

Mid County Parkway PLACENTIA INTERCHANGE

Construction Update: October 22, 2021

En español

There are no closures planned on I-215 for the weeks of October 25 and November 1.

Follow @therctc on social media platforms for the latest closure updates.

Please allow extra travel time, use alternate routes, and follow posted speed limits.

Project Progress

Bridge support structure is under construction over I-215.

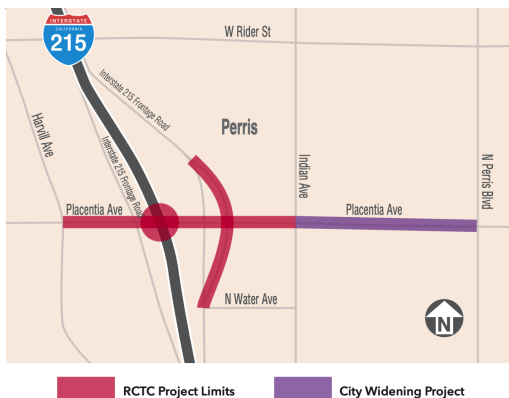

Crews continue to widen the bridge widening work over railroad tracks.

About the Project

Located between Ramona Expy. to the north and Nuevo Rd. to the south, the I-215 Placentia Interchange is designed to meet the needs of the area’s growing population. The project will add northbound and southbound ramps, realign E. Frontage Rd., widen the Placentia overcrossing, and add lanes from Harvill Ave. to Indian Ave. RCTC expects to open the interchange in summer 2022. This interchange is Construction Contract #1 of RCTC’s Mid County Parkway Project, which will provide a new 16-mile east-west route between Perris and San Jacinto.
