

Repairing your roads in Indian Wells.

The Gas Tax.

Cook Street
INDIAN WELLS

Transportation Connects Our Lives

Going to work. Taking your children to school. Shopping for groceries. Visiting family and friends. Attending sporting events. Riding your bike. Seeing your doctor. Walking your dog. These day-to-day activities connect us to what's important, and they require a transportation system that works in Indian Wells.

Whether we travel by car, train, bus, bicycle or on foot, an efficient and well-maintained transportation system benefits the City of Indian Wells. The better our infrastructure, the better our quality of life. Just as repairs to your home or vehicle have to be made, maintaining our transportation infrastructure is equally important.

Funds for Transportation Infrastructure

The Gas Tax, or Senate Bill 1 (SB 1), is the Road Repair and Accountability Act of 2017, which was approved by California's Legislature in April 2017. The Gas Tax generates funds for our transportation infrastructure through increased gasoline taxes and annual vehicle fees. It began to provide funds to cities and counties in November 2017.

Protection for Transportation Revenues

The passage of Proposition 69 on June 5, 2018 provides constitutional protection for transportation revenues generated by the Gas Tax. The State Legislature and Governor are prohibited from borrowing or diverting Gas Tax funds for uses other than transportation.

What The Gas Tax Provides for Indian Wells

The City of Indian Wells is expected to receive nearly \$100,000 per year in gas tax revenue, which significantly increases funds for transportation maintenance and upgrades. In Indian Wells, the Gas Tax is currently funding projects to rehabilitate and improve local roads.

Highlighted Indian Wells Projects

Shown here are planned projects in the City of Indian Wells in 2018 and 2019. For a full list of projects funded by the Gas Tax, visit rebuildingca.ca.gov/map.html.

- 1 Cook Street – road reconstruction
- 2 Miles Street – road rehabilitation
- 3 Fairway Drive - road rehabilitation
- 4 Fred Waring Drive and Portola Avenue – road rehabilitation
- 5 Highway 111 – road rehabilitation

In addition to projects like these, the Gas Tax provides funds for local bus service county-wide and active transportation projects.
