurance and maintenance shall be included.
14. Appraiser shall itemize in detail the "improvements pertaining to realty" (Eminent Domain Law-CCP Section 1263.205) showing their replacement cost new, depreciated value in place, salvage value if any, and relocation estimate. To the extent possible, determine the ownership claims of the Improvements Pertaining to the Realty.
15. In cases where the Appraisal Assignment requires a Specialty Appraisal (Furniture, Fixtures, Machinery and Equipment) and/or Specialists Reports (title, survey, soils, engineering), Appraiser shall utilize the services of Commission's On-Call Consultants for such services or obtain Commission's prior approval for any others. Fees charged by Commission's On-Call Consultants for Specialty Appraisal and/or Specialists Reports shall be paid directly by the Commission.
16. It is the Appraiser's responsibility to thoroughly review the Specialty Appraisal for adoption (with adjustments or not, as appropriate) and inclusion in the overall appraisal. The estimated values that the specialty items contribute to the overall value of the real estate will be separately stated but included in the total value of the property.
17. If any legal issues exist during the appraisal assignment, Appraiser shall request legal opinion. All legal opinions shall be rendered by Commission's legal counsel.
18. It is the Appraiser's responsibility to contact the Commission's legal counsel, if necessary, for discussion and/or clarification in identifying personal or real property.
19. If hazardous waste is discovered on the property, Appraiser shall seek further direction from the Commission.

Any violation of this requirement shall constitute a cause for disciplinary action and shall subject the Consultant or subconsultant to a penalty, payable to the applicable subconsultant, of 2 percent of the amount due per month for every month that payment is not made.

In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs. The sanctions authorized under this

requirement shall be separate from, and in addition to, all other remedies, either civil, administrative, or criminal. This clause applies to both DBE and non-DBE subconsultants.

5. RELEASE OF RETAINAGE

No retainage will be held by the Commission from progress payments due to Consultant. Consultant and subconsultants are prohibited from holding retainage from subconsultants. Any delay or postponement of payment may take place only for good cause and with the Commission's prior written approval. Any violation of these provisions shall subject Consultant or the violating subconsultant to the penalties, sanctions, and other remedies specified in Section 3321 of the California Civil Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant, deficient subconsultant performance and/or noncompliance by a subconsultant. This clause applies to both DBE and non-DBE subconsultants.

6. LEGAL REMEDIES

In addition to those contract remedies set forth under relevant provisions of California law, either Party to this Agreement may, where applicable, seek legal redress for violations of this Agreement pursuant to the relevant provisions of 49 C.F.R. Parts 23 and 26, to the relevant federal or state statutory provisions governing civil rights violations, and to the relevant federal and state provisions governing false claims or "whistleblower" actions, as well as any and all other applicable federal and state provisions of law.

The Consultant shall include a provision to this effect in each of its agreements with its subcontractors.

7. DBE PARTICIPATION

Caltrans has developed a statewide DBE program pursuant to 49 C.F.R. Part 26. The requirements and procedures, as applicable, of the Caltrans DBE program are hereby incorporated by reference into this Agreement. Even if no DBE participation will be reported, Consultant shall complete any Caltrans required DBE reporting forms, as provided by the Commission, in compliance with the Caltrans DBE program, and a final utilization report in the form provided by the Commission.

A. This Agreement is subject to Title 49, Part 26 of the Code of Federal Regulations entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." Consultants who enter into a federally-funded agreement will assist the Commission in a good faith effort to achieve California's statewide overall DBE goal.

B. This Agreement does not have a DBE goal, but DBE goals may be included as part of each Task Order request for proposals. Participation by DBE Consultant or

subconsultants for an FHWA funded Task Order shall be in accordance with the information contained in the Consultant Contract DBE Commitment form (Caltrans LAPM Forms Exhibit 10-O1) to be submitted with the relevant Task Order proposal. If a DBE subconsultant is unable to perform, the Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met. A DBE is a firm meeting the definition of a DBE as specified in 49 CFR.

C. All DBE participation will count toward the Caltrans federally mandated statewide overall DBE goal. Credit for materials or supplies Consultant purchases from DBEs counts towards the goal in the following manner:

- 100 percent counts if the materials or supplies are obtained from a DBE manufacturer.
- 60 percent counts if the materials or supplies are purchased from a DBE regular dealer.
- Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49 CFR 26.55 defines "manufacturer" and "regular dealer."

D. DBE and other small businesses (SB), as defined in Title 49 CFR, Part 26 are encouraged to participate in the performance of agreements financed in whole or in part with federal funds. The Consultant, subrecipient or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. The Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT- assisted agreements. Failure by the contractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as the Commission, Caltrans or the Department of Transportation deems appropriate.

E. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

F. A DBE may be terminated only as further set forth in Section 13 below.

8. DBE PARTICIPATION GENERAL INFORMATION

It is Consultant's responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Caltrans DBE program. Particular attention is directed to the following:

A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).

B. A certified DBE may participate as a prime contractor, subcontractor, joint venture partner, as a vendor of material or supplies, or as a trucking company.

C. A DBE joint-venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint-venture commensurate with its ownership interest.

D. A DBE must perform a commercially useful function, pursuant to 49 CFR 26.55 that is, must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work, as more fully described in section 9 below.

E. The Consultant shall list only one subcontractor for each portion of work as defined in the Consultant's bid/proposal and all DBE subcontractors should be listed in the Consultant's bid/cost proposal list of subcontractors.

F. A Consultant who is a certified DBE is eligible to claim all of the work in the Agreement toward the DBE participation except that portion of the work to be performed by non-DBE subcontractors.

G. Consultant shall notify the Commission's contract administrator or designated representative of any changes to its anticipated DBE participation prior to starting the affected work.

9. COMMERCIALLY USEFUL FUNCTION

A. A DBE performs a commercially useful function when it is responsible for execution of the work of the Agreement and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible with respect to materials and supplies used on the Agreement, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, evaluate the amount of work subcontracted, industry practices; whether the amount the firm is to be paid under the Agreement is commensurate with the work it is actually performing, and other relevant factors.

B. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, Agreement, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.

C. If a DBE does not perform or exercise responsibility for at least thirty percent of the total cost of its Agreement with its own work force, or the DBE subcontracts a greater portion of the work of the Agreement than would be expected on the basis of normal

industry practice for the type of work involved, it will be presumed that it is not performing a commercially useful function.

10. DBE CERTIFICATION AND DE-CERTIFICATION STATUS

If a DBE subcontractor is decertified before completing its work, the decertified subcontractor shall notify the Contractor in writing with the date of de-certification. If a subcontractor becomes a certified DBE during the life of the Agreement, the subcontractor shall notify the Contractor in writing with the date of certification. Any changes should be reported to the Commission's Contract Administrator within 30 days.

11. DBE RECORDS

A. The Contractor shall maintain records of materials purchased and/or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE subconsultant, DBE vendor, and DBE trucking company and the total dollar amount actually paid each business regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime Contractors shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.

In addition to all other requirements, Consultant shall complete and submit, on a monthly basis, the Monthly DBE Payment form (Caltrans Exhibit 9-F of Chapter 9 of the LAPM).

B. Upon completion of the Agreement, a summary of these records shall be prepared and submitted on the most current version of the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprises (DBE)," CEM- 2402F (Exhibit 17-F in Chapter 17 of the LAPM), certified correct by the Contractor or the Contractor's authorized representative and shall be furnished to the Commission's Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in the Commission withholding \$10,000 until the form is submitted. This amount will be returned to the Contractor when a satisfactory "Final Report Utilization of Disadvantaged Business Enterprises (DBE)" is submitted to the Commission's Contract Administrator.

a. Prior to the fifteenth of each month, the Contractor shall submit documentation to the Commission's Contract Administrator showing the amount paid to DBE trucking companies. The Contractor shall also obtain and submit documentation to the Commission's Contract Administrator showing the amount paid by DBE trucking companies to all firms, including owner-operators, for the leasing of trucks. If the DBE leases trucks from a non-DBE, the Contractor may count only the fee or commission the DBE receives as a result of the lease arrangement.

b. The Contractor shall also submit to the Commission's Contract Administrator documentation showing the truck number, name of owner, California Highway Patrol CA

number, and if applicable, the DBE certification number of the truck owner for all trucks used during that month. This documentation shall be submitted on the Caltrans "Monthly DBE Trucking Verification," CEM-2404(F) form provided to the Contractor by the Commission's Contract Administrator.

12. REPORTING MATERIAL OR SUPPLIES PURCHASED FROM DBEs

When Reporting DBE Participation, Material or Supplies purchased from DBEs may count as follows:

A. If the materials or supplies are obtained from a DBE manufacturer, 100 % of the cost of the materials or supplies will count toward the DBE participation. A DBE manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises, the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.

B. If the materials or supplies purchased from a DBE regular dealer, count 60 % of the cost of the materials or supplies toward DBE goals. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement, are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment, shall be by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.

D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.

13. TERMINATION AND SUBSTITUTION OF DBE SUBCONSULTANTS

Consultant shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless Consultant or DBE subconsultant obtains the Commission's written consent. Consultant shall not terminate or substitute a listed DBE for convenience and perform the work with their own forces or obtain materials from other

sources without authorization from the Commission. Unless the Commission's consent is provided, the Consultant shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the attached Consultant Contract DBE Commitment form.

The Commission authorizes a request to use other forces or sources of materials if Consultant shows any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.
2. The Commission stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the Commission's bond requirements.
3. Work requires a consultant's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent.
8. Listed DBE voluntarily withdraws with written notice from the Agreement.
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.
11. The Commission determines other documented good cause.

Consultant shall notify the original DBE of the intent to use other forces or material sources and provide the reasons and provide the DBE with 5 days to respond to the notice and advise Consultant and the Commission of the reasons why the use of other forces or sources of materials should not occur.

Consultant's request to use other forces or material sources must include:

1. One or more of the reasons listed in the preceding paragraph.
2. Notices from Consultant to the DBE regarding the request.
3. Notices from the DBEs to Consultant regarding the request.

If a listed DBE is terminated or substituted, Consultant must make good faith efforts to find another DBE to substitute for the original DBE. The substitute DBE must perform at least the same amount of work as the original DBE under the contract to the extent needed to meet or exceed the DBE goal.

14. DEBARMENT, SUSPENSION AND OTHER INELIGIBILITY AND VOLUNTARY EXCLUSION

In accordance with 49 CFR Part 29, which by this reference is incorporated herein, Consultant's subconsultants completed and submitted the Certificate of subconsultant Regarding Debarment, Suspension and Other Ineligibility and Voluntary Exclusion as part of the Consultant's proposal. If it is later determined that Consultant's subconsultants knowingly rendered an erroneous Certificate, the Commission may, among other remedies, terminate this Agreement.

15. ENVIRONMENTAL COMPLIANCE

A. Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of \$100,000).

B. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

16. NATIONAL LABOR RELATIONS BOARD CERTIFICATION

In accordance with Public Contract Code Section 10296, and by signing this Agreement, Consultant certifies under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

17. FUNDING REQUIREMENTS

It is mutually understood between the Parties that this Agreement may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both Parties, in order to avoid program and fiscal delays that would occur if the Agreement were executed after that determination was made.

This Agreement is valid and enforceable only if sufficient funds are made available to Commission for the purpose of this Agreement. In addition, this Agreement is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or Commission governing board that may affect the provisions, terms, or funding of this Agreement in any manner.

It is mutually agreed that if sufficient funds are not appropriated, this Agreement may be amended to reflect any reduction in funds.

EXHIBIT D

FTA FUNDING REQUIREMENTS (Non-construction/maintenance work)

As used herein, "RCTC" shall have the same meaning as the "Commission." The term "contract" or "Contract" shall have the same meaning as the "Agreement."

1. No Obligation by the Federal Government

- a. RCTC and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Consultant, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- b. The Consultant agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

2. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Consultant acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Consultant certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Consultant further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Consultant to the extent the Federal Government deems appropriate.
- b. The Consultant also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Consultant, to the extent the Federal Government deems appropriate.
- c. The Consultant agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed

that the clauses shall not be modified, except to identify the subconsultant who will be subject to the provisions.

3. Access to Records

The Consultant agrees to the following access to records requirements:

- a. To provide RCTC, the FTA Administrator, the Comptroller General of the United States or any of their authorized representatives access to any books, documents, papers and records of the Consultant which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions. Consultant also agrees, pursuant to 49 C. F. R. 633.17 to provide the FTA Administrator or his authorized representatives including any PMO Consultant access to Consultant's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311.
- b. To make available in the case of a contract for a capital project or improvement, as defined above and awarded by other than competitive bidding in accordance with 49 U.S.C. 5325(a), records related to the contract to RCTC, the Secretary of Transportation and the Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.
- c. To maintain all books, records, accounts and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Consultant agrees to maintain same until RCTC, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).
- d. To permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

4. Federal Changes

The Consultant shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between RCTC and FTA, as they may be amended or promulgated from time to time during the term of this contract. Consultant's failure to so comply shall constitute a material breach of this contract.

5. Civil Rights

The following requirements apply to the underlying contract:

(1) Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332 and 49 CFR part 21, the Consultant agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the Consultant agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity - The following equal employment opportunity requirements apply to the underlying contract:

(a) Race, Color, Creed, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Consultant agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 *et seq.*, (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the Project. The Consultant agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(b) Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § § 623, Federal transit law at 49 U.S.C. § 5332, the Equal Employment Opportunity Commission (U.S. EEOC) regulations, "Age Discrimination in Employment Act," 29 C.F.R. part 1625, the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6101 *et seq.*, U.S. Health and Human Services regulations, "Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance," 45 C.F.R. part 90, the Consultant agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(c) Disabilities - In accordance with section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. § 12101 *et seq.*, the Architectural Barriers Act of 1968, as amended, 42 U.S.C. § 4151 *et seq.*, and Federal transit law at 49 U.S.C. § 5332, the Consultant

agrees that it will not discriminate against individuals on the basis of disability, and that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(3) The Consultant also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used

herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.

C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit to Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its "DBE Race-Neutral Participation Listing" submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.

F. DBE Certification Status: If a listed DBE subconsultant is decertified during the life of this Agreement, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a non-DBE subconsultant becomes a certified DBE during the life of this Agreement, the DBE subconsultant shall notify Consultant in writing with the date of certification. Consultant shall furnish the written documentation to Commission in a timely manner. Consultant shall include this requirement in all subcontracts.

G. Consultant's Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Consultant shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Consultant shall affirm that they will consider, and utilize subconsultants and vendors, in a manner consistent with non-discrimination objectives.

H. Violations: Failure by the selected Consultant(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Consultant from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

I. Prompt Payment: Consultant shall pay its subconsultants for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Consultant. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.

J. Compliance with DBE Requirements Contained in FTA Provisions: Consultant shall comply with all DBE reporting and other requirements contained in this Agreement.

7. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any RCTC requests which would cause RCTC to be in violation of the FTA terms and conditions.

8. Debarment and Suspension.

The Consultant agrees to the following:

(1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.

(2) It will not enter into any "covered transaction" (as that phrase is defined at 2 CFR §§ 180.220 and 1200.220) with any subconsultant whose principal is, suspended, debarred, or otherwise excluded from participating in covered transactions, except as authorized by— (i) U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200; (ii) U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180; and (iii) Other applicable federal laws, regulations, or requirements regarding participation with debarred or suspended recipients or third party participants.

(3) It will review the U.S. GSA "System for Award Management – Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs," if required by U.S. DOT regulations, 2 CFR Part 1200.

9. ADA Access Requirements

The Consultant shall comply with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 USC Section 12101 et seq; Section 504 of the Rehabilitation Act of 1973, as amended, 29 USC Section 794; 49 USC Section 5301(d).

