

## Interstate 15 RAILROAD CANYON INTERCHANGE

### Construction Update: Week of November 8, 2021

There are currently no closures planned for the week of November 8.

Construction activity is subject to change. Follow us @RailroadCanyon for the latest updates.

## Plan Ahead

Next week, crews will be disassembling and lowering support structures along the newly completed northbound I-15 bridge. This work will require a nighttime **full closure of Railroad Canyon Rd., including the northbound I-15 on-ramp**. Closure information will be posted; please watch for details.

Please plan ahead, follow posted detours, and allow for extra travel time.

## Project Progress

Falsework is a temporary structure used to support a permanent structure until it becomes self-supporting, usually consisting of steel or wooden beams and posts.

## Project Background

The Riverside County Transportation Commission (RCTC), in partnership with Caltrans and the City of Lake Elsinore, is upgrading the Interstate 15 Railroad Canyon Interchange in Lake Elsinore. RCTC is the lead agency for this project.

The project will improve safety and capacity by adding lanes, modifying ramps, and building sidewalks and bike lanes along Railroad Canyon Road. These improvements will help residents and other travelers move through this area and reach businesses and other “Dream Extreme” attractions in Lake Elsinore.

Please expect periodic closures to lanes and ramps, slow down, allow extra travel time, watch for construction crews and equipment, be alert to changing conditions, follow detours, and stay informed by checking construction updates, social media, and mapping apps.
