

Repairing your roads in Murrieta.

The Gas Tax.

Jefferson Avenue
MURRIETA

Transportation Connects Our Lives

Going to work. Taking your children to school. Shopping for groceries. Visiting family and friends. Attending sporting events. Riding your bike. Seeing your doctor. Walking your dog. These day-to-day activities connect us to what's important, and they require a transportation system that works in Murrieta.

Whether we travel by car, train, bus, bicycle or on foot, an efficient and well-maintained transportation system benefits the City of Murrieta. The better our infrastructure, the better our quality of life. Just as repairs to your home or vehicle have to be made, maintaining our transportation infrastructure is equally important.

Funds for Transportation Infrastructure

The Gas Tax, or Senate Bill 1 (SB 1), is the Road Repair and Accountability Act of 2017, which was approved by California's Legislature in April 2017. The Gas Tax generates funds for our transportation infrastructure through increased gasoline taxes and annual vehicle fees. It began to provide funds to cities and counties in November 2017.

Protection for Transportation Revenues

The passage of Proposition 69 on June 5, 2018 provides constitutional protection for transportation revenues generated by the Gas Tax. The State Legislature and Governor are prohibited from borrowing or diverting Gas Tax funds for uses other than transportation.

What The Gas Tax Provides for Murrieta

The City of Murrieta is expected to receive approximately \$2 million per year in Gas Tax revenue, which nearly doubles funds for transportation maintenance and upgrades in local cities and unincorporated communities. In the Murrieta, the Gas Tax is currently funding projects to rehabilitate and improve local roads.

Highlighted Murrieta Projects

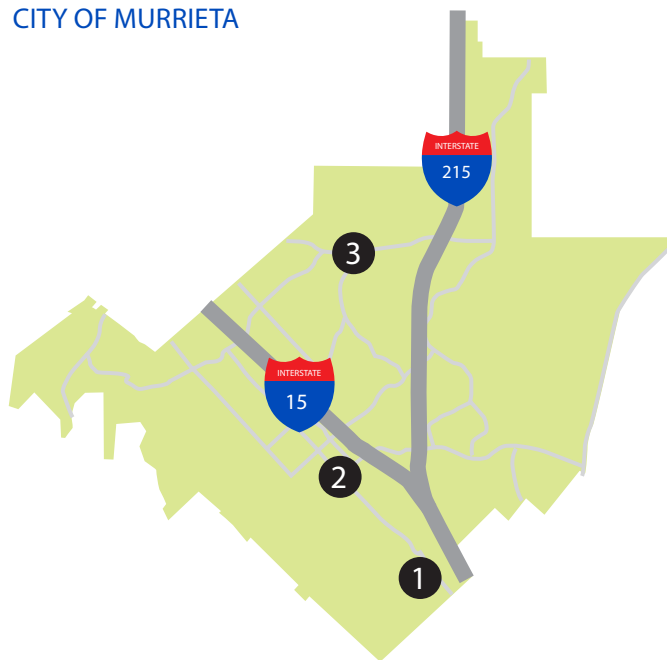

Shown here are the projects in the City of Murrieta in 2018. For a full list of projects funded by the Gas Tax, visit rebuildingca.gov/map.html.

- 1 Jefferson Avenue from Date Street to Cherry Street – Road rehabilitation
- 2 Murrieta Hot Springs Road from Jefferson Avenue to Madison Avenue – Road rehabilitation
- 3 California Oaks Road from I-15 to Clinton Keith Road – Road rehabilitation

Additional road rehabilitation, striping, and signage may be provided in selected locations.

In addition to projects like these, the Gas Tax provides funds for the Freeway Service Patrol roadside assistance in western Riverside County, Metrolink commuter train service, and local bus service county-wide.
