# 7. REFINANCING OF 91 EXPRESS LANES TOLL DEBT

Theresia Trevino, Chief Financial Officer, presented the refinancing of 91 Express Lanes Toll Debt, highlighting the following areas:

- Why refinance now; current 91 Express Lanes Toll Debt; refinancing process; the financing team; and the specialized legal services
- Proposed 2021 Refinancing Plan; refinancing sources and uses; Tender and Exchange add savings; required disclosures; 2021 Refinancing documents and approvals; and the 2021 Refinancing timeline

In response to Commissioner Wes Speake's inquiry about one of Ms. Trevino's comments that the refinance gives RCTC additional latitude in spending surplus revenue, Theresia Trevino replied the funds would still have to be spent in the 91 Corridor and the surplus revenues, which she referred to in the presentation that RCTC will start paying in December 2021 on the Transportation Infrastructure Financing and Innovation Act (TIFIA) Loan. She stated with that, any surplus revenues would have to be split between RCTC and TIFIA as an early prepayment on the loan. She explained the 50 percent that would go to TIFIA would be used to paydown the TIFIA Loan and since opening RCTC has taken 100 percent of the surplus revenues, so starting in December RCTC would have to start splitting it 50/50 with TIFIA.

Commissioner Dana Reed stated Ms. Trevino had indicated this item went to the Budget and Implementation Committee and asked what the recommendation was of that committee if it was unanimous and did any of the Committee Members have any material findings problems with the Preliminary Official Statement.

Theresia Trevino clarified with Lisa Mobley, Administrative Services Manager/Clerk of the Board that the Budget and Implementation Committee's vote was unanimous. Chair Harnik noted it was a 13-0 vote.

Commissioner Reed then clarified if any of the Committee Members had any problems with the Official Preliminary Statement that can be shared.

Ms. Trevino replied none of the Committee Members raised any issues regarding the Preliminary Official Statement.

Mrs. Matus, a member of the public, addressed the Commission and stated when RCTC first came out to the eastside center they had brought the subject up of the RCTC and they were supposed to come out to present this to them again to explain this whole situation to the community. She stated nobody ever came back out and the community has lots of questions and they had asked several times for RCTC to come out to them to discuss transportation. Mrs. Matus stated now RCTC is coming back already with this planned situation and there is still a lot of questions to ask from the community and they could not make it to this meeting because they have to work or have kids at school. Mrs. Matus asked how this plan came up with all these questions they had to ask and RCTC told them they would be coming back to the community to listen to their questions they had to ask. Chair Harnik clarified with Mrs. Matus that this is an opportunity for her to ask a question. Mrs. Matus asked how RCTC come up with this plan without even coming out to the community to ask questions for this. In response to Chair Harnik's question if Mrs. Matus was referring to the refinancing of the bonds., Mrs. Matus replied of all the bonds, yes and for this project. Chair Harnik asked what project Mrs. Matus was referring too, and Mrs. Matus replied what they are talking about the FasTrak. Chair Harnik stated she is uncertain if this is accurate on this agenda item and asked for someone from RCTC to respond.

Anne Mayer, Executive Director, replied to Mrs. Matus about mentioning the eastside community and asked if Mrs. Matus was referring to the Downtown Riverside Station Project. Mrs. Matus confirmed she was. Ms. Mayer clarified the Downtown Riverside Station Project is not related to this item and asked for Mrs. Matus' phone number as staff will contact Mrs. Matus after this meeting. Ms. Mayer stated there are plans for RCTC to come out with public meetings on that project and would be pleased to discuss this with Mrs. Matus further.

At this time, Commissioner Waymond Fermon left the meeting.

Theresia Trevino expressed appreciation to the Commissioners.

Chair Harnik expressed appreciation for being able to participate in the meetings with Standard & Poor's and Fitch and how after RCTC's presentation which was so concise, detailed, and comprehensive there were hardly any questions by the rating agencies because everything was covered in their presentation. It was a great process to be part of and a proud moment for RCTC.

## 8. INTERSTATE 15 INTERIM CORRIDOR OPERATIONS PROJECT

David Thomas, Toll Project Delivery Director, presented the Interstate 15 Interim Corridor Operations Project, highlighting the following areas: proposed improvements, traffic operations benefits, and the proposed schedule

Commissioner Speake expressed it was a presentation where he got his hopes up but then were mildly dashed and wanted to know who was on the multi-agency task force that put these ideas together. David Thomas replied Caltrans, the city of Corona, the county of Riverside, and RCTC were at their kick off meeting and they also consulted with the California Highway Patrol (CHP) for the cross section that RCTC is proposing on the non-standard shoulder width that they would have.

In response to Commissioner Speake's request to Mr. Thomas about why this air quality monitoring takes so long. David Thomas replied not being an expert in that field he understands there is a regional model that gets produced every so many years and there is a timeframe in which entries need to be submitted for modeling in that regional model to demonstrate conformity. He explained the next model run will be completed in December 2022 and that would be if they had to model this project that would be the soonest modeling results would be available and then they would go from there to establish whether the project conformed or not.

Commissioner Speake referred to the I-15 Corridor Operations Project (15 COP) that RCTC is designing and asked if that included addressing the lane drop underneath Cajalco Road. Mr. Thomas replied the project that is proposed will not remove the lane drop, however, the future 15 COP will address the lane drop.

Commissioner Speake stated that answered his questions and expressed appreciation as this was tough since everyone is getting a lot of pressure to address this. He explained those lane drops are killer, he has been saying it for almost three years and if they had an opportunity for even a moment to try and get rid of that one underneath Cajalco Road. He expressed concern for not being able to make it happen and knew RCTC staff had tried, but he travels that all different times of the day and week and there is no let up and it is continuous. He expressed appreciation going forward and in favor of at least whatever the Commissioners can do to even help a little bit and if there is anything else they can

do to find a way to address that lane drop. Commissioner Speake stated that people are just going to use it because they cannot take it anymore.

Commissioner Scott Vinton expressed appreciation for David Thomas' presentation and asked if RCTC is doing Option B, the auxiliary lane between the on ramp and the off ramp, or the original plan. David Thomas replied they are proposing the auxiliary lane on ramp to off ramp.

Commissioner Kevin Jeffries expressed support for this getting RCTC back into eventual compliance with AB 1954, which authorized the toll lanes and required that there be no adverse impact to the other traffic lanes on the state highway system and with that he moved approval.

Jerry Sincich stated as a member of the community he has also identified the area as the Cajalco crush, but he is highly in support of these actions to help free up and increase the traffic flow.

Commissioner Bill Zimmerman stated there is a bridge that kind of crosses over that wash and asked if this would require any widening.

David Thomas replied great question and that is one way they were able to expedite this project is that they will not be widening Bedford Wash Bridge with the project.

At this time, Commissioner Steven Hernandez left the meeting.