10. Fly America

To the extent applicable to the Services, the Consultant agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and sub recipients of Federal funds and their consultants are required to use U.S. Flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Consultant shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Consultant agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

11. Cargo Preference - Use of United States-Flag Vessels

To the extent applicable to the Services, the Consultant agrees:

1. To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;
2. To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the Consultant in the case of a subconsultant's bill-of-lading.)

3. To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

11. Buy America – Not applicable.

12. Employment Provisions

To the extent applicable to the Services, Consultant shall comply with the following:

- A. Equal Employment Opportunity — Not applicable.
- B. Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 276c) — Not applicable.
- C. Contact Work Hours and Safety Standards Act (40 U.S.C. 327–333) —Not applicable.

D. Release of Retainage

No retainage will be withheld by the RCTC from progress payments due Consultant. Retainage by Consultant or subconsultants is prohibited, and no retainage will be held by the prime consultant from progress due subconsultants. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant’s proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.
- e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens or claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.
- f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.

g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.

h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

16. Disputes

a. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be

decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.

b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.

c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

Agreement No. 22-31-028-00**PROFESSIONAL SERVICES AGREEMENT
WITH FHWA AND FTA FUNDING ASSISTANCE****RIVERSIDE COUNTY TRANSPORTATION COMMISSION
AGREEMENT WITH
R.P. LAURAIN & ASSOCIATES, INC.
FOR ON-CALL
RIGHT OF WAY APPRAISAL SERVICES****Parties and Date.**

This Agreement is made and entered into this ____ day of _____, 2021, by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION ("the Commission") and **R.P. LAURAIN & ASSOCIATES, INC.** ("Consultant"), a **Corporation**. The Commission and Consultant are sometimes referred to herein individually as "Party", and collectively as the "Parties".

Recitals.

A. On November 8, 1988, the Voters of Riverside County approved Measure A authorizing the collection of a one-half percent (1/2 %) retail transactions and use tax (the "tax") to fund transportation programs and improvements within the County of Riverside, and adopting the Riverside County Transportation Improvement Plan (the "Plan").

B. Pursuant to Public Utility Code Sections 240000 et seq., the Commission is authorized to allocate the proceeds of the Tax in furtherance of the Plan.

C. On November 5, 2002, the voters of Riverside County approved an extension of the Measure A tax for an additional thirty (30) years for the continued funding of transportation and improvements within the County of Riverside.

D. A source of funding for payment for on-call professional appraisal services provided under this Agreement may be Federal Highway Administration ("FHWA") funds administered by the California Department of Transportation ("Caltrans"), and/or funds from the Federal Transit Administration ("FTA"). This Commission may withhold payment of any federal funds hereunder until the certification shown in Exhibit "F" attached hereto and incorporated herein by reference, is executed.

E. Consultant desires to perform and assume responsibility for the provision of certain on-call right of way appraisal services for projects in the County of Riverside, California. Services shall be provided on the terms and conditions set forth in this Agreement and in the task order(s) to be solicited, awarded and authorized by Commission as further described in this Agreement ("Task Order"). Consultant

represents that it is experienced in providing such services to public clients, is licensed in the State of California (if necessary) and is familiar with the plans of the Commission.

G. Commission desires to engage Consultant to render such services on an on-call basis. Services shall be ordered by Task Order(s) to be issued pursuant to this Agreement for future projects as set forth herein and in each Task Order (each such project shall be designated a "Project" under this Agreement).

Terms.

1. General Scope of Services. Consultant shall furnish all technical and professional services, including labor, material, equipment, transportation, supervision and expertise, and incidental and customary work necessary to fully and adequately supply the on-call right of way appraisal services for the Projects ("Services"). The Services are generally described in Exhibit "A" attached hereto and incorporated herein by reference. The Services shall be more particularly described in the individual Task Orders issued by the Commission's Executive Director or designee. No Services shall be performed unless authorized by a fully executed Task Order. All Services shall be subject to, and performed in accordance with, this Agreement, the relevant Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

2. Task Orders; Commencement of Services; Schedule of Services. Services under this Agreement shall be requested by the Commission pursuant to Task Order requests. If Commission accepts Consultant's Task Order proposal, Commission shall issue a purchase order or executed task order for the Services ("Commission's Task Order Authorization"). Consultant's agreement to the final terms of a proposed Task Order, Commission's Task Order Authorization and Consultant's commencement of the Services shall indicate the Parties' agreement to the terms of the relevant Task Order.

Consultant shall commence Services under a Task Order within five (5) days of receiving Commission's Task Order Authorization.

Consultant shall perform the Services expeditiously, in accordance with the Schedule of Services set forth in a Task Order. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, Commission shall respond to Consultant's submittals in a timely manner. Upon request of the Commission, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3. Pre-Award Audit. As a result of the funding for this Project, and to the extent Caltrans procedures apply in connection therewith, issuance of a "Notice to Proceed" or other authorization to proceed under a Task Order may be contingent upon completion and approval of a pre-award audit. Any questions raised during the pre-award audit shall be resolved before Services are commenced under a Task Order. The funding provided under this Agreement is contingent on meeting all funding requirements and could be

withdrawn, thereby entitling the Commission to terminate this Agreement, if the procedures are not completed. The Consultant's files shall be maintained in a manner to facilitate State process reviews. In addition, Caltrans may require that prior to performance of any work for which funding reimbursement through Caltrans is requested and provided, that Caltrans must give to Commission an "Authorization to Proceed".

4. Audit Procedures.

4.1 Consultant and certain subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an Independent Cost Review (ICR) Audit, or a CPA ICR audit work paper review. If selected for audit or review, this Agreement, Consultant's cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into this Agreement by this reference if directed by Commission at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of the Agreement terms and cause for termination of this Agreement and disallowance of prior reimbursed costs. Additional audit provisions applicable to this Agreement are set forth in Sections 22 and 23 of this Agreement.

Section 4.2 and 4.3 shall apply to the extent applicable to the Task Order and funding source.

4.2 During any Caltrans' review of the ICR audit work papers created by the Consultant's independent CPA, Caltrans will work with the CPA and/or Consultant toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

Accepted rates will be as follows:

- a. If the proposed rate is less than one hundred fifty percent (150%) - the accepted rate reimbursed will be ninety percent (90%) of the proposed rate.

b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) - the accepted rate will be eighty-five percent (85%) of the proposed rate.

c. If the proposed rate is greater than two hundred percent (200%) - the accepted rate will be seventy-five percent (75%) of the proposed rate.

4.3 If Caltrans is unable to issue a cognizant letter per Section 4.2 above, Caltrans may require Consultant to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the Caltrans' management letter. Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

Consultant may submit to Commission final invoice only when all of the following items have occurred: (1) Caltrans accepts or adjusts the original or revised independent CPA audited ICR; (2) all work under this Agreement has been completed to the satisfaction of Commission; and (3) Caltrans has issued its final ICR review letter. The Consultant must submit its final invoice to Commission no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this Agreement and all Task Orders issued under this Agreement, and all other agreements executed between the Commission and the Consultant, either as a prime or subconsultant, with the same fiscal period ICR.

This Agreement shall end on December 31, 2025, unless extended by contract amendment.

Notwithstanding the foregoing, Caltrans and/or FHWA funded Task Orders shall be completed within thirty-six (36) months of the Effective Date, unless approval of Caltrans is obtained from the Commission.

5.3 This Agreement shall remain in effect until the date set forth above, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and

deadlines. All applicable indemnification provisions of this Agreement shall remain in effect following the termination of this Agreement.

Consultant's Representative shall be available to the Commission staff at all reasonable times. Any substitution in Consultant's Representative shall be approved in writing by Commission's Contract Administrator.

8. Substitution of Key Personnel. Consultant has represented to the Commission that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval by the Commission. In the event that the Commission and Consultant cannot agree as to the substitution of the key personnel, the Commission shall be entitled to terminate this Agreement for cause, pursuant to the provisions herein. The key personnel for performance of this Agreement are: **John P. Laurain and Benjamin V. Balos**, or as otherwise identified in the Task Order.

9. Standard of Care; Licenses. Consultant represents and maintains that it is skilled in the professional calling necessary to perform all Services, duties and obligations required by this Agreement to fully and adequately complete the Project. Consultant warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Consultant further represents and warrants to the Commission that its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the Commission, any services

necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein, and shall be fully responsible to the Commission for all damages and other liabilities provided for in the indemnification provisions of this Agreement arising from the Consultant's errors and omissions. Any employee of Consultant or its sub-consultants who is determined by the Commission to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the Commission, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

10. Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Commission retains Consultant on an independent contractor basis and not as an employee, agent or representative of the Commission. Consultant retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant shall be responsible for all reports and obligations respecting such personnel, including but not limited to, social security taxes, income tax withholdings, unemployment insurance, disability insurance, and workers' compensation insurance.

12. Delay in Performance.

12.1 Excusable Delays. Should Consultant be delayed or prevented from the timely performance of any act or Services required by the terms of the Agreement by reason of acts of God or of the public enemy, acts or omissions of the Commission or other governmental agencies in either their sovereign or contractual capacities, fires, floods, pandemics, epidemics, quarantine restrictions, strikes, freight embargoes or unusually severe weather, performance of such act shall be excused for the period of such delay.

12.2 Written Notice. If Consultant believes it is entitled to an extension of time due to conditions set forth in subsection 12.1, Consultant shall provide written notice to the Commission within seven (7) working days from the time Consultant knows, or reasonably should have known, that performance of the Services will be delayed due to such conditions. Failure of Consultant to provide such timely notice shall constitute a waiver by Consultant of any right to an excusable delay in time of performance.

12.3 Mutual Agreement. Performance of any Services under this Agreement may be delayed upon mutual agreement of the Parties. Upon such agreement, Consultant's Schedule of Services shall be extended as necessary by the Commission. 13. Preliminary Review of Work. All reports, working papers, and similar work products prepared for submission in the course of providing Services under this Agreement shall be submitted to the Commission's Contract Administrator in draft form, and the Commission may require revisions of such drafts prior to formal submission and approval. In the event plans and designs are to be developed as part of the Project, final detailed plans and designs shall be contingent upon obtaining environmental clearance as may be required in connection with Federal funding. In the event that Commission's Contract Administrator, in his or her sole discretion, determines the formally submitted work product to be not in accordance with the standard of care established under this Agreement, Commission's Contract Administrator may require Consultant to revise and resubmit the work at no cost to the Commission.

14. Appearance at Hearings. If and when required by the Commission, Consultant shall render assistance at public hearings or other meetings related to the Project or necessary to the performance of the Services. However, Consultant shall not be required to, and will not, render any decision, interpretation or recommendation regarding questions of a legal nature or which may be construed as constituting a legal opinion.

15. Opportunity to Cure; Inspection of Work. Commission may provide Consultant an opportunity to cure, at Consultant's expense, all errors and omissions

which may be disclosed during Project implementation. Should Consultant fail to make such correction in a timely manner, such correction may be made by the Commission, and the cost thereof charged to Consultant. Consultant shall allow the Commission's Contract Administrator and Caltrans to inspect or review Consultant's work in progress at any reasonable time.

16. Final Acceptance. Upon determination by the Commission that Consultant has satisfactorily completed the Services required under this Agreement and within the term set forth herein the Commission shall give Consultant a written Notice of Final Acceptance. Upon receipt of such notice, Consultant shall incur no further costs hereunder, unless otherwise specified in the Notice of Final Acceptance. Consultant may request issuance of a Notice of Final Acceptance when, in its opinion, it has satisfactorily completed all Services required under the terms of this Agreement. In the event copyrights are permitted under this Agreement, then in connection with Federal funding, it is hereby acknowledged and agreed that the United States Department of Transportation shall have the royalty-free non-exclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

17. Laws and Regulations. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. For example, and not by way of limitation, Consultant shall keep itself fully informed of and in compliance with all implementing regulations, design standards, specifications, previous commitments that must be incorporated in the design of the Project, and administrative controls including those of the United States Department of Transportation. Compliance with Federal procedures may include completion of the applicable environmental documents and approved by the United States Department of Transportation. For example, and not by way of limitation, a signed Categorical Exclusion, Finding of No Significant Impact, or published Record of Decision may be required to be approved and/or completed by the United States Department of Transportation. For Consultant shall be liable for all violations of such laws and regulations in connection with Services. If the Consultant performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the Commission, Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold Commission, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

18. Fees and Payment.

18.1 The method of payment for this Agreement will be based on actual cost. Commission shall reimburse Consultant for actual costs (including labor costs, employee benefits, travel, equipment rental costs, overhead and other direct costs) incurred by Consultant in performance of the Services. Consultant shall not be reimbursed for actual costs that exceed the estimated wage rates, employee benefits,

travel, equipment rental, overhead, and other estimated costs set forth in the approved Consultant cost proposal attached hereto as Exhibit "B" and incorporated herein by reference, or any cost proposal included as part of a Task Order ("Cost Proposal") unless additional reimbursement is provided for by written amendment. In no event, shall Consultant be reimbursed for overhead costs at a rate that exceeds Commission's approved overhead rate set forth in the Cost Proposal. To the extent legally permissible, Consultant's approved overhead rate shall be fixed for the term of this Agreement. In the event that Commission determines that a change to the Services from that specified in the Cost Proposal, this Agreement or any Task Order is required, the Agreement time or actual costs reimbursable by Commission shall be adjusted by written amendment to accommodate the changed work. The maximum total cost as specified in Section 18.8 shall not be exceeded, unless authorized by a written amendment.

18.2 Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal. In addition, payments to Consultant for travel and subsistence expenses claimed for reimbursement or applied as local match credit shall not exceed rates authorized to be paid exempt non-represented State employees under current State Department of Personnel Administration (DPA) rules, unless otherwise authorized by Commission. If the rates invoiced are in excess of those authorized DPA rates, and Commission has not otherwise approved said rates, then Consultant is responsible for the cost difference and any overpayments shall be reimbursed to the Commission on demand.

18.3 When milestone cost estimates are included in the approved Cost Proposal for a Task Order, Consultant shall obtain prior written approval for a revised milestone cost estimate from the Contract Administrator before exceeding such cost estimate.

18.4 Progress payments shall be made monthly in arrears based on Services provided and allowable incurred costs. If Consultant fails to submit the required deliverable items according to the schedule set forth in the Scope of Services, Commission shall have the right to delay payment or terminate this Agreement in accordance with the provisions of Section 20, Termination.

18.5 No payment shall be made prior to approval of any Services, nor for any Services performed prior to approval of this Agreement.

18.6 Consultant shall be reimbursed, as promptly as fiscal procedures will permit upon receipt by Commission's Contract Administrator of itemized invoices in triplicate. Invoices shall detail the work performed on each milestone and each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number and project title. Final invoice must contain the final cost and all credits due Commission including any equipment purchased under the Equipment Purchase provisions of this Agreement. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under the On-Call ROW Appraisal Task Order Contracts through Task Orders. Each time a Task Order is awarded under any of the On-Call ROW Appraisal Task Order Contracts, Commission must send written notification to Consultant and each of the other consultants entering into the On-Call ROW Appraisal Task Order Contracts. The notice must identify the total funds allocated under issued Task Orders, and the remaining unencumbered amount of the NTE Sum. Consultant acknowledges and agrees that Commission must not pay any amount under this Agreement that would exceed the NTE Sum, and Consultant must not enter into a Task Order that exceeds the NTE Sum.

18.9 Salary increases shall be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by Commission's Contract Administrator. For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

19.2 Not later than 30 days after completion of all Services under this Agreement, Consultant may request review by the Commission's Executive Director of unresolved claims or disputes, other than audit. The request for review will be submitted in writing.

19.3 Neither the pendency of a dispute, nor its consideration by the committee will excuse Consultant from full and timely performance in accordance with the terms of this Agreement.

20. Termination.

20.1 Commission reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant, for any or no reason, with the reasons for termination stated in the notice. Commission may terminate Services under a Task Order, at any time, for any or no reason, with the effective date of termination to be specified in the notice of termination of Task Order.

