

CONSTRUCTION UPDATE

A Project of the Riverside County Transportation Commission

WEEK OF OCTOBER 4, 2021

LANE CLOSURES

Construction activity will require nightly closures **October 4 - 8** for bridge work and pile driving, as we continue building the 15/91 Express Lanes Connector. See details below.

Westbound 91 Lane Closures, McKinley St. to Main St.

- Monday, October 4 to Thursday, October 7, nightly, 8 p.m. to 4 a.m.
- Friday, October 8, 10 p.m. to 6 a.m.

Pile Driving will begin Monday, October 4 within the median near the 15/91 interchange. Learn more about pile driving [here](#).

Please note that construction activity is subject to change.

REMINDER

Schools are back in session and more employees are returning to the office. Please watch for more vehicles on the road and increasing traffic congestion. Drive safely and allow extra travel time, especially during peak driving hours.

NEIGHBORING PROJECTS

91 Corridor Operations Project:

The 91 Corridor Operations Project will require an ongoing closure of the parking lot at the Santa Ana River Trailhead in Corona. This parking lot closure will continue this fall. Please [click here](#) for more information.

15 Interim Corridor Operations Project:

RCTC has approved the 15 Interim Corridor Operations Project to add a new lane to southbound I-15 between the Cajalco Road and Weirick Road interchanges. Read [more](#).

PROJECT PROGRESS

Making Progress!

See our latest progress on the 15/91 Express Lane Connector, which will seamlessly connect the 91 Express Lanes and the 15 Express Lanes.

PROJECT OVERVIEW

The Riverside County Transportation Commission, in partnership with Caltrans, is building the 15/91 Express Lanes Connector to link the 15 Express Lanes and the 91 Express Lanes for seamless, reliable travel. New connections will be provided:

- From the eastbound 91 Express Lanes to the northbound 15 Express Lanes and
- From the southbound 15 Express Lanes to the westbound 91 Express Lanes

The project also is extending both the eastbound 91 outside general-purpose lane and the eastern end of the 91 Express Lanes approximately one-half mile east to Promenade Avenue to help with vehicle merging in this area. Construction began in April 2021 and the connector is expected to open in 2023.