# **AGENDA ITEM 6B**

RIN	RIVERSIDE COUNTY TRANSPORTATION COMMISSION				
DATE:	October 13, 2021				
то:	Riverside County Transportation Commission				
FROM:	Budget and Implementation Committee Megan Kavand, Senior Financial Analyst Michele Cisneros, Deputy Finance Director				
THROUGH:	Anne Mayer, Executive Director				
SUBJECT:	Quarterly Investment Report				

# **BUDGET AND IMPLEMENTATION COMMITTEE AND STAFF RECOMMENDATION:**

This item is for the Commission to receive and file the Quarterly Investment Report for the quarter ended June 30, 2021.

# **BACKGROUND INFORMATION:**

The Commission's quarterly investment reports have generally reflected investments primarily concentrated in the Riverside County Pooled Investment Fund as well as investments in mutual funds for sales tax revenue bonds debt service payments and in the state Local Agency Investment Fund. As a result of significant project financings such as the State Route 91 Corridor Improvement Project (91 Project or 91 CIP) and the Interstate 15 Express Lanes Project (I-15 ELP), the Commission engaged MetLife Investment Management, LLC, formerly Logan Circle Partners, L.P. (MetLife), as the investment manager for the bond proceeds and other required funds. Additionally, the Commission engaged Payden & Rygel Investment Management (Payden & Rygel) to make specific investments for Commission operating funds. The Commission approved initial agreements with the investment managers in May 2013 following a competitive procurement and has extended the agreements through the annual recurring contracts process.

MetLife invested the debt proceeds and subsequent other required contributions for the 91 Project and I-15 ELP in separate accounts of the Short-Term Actively Managed Program (STAMP). The Commission completed the 91 Project financing in 2013 and the I-15 ELP project and 91 Project completion financing (2017 Financing) in July 2017. Consistent with financing expectations, the Commission expended all of the 91 Project debt proceeds and equity contributions, except for the toll revenue bonds debt service reserve, and subsequent to commencement of operations, established other required accounts. The Commission continues to expend the 2017 Financing bond proceeds on the I-15 ELP and funded required reserve accounts.

The quarterly investment report for the fourth quarter of FY 2020/21, as required by state law and Commission policy, reflects the investment activities resulting from the 91 Project,

2017 Financing, sales tax revenue bonds debt service funds, and available operating cash. As of June 30, 2021, the Commission's cash and investments were comprised of the following:

# 2. Market Review & Outlook

### **Current Themes**

#### Fiscal Stimulus / Growth

We believe fiscal stimulus will continue to support above-trend growth and the economic recovery, but long-term structural issues remain

#### **Monetary Policy**

The Fed pivots as its transitory inflation narrative is questioned. Diversity in Fed opinions grows as lack of clarity on QE exit strategy risks disorderly market unwind

#### Consumer

Consumer balance sheets are healthy as spending patterns shift and the transition to a more "open" service-driven economy continues

#### **Business**

Corporate fundamentals continue to improve due to strong economic growth even as some face higher input costs, raw materials shortages, scarcity of qualified workers and margin pressures

#### **Employment**

Labor market is deceptively tight in part due to lingering impact of Covid-19 and spike in retirements. Job openings are at a two-decade high as employers face challenges in finding and hiring workers

#### nflation

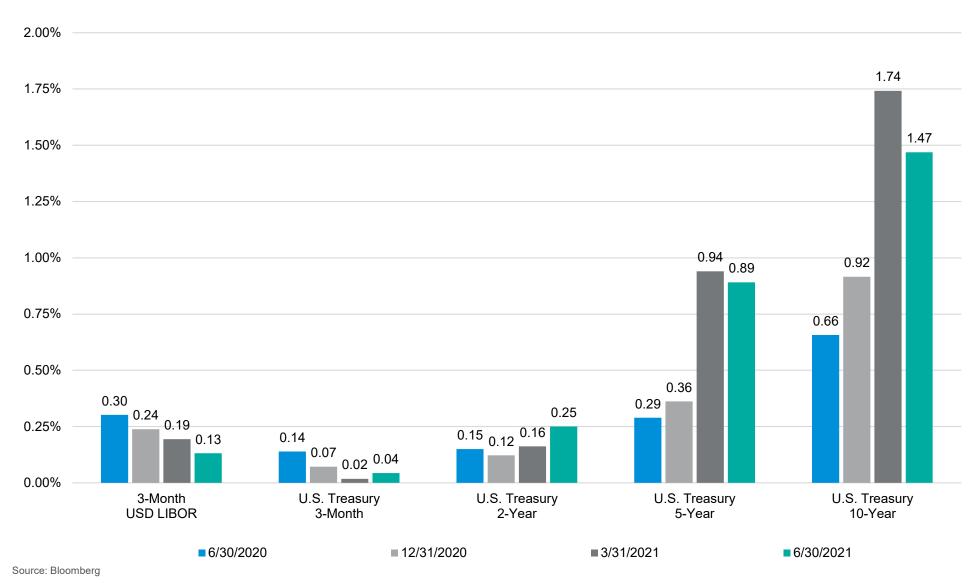

Rising wages, supply chain issues and higher commodity and raw material prices keep inflation elevated. Longer term, we feel a return to a low growth economy and changing demographics will keep inflation in check

#### International

Risks to a speedy global recovery grow as more transmittable variants emerge / spread. Most central banks globally remain accommodative, but some begin laying groundwork for policy tightening

### **End Notes**

#### **Explanatory Note**

The following information is relevant to an understanding of our assets under management ("AUM"). Our definitions may differ from those used by other companies.

Total Assets Under Management ("Total AUM") is comprised of GA AUM plus Institutional Client AUM (each, as defined below).

General Account AUM ("GA AUM") is used by MetLife to describe assets in its general account ("GA") investment portfolio which are actively managed and stated at estimated fair value. GA AUM is comprised of GA total investments and cash and cash equivalents, excluding policy loans, contractholder-directed equity securities, fair value option securities and certain other invested assets, as substantially all of these assets are not actively managed in MetLife's GA investment portfolio. Mortgage loans (including commercial, agricultural and residential) and real estate and real estate joint ventures included in GA AUM (at net asset value, net of deduction for encumbering debt) have been adjusted from carrying value to estimated fair value. Classification of GA AUM by sector is based on the nature and characteristics of the underlying investments which can vary from how they are classified under GAAP. Accordingly, the underlying investments within certain real estate and real estate joint ventures that are primarily commercial mortgage loans (at net asset value, net of deduction for encumbering debt) have been reclassified to exclude them from real estate equity and include them as commercial mortgage loans.

Institutional Client AUM is comprised of SA AUM plus TP AUM (each, as defined below). MIM manages Institutional Client AUM in accordance with client guidelines contained in each investment contract ("Mandates").

Separate Account AUM ("SA AUM") is comprised of separate account investment portfolios of MetLife insurance companies, which are managed by MetLife and included in MetLife, Inc.'s consolidated financial statements at estimated fair value.