20.2 Commission may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, Commission may proceed with the Services in any manner deemed proper by Commission. If Commission terminates this Agreement with Consultant, Commission shall pay Consultant the sum due to Consultant under this Agreement for Services completed and accepted prior to termination, unless the cost of completion to Commission exceeds the funds remaining in the Agreement. In such case, the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

20.3 In addition to the above, payment upon termination shall include a prorated amount of profit, if applicable, but no amount shall be paid for anticipated profit on unperformed Services. or whole, to complete the Project because it did not meet the standard of care established in this Agreement. Termination of this Agreement for cause may be considered by the Commission in determining whether to enter into future agreements with Consultant.

20.6 The rights and remedies of the Parties provided in this Section are in addition to any other rights and remedies provided by law or under this Agreement.

20.7 Consultant, in executing this Agreement, shall be deemed to have waived any and all claims for damages which may otherwise arise from the Commission's termination of this Agreement, for convenience or cause, as provided in this Section.

20.8 Consultant may not terminate this Agreement except for cause

20.9 In addition to the termination rights above, Commission may temporarily suspend the Services under any Task Order(s), at no additional cost to Commission, provided that Consultant is given written notice of temporary suspension. If Commission gives such notice of temporary suspension, Consultant shall immediately suspend its activities under the relevant Task Order(s). A temporary suspension may be issued concurrent with a notice of termination.

23.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by Commission's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.

23.3 Neither the pendency of a dispute nor its consideration by Commission shall excuse Consultant from full and timely performance, in accordance with the terms of this Agreement.

24. Subcontracting.

24.1 Nothing contained in this Agreement or otherwise, shall create any contractual relation between Commission and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to Commission for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. Consultant's obligation to pay its subconsultant(s) is an independent obligation from Commission's obligation to make payments to the Consultant.

24.2 Consultant shall perform the Services contemplated with resources available within its own organization and no portion of the Services pertinent to this Agreement shall be subcontracted without written authorization by Commission's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.

24.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by Commission.

24.4 Any subcontract in excess of \$25,000 entered into as a result of this Agreement shall contain all the provisions stipulated in this Agreement to be applicable to subconsultants.

If the purchased equipment needs replacement and is sold or traded in, Commission shall receive a proper refund or credit at the conclusion of this Agreement, or if this Agreement is terminated, Consultant may either keep the equipment and credit Commission in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established Commission procedures; and credit Commission in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant's expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by Commission and Consultant. If Consultant determines to sell the equipment, the terms and conditions of such sale must be approved in advance by Commission. 2 CFR, Part 200 requires a credit to Federal funds when participating equipment with a fair market value greater than \$5,000 is credited to the Project.

25.4 All subcontracts in excess \$25,000 shall contain the above provisions.

26. Labor Code Requirements.

26.1 By its execution of this Agreement, Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. Copies of the prevailing rate of per diem wages are on file at the Commission's offices. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. Consultant shall defend, indemnify and hold the Commission, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

Consultant shall forfeit to Commission as a penalty, \$50.00 for each worker employed in the execution of this Agreement by him, or by any sub-consultant under him, for each calendar day during which such workman is required or permitted to work more than eight hours in any calendar day and forty hours in any one calendar week without such compensation for overtime violation of the provisions of the California Labor Code, unless Consultant or the Services are not subject to the Eight-Hour Law.

26.4 Employment of Apprentices. This Agreement shall not prevent the employment of properly indentured apprentices in accordance with the California Labor Code, and no employer or labor union shall refuse to accept otherwise qualified employees as indentured apprentices on the work performed hereunder solely on the ground of race, creed, national origin, ancestry, color or sex. Every qualified apprentice

shall be paid the standard wage paid to apprentices under the regulations of the craft or trade in which he or she is employed and shall be employed only in the craft or trade to which he or she is registered.

Upon issuance of this certificate, Consultant and any sub-consultant shall employ the number of apprentices provided for therein, as well as contribute to the fund to administer the apprenticeship program in each craft or trade in the area of the work hereunder.

The parties expressly understand that the responsibility for compliance with provisions of this Section and with Sections 1777.5, 1777.6 and 1777.7 of the California Labor Code in regard to all apprenticeable occupations lies with Consultant.

However, unless otherwise identified and stated prior to execution of this Agreement, Consultant represents and warrants that it has the right to grant the exclusive and perpetual license for all such Intellectual Property as provided herein.

SCOPE OF SERVICES

The Riverside County Transportation Commission (Commission) is seeking one or more Consultants (Consultant or Appraiser) to provide right of way appraisal services for developed or undeveloped residential, commercial, industrial, agricultural and railroad properties. Consultant shall produce appraisal reports for full or partial acquisitions, easements, temporary construction easements, leased or licensed properties, and sale or disposition of excess/surplus properties, as required by the Commission. Services shall be provided on an on-call/as needed basis in support of current and future Commission Projects, Measure A Projects and projects done in partnership with other agencies, pursuant to Task Orders issued in the sole discretion of the Commission.

Task Orders shall be awarded through an additional qualification-based selection process.

Such appraisal services may include, but are not limited to, the following work program and/or comply with applicable requirements below:

1. Consultant shall prepare appraisals in accordance with the Uniform Relocation and Real Property Acquisition Policies Act of 1970, as amended, and implemented by 49 CFR Part 24; the State of California Government Code, the State of California Relocation Assistance and Real Property Acquisition Guidelines (Title 25, California Code of Regulations Ch 6, Art 1, Section 6000 et seq.), the California Code of Civil Procedure, the Uniform Standards of Professional Appraisal Practice (USPAP), and in some cases, the Uniform Appraisal Standards for Federal Land Acquisition Act. Consultant must be licensed by the State of California.
2. Consultant shall prepare appraisals in accordance with the Uniform Appraisal Standards for Federal Land Acquisition ("Yellow Book"). Consultant must be licensed by the State of California.
3. Consultant must be qualified to provide expert witness testimony and defend the opinions or conclusions reached in the appraisal at any Administrative or Judicial proceeding.
4. Deliverables shall typically consist of three (3) originals of the completed appraisal report and one (1) electronic copy, specialty reports and component valuations which may be performed by someone other than Consultant and incorporated into the overall fair market valuation.

5. Consultant may be required to meet with and coordinate their efforts with Commission staff, Commission legal counsel, and other consultants or Caltrans staff; participate in office or project site meetings.
6. Appraisal reports may be reviewed for acceptance and approval by Commission's review appraisers and Caltrans. Revisions may be required by reason of this review process. Consultants may be requested to complete and deliver revised and/or updated appraisals. In the event of non-acceptance due to errors or omissions, Consultant shall have fifteen (15) calendar days to make corrections and return the revised appraisals to the review appraiser.
7. For proposed acquisitions, the owner of the real property or a designated representative will be invited by the Appraiser to accompany the Appraiser during the inspection of the property. This invitation must be in the form of a letter entitled "Notice to Appraise" written by the Appraiser to the owner. A copy of the invitation will be included in the appraisal report.
8. It is the Appraiser's responsibility to contact the Commission's project engineers for discussion and/or clarification of the Construction in the Manner Proposed. This is critical in the appraisal of partial acquisitions and easements where the Appraiser may need cross sections or other project engineering information to complete the report.
9. The highest and best use for the property in the before condition must be determined and supported. If a partial acquisition is involved, the highest and best use of the property in the after condition must be determined and supported. If the existing use is not the premise on which the valuation is based, the appraisal will contain an explanation justifying the determination that the property is available and adaptable for a different highest and best use and there is demand for that use in the market.
10. Where the acquisition involves only a part (or portion) of the property, the Appraiser will estimate any severance damages and special benefits to the remainder, including reasoning and market data to support the opinion or conclusion. The Appraiser will indicate if the remainder constitutes an economic or uneconomic unit in the market and/or to the present owner.
11. The California Eminent Domain Law will be followed in partial acquisitions. Special benefits are to be offset only against damages to the remainder in accordance with the law.
12. Appraisal for easement acquisitions will reflect the restrictive elements of the easement to be acquired and the potential effect of such elements on the utility of the property considering its highest and best use. Full details with respect to any interference with the highest and best use of the property affected must be explained and supported.

13. The Appraiser must estimate and support the economic rent, state the contract rent and the remaining term of the lease as of the date of value. Lessor and lessee responsibilities for paying major expenses, e.g., taxes, insurance and maintenance shall be included.
14. Appraiser shall itemize in detail the "improvements pertaining to realty" (Eminent Domain Law-CCP Section 1263.205) showing their replacement cost new, depreciated value in place, salvage value if any, and relocation estimate. To the extent possible, determine the ownership claims of the Improvements Pertaining to the Realty.
15. In cases where the Appraisal Assignment requires a Specialty Appraisal (Furniture, Fixtures, Machinery and Equipment) and/or Specialists Reports (title, survey, soils, engineering), Appraiser shall utilize the services of Commission's On-Call Consultants for such services or obtain Commission's prior approval for any others. Fees charged by Commission's On-Call Consultants for Specialty Appraisal and/or Specialists Reports shall be paid directly by the Commission.
16. It is the Appraiser's responsibility to thoroughly review the Specialty Appraisal for adoption (with adjustments or not, as appropriate) and inclusion in the overall appraisal. The estimated values that the specialty items contribute to the overall value of the real estate will be separately stated but included in the total value of the property.
17. If any legal issues exist during the appraisal assignment, Appraiser shall request legal opinion. All legal opinions shall be rendered by Commission's legal counsel.
18. It is the Appraiser's responsibility to contact the Commission's legal counsel, if necessary, for discussion and/or clarification in identifying personal or real property.
19. If hazardous waste is discovered on the property, Appraiser shall seek further direction from the Commission.

Code §12990 (a-f), set forth 2 CCR §§8100-8504, are incorporated into this Agreement by reference and made a part hereof as if set forth in full.

D. Consultant shall permit access by representatives of the Department of Fair Employment and Housing and the Commission upon reasonable notice at any time during the normal business hours, but in no case less than twenty-four (24) hours' notice, to such of its books, records, accounts, and all other sources of information and its facilities as said Department or Commission shall require to ascertain compliance with this clause.

E. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

F. If this Agreement is federally funded, the Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI

of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.

G. If this Agreement is federally funded, Consultant shall comply with regulations relative to non-discrimination in federally-assisted programs of the U.S. Department of Transportation (49 CFR Part 21 - Effectuation of Title VI of the Civil Rights Act of 1964). Specifically, the Consultant shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR §21.5, including employment practices and the selection and retention of subconsultants.

H. Consultant and its subconsultants will never exclude any person from participation in, deny any person the benefits of, or otherwise discriminate against anyone in connection with the award and performance of any contract covered by 49 CFR 26 on the basis of race, color, sex, or national origin. In administering the Commission components of the DBE Program plan, Consultant and its subconsultants will not, directly, or through contractual or other arrangements, use criteria or methods of administration that have the effect of defeating or substantially impairing accomplishment of the objectives of the DBE Program plan with respect to individuals of a particular race, color, sex, or national origin.

I. Consultant shall include the nondiscrimination and compliance provisions of this section in all subcontracts to perform work under this Agreement.

2. DEBARMENT AND SUSPENSION CERTIFICATION

CONSULTANT's signature affixed herein, shall constitute a certification under penalty of perjury under the laws of the State of California, that CONSULTANT has complied with Title 2 CFR, Part 180, "OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)", which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to COMMISSION.

B. Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining CONSULTANT responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

C. Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

3. DISCRIMINATION; CONTRACT ASSURANCE

The Commission shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT-assisted contract or in the implementation of the Caltrans DBE program or the requirements of 49 CFR Part 26. The Commission shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts.

Consultant or subcontractor shall not discriminate on the basis of race, color, national origin, of sex in the performance of this Agreement. Consultant or subcontractor shall carry out applicable requirements of 49 CFR Part 26 and the Caltrans DBE program in the award and administration of DOT-assisted contracts, as further set forth below. Failure by the Consultant or subcontractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy, as the Commission deems appropriate.

Failure by the Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying Consultant from future proposing as non-responsible

4. PROMPT PAYMENT

Consultant or subconsultant shall pay to any subconsultant, not later than fifteen (15) days after receipt of each progress payment, unless otherwise agreed to in writing, the respective amounts allowed Consultant on account of the work performed by the subconsultants, to the extent of each subconsultant's interest therein. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from Consultant or subconsultant to a subconsultant, Consultant or subconsultant may withhold no more than 150 percent of the disputed amount. Any violation of this requirement shall constitute a cause for disciplinary action and shall subject the Consultant or subconsultant to a penalty, payable to the applicable subconsultant, of 2 percent of the amount due per month for every month that payment is not made.

In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs. The sanctions authorized under this

requirement shall be separate from, and in addition to, all other remedies, either civil, administrative, or criminal. This clause applies to both DBE and non-DBE subconsultants.

5. RELEASE OF RETAINAGE

No retainage will be held by the Commission from progress payments due to Consultant. Consultant and subconsultants are prohibited from holding retainage from subconsultants. Any delay or postponement of payment may take place only for good cause and with the Commission's prior written approval. Any violation of these provisions shall subject Consultant or the violating subconsultant to the penalties, sanctions, and other remedies specified in Section 3321 of the California Civil Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant, deficient subconsultant performance and/or noncompliance by a subconsultant. This clause applies to both DBE and non-DBE subconsultants.

6. LEGAL REMEDIES

In addition to those contract remedies set forth under relevant provisions of California law, either Party to this Agreement may, where applicable, seek legal redress for violations of this Agreement pursuant to the relevant provisions of 49 C.F.R. Parts 23 and 26, to the relevant federal or state statutory provisions governing civil rights violations, and to the relevant federal and state provisions governing false claims or "whistleblower" actions, as well as any and all other applicable federal and state provisions of law.

The Consultant shall include a provision to this effect in each of its agreements with its subcontractors.

7. DBE PARTICIPATION

Caltrans has developed a statewide DBE program pursuant to 49 C.F.R. Part 26. The requirements and procedures, as applicable, of the Caltrans DBE program are hereby incorporated by reference into this Agreement. Even if no DBE participation will be reported, Consultant shall complete any Caltrans required DBE reporting forms, as provided by the Commission, in compliance with the Caltrans DBE program, and a final utilization report in the form provided by the Commission.

A. This Agreement is subject to Title 49, Part 26 of the Code of Federal Regulations entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." Consultants who enter into a federally-funded agreement will assist the Commission in a good faith effort to achieve California's statewide overall DBE goal.

B. This Agreement does not have a DBE goal, but DBE goals may be included as part of each Task Order request for proposals. Participation by DBE Consultant or

subconsultants for an FHWA funded Task Order shall be in accordance with the information contained in the Consultant Contract DBE Commitment form (Caltrans LAPM Forms Exhibit 10-O1) to be submitted with the relevant Task Order proposal. If a DBE subconsultant is unable to perform, the Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met. A DBE is a firm meeting the definition of a DBE as specified in 49 CFR.

C. All DBE participation will count toward the Caltrans federally mandated statewide overall DBE goal. Credit for materials or supplies Consultant purchases from DBEs counts towards the goal in the following manner:

- 100 percent counts if the materials or supplies are obtained from a DBE manufacturer.
- 60 percent counts if the materials or supplies are purchased from a DBE regular dealer.
- Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49 CFR 26.55 defines "manufacturer" and "regular dealer."

D. DBE and other small businesses (SB), as defined in Title 49 CFR, Part 26 are encouraged to participate in the performance of agreements financed in whole or in part with federal funds. The Consultant, subrecipient or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. The Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT- assisted agreements. Failure by the contractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as the Commission, Caltrans or the Department of Transportation deems appropriate.

E. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

F. A DBE may be terminated only as further set forth in Section 13 below.

8. DBE PARTICIPATION GENERAL INFORMATION

It is Consultant's responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Caltrans DBE program. Particular attention is directed to the following:

A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).

