

Southern California's Commuter Rail System

ABOUT METROLINK

In 1991, Los Angeles, Orange, Riverside, San Bernardino and Ventura Counties formed the Southern California Regional Rail Authority to develop Metrolink, a regional commuter train system. Today, Metrolink trains serve 61 stations in Southern California, carrying thousands of long-distance commuters to centers of employment such as Burbank, Glendale, Irvine and Downtown Los Angeles. Trains are also popular with group travelers, taking students on field trips and families to recreational destinations throughout the region.

ABOUT RAIL 2 RAIL®

The Rail 2 Rail® program is a partnership between Metrolink and Amtrak, providing many rail passengers more train service between Oceanside and Oxnard at no additional cost.

- Metrolink Monthly Pass holders currently may ride any Amtrak Pacific Surfliner train or bus within the origin and destination of their pass for no additional cost. Look for future changes at metrolinktrains.com

★ Metrolink/Amtrak shared stations are indicated by a star on the station list below.

For more information about Metrolink and the Rail 2 Rail® program, visit metrolinktrains.com or call 800-371-5465(LINK).