**Third Party AUM** ("TP AUM") is comprised of non-proprietary assets managed by MetLife on behalf of unaffiliated/third party clients, which are stated at estimated fair value. Such non-proprietary assets are owned by unaffiliated/third-party clients and, accordingly, are not included in MetLife, Inc.'s consolidated financial statements.

Additional information about MetLife's general account investment portfolio is available in MetLife, Inc.'s quarterly financial materials for the quarter ended September 30, 2020, which may be accessed through MetLife's Investor Relations web page at https://investor.metlife.com.

2<sup>nd</sup> Quarter 2021

July 2021

Dear Client,

It's hard to believe that we are approaching over a year-and-a-half of living and working through the Covid-19 pandemic. Payden & Rygel celebrated its 37th year in business even while employees worked from home, with the same ownership and culture of collaboration we have always maintained. Our culture is based on the view that competition should be external and not internal, and this led to the most productive year for our clients and associates since the firm began in 1983.

As we assess the challenges that lay ahead for the remainder of 2021, we are entering a unique period in economic history, thus making predictions difficult. While spending on goods (e.g., autos, housing, and appliances) took off during the pandemic, spending on services remains below pre-pandemic levels. As the economy continues to reopen, we expect to see a moderation in spending on goods and increased spending on services.

When it comes to the labor market, the main concern seems to be a shortage of labor supply, not a lack of available jobs—a very different recovery compared to the post-2008 recovery. In addition, we expect to see labor force participation pick up, as more of the population becomes vaccinated, children return to school, and enhanced unemployment benefits expire.

Finally, we anticipate that supply bottlenecks driving inflation will wane toward the end of the year. The Federal Reserve believes that current price pressure will resolve itself as production bottlenecks abate over time. Because this inflation is expected to be transitory, we believe the Federal Reserve will maintain its accommodative stance and not begin to taper asset purchases before 2022. Outright hikes in the Fed policy rate may not occur until 2023. Such a scenario would bode well for bonds and stocks.

Your portfolio reflects a balance of these various factors, and we will continue to be vigilant for any changes that could materially affect the financial markets. We hope you and your family have weathered this period successfully—our very best wishes for continued health and safety. As a reminder, we are always here to answer any questions related to your portfolio should they arise.

Warmest regards,

Joan A. Payden

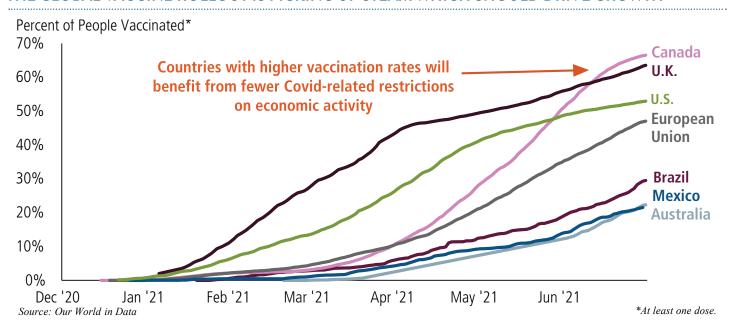

President & CEO

One of the biggest drivers of growth in the second quarter has been the successful rollout of vaccines. While Canada and the European Union got off to a slow start in the first quarter, they have successfully accelerated the pace of inoculations in the last three months. As vaccination rates increase, countries can safely lift restrictions, allowing for a fuller reopening of the economy. We expect to see the positive economic impact of vaccines reflected in the GDP data for Q2, especially in the leisure and hospitality sectors. We also expect to see the pace of inoculations in developing countries pick-up in the second half of the year.

#### THE GLOBAL VACCINE ROLLOUT IS PICKING UP STEAM WHICH SHOULD DRIVE GROWTH

Inflation remained a concern for investors in the second quarter. Fed Chair Powell addressed market participants' worries after the June Federal Open Market Committee meeting by referring to the case of lumber. Speculators had piled into the commodity recently, trying to take advantage of the short-term imbalance between low supply and booming demand from the housing sector and causing prices to reach all-time highs. Then, as supply began to catch up, those same speculators closed their positions, causing a price decline as dramatic as its increase. In Powell's words, the prices driving high inflation readings are due to "shortages and bottlenecks and the like" and should start to revert to normal, which "we did see in the case of lumber."

#### **MARKET THEMES**

The second quarter saw global growth pick-up spurred by widespread vaccinations, business re-openings, fiscal aid, and increased consumer spending. Economic resilience to the latest Covid-19 outbreaks supported upward revisions to growth forecasts against a backdrop of still-accommodative monetary policy and elevated commodity prices. In the U.S. attention shifted to inflationary pressures after May's record year-over-year core PCE print of 3.4% while the June FOMC meeting revealed the official opening of discussions on the tapering of bond purchases. The U.S. Treasury yield curve flattened with front-end yields higher and longer yields lower. Credit risk premiums declined across most asset classes enhancing positive returns for many fixed income sectors, and equities across the globe moved higher.

#### **STRATEGY**

- We continue to emphasize a balance between credit diversification and quality using corporates, asset-backed securities (ABS) and mortgage-backed securities (MBS), to maintain diversified sources of high-quality income.
- We utilized corporate issuance to optimize positioning and increased floating rate securities to generate portfolio income without extending duration.

#### **INTEREST RATES**

At the June FOMC meeting policy makers reiterated their commitment to keeping Fed Funds in the 0.00-0.25% range, opened discussions on the tapering of bond purchases, and moved forward the projection of at least one rate hike by year end 2022. The Fed also increased the interest rate on excess reserves and the overnight reverse repurchase facility by five basis points to alleviate negative-rate pressure in short-term funding markets.

- U.S. Treasury yields three years and shorter increased modestly over the quarter, with the two-year maturity higher 9 basis points to 0.25%. The slope between two- and five-year maturities flattened 14 basis points to finish the quarter at 64 basis points.
- One-month and three-month LIBOR yields declined slightly to 0.10% and 0.14%, respectively.
- A steep front end curve provides attractive future total return potential.

#### **SECTORS**

We remain overweight credit, which was the largest contributor toward alpha for the quarter. One-year to five-year U.S. corporate spreads tightened 15 basis points, closing at +49 basis points and the tightest on record, reflecting broad and robust corporate earnings and a strong economic outlook. ABS spreads compressed 6 basis points to November 2012 tights.

## Treasurer-Tax Collector's Pooled Investment Fund

#### Monthly Commentary

#### Rates Inched up While Shortages Pinched Growth

Investors continued to focus on inflation and its impact on values and shortages, while monetary policy dominated market news in June. Economic data continued to point to strong growth, but material and labor shortages pinched the growth of the manufacturing sector and small businesses. Savers, and the Treasurer - Tax Collector's Pooled Investment Fund (TPIF) welcomed the slight change in FED policy, as it drove front end rates slightly higher.

The latest survey on Manufacturing PMI released in June, indicated another strong month of growth in May, registering 61.2 for the 12th consecutive month of expansion in the U.S. But while the top line number is impressive, and customer demand remains high, supply problems are driving goods prices higher and pinching growth. The 'prices paid' component of the most recent ISM services report reached the second highest on record.