B. A certified DBE may participate as a prime contractor, subcontractor, joint venture partner, as a vendor of material or supplies, or as a trucking company.

C. A DBE joint-venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint-venture commensurate with its ownership interest.

D. A DBE must perform a commercially useful function, pursuant to 49 CFR 26.55 that is, must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work, as more fully described in section 9 below.

E. The Consultant shall list only one subcontractor for each portion of work as defined in the Consultant's bid/proposal and all DBE subcontractors should be listed in the Consultant's bid/cost proposal list of subcontractors.

F. A Consultant who is a certified DBE is eligible to claim all of the work in the Agreement toward the DBE participation except that portion of the work to be performed by non-DBE subcontractors.

G. Consultant shall notify the Commission's contract administrator or designated representative of any changes to its anticipated DBE participation prior to starting the affected work.

9. COMMERCIALLY USEFUL FUNCTION

A. A DBE performs a commercially useful function when it is responsible for execution of the work of the Agreement and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible with respect to materials and supplies used on the Agreement, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, evaluate the amount of work subcontracted, industry practices; whether the amount the firm is to be paid under the Agreement is commensurate with the work it is actually performing, and other relevant factors.

B. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, Agreement, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.

C. If a DBE does not perform or exercise responsibility for at least thirty percent of the total cost of its Agreement with its own work force, or the DBE subcontracts a greater portion of the work of the Agreement than would be expected on the basis of normal

industry practice for the type of work involved, it will be presumed that it is not performing a commercially useful function.

10. DBE CERTIFICATION AND DE-CERTIFICATION STATUS

If a DBE subcontractor is decertified before completing its work, the decertified subcontractor shall notify the Contractor in writing with the date of de-certification. If a subcontractor becomes a certified DBE during the life of the Agreement, the subcontractor shall notify the Contractor in writing with the date of certification. Any changes should be reported to the Commission's Contract Administrator within 30 days.

11. DBE RECORDS

A. The Contractor shall maintain records of materials purchased and/or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE subconsultant, DBE vendor, and DBE trucking company and the total dollar amount actually paid each business regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime Contractors shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.

In addition to all other requirements, Consultant shall complete and submit, on a monthly basis, the Monthly DBE Payment form (Caltrans Exhibit 9-F of Chapter 9 of the LAPM).

B. Upon completion of the Agreement, a summary of these records shall be prepared and submitted on the most current version of the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprises (DBE)," CEM- 2402F (Exhibit 17-F in Chapter 17 of the LAPM), certified correct by the Contractor or the Contractor's authorized representative and shall be furnished to the Commission's Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in the Commission withholding \$10,000 until the form is submitted. This amount will be returned to the Contractor when a satisfactory "Final Report Utilization of Disadvantaged Business Enterprises (DBE)" is submitted to the Commission's Contract Administrator.

a. Prior to the fifteenth of each month, the Contractor shall submit documentation to the Commission's Contract Administrator showing the amount paid to DBE trucking companies. The Contractor shall also obtain and submit documentation to the Commission's Contract Administrator showing the amount paid by DBE trucking companies to all firms, including owner-operators, for the leasing of trucks. If the DBE leases trucks from a non-DBE, the Contractor may count only the fee or commission the DBE receives as a result of the lease arrangement.

b. The Contractor shall also submit to the Commission's Contract Administrator documentation showing the truck number, name of owner, California Highway Patrol CA

number, and if applicable, the DBE certification number of the truck owner for all trucks used during that month. This documentation shall be submitted on the Caltrans "Monthly DBE Trucking Verification," CEM-2404(F) form provided to the Contractor by the Commission's Contract Administrator.

12. REPORTING MATERIAL OR SUPPLIES PURCHASED FROM DBEs

When Reporting DBE Participation, Material or Supplies purchased from DBEs may count as follows:

A. If the materials or supplies are obtained from a DBE manufacturer, 100 % of the cost of the materials or supplies will count toward the DBE participation. A DBE manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises, the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.

B. If the materials or supplies purchased from a DBE regular dealer, count 60 % of the cost of the materials or supplies toward DBE goals. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement, are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment, shall be by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.

D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.

13. TERMINATION AND SUBSTITUTION OF DBE SUBCONSULTANTS

Consultant shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless Consultant or DBE subconsultant obtains the Commission's written consent. Consultant shall not terminate or substitute a listed DBE for convenience and perform the work with their own forces or obtain materials from other

sources without authorization from the Commission. Unless the Commission's consent is provided, the Consultant shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the attached Consultant Contract DBE Commitment form.

The Commission authorizes a request to use other forces or sources of materials if Consultant shows any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.
2. The Commission stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the Commission's bond requirements.
3. Work requires a consultant's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent.
8. Listed DBE voluntarily withdraws with written notice from the Agreement.
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.
11. The Commission determines other documented good cause.

Consultant shall notify the original DBE of the intent to use other forces or material sources and provide the reasons and provide the DBE with 5 days to respond to the notice and advise Consultant and the Commission of the reasons why the use of other forces or sources of materials should not occur.

Consultant's request to use other forces or material sources must include:

1. One or more of the reasons listed in the preceding paragraph.
2. Notices from Consultant to the DBE regarding the request.
3. Notices from the DBEs to Consultant regarding the request.

If a listed DBE is terminated or substituted, Consultant must make good faith efforts to find another DBE to substitute for the original DBE. The substitute DBE must perform at least the same amount of work as the original DBE under the contract to the extent needed to meet or exceed the DBE goal.

14. DEBARMENT, SUSPENSION AND OTHER INELIGIBILITY AND VOLUNTARY EXCLUSION

In accordance with 49 CFR Part 29, which by this reference is incorporated herein, Consultant's subconsultants completed and submitted the Certificate of subconsultant Regarding Debarment, Suspension and Other Ineligibility and Voluntary Exclusion as part of the Consultant's proposal. If it is later determined that Consultant's subconsultants knowingly rendered an erroneous Certificate, the Commission may, among other remedies, terminate this Agreement.

15. ENVIRONMENTAL COMPLIANCE

A. Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of \$100,000).

B. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

16. NATIONAL LABOR RELATIONS BOARD CERTIFICATION

In accordance with Public Contract Code Section 10296, and by signing this Agreement, Consultant certifies under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

17. FUNDING REQUIREMENTS

It is mutually understood between the Parties that this Agreement may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both Parties, in order to avoid program and fiscal delays that would occur if the Agreement were executed after that determination was made.

This Agreement is valid and enforceable only if sufficient funds are made available to Commission for the purpose of this Agreement. In addition, this Agreement is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or Commission governing board that may affect the provisions, terms, or funding of this Agreement in any manner.

It is mutually agreed that if sufficient funds are not appropriated, this Agreement may be amended to reflect any reduction in funds.

As used herein, "RCTC" shall have the same meaning as the "Commission." The term "contract" or "Contract" shall have the same meaning as the "Agreement."

1. No Obligation by the Federal Government

- a. - a. The Consultant acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Consultant certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Consultant further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Consultant to the extent the Federal Government deems appropriate.
- b. The Consultant also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Consultant, to the extent the Federal Government deems appropriate.
- c. The Consultant agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed

that the clauses shall not be modified, except to identify the subconsultant who will be subject to the provisions.

3. Access to Records

The Consultant agrees to the following access to records requirements:

- a. To provide RCTC, the FTA Administrator, the Comptroller General of the United States or any of their authorized representatives access to any books, documents, papers and records of the Consultant which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions. - c. To maintain all books, records, accounts and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Consultant agrees to maintain same until RCTC, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).
- d. To permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

4. Federal Changes

The Consultant shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between RCTC and FTA, as they may be amended or promulgated from time to time during the term of this contract. Consultant's failure to so comply shall constitute a material breach of this contract.

5. Civil Rights

(1) Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332 and 49 CFR part 21, the Consultant agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the Consultant agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity - The following equal employment opportunity requirements apply to the underlying contract:

Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. (3) The Consultant also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used

herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.

C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit to Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its "DBE Race-Neutral Participation Listing" submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.

F. DBE Certification Status: If a listed DBE subconsultant is decertified during the life of this Agreement, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a non-DBE subconsultant becomes a certified DBE during the life of this Agreement, the DBE subconsultant shall notify Consultant in writing with the date of certification. Consultant shall furnish the written documentation to Commission in a timely manner. Consultant shall include this requirement in all subcontracts.

G. Consultant's Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Consultant shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Consultant shall affirm that they will consider, and utilize subconsultants and vendors, in a manner consistent with non-discrimination objectives.

H. Violations: Failure by the selected Consultant(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Consultant from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

I. Prompt Payment: Consultant shall pay its subconsultants for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Consultant. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.

J. Compliance with DBE Requirements Contained in FTA Provisions: Consultant shall comply with all DBE reporting and other requirements contained in this Agreement.

7. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any RCTC requests which would cause RCTC to be in violation of the FTA terms and conditions.

8. Debarment and Suspension.

The Consultant agrees to the following:

(1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.

(2) It will not enter into any "covered transaction" (as that phrase is defined at 2 CFR §§ 180.220 and 1200.220) with any subconsultant whose principal is, suspended, debarred, or otherwise excluded from participating in covered transactions, except as authorized by— (i) U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200; (ii) U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180; and (iii) Other applicable federal laws, regulations, or requirements regarding participation with debarred or suspended recipients or third party participants.

(3) It will review the U.S. GSA "System for Award Management – Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs," if required by U.S. DOT regulations, 2 CFR Part 1200.

9. ADA Access Requirements

The Consultant shall comply with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 USC Section 12101 et seq; Section 504 of the Rehabilitation Act of 1973, as amended, 29 USC Section 794; 49 USC Section 5301(d).

10. Fly America

To the extent applicable to the Services, the Consultant agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and sub recipients of Federal funds and their consultants are required to use U.S. Flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Consultant shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Consultant agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

11. Cargo Preference - Use of United States-Flag Vessels

To the extent applicable to the Services, the Consultant agrees:

1. To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;
2. To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the Consultant in the case of a subconsultant's bill-of-lading.)

3. To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

11. Buy America – Not applicable.

12. Employment Provisions

To the extent applicable to the Services, Consultant shall comply with the following:

- B. Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 276c) — Not applicable.
- C. Contact Work Hours and Safety Standards Act (40 U.S.C. 327–333) —Not applicable.

D. Release of Retainage

No retainage will be withheld by the RCTC from progress payments due Consultant. Retainage by Consultant or subconsultants is prohibited, and no retainage will be held by the prime consultant from progress due subconsultants. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant’s proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.
- e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens or claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.
- f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.

g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.

h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

16. Disputes

a. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be

decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.

b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.

c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

FOR ON-CALL
RIGHT OF WAY APPRAISAL SERVICES**

Parties and Date.

This Agreement is made and entered into this ____ day of _____, 2021, by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION ("the Commission") and **SANTOLUCITO DORÈ GROUP, INC.** ("Consultant"), a **Corporation**. The Commission and Consultant are sometimes referred to herein individually as "Party", and collectively as the "Parties".

Recitals.

A. On November 8, 1988, the Voters of Riverside County approved Measure A authorizing the collection of a one-half percent (1/2 %) retail transactions and use tax (the "tax") to fund transportation programs and improvements within the County of Riverside, and adopting the Riverside County Transportation Improvement Plan (the "Plan").

B. Pursuant to Public Utility Code Sections 240000 et seq., the Commission is authorized to allocate the proceeds of the Tax in furtherance of the Plan.

C. On November 5, 2002, the voters of Riverside County approved an extension of the Measure A tax for an additional thirty (30) years for the continued funding of transportation and improvements within the County of Riverside.

D. A source of funding for payment for on-call professional appraisal services provided under this Agreement may be Federal Highway Administration ("FHWA") funds administered by the California Department of Transportation ("Caltrans"), and/or funds from the Federal Transit Administration ("FTA"). This Commission may withhold payment of any federal funds hereunder until the certification shown in Exhibit "F" attached hereto and incorporated herein by reference, is executed.

E. Consultant desires to perform and assume responsibility for the provision of certain on-call right of way appraisal services for projects in the County of Riverside, California. Services shall be provided on the terms and conditions set forth in this Agreement and in the task order(s) to be solicited, awarded and authorized by Commission as further described in this Agreement ("Task Order"). Consultant

represents that it is experienced in providing such services to public clients, is licensed in the State of California (if necessary) and is familiar with the plans of the Commission.

G. Commission desires to engage Consultant to render such services on an on-call basis. Services shall be ordered by Task Order(s) to be issued pursuant to this Agreement for future projects as set forth herein and in each Task Order (each such project shall be designated a "Project" under this Agreement).

Terms.

1. General Scope of Services. Consultant shall furnish all technical and professional services, including labor, material, equipment, transportation, supervision and expertise, and incidental and customary work necessary to fully and adequately supply the on-call right of way appraisal services for the Projects ("Services"). The Services are generally described in Exhibit "A" attached hereto and incorporated herein by reference. The Services shall be more particularly described in the individual Task Orders issued by the Commission's Executive Director or designee. No Services shall be performed unless authorized by a fully executed Task Order. All Services shall be subject to, and performed in accordance with, this Agreement, the relevant Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

2. Task Orders; Commencement of Services; Schedule of Services. Services under this Agreement shall be requested by the Commission pursuant to Task Order requests. If Commission accepts Consultant's Task Order proposal, Commission shall issue a purchase order or executed task order for the Services ("Commission's Task Order Authorization"). Consultant's agreement to the final terms of a proposed Task Order, Commission's Task Order Authorization and Consultant's commencement of the Services shall indicate the Parties' agreement to the terms of the relevant Task Order.

Consultant shall commence Services under a Task Order within five (5) days of receiving Commission's Task Order Authorization.

Consultant shall perform the Services expeditiously, in accordance with the Schedule of Services set forth in a Task Order. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, Commission shall respond to Consultant's submittals in a timely manner. Upon request of the Commission, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3. Pre-Award Audit. As a result of the funding for this Project, and to the extent Caltrans procedures apply in connection therewith, issuance of a "Notice to Proceed" or other authorization to proceed under a Task Order may be contingent upon completion and approval of a pre-award audit. Any questions raised during the pre-award audit shall be resolved before Services are commenced under a Task Order. The funding provided under this Agreement is contingent on meeting all funding requirements and could be

withdrawn, thereby entitling the Commission to terminate this Agreement, if the procedures are not completed. The Consultant's files shall be maintained in a manner to facilitate State process reviews. In addition, Caltrans may require that prior to performance of any work for which funding reimbursement through Caltrans is requested and provided, that Caltrans must give to Commission an "Authorization to Proceed".

4. Audit Procedures.

4.1 Consultant and certain subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an Independent Cost Review (ICR) Audit, or a CPA ICR audit work paper review. If selected for audit or review, this Agreement, Consultant's cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into this Agreement by this reference if directed by Commission at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of the Agreement terms and cause for termination of this Agreement and disallowance of prior reimbursed costs. Additional audit provisions applicable to this Agreement are set forth in Sections 22 and 23 of this Agreement.

Section 4.2 and 4.3 shall apply to the extent applicable to the Task Order and funding source.

4.2 During any Caltrans' review of the ICR audit work papers created by the Consultant's independent CPA, Caltrans will work with the CPA and/or Consultant toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) - the accepted rate will be eighty-five percent (85%) of the proposed rate.

c. If the proposed rate is greater than two hundred percent (200%) - the accepted rate will be seventy-five percent (75%) of the proposed rate.

4.3 If Caltrans is unable to issue a cognizant letter per Section 4.2 above, Caltrans may require Consultant to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the Caltrans' management letter. Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

Consultant may submit to Commission final invoice only when all of the following items have occurred: (1) Caltrans accepts or adjusts the original or revised independent CPA audited ICR; (2) all work under this Agreement has been completed to the satisfaction of Commission; and (3) Caltrans has issued its final ICR review letter. The Consultant must submit its final invoice to Commission no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this Agreement and all Task Orders issued under this Agreement, and all other agreements executed between the Commission and the Consultant, either as a prime or subconsultant, with the same fiscal period ICR.

