Upcoming Full Closure of the Rancho California Direct On-Ramp for Northbound I-15

An extended full closure of the Rancho California Road direct on-ramp for northbound I-15 in Temecula is scheduled to **begin Monday, June 23 at 9 p.m. through Tuesday, July 1 at 5 a.m.** This closure will extend a second lane of the on-ramp by several hundred feet and create a safety pocket for emergency vehicles. This work will also reconfigure and realign the on-ramp to create a merge point between the loop and the direct on-ramps for Rancho California Road.

Detour routes will be posted. For more information visit our closure page below:

Project Background

RCTC, in partnership with Caltrans, the City of Temecula, and the Western Riverside Council of Governments, will be implementing an innovative technology along the northbound Interstate 15 (I-15) in Temecula and Murrieta that is anticipated to improve traffic operations.

The I-15 Smart Freeway Pilot Project will use "smart" technology to continuously monitor real-time traffic conditions along northbound I-15 in Temecula. This section of northbound I-15 encounters high traffic congestion from cars entering the Temecula Parkway, Rancho California Road, and Winchester Road on-ramps during peak afternoon and evening hours. The coordinated system will improve traffic flow by adjusting the optimal number of vehicles to enter and efficiently travel on the I-15.