In addition to supply chain shortages, employers are now finding it difficult to find new employees. In the latest National Federation of Independent Business (NFIB) report, nearly half of small business owners had open positions they were unable to fill. The JOLTS Job Openings number best incapsulates the challenge. The June number printed at 9.28 Mn, which was stronger than the previous level of 8.1Mn. Companies are bumping up wages to try to attract employees.

Real estate continues to boom. Riverside County's housing market is a prime example, with the most recent data showing median single-family home prices up 22.6% year over year!

CPI Ex Food and Energy YoY increased to 3.8% from the previous level of 3.0% and was above market expectations. The FED's view of the increase in inflation is that it is transitory and continues to view inflation "anchored at its 2% average for the long-term"

The FED slightly adjusted its monetary policy and economic outlook, which caused short-term treasury rates to rise. On June 16, 2021 the FOMC increased the rate paid on excess reserve balances to 0.15% and the overnight reverse repurchase agreement rate to 0.05%. The FED's economic outlook also improved as re-

flected by the FED's Summary of Economic Projections (DOT PLOT) released on June 16, 2021.

The DOT PLOT view of the economy and interest rate outlook improved. The GDP consensus for 2021 increased from 6.5% to 7.0%. The number of FED voting members who see a rate hike in 2022 and 2023 increased significantly. Yet, the FOMC voted to keep FED Funds rate at the target range of 0.00% to 0.25%. The FOMC also made no changes to its monthly purchases of \$80 billion of agency mortgage-backed securities and \$40 billion of treasury securities.

In fixed income markets, the 3-month Treasury Bill yield increased from 0.0076% to 0.046% during the month; and the 5-Year Treasury Note increased from 0.80% to 0.89%. Stocks languished, with the Dow Jones Industrial Average beginning the month at 34,600 and ending at 34,600.

RIVERSIDE COUNTY TRANSPORTATION COMMISSION							
DATE:	October 13, 2021						
TO:	Riverside County Transportation Commission						
FROM:	Budget and Implementation Committee Michele Cisneros, Deputy Director of Finance						
THROUGH:	Anne Mayer, Executive Director						
SUBJECT:	Quarterly Financial Statements						

#### **BUDGET AND IMPLEMENTATION COMMITTEE AND STAFF RECOMMENDATION:**

This item is for the Commission to:

- 1) Receive and file the Quarterly Financial Statements for the 12 months ended June 30, 2021; and
- 2) Approve a budget adjustment of \$14,593,400 to increase the Measure A local streets and roads turnback payments to the local jurisdictions through June 2021.

#### **BACKGROUND INFORMATION:**

During the fiscal year, staff monitored the revenues and expenditures/expenses for the Commission. The attached preliminary financial statements present the revenues and expenditures/expenses for the Fiscal Year (FY) 2020/21. Many accrual adjustments for revenues and expenditures/expenses have been made for the year ended June 30, 2021, and are reflected in these financial statements; however, staff will continue to make year-end accrual adjustments depending upon materiality through the completion of the audit in October 2021.

The operating statement shows the Measure A, Local Transportation Fund (LTF) State Transit Assistance (STA), and State of Good Repair (SGR) sales tax revenues for the fourth quarter at 120 percent of the budget. The Governmental Accounting Standards Board (GASB) Statement No. 33, Accounting and Financial Reporting for nonexchange Transactions. GASB Statement No. 33 requires sales tax revenues to be accrued for the period in which they are collected at the point of destination or sale, as applicable. The California Department of Tax and Fee Administration (CDTFA) collects the sales tax funds and remits these funds to the Commission after the reporting period for the businesses. This creates a two-month lag in the receipt of Measure A and LTF revenues by the Commission. Accordingly, these financial statements reflect the Measure A and LTF revenues related to collections through June 2021.

Measure A and LTF revenues of approximately \$366 million through June 2021 exceeded the budget by 24 percent, primarily as a result of higher actual revenues that have greatly exceeded the revised revenue projections approved by the Commission in April. Additionally, STA revenues

of \$23.6 million, including SGR through the fourth quarter of 2021, is lower than the budget by 18 percent. Staff will continue to monitor the trends in the sales taxes and report to the Commission any necessary adjustments in revenue projections.

Federal, state, and local reimbursements are generally on a reimbursement basis. The Commission receives these revenues as eligible project costs are incurred and invoiced to the respective agencies. Significant federal and state reimbursements are related to 15/91 Express Lanes Connector project; Interstate (I) 15 Express Lanes project, including the I-15 Express Lanes Southern Extension; 91 Corridor Operations Project; Mid County Parkway project; Pachappa Underpass project; State Route (SR) 60 Truck Lanes project; Senate Bill (SB) 132 funded local jurisdiction projects; Perris Valley Line operations; rail state of good repair projects; Riverside Layover Facility; Riverside Track and Platform; and other station improvements. The following is an analysis of federal and state reimbursements reflected in this quarterly report:

Staff will continue to prepare year-end reimbursement accrual adjustments in connection with the year-end closing and audit process.

During the FY 2020/21 budget process, the Commission conservatively estimated Transportation Uniform Mitigation Fee (TUMF) revenues of \$11 million passed through from Western Riverside Council of Governments (WRCOG) and a project reimbursement of \$4.5 million. The Commission has received TUMF revenues through May 2021 and estimated an accrual for June 2021 for an

approximate total of \$27.8 million. Actual TUMF reimbursements approximated \$471,400. The Commission expects to receive the June 2021 revenues by the end of the first quarter of 2022.

During the FY 2020/21 budget process, the Commission conservatively budgeted RCTC 91 Express Lanes and 15 Express Lanes toll revenues and non-toll revenues comprised of toll violations and fee revenues at \$37.3 million and \$5.1 million, respectively. In January 2021, the Commission approved a \$10.7 million mid-year budget adjustment to reduce toll revenues and non-toll revenues due to the delayed opening of the 15 Express Lanes. The operating statement shows the toll revenues at 157 percent of the revised budget and non-toll revenues at 216 percent. For the fiscal year ended June 30, 2021, the RCTC 91 Express Lanes toll revenues and non-toll revenues are at 156 percent and 230 percent, respectively, of the revised budget and the 15 Express Lanes toll revenues and non-toll revenues are at 162 percent and 129 percent, respectively, of the revised budget. Staff will continue to monitor toll transactions.

Other revenues primarily related to property management lease revenues are at 280 percent of the \$549,100 budget; investment income through the fourth quarter is 134 percent of the budget.

Gain on sale of land is recorded as part of the RCTC 91 Express Lanes Enterprise Fund accounting records and reflects the gain on sale of excess land purchased for the 91 Project. Gain on sale of land is not a budget-related item and, therefore, is not included in the FY 2020/21 budget.