5. Term

5.1 This Agreement shall go into effect on the date first set forth above, contingent upon approval by Commission, and Consultant shall commence work after notification to proceed by Commission's Contract Administrator. This Agreement shall end on December 31, 2025, unless extended by contract amendment.

Notwithstanding the foregoing, Caltrans and/or FHWA funded Task Orders shall be completed within thirty-six (36) months of the Effective Date, unless approval of Caltrans is obtained from the Commission.

5.3 This Agreement shall remain in effect until the date set forth above, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and

deadlines. All applicable indemnification provisions of this Agreement shall remain in effect following the termination of this Agreement.

Consultant shall not accept direction or orders from any person other than the Commission's Contract Administrator or his or her designee.

7. Consultant's Representative. Consultant hereby **Christine S. Santolucito** to act as its Representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to act on behalf of Consultant for all purposes under this Agreement. Consultant shall work closely and cooperate fully with Commission's Contract Administrator and any other agencies which may have jurisdiction over, or an interest in, the Services. Consultant's Representative shall be available to the Commission staff at all reasonable times. Any substitution in Consultant's Representative shall be approved in writing by Commission's Contract Administrator.

8. Substitution of Key Personnel. Consultant has represented to the Commission that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval by the Commission. In the event that the Commission and Consultant cannot agree as to the substitution of the key personnel, the Commission shall be entitled to terminate this Agreement for cause, pursuant to the provisions herein. The key personnel for performance of this Agreement are: **Christine S. Santolucito and Lance W. Dorè**, or as otherwise identified in the Task Order.

9. Standard of Care; Licenses. Consultant represents and maintains that it is skilled in the professional calling necessary to perform all Services, duties and obligations required by this Agreement to fully and adequately complete the Project. Consultant shall perform the Services and duties in conformance to and consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Consultant further represents and warrants to the Commission that its employees and subcontractors have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the Commission, any services

necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein, and shall be fully responsible to the Commission for all damages and other liabilities provided for in the indemnification provisions of this Agreement arising from the Consultant's errors and omissions. Any employee of Consultant or its sub-consultants who is determined by the Commission to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the Commission, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

10. Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Commission retains Consultant on an independent contractor basis and not as an employee, agent or representative of the Commission. Consultant retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant shall be responsible for all reports and obligations respecting such personnel, including but not limited to, social security taxes, income tax withholdings, unemployment insurance, disability insurance, and workers' compensation insurance.

11. Project Progress.

11.1 Modification of the Schedule. Consultant shall regularly report to the Commission, through correspondence or progress reports, its progress in providing required Services within the scheduled time periods. Commission shall be promptly informed of all anticipated delays. In the event that Consultant determines that a schedule modification is necessary, Consultant shall promptly submit a revised Schedule of Services for approval by Commission's Contract Administrator.

11.2 Trend Meetings. Consultant shall conduct trend meetings with the Commission's Contract Administrator and other interested parties, as requested by the Commission, on a bi-weekly basis or as may be mutually scheduled by the Parties at a standard day and time. These trend meetings will encompass focused and informal discussions concerning scope, schedule, and current progress of Services, relevant cost issues, and future Project objectives. 11.3 Progress Reports. As part of its monthly invoice, Consultant shall submit a progress report, in a form determined by the Commission, which will indicate the progress achieved during the previous month in relation to the Schedule of Services.

Submission of such progress report by Consultant shall be a condition precedent to receipt of payment from the Commission for each monthly invoice submitted.

12. Delay in Performance.

12.1 Excusable Delays. Should Consultant be delayed or prevented from the timely performance of any act or Services required by the terms of the Agreement by reason of acts of God or of the public enemy, acts or omissions of the Commission or other governmental agencies in either their sovereign or contractual capacities, fires, floods, pandemics, epidemics, quarantine restrictions, strikes, freight embargoes or unusually severe weather, performance of such act shall be excused for the period of such delay.

12.2 Written Notice. If Consultant believes it is entitled to an extension of time due to conditions set forth in subsection 12.1, Consultant shall provide written notice to the Commission within seven (7) working days from the time Consultant knows, or reasonably should have known, that performance of the Services will be delayed due to such conditions. Failure of Consultant to provide such timely notice shall constitute a waiver by Consultant of any right to an excusable delay in time of performance.

12.3 Mutual Agreement. Performance of any Services under this Agreement may be delayed upon mutual agreement of the Parties. Upon such agreement, Consultant's Schedule of Services shall be extended as necessary by the Commission. Consultant shall take all reasonable steps to minimize delay in completion, and additional costs, resulting from any such extension.

13. Preliminary Review of Work. All reports, working papers, and similar work products prepared for submission in the course of providing Services under this Agreement shall be submitted to the Commission's Contract Administrator in draft form, and the Commission may require revisions of such drafts prior to formal submission and approval. In the event plans and designs are to be developed as part of the Project, final detailed plans and designs shall be contingent upon obtaining environmental clearance as may be required in connection with Federal funding. In the event that Commission's Contract Administrator, in his or her sole discretion, determines the formally submitted work product to be not in accordance with the standard of care established under this Agreement, Commission's Contract Administrator may require Consultant to revise and resubmit the work at no cost to the Commission.

14. Appearance at Hearings. If and when required by the Commission, Consultant shall render assistance at public hearings or other meetings related to the Project or necessary to the performance of the Services. However, Consultant shall not be required to, and will not, render any decision, interpretation or recommendation regarding questions of a legal nature or which may be construed as constituting a legal opinion.

15. Opportunity to Cure; Inspection of Work. Commission may provide Consultant an opportunity to cure, at Consultant's expense, all errors and omissions

which may be disclosed during Project implementation. Should Consultant fail to make such correction in a timely manner, such correction may be made by the Commission, and the cost thereof charged to Consultant. Consultant shall allow the Commission's Contract Administrator and Caltrans to inspect or review Consultant's work in progress at any reasonable time.

16. Final Acceptance. Upon determination by the Commission that Consultant has satisfactorily completed the Services required under this Agreement and within the term set forth herein the Commission shall give Consultant a written Notice of Final Acceptance. Upon receipt of such notice, Consultant shall incur no further costs hereunder, unless otherwise specified in the Notice of Final Acceptance. Consultant may request issuance of a Notice of Final Acceptance when, in its opinion, it has satisfactorily completed all Services required under the terms of this Agreement. In the event copyrights are permitted under this Agreement, then in connection with Federal funding, it is hereby acknowledged and agreed that the United States Department of Transportation shall have the royalty-free non-exclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

17. Laws and Regulations. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. For example, and not by way of limitation, Consultant shall keep itself fully informed of and in compliance with all implementing regulations, design standards, specifications, previous commitments that must be incorporated in the design of the Project, and administrative controls including those of the United States Department of Transportation. Compliance with Federal procedures may include completion of the applicable environmental documents and approved by the United States Department of Transportation. For example, and not by way of limitation, a signed Categorical Exclusion, Finding of No Significant Impact, or published Record of Decision may be required to be approved and/or completed by the United States Department of Transportation. For Consultant shall be liable for all violations of such laws and regulations in connection with Services. If the Consultant performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the Commission, Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold Commission, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

18. Fees and Payment.

18.1 The method of payment for this Agreement will be based on actual cost. Commission shall reimburse Consultant for actual costs (including labor costs, employee benefits, travel, equipment rental costs, overhead and other direct costs) incurred by Consultant in performance of the Services. Consultant shall not be reimbursed for actual costs that exceed the estimated wage rates, employee benefits,

travel, equipment rental, overhead, and other estimated costs set forth in the approved Consultant cost proposal attached hereto as Exhibit "B" and incorporated herein by reference, or any cost proposal included as part of a Task Order ("Cost Proposal") unless additional reimbursement is provided for by written amendment. In no event, shall Consultant be reimbursed for overhead costs at a rate that exceeds Commission's approved overhead rate set forth in the Cost Proposal. To the extent legally permissible, Consultant's approved overhead rate shall be fixed for the term of this Agreement. In the event that Commission determines that a change to the Services from that specified in the Cost Proposal, this Agreement or any Task Order is required, the Agreement time or actual costs reimbursable by Commission shall be adjusted by written amendment to accommodate the changed work. The maximum total cost as specified in Section 18.8 shall not be exceeded, unless authorized by a written amendment.

18.2 Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal. In addition, payments to Consultant for travel and subsistence expenses claimed for reimbursement or applied as local match credit shall not exceed rates authorized to be paid exempt non-represented State employees under current State Department of Personnel Administration (DPA) rules, unless otherwise authorized by Commission. If the rates invoiced are in excess of those authorized DPA rates, and Commission has not otherwise approved said rates, then Consultant is responsible for the cost difference and any overpayments shall be reimbursed to the Commission on demand.

18.3 When milestone cost estimates are included in the approved Cost Proposal for a Task Order, Consultant shall obtain prior written approval for a revised milestone cost estimate from the Contract Administrator before exceeding such cost estimate.

18.4 Progress payments shall be made monthly in arrears based on Services provided and allowable incurred costs. If Consultant fails to submit the required deliverable items according to the schedule set forth in the Scope of Services, Commission shall have the right to delay payment or terminate this Agreement in accordance with the provisions of Section 20, Termination.

18.5 No payment shall be made prior to approval of any Services, nor for any Services performed prior to approval of this Agreement.

18.6 Consultant shall be reimbursed, as promptly as fiscal procedures will permit upon receipt by Commission's Contract Administrator of itemized invoices in triplicate. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing. Invoices shall detail the work performed on each milestone and each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number and project title. Final invoice must contain the final cost and all credits due Commission including any equipment purchased under the Equipment Purchase provisions of this Agreement. The final invoice should be submitted within 60 calendar

days after completion of Consultant's work. Invoices shall be mailed to Commission's Contract Administrator at the following address:

It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under the On-Call ROW Appraisal Task Order Contracts through Task Orders. Each time a Task Order is awarded under any of the On-Call ROW Appraisal Task Order Contracts, Commission must send written notification to Consultant and each of the other consultants entering into the On-Call ROW Appraisal Task Order Contracts. The notice must identify the total funds allocated under issued Task Orders, and the remaining unencumbered amount of the NTE Sum. Consultant acknowledges and agrees that Commission must not pay any amount under this Agreement that would exceed the NTE Sum, and Consultant must not enter into a Task Order that exceeds the NTE Sum.

18.9 Salary increases shall be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by Commission's Contract Administrator. For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.

18.10 Consultant shall not be reimbursed for any expenses unless authorized in writing by the Commission's Contract Administrator.

18.11 All subcontracts in excess of \$25,000 shall contain the above provisions.

19. Disputes.

be decided by a committee consisting of RCTC's Contract Administrator and the Director of Capital Projects, who may consider written or verbal information submitted by Consultant.

19.2 Not later than 30 days after completion of all Services under this Agreement, Consultant may request review by the Commission's Executive Director of unresolved claims or disputes, other than audit. The request for review will be submitted in writing.

19.3 Neither the pendency of a dispute, nor its consideration by the committee will excuse Consultant from full and timely performance in accordance with the terms of this Agreement.

20. Termination.

20.1 Commission reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant, for any or no reason, with the reasons for termination stated in the notice. Commission may terminate Services under a Task Order, at any time, for any or no reason, with the effective date of termination to be specified in the notice of termination of Task Order.

20.2 Commission may terminate this Agreement with Consultant should Consultant fail to perform the covenants herein contained at the time and in the manner herein provided. In the event of such termination, Commission may proceed with the Services in any manner deemed proper by Commission. If Commission terminates this Agreement with Consultant, Commission shall pay Consultant the sum due to Consultant under this Agreement for Services completed and accepted prior to termination, unless the cost of completion to Commission exceeds the funds remaining in the Agreement. In such case, the overage shall be deducted from any sum due Consultant under this Agreement and the balance, if any, shall be paid to Consultant upon demand.

20.3 In addition to the above, payment upon termination shall include a prorated amount of profit, if applicable, but no amount shall be paid for anticipated profit on unperformed Services. Consultant shall provide documentation deemed adequate by Commission's Contract Administrator to show the Services actually completed by Consultant prior to the effective date of termination. This Agreement shall terminate on the effective date of the Notice of Termination

or whole, to complete the Project because it did not meet the standard of care established in this Agreement. Termination of this Agreement for cause may be considered by the Commission in determining whether to enter into future agreements with Consultant.

20.6 The rights and remedies of the Parties provided in this Section are in addition to any other rights and remedies provided by law or under this Agreement.

20.7 Consultant, in executing this Agreement, shall be deemed to have waived any and all claims for damages which may otherwise arise from the Commission's termination of this Agreement, for convenience or cause, as provided in this Section.

20.8 Consultant may not terminate this Agreement except for cause

20.9 In addition to the termination rights above, Commission may temporarily suspend the Services under any Task Order(s), at no additional cost to Commission, provided that Consultant is given written notice of temporary suspension. If Commission gives such notice of temporary suspension, Consultant shall immediately suspend its activities under the relevant Task Order(s). A temporary suspension may be issued concurrent with a notice of termination.

21. Cost Principles and Administrative Requirements.

21.1 Consultant agrees that the Contract Cost Principles and Procedures, 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 et seq., shall be used to determine the cost allowability of individual items.

21.2 Consultant also agrees to comply with federal procedures in accordance with 2 CFR, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

21.3 Any costs for which payment has been made to CONSULTANT that are determined by subsequent audit to be unallowable under 2 CFR, Part 200 and 48 CFR, Federal Acquisition Regulations System, Chapter 1, Part 31.000 et seq., are subject to repayment by Consultant to Commission.

21.4 All subcontracts in excess of \$25,000 shall contain the above provisions.

The State, State Auditor, Commission, or any duly authorized representative of the State or Federal Government shall have access to any books, records, and documents of Consultant and its certified public accountants (CPA) work papers that are pertinent to this Agreement and, if applicable, indirect cost rates (ICR) for audit, examinations, excerpts, and transactions, and copies thereof shall be furnished if requested. 23.2 Not later than 30 days after issuance of the final audit report, Consultant may request a review by Commission's Chief Financial Officer of unresolved audit issues. The request for review will be submitted in writing.

23.3 Neither the pendency of a dispute nor its consideration by Commission shall excuse Consultant from full and timely performance, in accordance with the terms of this Agreement.

24. Subcontracting.

24.1 Nothing contained in this Agreement or otherwise, shall create any contractual relation between Commission and any subconsultant(s), and no subcontract shall relieve Consultant of its responsibilities and obligations hereunder. Consultant agrees to be as fully responsible to Commission for the acts and omissions of its subconsultant(s) and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by Consultant. Consultant's obligation to pay its subconsultant(s) is an independent obligation from Commission's obligation to make payments to the Consultant.

24.2 Consultant shall perform the Services contemplated with resources available within its own organization and no portion of the Services pertinent to this Agreement shall be subcontracted without written authorization by Commission's Contract Administrator, except that, which is expressly identified in the approved Cost Proposal.

24.3 Consultant shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to Consultant by Commission.

24.4 Any subcontract in excess of \$25,000 entered into as a result of this Agreement shall contain all the provisions stipulated in this Agreement to be applicable to subconsultants.

24.5 Any substitution of subconsultant(s) must be approved in writing by Commission's Contract Administrator prior to the start of work by the subconsultant(s).

24.6 Exhibit "B" may set forth the rates at which each subconsultant shall bill the Consultant for Services and that are subject to reimbursement by the Commission to Consultant. Additional Direct Costs, as defined in Exhibit "B" shall be the same for both the Consultant and all subconsultants, unless otherwise identified in Exhibit "B" or in a Task Order. The subconsultant rate schedules and cost proposals contained herein are for accounting purposes only.

