

# Together 2020:

## Riverside County Transportation Commission

Without question, 2020 has been a year like none other, with health and economic concerns dominating our lives. Through it all, RCTC kept moving forward. We invested \$943 million in road and transit projects this year to keep people working and keep you moving. Working together, we get things done.

### Investing in our **Highways & Roads**

Total value of projects under construction: **\$722 million**

Started **5** new major highway projects

Approved **\$101 million** in local funds for **276** local road projects

Helped **49,051** motorists through **Freeway Service Patrols**

Began construction of **I-15 Railroad Canyon Road Interchange** in Lake Elsinore

Launched construction of **I-215 Placentia Interchange**, first segment of **Mid County Parkway**

Secured **\$58 million** in competitive grant funds for **71/91 Interchange**, the balance needed to **start construction** in 2022

Excavated **1.6** million cubic yards of dirt for **Route 60 Truck Lanes Project**

### Protecting our **Environment**

Supported **30** **vanpools** for essential workers to reduce traffic and improve air quality

Offered support to **188** employers for carpooling and using public transit

Protected endangered species habitat for **146** **native species** of birds, animals, and plants

Helped purchase **40** new **Metrolink low-emission locomotives**, which produce 85% fewer pollutants

### Improving our **Public Transit System**

Started **16** Metrolink construction/maintenance projects

Funded **7** local bus systems and **18** specialized transit services

Formed new **Citizens and Specialized Transit Advisory Council**

Served a daily average of **12,476** Metrolink riders on 3 rail lines and at 9 stations

Received **\$700,000** federal grant for transit-oriented development plan along **91/Perris Valley Line**

### Helping our **Economy Recover**

Secured **\$122 million** in federal **CARES Act funding** for buses/trains/vanpool essential transportation

Provided **8,418** construction jobs

Reaffirmed and upgraded credit ratings, despite declining revenue

Earned Government Finance Officers Association Award for **excellence in budgeting**

### Facing our **Challenges**

Defined Riverside County unfunded transportation needs: **\$12.6 billion**

Offset Riverside County's **10.5%** COVID-related unemployment rate with **new jobs**

### Offering **Drivers Choices**

Recorded **91 Express Lanes** trips: **13.1 million**

Maintained **149,803** accounts for 91 Express Lanes customers

Opened **1,749** new 91 Express Lanes accounts

Reinvested **\$25.6 million** in toll revenue into new **traffic relief** projects on 15 and 91 corridors

### Listening to **Residents**

Expanded social media presence with **9,667** Facebook followers, **1,294** Twitter followers, and **711** Instagram followers

Engaged with residents to develop **Traffic Relief Plan**, reaching **418,778** people, generating **4.4 million** impressions, and prompting **21,036** clicks to learn more