The expenditures/expenses and other financing sources/uses categories are in line overall with the expectations of the budget with the following exceptions:

- Salaries and benefits are under budget primarily due to unfilled budget positions, including the regional conservation positions related to the Implementation and Management Services Agreement between the Commission and the Western Riverside County Regional Conservation Authority effective January 1, 2021;
- Professional services are under budget primarily due to unused budget authority for rail
  operations and development activities, highway general legal and professional services,
  toll operations general legal and professional services, administrative professional
  services, and finance auditing and professional services;
- Support costs are under budget due to unused budget authority for administrative activities, rail operations and development activities, regional program and commuter assistance advertising, and toll operations;
- Program operations are under budget due to unused budget authority for the toll operations, motorist and commuter assistance program operations, highway and rail program management, and station security;
- The status of significant Commission capital projects (engineering, construction, design-build, and right of way/land) with budget amounts exceeding \$5 million is discussed in the attachment;

- Operating and capital disbursements are made as claims are submitted to the Commission by transit operators. FY 2020/21 claims were lower due to the operators' use of available federal funding related to COVID-19 relief legislation;
- Special studies unused budget authority is related to feasibility studies;
- Local streets and roads expenditures are related to Measure A sales tax revenues. These
  financial statements reflect the turnback payments through June 2021. Local streets and
  roads expenditures are higher than the budget due to the higher than anticipated
  Measure A sales tax receipts received resulting from the unexpected magnitude of online
  sales during COVID-19 pandemic. Staff is requesting a budget adjustment of \$14,593,400;
- Regional arterial expenditures primarily represent expenditures for highways and regional arterial program administered by Coachella Valley Association of Governments (CVAG). CVAG requests reimbursements from the Commission based on available funds and sufficient budget authority;
- Debt service principal payments are made annually on June 1, while debt service interest payments are made semiannually on December 1 and June 1. On a quarterly basis in the RCTC 91 Express Lanes Enterprise Fund Accounting records, the Commission records accrued interest including compounded interest on the 91 Project Transportation Infrastructure Finance and Innovation Act (TIFIA) loan and accreted interest on the 2013 Toll Revenue Bonds, Series B (capital appreciation). However, \$22.6 million of the \$71.7 million interest costs through the fourth quarter will not be paid in the current year and therefore is not included in the FY 2020/21 budget. The unbudgeted difference of \$941,000 is related to the quarterly accrued interest including compounded interest on the 15 Express Lanes TIFIA loan;
- Capital outlay expenditures are under budget due to unused budget authority for office and property improvements for station rehabilitation; toll operations transponders; and Commission office, network, hardware, and software improvements;
- Depreciation is recorded as part of the accrual adjustments in the RCTC 91 Express Lanes and 15 Express Lanes Enterprise Funds accounting records; however, such depreciation is not paid and therefore is not included in the FY 2020/21 budget;
- The Commission entered into a loan agreement with the U.S. Department of Transportation for a \$152.5 million TIFIA loan to pay eligible I-15 Express Lanes project costs. Proceeds of the TIFIA loan may be drawn upon after certain conditions have been met. Through the fourth quarter, the Commission drew down \$21.6 million in TIFIA loan proceeds, for a cumulative inception to date total in TIFIA loan proceeds of \$147.9 million. Beginning with the fourth quarter of FY 2020/21, draws upon the TIFIA loan are recorded as a liability in the 15 Express Lanes Enterprise Fund accounting records. Therefore, \$5.9 million of TIFIA loan proceeds is not reflected on the attached operating statement. During construction of the I-15 Express Lanes project and for a period of up to five years following substantial completion, interest is compounded and added to the TIFIA loan. TIFIA debt service payments are expected to commence in December 2025, which is approximately five years after substantial completion of the I-15 Express Lanes project, through 2055; and

• The difference between transfers out and transfers in of \$147 million is related to the transfer of TIFIA loan debt from the government-wide accounting records that are not reported on the attached operating statement. At substantial completion and the opening of the 15 Express lanes, the TIFIA loan debt was transferred from the government-wide accounting records to the 15 Express Lanes Enterprise Fund.

91 Project (P003028) The project connects with Orange County Transportation Authority' tolled express lanes at the Orange County/Riverside County line an continues approximately eight miles to the Interstate (I)-15/Stat Route (SR)-91 interchange. The project involves widenin pavement on the outside of the existing highway to repositio general purpose lanes and repurposing the existing high occupancy vehicle lanes to accommodate two-tolled express lanes in the median in each direction. The 91 Project also involves constructing one new general-purpose lane in each direction from SR-71 to I-15 ultimately providing two-tolled express lanes and five general purpose lanes in each direction. 91 Project development activities began in September 2007, construction work related to roadway and structures began in July 2014, and the toll lanes opened in Marca 2017. The total cost of the 91 Project is estimated at \$1.4 billior including capitalized interest, debt service reserves, contingency and cost of issuance. I-15 Express Lanes project (P003027) The project will generally add two tolled express lanes in each direction from SR-60 to Cajalco Road in Corona. Project development activities began in April 2008, and lanes are expected to open to traffic in Spring 2021. The total project cost is estimated at \$472 million, which includes \$42 million of contingency. 15/91 Express Lanes Connector (P003039) The 15/91 Express Lane Connector (ELC) project constructs an express lanes median direct connector from southbound I-15 to westbound SR-91 and from eastbound SR-91 to northbound I-15 in the city of Corona. The project also adds tolled express lanes in each direction of I-15 from the 15/91 ELC to Hidden Valley Parkway; adds a tolled express lane in each direction of SR-91 from east of Lincoln Avenue to the 15/91 ELC; extends the tolled express lane along eastbound SR-91 from I-15 to west of Promenade Avenue; and extends an eastbound auxiliary lane along SR-91 from west of I-15 to west of Promenade Avenue. The project also includes the addition of a toll collection system infrastructure along I-15 and SR-91. The estimated project cost is \$270 million and the project is partially funded by state funds allocated under Senate Bill (SB) 132 legislation. The connector is expected to open to traffic in 2023. <i>The FY 2020/21 budget amount is \$51,620,000</i> .	51,620,000	46,937,687	The under run of the FY 2020/21 budget at the fourth quarter is due to under runs in the PCM contract (\$1.2 million), the BNSF temporary construction license (\$0.8 million), environmental mitigation permits (\$0.4 million), Caltrans support (\$0.3 million), and unused contingency (\$2.0 million).
I-15 Express Lanes Southern Extension (P003044) The project will add express lanes between SR-74 and Cajalco Road. The estimated project cost is \$544 million with the Project Approval and Environmental Document (PA/ED) phase of work funded by federal Congestion Mitigation and Air Quality (CMAQ) funds and Measure A. Mid County Parkway (MCP) (P002302, P612302, P002320, & P002317)  The environmental document for a new corridor from I-215 to SR-79 was approved in April 2015. The first design package is under construction. Construction of this new facility will be completed over many years as funding becomes available; the total project cost is estimated at \$1.3 to \$2.1 billion. Pachappa Underpass project (P003038) The project will remove the Pachappa shoofly structure and associated retaining walls and construct a retaining wall, drainage, and track bed for the permanent Pachappa underpass. Track relocation will be performed by Union Pacific Railroad (UPRR). The project construction cost is estimated at \$16 million. The FY 2020/21 budget amount is \$14,343,100.	14,343,100	5,910,935	The under run of the FY 2020/21 budget at the fourth quarter is due to additional time required for UPRR, pushing expenditures into the next fiscal year for construction (\$4.1 million) and construction management (\$1.1 million), as well as the UPRR budget that was anticipated, but instead was directly handled by Caltrans to cover UPRR construction support services (\$3.1 million).
SR-60 Truck Lanes (P003029) The project will construct eastbound climbing and westbound descending truck lanes from Gilman Springs Road to west of Jack Rabbit trail and upgrade existing shoulders to standard widths. The estimated project cost is \$138 million and the project is funded by CMAQ, State Transportation Improvement Program/Regional Improvement Program, State Highway Operation and Protection Program, and 2009 Measure A highway funds. The FY 2020/21 budget amount is \$43,565,700.	43,565,700	34,962,839	The under run of the FY 2020/21 budget at the fourth quarter is due to an under run in construction (\$4.8 million) and unused contingency (\$3.8 million).