25. Equipment Purchase

25.1 Prior authorization, in writing, by Commission's Contract Administrator shall be required before Consultant enters into any unbudgeted purchase order, or subcontract for supplies, equipment, or services. Consultant shall provide an evaluation of the necessity or desirability of incurring such costs.

25.2 For purchase of any item, service or consulting work not covered in the Cost Proposal and exceeding \$5,000 prior authorization, in writing, by Commission's Contract Administrator is required. Three competitive quotations must be submitted with the request for such purchase, or the absence of bidding must be adequately justified.

25.3 Any equipment purchased as a result of this Agreement is subject to the following: Consultant shall maintain an inventory of all nonexpendable property. Nonexpendable property is defined as having a useful life of at least two years and an acquisition cost of \$5,000 or more. If the purchased equipment needs replacement and is sold or traded in, Commission shall receive a proper refund or credit at the conclusion of this Agreement, or if this Agreement is terminated, Consultant may either keep the equipment and credit Commission in an amount equal to its fair market value, or sell such equipment at the best price obtainable at a public or private sale, in accordance with established Commission procedures; and credit Commission in an amount equal to the sales price. If Consultant elects to keep the equipment, fair market value shall be determined at Consultant's expense, on the basis of a competent independent appraisal of such equipment. Appraisals shall be obtained from an appraiser mutually agreeable to by Commission and Consultant. If Consultant determines to sell the equipment, the terms and conditions of such sale must be approved in advance by Commission. 2 CFR, Part 200 requires a credit to Federal funds when participating equipment with a fair market value greater than \$5,000 is credited to the Project.

25.4 All subcontracts in excess \$25,000 shall contain the above provisions.

26. Labor Code Requirements.

26.1 By its execution of this Agreement, Consultant certifies that it is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq. ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. Copies of the prevailing rate of per diem wages are on file at the Commission's offices. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the project site. Consultant shall defend, indemnify and hold the Commission, its elected officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

26.2 DIR Registration. If the Services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Consultant and all subconsultants must be registered with the Department of Industrial Relations. Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants. This Project may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements.

26.3 Eight-Hour Law. Pursuant to the provisions of the California Labor Code, eight hours of labor shall constitute a legal day's work, and the time of service of any worker employed on the work shall be limited and restricted to eight hours during any one calendar day, and forty hours in any one calendar week, except when payment for overtime is made at not less than one and one-half the basic rate for all hours worked in excess of eight hours per day ("Eight-Hour Law"), unless Consultant or the Services are not subject to the Eight-Hour Law. Consultant shall forfeit to Commission as a penalty, \$50.00 for each worker employed in the execution of this Agreement by him, or by any sub-consultant under him, for each calendar day during which such workman is required or permitted to work more than eight hours in any calendar day and forty hours in any one calendar week without such compensation for overtime violation of the provisions of the California Labor Code, unless Consultant or the Services are not subject to the Eight-Hour Law.

26.4 Employment of Apprentices. This Agreement shall not prevent the employment of properly indentured apprentices in accordance with the California Labor Code, and no employer or labor union shall refuse to accept otherwise qualified employees as indentured apprentices on the work performed hereunder solely on the ground of race, creed, national origin, ancestry, color or sex. Every qualified apprentice

shall be paid the standard wage paid to apprentices under the regulations of the craft or trade in which he or she is employed and shall be employed only in the craft or trade to which he or she is registered.

If California Labor Code Section 1777.5 applies to the Services, Consultant and any subcontractor hereunder who employs workers in any apprenticeable craft or trade shall apply to the joint apprenticeship council administering applicable standards for a certificate approving Consultant or any sub-consultant for the employment and training of apprentices. Upon issuance of this certificate, Consultant and any sub-consultant shall employ the number of apprentices provided for therein, as well as contribute to the fund to administer the apprenticeship program in each craft or trade in the area of the work hereunder.

The parties expressly understand that the responsibility for compliance with provisions of this Section and with Sections 1777.5, 1777.6 and 1777.7 of the California Labor Code in regard to all apprenticeable occupations lies with Consultant.

27. Ownership of Materials/Confidentiality.

27.1 Documents & Data. This Agreement creates an exclusive and perpetual license for Commission to copy, use, modify, reuse, or sub-license any and all copyrights and designs embodied in plans, specifications, studies, drawings, estimates, materials, data and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically or otherwise recorded on computer diskettes, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data").

Consultant shall require all subcontractors to agree in writing that Commission is granted an exclusive and perpetual license for any Documents & Data the subcontractor prepares under this Agreement.

Consultant represents and warrants that Consultant has the legal right to grant the exclusive and perpetual license for all such Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or provided to Consultant by the Commission.

Commission shall not be limited in any way in its use of the Documents & Data at any time, provided that any such use not within the purposes intended by this Agreement shall be at Commission's sole risk.

27.2 Intellectual Property. In addition, Commission shall have and retain all right, title and interest (including copyright, patent, trade secret and other proprietary rights) in all plans, specifications, studies, drawings, estimates, materials, data, computer programs or software and source code, enhancements, documents, and any and all works of authorship fixed in any tangible medium or expression, including but not limited to, physical drawings or other data magnetically or otherwise recorded on computer

media ("Intellectual Property") prepared or developed by or on behalf of Consultant under this Agreement as well as any other such Intellectual Property prepared or developed by or on behalf of Consultant under this Agreement.

The Commission shall have and retain all right, title and interest in Intellectual Property developed or modified under this Agreement whether or not paid for wholly or in part by Commission, whether or not developed in conjunction with Consultant, and whether or not developed by Consultant. Consultant will execute separate written assignments of any and all rights to the above referenced Intellectual Property upon request of Commission.

Consultant shall also be responsible to obtain in writing separate written assignments from any subcontractors or agents of Consultant of any and all right to the above referenced Intellectual Property. This invitation must be in the form of a letter entitled "Notice to Appraise" written by the Appraiser to the owner. A copy of the invitation will be included in the appraisal report.
8. It is the Appraiser's responsibility to contact the Commission's project engineers for discussion and/or clarification of the Construction in the Manner Proposed. This is critical in the appraisal of partial acquisitions and easements where the Appraiser may need cross sections or other project engineering information to complete the report.
9. The highest and best use for the property in the before condition must be determined and supported. If a partial acquisition is involved, the highest and best use of the property in the after condition must be determined and supported. If the existing use is not the premise on which the valuation is based, the appraisal will contain an explanation justifying the determination that the property is available and adaptable for a different highest and best use and there is demand for that use in the market.
10. Where the acquisition involves only a part (or portion) of the property, the Appraiser will estimate any severance damages and special benefits to the remainder, including reasoning and market data to support the opinion or conclusion. The Appraiser will indicate if the remainder constitutes an economic or uneconomic unit in the market and/or to the present owner.
11. The California Eminent Domain Law will be followed in partial acquisitions. Special benefits are to be offset only against damages to the remainder in accordance with the law.
12. Appraisal for easement acquisitions will reflect the restrictive elements of the easement to be acquired and the potential effect of such elements on the utility of the property considering its highest and best use. Full details with respect to any interference with the highest and best use of the property affected must be explained and supported.

13. The Appraiser must estimate and support the economic rent, state the contract rent and the remaining term of the lease as of the date of value. Lessor and lessee responsibilities for paying major expenses, e.g., taxes, insurance and maintenance shall be included.
14. Appraiser shall itemize in detail the "improvements pertaining to realty" (Eminent Domain Law-CCP Section 1263.205) showing their replacement cost new, depreciated value in place, salvage value if any, and relocation estimate. To the extent possible, determine the ownership claims of the Improvements Pertaining to the Realty.
15. In cases where the Appraisal Assignment requires a Specialty Appraisal (Furniture, Fixtures, Machinery and Equipment) and/or Specialists Reports (title, survey, soils, engineering), Appraiser shall utilize the services of Commission's On-Call Consultants for such services or obtain Commission's prior approval for any others. Fees charged by Commission's On-Call Consultants for Specialty Appraisal and/or Specialists Reports shall be paid directly by the Commission.
16. It is the Appraiser's responsibility to thoroughly review the Specialty Appraisal for adoption (with adjustments or not, as appropriate) and inclusion in the overall appraisal. The estimated values that the specialty items contribute to the overall value of the real estate will be separately stated but included in the total value of the property.
17. If any legal issues exist during the appraisal assignment, Appraiser shall request legal opinion. All legal opinions shall be rendered by Commission's legal counsel.
18. It is the Appraiser's responsibility to contact the Commission's legal counsel, if necessary, for discussion and/or clarification in identifying personal or real property.
19. If hazardous waste is discovered on the property, Appraiser shall seek further direction from the Commission.

FEDERAL DEPARTMENT OF TRANSPORTATION FHWA AND CALTRANS REQUIREMENTS

1. NONDISCRIMINATION & STATEMENT OF COMPLIANCE.

A. Consultant's signature affixed herein shall constitute a certification under penalty of perjury under the laws of the State of California that CONSULTANT has, unless exempt, complied with, the nondiscrimination program requirements of Government Code Section 12990 and Title 2, California Administrative Code, Section 8103.

B. During the performance of this Agreement, Consultant and its subconsultants shall not deny the Agreement's benefits to any person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status, nor shall they unlawfully discriminate, harass, or allow harassment against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. Consultant and its subconsultants shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment.

C. Consultant and its subconsultants shall comply with the provisions of the Fair Employment and Housing Act (Gov. Code §12990 et seq.), the applicable regulations promulgated thereunder (2 CCR §11000 et seq.), the provisions of Gov. Code §§11135-11139.5, and any regulations or standards adopted by Commission to implement such article. The applicable regulations of the Fair Employment and Housing Commission implementing Gov. Code §12990 (a-f), set forth 2 CCR §§8100-8504, are incorporated into this Agreement by reference and made a part hereof as if set forth in full.

D. Consultant shall permit access by representatives of the Department of Fair Employment and Housing and the Commission upon reasonable notice at any time during the normal business hours, but in no case less than twenty-four (24) hours' notice, to such of its books, records, accounts, and all other sources of information and its facilities as said Department or Commission shall require to ascertain compliance with this clause.

E. Consultant and its subconsultants shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

F. If this Agreement is federally funded, the Consultant shall comply with regulations relative to Title VI (nondiscrimination in federally-assisted programs of the Department of Transportation – Title 49 Code of Federal Regulations, Part 21 - Effectuation of Title VI

of the 1964 Civil Rights Act). Title VI provides that the recipients of federal assistance will implement and maintain a policy of nondiscrimination in which no person in the state of California shall, on the basis of race, color, national origin, religion, sex, age, disability, be excluded from participation in, denied the benefits of or subject to discrimination under any program or activity by the recipients of federal assistance or their assignees and successors in interest.

G. If this Agreement is federally funded, Consultant shall comply with regulations relative to non-discrimination in federally-assisted programs of the U.S. Department of Transportation (49 CFR Part 21 - Effectuation of Title VI of the Civil Rights Act of 1964). Specifically, the Consultant shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR §21.5, including employment practices and the selection and retention of subconsultants.

H. Consultant and its subconsultants will never exclude any person from participation in, deny any person the benefits of, or otherwise discriminate against anyone in connection with the award and performance of any contract covered by 49 CFR 26 on the basis of race, color, sex, or national origin. In administering the Commission components of the DBE Program plan, Consultant and its subconsultants will not, directly, or through contractual or other arrangements, use criteria or methods of administration that have the effect of defeating or substantially impairing accomplishment of the objectives of the DBE Program plan with respect to individuals of a particular race, color, sex, or national origin.

I. Consultant shall include the nondiscrimination and compliance provisions of this section in all subcontracts to perform work under this Agreement.

2. DEBARMENT AND SUSPENSION CERTIFICATION

CONSULTANT's signature affixed herein, shall constitute a certification under penalty of perjury under the laws of the State of California, that CONSULTANT has complied with Title 2 CFR, Part 180, "OMB Guidelines to Agencies on Government wide Debarment and Suspension (nonprocurement)", which certifies that he/she or any person associated therewith in the capacity of owner, partner, director, officer, or manager, is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any federal agency; has not been suspended, debarred, voluntarily excluded, or determined ineligible by any federal agency within the past three (3) years; does not have a proposed debarment pending; and has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three (3) years. Any exceptions to this certification must be disclosed to COMMISSION.

B. Exceptions will not necessarily result in denial of recommendation for award, but will be considered in determining CONSULTANT responsibility. Disclosures must indicate to whom exceptions apply, initiating agency, and dates of action.

C. Exceptions to the Federal Government Excluded Parties List System maintained by the General Services Administration are to be determined by the Federal highway Administration.

3. DISCRIMINATION; CONTRACT ASSURANCE

The Commission shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT-assisted contract or in the implementation of the Caltrans DBE program or the requirements of 49 CFR Part 26. The Commission shall take all necessary and reasonable steps under 49 CFR Part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts.

Consultant or subcontractor shall not discriminate on the basis of race, color, national origin, of sex in the performance of this Agreement. Consultant or subcontractor shall carry out applicable requirements of 49 CFR Part 26 and the Caltrans DBE program in the award and administration of DOT-assisted contracts, as further set forth below. Failure by the Consultant or subcontractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy, as the Commission deems appropriate.

Failure by the Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying Consultant from future proposing as non-responsible

4. PROMPT PAYMENT

Consultant or subconsultant shall pay to any subconsultant, not later than fifteen (15) days after receipt of each progress payment, unless otherwise agreed to in writing, the respective amounts allowed Consultant on account of the work performed by the subconsultants, to the extent of each subconsultant's interest therein. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from Consultant or subconsultant to a subconsultant, Consultant or subconsultant may withhold no more than 150 percent of the disputed amount. Any violation of this requirement shall constitute a cause for disciplinary action and shall subject the Consultant or subconsultant to a penalty, payable to the applicable subconsultant, of 2 percent of the amount due per month for every month that payment is not made.

In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs. The sanctions authorized under this

requirement shall be separate from, and in addition to, all other remedies, either civil, administrative, or criminal. This clause applies to both DBE and non-DBE subconsultants.

5. RELEASE OF RETAINAGE

No retainage will be held by the Commission from progress payments due to Consultant. Consultant and subconsultants are prohibited from holding retainage from subconsultants. Any delay or postponement of payment may take place only for good cause and with the Commission's prior written approval. Any violation of these provisions shall subject Consultant or the violating subconsultant to the penalties, sanctions, and other remedies specified in Section 3321 of the California Civil Code. This requirement shall not be construed to limit or impair any contractual, administrative or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant, deficient subconsultant performance and/or noncompliance by a subconsultant. This clause applies to both DBE and non-DBE subconsultants.

6. LEGAL REMEDIES

In addition to those contract remedies set forth under relevant provisions of California law, either Party to this Agreement may, where applicable, seek legal redress for violations of this Agreement pursuant to the relevant provisions of 49 C.F.R. Parts 23 and 26, to the relevant federal or state statutory provisions governing civil rights violations, and to the relevant federal and state provisions governing false claims or "whistleblower" actions, as well as any and all other applicable federal and state provisions of law.

The Consultant shall include a provision to this effect in each of its agreements with its subcontractors.

7. DBE PARTICIPATION

Caltrans has developed a statewide DBE program pursuant to 49 C.F.R. Part 26. The requirements and procedures, as applicable, of the Caltrans DBE program are hereby incorporated by reference into this Agreement. Even if no DBE participation will be reported, Consultant shall complete any Caltrans required DBE reporting forms, as provided by the Commission, in compliance with the Caltrans DBE program, and a final utilization report in the form provided by the Commission.

A. This Agreement is subject to Title 49, Part 26 of the Code of Federal Regulations entitled "Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs." Consultants who enter into a federally-funded agreement will assist the Commission in a good faith effort to achieve California's statewide overall DBE goal.

