The Riverside County Transportation Commission (RCTC/Commission), established through California State law, oversees funding and coordination of all public transportation services within Riverside County. The Commission's responsibilities have grown in the 41 years since its inception from coordinating highway and transit planning and identifying projects for state and federal funding to responsibility for all aspects of region-wide planning for Riverside County's mobility and operating toll facilities. Join an amazing team at RCTC and help plan and deliver transportation solutions!

General Description:

Under general supervision, performs a variety of technical accounting duties in the analysis, preparation, maintenance, and processing of payroll, general ledger accounting, accounts payable, and related financial transactions; maintains and audits RCTC financial accounts and records and assists in the preparation of financial reports, summaries, and analyses; provides responsible technical accounting support to supervisory and management staff in the department; and performs related work as required.

This is an advanced journey-level class that performs the full range of technical work in all of the following areas: payroll, general ledger accounting, accounts payable, and related areas, in addition to performing a variety of record keeping, reconciliation, and accounting support activities. Incumbents perform the technical accounting support duties exercising a high level of independent judgment and initiative. Incumbents are required to be fully trained in all procedures related to the assigned functional area. This class is distinguished from the Accounting Supervisor class in that the latter is the full supervisory-level class responsible for organizing, assigning, supervising, and reviewing the work of assigned staff involved in accounting operations.