Project Description	FY 2020/21 through 4 <sup>th</sup> Quarter Budget	Expenditures through 4 <sup>th</sup> Quarter Actuals	Project Status		
71/91 Connector Project (P003021)  The project includes ROW acquisition, utility relocation, and environmental revalidation work for improvements to the 71/91 connector. The estimated project cost is \$118 million. The FY 2020/21 budget amount is \$5,055,700.	5,055,700	1,698,589	The under run of the FY 2020/21 budget at the fourth quarter is due to anticipated additional requirements from the US Army Corps of Engineers and BNSF that did not occur (\$1.7 million) and land acquisition that was planned but did not occur (\$1.6 million).		
I-15/Railroad Canyon Interchange (P005104)  The project is to relieve congestion by improving traffic operations through improvements of the Railroad Canyon Road interchange and correction of the merging/diverging freeway and ramp movements. The estimated project cost is \$51 million and the project is funded by TUMF Regional Arterial, SB-1 LPP-C, STIP/RIP, and city of Lake Elsinore contribution. The FY 2020/21 budget amount is \$26,952,500.	26,952,500	24,435,309	The under run of the FY 2020/21 budget at the fourth quarter is due to an under run in construction management (\$1.4 million) and unused contingency (\$0.9 million).		
Riverside Layover Facility (P653822) The project includes increased capacity and maintenance service improvements to Metrolink's West Layover Facility, north of the Riverside Downtown station. The improvements include expansion of the facility to accommodate three storage tracks with an overall storage capacity of three 6-train sets. The project is funded by Federal Transit Administration Section 5307. The FY 2020/21 budget amount is \$9,723,600.	\$9,723,600	\$5,246,277	The under run of the FY 2020/21 budget at the fourth quarter is due to construction (\$0.4 million) and unused contingency in construction support services (\$4.1 million).		

This list discusses the significant capital projects (i.e., total budgeted costs in excess of \$5 million) and related status. Capital project expenditures are generally affected by lags in invoices submitted by contractors and consultants, as well as issues encountered during certain phases of the projects. The capital projects budgets tend to be based on aggressive project schedules.

- 3) Authorize the Executive Director, or designee, to execute task orders awarded to the consultants under the terms of the agreements.

#### **BACKGROUND INFORMATION:**

The Commission has a need for the provision of comprehensive on-call professional services for design engineering and environmental services for commuter rail and station capital improvement projects. For large or unusual projects the Commission procures design engineering and environmental services as the need for services arises. An on-call design engineering and environmental services contract provides a more streamlined process since formal solicitation, selection, and negotiation of basic rates and contracting are completed as part of the on-call procurement process.

The intention of this procurement is to provide the Commission with comprehensive on-call professional design engineering and environmental services for a variety of Commission

commuter rail and station capital improvement projects such as the Perris Valley Line - South Perris station improvement project and future station upgrades projects. Design engineering and environmental services will be primarily funded with various Federal Transit Administration (FTA) grants in addition to other local, state, and federal sources.

#### **Procurement Process**

Pursuant to Government Code 4525 et seq, selection of architect, engineer, and related services shall be on the basis of demonstrated competence and on professional qualifications necessary for the satisfactory performance of the services required. Therefore, staff used the qualification method of selection for the procurement. Evaluation criteria included elements such as qualifications of firm, staffing and project organization, project understanding and approach, and the ability to respond to the requirements set forth under the terms of a request for qualifications (RFQ).

RFQ No. 21-33-064-00 for on-call design engineering and environmental services for the construction of commuter rail and station capital improvement projects was released by staff on May 6, 2021. The RFQ was posted on the Commission's Planet Bids website, which is accessible through the Commission's website. Through Planet Bids, 118 firms downloaded the RFQ; 12 of these firms are located in Riverside County. A pre-submittal meeting was held on May 19, 2021 and attended by 24 firms. Staff responded to all questions submitted by potential proposers prior to the May 27, 2021, clarification deadline. Eight firms – Dewberry Engineers Inc. (Long Beach); EXP U.S. Services, Inc. (San Bernardino); HDR Engineering, Inc. (Riverside); HNTB Corporation (Ontario); Moffatt and Nichol (Ontario); Mott MacDonald (Los Angeles); RailPros, Inc. (Riverside); and STV Incorporated (Rancho Cucamonga) – submitted responsive and responsible statements of qualifications prior to the 2:00 p.m. submittal deadline on June 17, 2021. Based on the evaluation criteria set forth in the RFQ, the firms were evaluated and scored by an evaluation committee comprised of Commission, Bechtel and Metrolink staff.

Based on the evaluation committee's assessment of the written proposals and pursuant to the terms of the RFP, the evaluation committee shortlisted and invited six firms to the interview phase of the evaluation and selection process. Interviews of the shortlisted firms - HDR Engineering, Inc., HNTB Corporation, Moffatt and Nichol, Mott MacDonald, RailPros, Inc., and STV Incorporated – were conducted on July 13, 2021.

As a result of the evaluation committee's assessment of the interviews as well as the written statements of qualifications, the evaluation committee determined four firms – HDR Engineering, Inc., Moffatt and Nichol, RailPros, Inc., and STV Incorporated – to be the most qualified firms to provide on-call design engineering and environmental services for the construction of commuter rail and station capital improvement projects. The evaluation committee recommends contract awards to these four firms for a three-year term, and one, two-year option to extend the agreements, in the aggregate amount of \$10 million, as these firms earned the highest total evaluation scores.

The multiple award, on-call, indefinite delivery/indefinite quantity task order type contracts do not guarantee work to any of the awardees; therefore, no funds are guaranteed to any consultant. Pre-qualified consultants will be selected for specific tasks based on qualification information contained in their proposals and/or competitive fee proposals for the specific tasks. Services will be provided through the Commission's issuance of contract task orders to the consultants on an as-needed basis.