B. This Agreement does not have a DBE goal, but DBE goals may be included as part of each Task Order request for proposals. Participation by DBE Consultant or

subconsultants for an FHWA funded Task Order shall be in accordance with the information contained in the Consultant Contract DBE Commitment form (Caltrans LAPM Forms Exhibit 10-O1) to be submitted with the relevant Task Order proposal. If a DBE subconsultant is unable to perform, the Consultant must make a good faith effort to replace him/her with another DBE subconsultant, if the goal is not otherwise met. A DBE is a firm meeting the definition of a DBE as specified in 49 CFR.

C. All DBE participation will count toward the Caltrans federally mandated statewide overall DBE goal. Credit for materials or supplies Consultant purchases from DBEs counts towards the goal in the following manner:

- 100 percent counts if the materials or supplies are obtained from a DBE manufacturer.
- 60 percent counts if the materials or supplies are purchased from a DBE regular dealer.
- Only fees, commissions, and charges for assistance in the procurement and delivery of materials or supplies count if obtained from a DBE that is neither a manufacturer nor regular dealer. 49 CFR 26.55 defines "manufacturer" and "regular dealer."

D. DBE and other small businesses (SB), as defined in Title 49 CFR, Part 26 are encouraged to participate in the performance of agreements financed in whole or in part with federal funds. The Consultant, subrecipient or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. The Consultant shall carry out applicable requirements of 49 CFR, Part 26 in the award and administration of US DOT- assisted agreements. Failure by the contractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy as the Commission, Caltrans or the Department of Transportation deems appropriate.

E. Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this section.

F. A DBE may be terminated only as further set forth in Section 13 below.

8. DBE PARTICIPATION GENERAL INFORMATION

It is Consultant's responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Caltrans DBE program. Particular attention is directed to the following:

A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).

B. A certified DBE may participate as a prime contractor, subcontractor, joint venture partner, as a vendor of material or supplies, or as a trucking company.

C. A DBE joint-venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint-venture commensurate with its ownership interest.

D. A DBE must perform a commercially useful function, pursuant to 49 CFR 26.55 that is, must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work, as more fully described in section 9 below.

E. The Consultant shall list only one subcontractor for each portion of work as defined in the Consultant's bid/proposal and all DBE subcontractors should be listed in the Consultant's bid/cost proposal list of subcontractors.

F. A Consultant who is a certified DBE is eligible to claim all of the work in the Agreement toward the DBE participation except that portion of the work to be performed by non-DBE subcontractors.

G. Consultant shall notify the Commission's contract administrator or designated representative of any changes to its anticipated DBE participation prior to starting the affected work.

9. COMMERCIALLY USEFUL FUNCTION

A. A DBE performs a commercially useful function when it is responsible for execution of the work of the Agreement and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible with respect to materials and supplies used on the Agreement, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, evaluate the amount of work subcontracted, industry practices; whether the amount the firm is to be paid under the Agreement is commensurate with the work it is actually performing, and other relevant factors.

B. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, Agreement, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, examine similar transactions, particularly those in which DBEs do not participate.

C. If a DBE does not perform or exercise responsibility for at least thirty percent of the total cost of its Agreement with its own work force, or the DBE subcontracts a greater portion of the work of the Agreement than would be expected on the basis of normal

industry practice for the type of work involved, it will be presumed that it is not performing a commercially useful function.

10. DBE CERTIFICATION AND DE-CERTIFICATION STATUS

If a DBE subcontractor is decertified before completing its work, the decertified subcontractor shall notify the Contractor in writing with the date of de-certification. If a subcontractor becomes a certified DBE during the life of the Agreement, the subcontractor shall notify the Contractor in writing with the date of certification. Any changes should be reported to the Commission's Contract Administrator within 30 days.

11. DBE RECORDS

A. The Contractor shall maintain records of materials purchased and/or supplied from all subcontracts entered into with certified DBEs. The records shall show the name and business address of each DBE subconsultant, DBE vendor, and DBE trucking company and the total dollar amount actually paid each business regardless of tier. The records shall show the date of payment and the total dollar figure paid to all firms. DBE prime Contractors shall also show the date of work performed by their own forces along with the corresponding dollar value of the work.

In addition to all other requirements, Consultant shall complete and submit, on a monthly basis, the Monthly DBE Payment form (Caltrans Exhibit 9-F of Chapter 9 of the LAPM).

B. Upon completion of the Agreement, a summary of these records shall be prepared and submitted on the most current version of the form entitled, "Final Report-Utilization of Disadvantaged Business Enterprises (DBE)," CEM- 2402F (Exhibit 17-F in Chapter 17 of the LAPM), certified correct by the Contractor or the Contractor's authorized representative and shall be furnished to the Commission's Contract Administrator with the final invoice. Failure to provide the summary of DBE payments with the final invoice will result in the Commission withholding \$10,000 until the form is submitted. This amount will be returned to the Contractor when a satisfactory "Final Report Utilization of Disadvantaged Business Enterprises (DBE)" is submitted to the Commission's Contract Administrator.

a. Prior to the fifteenth of each month, the Contractor shall submit documentation to the Commission's Contract Administrator showing the amount paid to DBE trucking companies. The Contractor shall also obtain and submit documentation to the Commission's Contract Administrator showing the amount paid by DBE trucking companies to all firms, including owner-operators, for the leasing of trucks. If the DBE leases trucks from a non-DBE, the Contractor may count only the fee or commission the DBE receives as a result of the lease arrangement.

b. The Contractor shall also submit to the Commission's Contract Administrator documentation showing the truck number, name of owner, California Highway Patrol CA

number, and if applicable, the DBE certification number of the truck owner for all trucks used during that month. This documentation shall be submitted on the Caltrans "Monthly DBE Trucking Verification," CEM-2404(F) form provided to the Contractor by the Commission's Contract Administrator.

12. REPORTING MATERIAL OR SUPPLIES PURCHASED FROM DBEs

When Reporting DBE Participation, Material or Supplies purchased from DBEs may count as follows:

A. If the materials or supplies are obtained from a DBE manufacturer, 100 % of the cost of the materials or supplies will count toward the DBE participation. A DBE manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises, the materials, supplies, articles, or equipment required under the Agreement and of the general character described by the specifications.

B. If the materials or supplies purchased from a DBE regular dealer, count 60 % of the cost of the materials or supplies toward DBE goals. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Agreement, are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

C. If the person both owns and operates distribution equipment for the products, any supplementing of regular dealers' own distribution equipment, shall be by a long-term lease agreement and not an ad hoc or Agreement-by-Agreement basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this section.

D. Materials or supplies purchased from a DBE, which is neither a manufacturer nor a regular dealer, will be limited to the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on the job site, provided the fees are reasonable and not excessive as compared with fees charged for similar services.

13. TERMINATION AND SUBSTITUTION OF DBE SUBCONSULTANTS

Consultant shall utilize the specific DBEs listed to perform the work and supply the materials for which each is listed unless Consultant or DBE subconsultant obtains the Commission's written consent. Consultant shall not terminate or substitute a listed DBE for convenience and perform the work with their own forces or obtain materials from other

sources without authorization from the Commission. Unless the Commission's consent is provided, the Consultant shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE on the attached Consultant Contract DBE Commitment form.

The Commission authorizes a request to use other forces or sources of materials if Consultant shows any of the following justifications:

1. Listed DBE fails or refuses to execute a written contract based on plans and specifications for the project.
2. The Commission stipulated that a bond is a condition of executing the subcontract and the listed DBE fails to meet the Commission's bond requirements.
3. Work requires a consultant's license and listed DBE does not have a valid license under Contractors License Law.
4. Listed DBE fails or refuses to perform the work or furnish the listed materials (failing or refusing to perform is not an allowable reason to remove a DBE if the failure or refusal is a result of bad faith or discrimination).
5. Listed DBE's work is unsatisfactory and not in compliance with the contract.
6. Listed DBE is ineligible to work on the project because of suspension or debarment.
7. Listed DBE becomes bankrupt or insolvent.
8. Listed DBE voluntarily withdraws with written notice from the Agreement.
9. Listed DBE is ineligible to receive credit for the type of work required.
10. Listed DBE owner dies or becomes disabled resulting in the inability to perform the work on the Contract.
11. The Commission determines other documented good cause.

Consultant shall notify the original DBE of the intent to use other forces or material sources and provide the reasons and provide the DBE with 5 days to respond to the notice and advise Consultant and the Commission of the reasons why the use of other forces or sources of materials should not occur.

Consultant's request to use other forces or material sources must include:

1. One or more of the reasons listed in the preceding paragraph.
2. Notices from Consultant to the DBE regarding the request.
3. Notices from the DBEs to Consultant regarding the request.

If a listed DBE is terminated or substituted, Consultant must make good faith efforts to find another DBE to substitute for the original DBE. The substitute DBE must perform at least the same amount of work as the original DBE under the contract to the extent needed to meet or exceed the DBE goal.

14. DEBARMENT, SUSPENSION AND OTHER INELIGIBILITY AND VOLUNTARY EXCLUSION

In accordance with 49 CFR Part 29, which by this reference is incorporated herein, Consultant's subconsultants completed and submitted the Certificate of subconsultant Regarding Debarment, Suspension and Other Ineligibility and Voluntary Exclusion as part of the Consultant's proposal. If it is later determined that Consultant's subconsultants knowingly rendered an erroneous Certificate, the Commission may, among other remedies, terminate this Agreement.

15. ENVIRONMENTAL COMPLIANCE

A. Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of \$100,000).

B. Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

16. NATIONAL LABOR RELATIONS BOARD CERTIFICATION

In accordance with Public Contract Code Section 10296, and by signing this Agreement, Consultant certifies under penalty of perjury that no more than one final unappealable finding of contempt of court by a federal court has been issued against Consultant within the immediately preceding two-year period, because of Consultant's failure to comply with an order of a federal court that orders Consultant to comply with an order of the National Labor Relations Board.

17. FUNDING REQUIREMENTS

It is mutually understood between the Parties that this Agreement may have been written before ascertaining the availability of funds or appropriation of funds, for the mutual benefit of both Parties, in order to avoid program and fiscal delays that would occur if the Agreement were executed after that determination was made.

This Agreement is valid and enforceable only if sufficient funds are made available to Commission for the purpose of this Agreement. In addition, this Agreement is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress, State Legislature, or Commission governing board that may affect the provisions, terms, or funding of this Agreement in any manner.

It is mutually agreed that if sufficient funds are not appropriated, this Agreement may be amended to reflect any reduction in funds.

EXHIBIT D

FTA FUNDING REQUIREMENTS (Non-construction/maintenance work)

As used herein, "RCTC" shall have the same meaning as the "Commission." The term "contract" or "Contract" shall have the same meaning as the "Agreement."

1. No Obligation by the Federal Government

- a. RCTC and Consultant acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Consultant, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.
- b. The Consultant agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subconsultant who will be subject to its provisions.

2. Program Fraud and False or Fraudulent Statements or Related Acts

- a. The Consultant acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Consultant certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Consultant further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Consultant to the extent the Federal Government deems appropriate.
- b. The Consultant also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Consultant, to the extent the Federal Government deems appropriate.
- c. The Consultant agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed

that the clauses shall not be modified, except to identify the subconsultant who will be subject to the provisions.

3. Access to Records

The Consultant agrees to the following access to records requirements:

- a. To provide RCTC, the FTA Administrator, the Comptroller General of the United States or any of their authorized representatives access to any books, documents, papers and records of the Consultant which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts and transcriptions. Consultant also agrees, pursuant to 49 C. F. R. 633.17 to provide the FTA Administrator or his authorized representatives including any PMO Consultant access to Consultant's records and construction sites pertaining to a major capital project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described at 49 U.S.C. 5307, 5309 or 5311.
- b. To make available in the case of a contract for a capital project or improvement, as defined above and awarded by other than competitive bidding in accordance with 49 U.S.C. 5325(a), records related to the contract to RCTC, the Secretary of Transportation and the Comptroller General or any authorized officer or employee of any of them for the purposes of conducting an audit and inspection.
- c. To maintain all books, records, accounts and reports required under this contract for a period of not less than three years after the date of termination or expiration of this contract, except in the event of litigation or settlement of claims arising from the performance of this contract, in which case Consultant agrees to maintain same until RCTC, the FTA Administrator, the Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto. Reference 49 CFR 18.39(i)(11).
- d. To permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

4. Federal Changes

The Consultant shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between RCTC and FTA, as they may be amended or promulgated from time to time during the term of this contract. Consultant's failure to so comply shall constitute a material breach of this contract.

5. Civil Rights

The following requirements apply to the underlying contract:

(1) Nondiscrimination - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and Federal transit law at 49 U.S.C. § 5332 and 49 CFR part 21, the Consultant agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. The Consultant agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

agrees that it will not discriminate against individuals on the basis of disability, and that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Consultant agrees to comply with any implementing requirements FTA may issue.

(3) The Consultant also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used

herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.

C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit to Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its "DBE Race-Neutral Participation Listing" submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.

F. DBE Certification Status: If a listed DBE subconsultant is decertified during the life of this Agreement, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a non-DBE subconsultant becomes a certified DBE during the life of this Agreement, the DBE subconsultant shall notify Consultant in writing with the date of certification. Consultant shall furnish the written documentation to Commission in a timely manner. Consultant shall include this requirement in all subcontracts.

G. Consultant's Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Consultant shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Consultant shall affirm that they will consider, and utilize subconsultants and vendors, in a manner consistent with non-discrimination objectives.

H. Violations: Failure by the selected Consultant(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Consultant from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

I. Prompt Payment: Consultant shall pay its subconsultants for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Consultant. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.

J. Compliance with DBE Requirements Contained in FTA Provisions: Consultant shall comply with all DBE reporting and other requirements contained in this Agreement.

7. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any RCTC requests which would cause RCTC to be in violation of the FTA terms and conditions.

8. Debarment and Suspension.

The Consultant agrees to the following:

(1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.

(2) It will not enter into any "covered transaction" (as that phrase is defined at 2 CFR §§ 180.220 and 1200.220) with any subconsultant whose principal is, suspended, debarred, or otherwise excluded from participating in covered transactions, except as authorized by— (i) U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200; (ii) U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180; and (iii) Other applicable federal laws, regulations, or requirements regarding participation with debarred or suspended recipients or third party participants.

(3) It will review the U.S. GSA "System for Award Management – Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs," if required by U.S. DOT regulations, 2 CFR Part 1200.

9. ADA Access Requirements

The Consultant shall comply with all applicable requirements of the Americans with Disabilities Act of 1990 (ADA), 42 USC Section 12101 et seq; Section 504 of the Rehabilitation Act of 1973, as amended, 29 USC Section 794; 49 USC Section 5301(d).

10. Fly America

To the extent applicable to the Services, the Consultant agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and sub recipients of Federal funds and their consultants are required to use U.S. Flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Consultant shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Consultant agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

11. Cargo Preference - Use of United States-Flag Vessels

To the extent applicable to the Services, the Consultant agrees:

1. To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;
2. To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the Consultant in the case of a subconsultant's bill-of-lading.)

3. To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

11. Buy America – Not applicable.

12. Employment Provisions

To the extent applicable to the Services, Consultant shall comply with the following:

- A. Equal Employment Opportunity — Not applicable.
- B. Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 276c) — Not applicable.
- C. Contact Work Hours and Safety Standards Act (40 U.S.C. 327–333) —Not applicable.

D. Release of Retainage

No retainage will be withheld by the RCTC from progress payments due Consultant. Retainage by Consultant or subconsultants is prohibited, and no retainage will be held by the prime consultant from progress due subconsultants. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant’s proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.
- e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens or claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.
- f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.

g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.

h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

16. Disputes

a. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be

decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.

b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.

c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

17. Lobbying

See the Byrd Anti-Lobbying Amendment, 31 U.S.C. 1352, as amended by the Lobbying Disclosure Act of 1995, P.L. 104-65 [to be codified at 2 U.S.C. § 1601, et seq.] - Consultants who apply or bid for an award of \$100,000 or more shall file the certification required by 49 CFR part 20, "New Restrictions on Lobbying." - 4) Forward to the Commission for final action.