The Commission's model on-call professional services agreement will be entered into with each consultant firm, subject to any changes approved by the Executive Director, pursuant to legal counsel review. Staff oversight of the contracts and task orders will maximize the effectiveness of the consultants and minimize costs to the Commission.

#### **FISCAL IMPACT:**

Staff does not anticipate any expenditures under these agreements in FY 2021/22, and no amounts for projects were included in the FY 2021/22 budget.

G. Commission desires to engage Consultant to render such services on an on-call basis. Services shall be ordered by Task Order(s) to be issued pursuant to this Agreement for future projects as set forth herein and in each Task Order (each such project shall be designated a "Project" under this Agreement).

#### Terms.

- 1. <u>General Scope of Services</u>. Consultant shall furnish all technical and professional services, including labor, material, equipment, transportation, supervision and expertise, and incidental and customary work necessary to fully and adequately supply the on-call design engineering and environmental services for the Projects ("Services"). The Services are generally described in Exhibit "A" attached hereto and incorporated herein by reference. The Services shall be more particularly described in the individual Task Orders issued by the Commission's Executive Director or designee. No Services shall be performed unless authorized by a fully executed Task Order. All Services shall be subject to, and performed in accordance with, this Agreement, the relevant Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.
- 2. <u>Task Orders; Commencement of Services; Schedule of Services</u>. Services under this Agreement shall be requested by the Commission pursuant to Task Order requests. If Commission accepts Consultant's Task Order proposal, Commission shall issue a purchase order or executed task order for the Services ("Commission's Task Order Authorization"). Consultant's agreement to the final terms of a proposed Task Order, Commission's Task Order Authorization and Consultant's commencement of the Services shall indicate the Parties' agreement to the terms of the relevant Task Order.

Consultant shall commence Services under a Task Order within five (5) days of receiving Commission's Task Order Authorization.

Consultant shall perform the Services expeditiously, in accordance with the Schedule of Services set forth in a Task Order. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, Commission shall respond to Consultant's submittals in a timely manner. Upon request of the Commission, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3. <u>Pre-Award Audit</u>. As a result of the funding for this Project, and to the extent Caltrans procedures apply in connection therewith, issuance of a "Notice to Proceed" or

other authorization to proceed under a Task Order may be contingent upon completion and approval of a pre-award audit. Any questions raised during the pre-award audit shall be resolved before the Commission will consider approval of this Agreement. The funding provided under this Agreement is contingent on meeting all funding requirements and could be withdrawn, thereby entitling the Commission to terminate this Agreement, if the procedures are not completed. The Consultant's files shall be maintained in a manner to facilitate State process reviews. In addition, Caltrans may require that prior to performance of any work for which funding reimbursement through Caltrans is requested and provided, that Caltrans must give to Commission an "Authorization to Proceed".

#### Audit Procedures.

4.1 Consultant and certain subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an Independent Cost Review (ICR) Audit, or a CPA ICR audit work paper review. If selected for audit or review, this Agreement, Consultant's cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into this Agreement by this reference if directed by Commission at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of the Agreement terms and cause for termination of this Agreement and disallowance of prior reimbursed costs. Additional audit provisions applicable to this Agreement are set forth in Sections 22 and 23 of this Agreement.

Section 4.2 and 4.3 shall apply to the extent applicable to the Task Order and funding source.

4.2 During any Caltrans' review of the ICR audit work papers created by the Consultant's independent CPA, Caltrans will work with the CPA and/or Consultant toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

Accepted rates will be as follows:

- a. If the proposed rate is less than one hundred fifty percent (150%) the accepted rate reimbursed will be ninety percent (90%) of the proposed rate.
- b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) the accepted rate will be eighty-five percent (85%) of the proposed rate.
- c. If the proposed rate is greater than two hundred percent (200%) the accepted rate will be seventy-five percent (75%) of the proposed rate.
- 4.3 If Caltrans is unable to issue a cognizant letter per Section 4.2 above, Caltrans may require Consultant to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the Caltrans' management letter. Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

Consultant may submit to Commission final invoice only when all of the following items have occurred: (1) Caltrans accepts or adjusts the original or revised independent CPA audited ICR, (2) all work under this Agreement has been completed to the satisfaction of Commission; and, (3) Caltrans has issued its final ICR review letter. The Consultant must submit its final invoice to Commission no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this Agreement and all Task Orders issued under this Agreement, and all other agreements executed between the Commission and the Consultant, either as a prime or subconsultant, with the same fiscal period ICR.

Failure of Consultant to provide such timely notice shall constitute a waiver by Consultant of any right to an excusable delay in time of performance.
- 12.3 <u>Mutual Agreement</u>. Performance of any Services under this Agreement may be delayed upon mutual agreement of the Parties. Upon such agreement, Consultant's Schedule of Services shall be extended as necessary by the Commission. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for the Consultant's personnel services under this Agreement.
- 16.3 Services of the Consultant's personnel and other support staff in connection with Contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this Agreement in order to finally resolve the claims.
- 16.4 Nothing contained in this Section shall be construed to in any way limit Consultant's indemnification obligations contained in Section 29. In the case of any conflict between this Section and Section 29, Section 29 shall govern. This Section is not intended to obligate the Commission to reimburse Consultant for time spent by its personnel related to Contractor claims for which Consultant is required to indemnify and defend the Commission pursuant to Section 29 of this Agreement.
- 17. <u>Final Acceptance</u>. Upon determination by the Commission that Consultant has satisfactorily completed the Services required under this Agreement and within the term set forth herein the Commission shall give Consultant a written Notice of Final Acceptance. Upon receipt of such notice, Consultant shall incur no further costs hereunder, unless otherwise specified in the Notice of Final Acceptance. Consultant may request issuance of a Notice of Final Acceptance when, in its opinion, it has satisfactorily completed all Services required under the terms of this Agreement. In the event

copyrights are permitted under this Agreement, then in connection with Federal funding, it is hereby acknowledged and agreed that the United States Department of Transportation shall have the royalty-free non-exclusive and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

#### 19. Fees and Payment.

19.1 The method of payment for this Agreement will be based on actual cost plus a fixed fee. Commission shall reimburse Consultant for actual costs (including labor costs, employee benefits, travel, equipment rental costs, overhead and other direct costs) incurred by Consultant in performance of the Services. Consultant shall not be reimbursed for actual costs that exceed the estimated wage rates, employee benefits, travel, equipment rental, overhead, and other estimated costs set forth in the approved Consultant cost proposal attached hereto as Exhibit "B" and incorporated herein by reference, or any cost proposal included as part of a Task Order ("Cost Proposal") unless additional reimbursement is provided for by written amendment. In no event, shall Consultant be reimbursed for overhead costs at a rate that exceeds Commission's approved overhead rate set forth in the Cost Proposal. To the extent legally permissible, Consultant's approved overhead rate shall be fixed for the term of this Agreement. In the event that Commission determines that a change to the Services from that specified in the Cost Proposal, this Agreement or any Task Order is required, the Agreement time or actual costs reimbursable by Commission shall be adjusted by written amendment to accommodate the changed work. The maximum total cost as specified in Section 19.8 shall not be exceeded, unless authorized by a written amendment.