BACKGROUND INFORMATION:

The Commission owns and maintains the San Jacinto Branch Line (SJBL) ROW, which includes twenty-four miles of operating railroad line and seventeen miles of non-operating rail line within the county of Riverside. The ROW is approximately 480 acres in size. The Perris Valley Line (PVL) is operated within the SJBL ROW through Riverside, Moreno Valley, and Perris, by the Southern California Regional Rail Authority (SCRRA). SCRRA operations include Metrolink commuter rail trains and BNSF Railway freight trains. The active PVL ROW maintenance service begins at the intersection of Iowa and Citrus in the city of Riverside and ends just south of the Perris South Metrolink station. The non-operating area starts at the intersection of Sherman Avenue and Case Road in the city of Perris, and ends north of West 7th Street in the city of San Jacinto.

To comply with the Code of Federal Regulations, Title 49 Rail Safety, and other state and local laws, the Commission has the responsibility to provide various maintenance related services. Comprehensive ROW property maintenance services provide weed and vegetation control to achieve fire hazard prevention, herbicide and pesticide applications, trash and debris removal, graffiti abatement, minor grading work, drainage maintenance and repair, fencing installation and repair, tree maintenance, signal and sign maintenance, abatement of illegal structures, shelters, and related items, removal of encampments, and removal of hazardous materials.

PROCUREMENT PROCESS:

Staff determined the weighted factor method of source selection to be the most appropriate for this procurement, as it allows the Commission to identify the most advantageous proposal with price and other factors considered. Non-price factors include elements such as qualifications of firm and personnel and understanding and approach for railroad right of way property maintenance services as set forth under the terms of Request for Proposals (RFP) No. 22-33-014-00.

RFP No. 22-33-014-00 for railroad ROW property maintenance services was released by staff on September 10, 2021. The RFP was posted on the Commission's PlanetBids website, which is accessible through the Commission's website. Utilizing PlanetBids, emails were sent to 80 firms, 23 of which are located in Riverside County. Through the PlanetBids site, 28 firms downloaded the RFP, and 2 of these firms are located in Riverside County. Staff responded to all questions submitted by potential proposers prior to the September 23, 2021 clarification deadline date. Two firms – Joshua Grading and Excavating, Inc. (Phelan), and RailWorks Track Systems (Santa Fe Springs) – submitted responsive proposals prior to the 2:00 p.m. submittal deadline on October 21, 2021. Utilizing the evaluation criteria set forth in the RFP, all firms were evaluated and scored by an evaluation committee comprised of Commission and Bechtel staff.

As a result of the evaluation committee's assessment of the written proposals, the evaluation committee recommends contract award to Joshua Grading and Excavating Inc. for Railroad ROW Property Maintenance Services for a five-year term, not to exceed \$4.3 million, as this firm earned the highest total evaluation score.

A summary of the proposed costs submitted with the written proposals and the total evaluation score rankings following the final evaluation are summarized below:

Firm	Price	Overall Ranking
Joshua Grading and Excavating, Inc.	\$1,680,170.00	1
RailWorks Track Systems	\$2,089,545.95	2

The Commission's model on-call professional services agreement will be entered into with the contractor, pursuant to legal counsel review. Staff oversight of the contract and task orders will maximize the effectiveness of the contractor and minimize costs to the Commission. Staff recommends authorization for the Chair or Executive Director to finalize and execute the agreement on behalf of the Commission and for the Executive Director, or designee, to execute task orders awarded to the contractor under the terms of the agreement.

Contractor is aware of the requirements of California Labor Code Section 1720, et seq., and 1770, et seq., as well as California Code of Regulations, Title 8, Section 16000, et seq., ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. Since the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and since the total compensation is \$1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. Commission shall provide Contractor with a copy of the prevailing rates of per diem wages in effect at the commencement of this Agreement. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the project site. Every qualified apprentice shall be paid the standard wage paid to apprentices under the regulations of the craft or trade in which he or she is employed and shall be employed only in the craft or trade to which he or she is registered.

If California Labor Code Section 1777.5 applies to the Services, Contractor and any subcontractor hereunder who employs workers in any apprenticeable craft or trade shall apply to the joint apprenticeship council administering applicable standards for a certificate approving Contractor or any sub-contractor for the employment and training of apprentices. Upon issuance of this certificate, Contractor and any sub-contractor shall employ the number of apprentices provided for therein, as well as contribute to the fund to administer the apprenticeship program in each craft or trade in the area of the work hereunder.

The parties expressly understand that the responsibility for compliance with provisions of this Section and with Sections 1777.5, 1777.6 and 1777.7 of the California Labor Code in regard to all apprenticeable occupations lies with Contractor.

3.3.9 Eight-Hour Law. Pursuant to the provisions of the California Labor Code, eight hours of labor shall constitute a legal day's work, and the time of service of any worker employed on the work shall be limited and restricted to eight hours during any one calendar day, and forty hours in any one calendar week, except when payment for overtime is made at not less than one and one-half the basic rate for all hours worked in excess of eight hours per day ("Eight-Hour Law"), unless Contractor or the Services are not subject to the Eight-Hour Law. 3.4.1 Grounds for Termination. Commission may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. of substandard workmanship or defective materials furnished by the contractor as may be determined by inspection of the Commission or in the event of poor working performance as may be determined by the Commission's designated project manager, the Commission may at any time, require the contractor to expeditiously remedy such failure or defect, at no cost to the Commission.

Workmanship may be determined to be substandard if the work is incomplete, inadequately installed or supported, poorly fitted or sealed, damaged, improperly finished, or installed in a manner that the operation or the maintainability of the installation is impaired beyond the limits specified or indicated by the agreement.

Poor working performance will be determined to exist if any of the contractors' workers fail to perform work within the time allocated to do so in the time period specified in a particular Task Order. In certain work, particularly emergency work, the contractor will be expected to perform the work as expeditiously as possible, with a crew sized to ensure each worker has tasks to perform and with as little lost time as allowed by conditions.

Claims of defective materials, inadequate workmanship or poor working performance will be first made to the contractor's job site foreman. In the event the situation cannot be remedied at the job site, a written claim will be made to the contractor's home office. Contractor shall resolve all claims against workmanship or work performance by issuing a credit to the Commission for the work performed. The amount of the credit will be determined in negotiation between the contractor and the Commission. Payments otherwise due may be withheld, in whole or in part, by the Commission on account of defective materials and/or unresolved workmanship issues.

Consultant shall employ only competent, careful and orderly employees. If the Commission determines that an employee is detrimental to the performance of the work, not qualified to perform the assigned work or guilty of improper conduct, the Commission may require removal of such employee.

The performance of services by the contractor shall not relieve the contractor from any obligation to correct any incomplete, inaccurate, or defective work at no further cost to the Commission, when such inaccuracies are due to the acts or omissions, negligent or otherwise, of the Consultant.

Consultant will not substitute any employee for another unless both have been trained equally, and at such time still current within such training. Training costs due to employee changes, requested by Consultant, will be at the Consultant's expense.

4.3 Non-Conforming Work

The Authority may reduce payment for any of the following; non-compliant work, noncompliant work left in place; corrective work or unauthorized work.

4.4 Emergency Work

4.5 Unsafe Conditions

Consultant and or its sub-Consultant are to immediately notify the Commission's Project Manager of any unsafe or questionable condition that exists on the right of way. Project Manager will then notify the necessary parties.

If the condition poses immediate danger to rail operations, the Consultant shall notify the MOC, then the Commission's Project Manager.

All equipment used in the performance of this contract shall be in operable condition and meet the local, state and federal safety requirements. All equipment used shall be inspected and serviced regularly. The inspection and service records shall be available upon request. All vehicles shall be registered, licensed, insured and operated by a licensed driver. All vehicles shall follow laws regarding parking, driving, and licensing.

The Consultant's equipment shall have the proper safety devices maintained at all times while in use. If equipment does not contain proper safety devices and/or is being operated in an unsafe manner, the Commission's Project Manager shall direct the Consultant to remove such Equipment and/or operation until the deficiency is corrected to the satisfaction of the Commission's Project Manager.

The Commission's Project Manager may inspect the Consultant's equipment and tools at any time. The daily anticipated equipment necessary to perform this work, but not limited

For rental equipment that cannot be transported economically using its own power, no transport cost will be paid.

DISADVANTAGED BUSINESS ENTERPRISE (DBE) REQUIREMENTS

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

B. Discrimination: Contractor shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.

C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no DBE goal on this Project.

Contractor shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Contractor shall adhere to race-neutral DBE participation commitment(s) made at the time of award of any Task Order (as defined in the Model Contract).

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): For each Task Order proposal, the successful Contractor shall complete and submit to Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Task Order, Contractor shall comply with applicable reporting requirements.

E. Performance of DBE Subcontractors: DBE subcontractors listed by Contractor in its "DBE Race-Neutral Participation Listing" submitted at the time of Task Order proposal shall perform the work and supply the materials for which they are listed, unless Contractor has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Contractor shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.

F. DBE Certification Status: If a listed DBE subcontractor is decertified during the life of any Task Order, the decertified subcontractor shall notify Contractor in writing with the date of decertification. If a non-DBE subcontractor becomes a certified DBE during the life of the Task Order, the DBE subcontractor shall notify Contractor in writing with the date of certification. Contractor shall furnish the written documentation to Commission in a timely manner. Contractor shall include this requirement in all subcontracts.

G. Contractor's Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Contractor shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Contractor shall affirm that they will consider, and utilize subcontractors and vendors, in a manner consistent with non-discrimination objectives.

H. Violations: Failure by the selected Contractor(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

I. Prompt Payment: Contractor shall pay its subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Contractor. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.

J. Compliance with DBE Requirements Contained in FTA Provisions: Contractor shall comply with all DBE reporting and other requirements contained in the FTA provisions of the RFP, and the resulting contract.

K. The terms of this Appendix K shall be included as part of the FTA provisions to be set forth in Exhibit “D” of the model Contract to be entered into pursuant to this RFP.

AGENDA ITEM 10

<i>RIVERSIDE COUNTY TRANSPORTATION COMMISSION</i>	
DATE:	November 22, 2021
TO:	Western Riverside County Programs and Projects Committee
FROM:	Brian Cunanan, Commuter & Motorist Assistance Manager
THROUGH:	David Knudsen, Interim External Affairs Director
SUBJECT:	Amendment to Agreement with Steve's Towing for Express Lanes Freeway Service Patrol Service

STAFF RECOMMENDATION:

This item is for the Committee to:

- 1) Approve Agreement No. 16-45-103-03, Amendment No. 3 to Agreement No. 16-45-103-00 with Steve's Towing (Steve's) for continued Freeway Service Patrol (FSP) services on the Commission's Express Lanes (Beats 91T and 15T) for an additional 13 months through January 30, 2023 and to increase the hourly rate for the one 91T service truck from \$56.25 to \$70.00 for an additional amount of \$105,000, and a total amount not to exceed \$2,168,197;
- 2) Authorize the Chair or Executive Director, pursuant to legal counsel review, to finalize and execute the agreement on behalf of the Commission; and
- 3) Forward to the Commission for final action.

BACKGROUND INFORMATION:

The Commission, acting in its capacity as the Service Authority for Freeway Emergencies, is the principal agency in Riverside County, in partnership with Caltrans and the California Highway Patrol (CHP), managing the FSP program. The purpose of the FSP program is to provide a continuously roving tow services patrol along designated freeway segments (referred to as beats) to relieve freeway congestion and facilitate the rapid removal of disabled vehicles and those involved in minor accidents on local freeways.

In March 2017, the FSP program expanded service beyond general purpose and high occupancy vehicle lanes with the launch of the 91 Express Lanes in Riverside County to optimize incident response time and safety and to help maintain free flow conditions in the new express lane facilities (Beat 91T). Express lanes FSP coverage was subsequently expanded with the opening of the 15 Express Lanes in April 2021 (Beat 15T).

While the concept and purpose of the FSP program remain the same, regardless of lane type, the Express Lanes FSP (EL FSP) approach differs from general purpose lane service due to the conditions (limited to no shoulders) and customer expectations (continuous free flow) associated

with express lane operations. The biggest difference is the type of trucks used. Regular FSP uses conventional tow trucks while EL FSP requires a two-vehicle car carrier/flatbed truck in order to handle a majority of the incidents and vehicle types and rapidly remove incidents from express lane facilities. The other major difference is that the EL FSP trucks do not continuously rove but are strategically staged at both ends of the 15 Express Lane facilities and at the 91 Express Lanes toll utility building until they are required to perform a sweep of the facilities or deployed by the Express Lanes Traffic Operations Center or CHP. EL FSP vehicle operators are responsible for clearing the toll lanes of automobiles, small trucks, motorcycles, and small debris. When and where conditions warrant, service may be executed on toll lane shoulders. Where conditions do not warrant, vehicle operators will remove the vehicles from the toll lanes and, in most cases, off the highway to provide service. Since the opening of the 91 Express Lanes in March 2017, more than 5,400 FSP assists have been provided to express lanes customers by the current EL FSP operator, Steve's.

Express Lane FSP Assists (inception through October 31, 2021)

Steve's established a history of quality FSP service, flexibility, and performance with the Commission's FSP program. Prior to working EL FSP, Steve's was awarded competitively bid contracts to provide service on SR-91 beats within Corona limits for regular peak service and for enhanced construction FSP services (mid-day, extended PM, and weekend service) while the 91 Express Lanes were being built. Subsequently, at its September 2016 meeting, the Commission awarded Agreement No. 16-45-103-00 to Steve's Towing for EL FSP service on the 91 Express Lanes for a three-year term with one two-year option to extend the agreement in an amount not to exceed \$1,205,000 (at \$56.25 per truck hour) following a competitive procurement. The vehicle requirements for this contract include one primary tow truck and one back-up tow truck from Steve's, both of which are flatbed trucks.

In January 2020, the Commission approved an amendment to the agreement with Steve's to increase funds and add EL FSP service (two trucks) for the anticipated 15 Express Lanes facilities at a negotiated rate of \$70.00; the rate for the one 91 EL FSP truck remained at \$56.25. This approach allowed for EL FSP services for the two facilities to be under one contract at a fair and reasonable rate increase for the additional 15 Express Lanes facility.

DISCUSSION

Steve's has performed well throughout the duration of the contract which is set to expire on December 31, 2021. A consequence of the staged approach for EL FSP operations is that the tow trucks in use by Steve's have modest mileage readings (18K, 140K, 230K) and may continue to be of service to the program. As such, staff inquired if Steve's would be willing to continue service for another 13 months through January 30, 2023, at the existing rates.

In response, Steve's is amenable to extending service but has respectfully requested consideration for adjusting the rate for the one 91 EL FSP truck from \$56.25 to \$70.00 to assist with increasing staff and vehicle maintenance costs. This rate adjustment would put the rate for the one 91 EL FSP truck at parity with the two 15 EL FSP trucks' rates. Steve's also shared that an additional new flatbed truck has been purchased that may be used toward EL FSP service. If an amendment with Steve's is approved, the extra truck would need to be equipped and comply with program standards (i.e., color, additional miscellaneous tow equipment, installation of FSP radios and automated vehicle locator, etc.) prior to starting service. In this scenario, Steve's would have a total of four flatbed trucks to service both express lane facilities – one on the 91 Express Lanes and two on the 15 Express Lanes; and one backup truck available as needed or to help balance mileage across the service vehicles.

Staff compared the rate to existing program rates as well as the latest FSP tow rates from neighboring county programs and views the rate adjustment request as reasonable. Therefore, staff recommends approval of an amendment with Steve's to extend service for an additional 13-month period, at an additional amount of \$105,000 that includes a rate adjustment for the Beat 91T truck to \$70.00 per hour. With approval of this amendment, a request for proposals for consolidated EL FSP services will be released in 2022.