- 19.2 In addition to the allowable incurred costs, Commission shall pay Consultant a fixed fee to be set forth in each Task Order ("Fixed Fee"). The Fixed Fee is nonadjustable for each Task Order, except in the event of a significant change in the Scope of Services, and such adjustment is made by written amendment.
- 19.3 Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal. In addition, payments to Consultant for travel and subsistence expenses claimed for reimbursement or applied as local match credit shall not exceed rates authorized to be paid exempt non-represented State employees under current State Department of Personnel Administration (DPA) rules, unless otherwise authorized by Commission. If the rates invoiced are in excess of those authorized DPA rates, and Commission has not otherwise approved said rates, then Consultant is responsible for the cost difference and any overpayments shall be reimbursed to the Commission on demand.
- 19.4 When milestone cost estimates are included in the approved Cost Proposal for a Task Order, Consultant shall obtain prior written approval for a revised milestone cost estimate from the Contract Administrator before exceeding such cost estimate.
- 19.5 Progress payments shall be made monthly in arrears based on Services provided and allowable incurred costs. A pro rata portion of the Fixed Fee shall be included in the monthly progress payments. If Consultant fails to submit the required deliverable items according to the schedule set forth in the Scope of Services, Commission shall have the right to delay payment or terminate this Agreement in accordance with the provisions of Section 21, Termination.
- 19.6 No payment shall be made prior to approval of any Services, nor for any Services performed prior to approval of this Agreement.

Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing. Invoices shall detail the work performed on each milestone and each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number and project title. Final invoice must contain the final cost and all credits due Commission including any equipment purchased under the Equipment Purchase provisions of this Agreement. The final invoice should be submitted within 60 calendar days after completion of Consultant's work. Invoices shall be mailed to Commission's Contract Administrator at the following address:

Riverside County Transportation Commission Attention: Accounts Payable P.O. 12008 Riverside, CA 92502

- 19.8 The total amount payable by Commission, including the Fixed Fee, shall not exceed the amount set forth in each Task Order.
- 19.9 Commission has or will enter into four (4) task order contracts for performance of the Scope of Services identified in Exhibit "A", including this Agreement ("Design & Environmental Services Task Order Contracts"). The other Design & Environmental Services Task Order Contracts are Moffatt and Nichol; STV Incorporated and RailPros, Inc. The total amount payable by Commission for the Design & Environmental Services Task Order Contracts shall not exceed a cumulative maximum total value of Ten Million Dollars (\$10,000,000) ("NTE Sum"). It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under the Design & Environmental Services Task Order Contracts through Task Orders. Each time a Task Order is awarded under any of the Design & Environmental Services Task Order Contracts, Commission must send written notification to Consultant and each of the other consultants entering into the Design & Environmental Services Task Order Contracts. The notice must identify the total funds allocated under issued Task Orders, and the remaining unencumbered amount of the NTE Sum. Consultant acknowledges and agrees that Commission must not pay any amount under this Agreement that would exceed the NTE Sum, and Consultant must not enter into a Task Order that exceeds the NTE Sum.
- 19.10 Salary increases shall be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by Commission's Contract Administrator. For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.
- 19.11 Consultant shall not be reimbursed for any expenses unless authorized in writing by the Commission's Contract Administrator.
- 19.12 All subcontracts in excess of \$25,000 shall contain the above provisions.

#### 20. Disputes.

- 20.1 Any dispute, other than audit, concerning a question of fact arising under this Agreement that is not disposed of by mutual agreement of the Parties shall be decided by a committee consisting of RCTC's Contract Administrator and the Director of Capital Projects, who may consider written or verbal information submitted by Consultant.
- 20.2 Not later than 30 days after completion of all Services under this Agreement, Consultant may request review by the Commission's Executive Director of unresolved claims or disputes, other than audit. The request for review will be submitted in writing.

20.3 Neither the pendency of a dispute, nor its consideration by the committee will excuse Consultant from full and timely performance in accordance with the terms of this Agreement.

#### 21. Termination.

# 6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

- 1. Ensure nondiscrimination in the award and administration of DQT-assisted contracts;
- 2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
- 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
- 4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
- 5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
- 6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
- 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.
- C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit to

Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

- E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its "DBE Race-Neutral Participation Listing" submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.
- F. DBE Certification Status: If a listed DBE subconsultant is decertified during the life of this Agreement, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a non-DBE subconsultant becomes a certified DBE during the life of this Agreement, the DBE subconsultant shall notify Consultant in writing with the date of certification. Consultant shall furnish the written documentation to Commission in a timely manner. Consultant shall include this requirement in all subcontracts.
- G. Consultant's Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Consultant shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Consultant shall affirm that they will consider, and utilize subconsultants and vendors, in a manner consistent with non-discrimination objectives.
- H. Violations: Failure by the selected Consultant(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Consultant from future bidding as non-responsible. 49 C.F.R. § 26.13(b).
- I. Prompt Payment: Consultant shall pay its subconsultants for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Consultant. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.
- J. Compliance with DBE Requirements Contained in FTA Provisions: Consultant shall comply with all DBE reporting and other requirements contained in this Agreement.

# 7. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any RCTC requests which would cause RCTC to be in violation of the FTA terms and conditions.

### 8. Debarment and Suspension.

The Consultant agrees to the following:

- (1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.
- (2) It will not enter into any "covered transaction" (as that phrase is defined at 2 CFR §§ 180.220 and 1200.220) with any subconsultant whose principal is, suspended, debarred, or otherwise excluded from participating in covered transactions, except as authorized by— (i) U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200; (ii) U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180; and (iii) Other applicable federal laws, regulations, or requirements regarding participation with debarred or suspended recipients or third party participants.
- (3) It will review the U.S. GSA "System for Award Management Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs," if required by U.S. DOT regulations, 2 CFR Part 1200.

# 10. Fly America

To the extent applicable to the Services, the Consultant agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and sub recipients of Federal funds and their consultants are required to use U.S. Flag air carriers for U.S. Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Consultant shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide

a certificate of compliance with the Fly America requirements. The Consultant agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

# 11. Cargo Preference - Use of United States-Flag Vessels

To the extent applicable to the Services, the Consultant agrees:

- 1. To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;

- C. Contact Work Hours and Safety Standards Act (40 U.S.C. 327–333) —Not applicable.

#### D. Release of Retainage

No retainage will be withheld by the RCTC from progress payments due Consultant. Retainage by Consultant or subconsultants is prohibited, and no retainage will be held by the prime consultant from progress due subconsultants. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise

available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

#### 13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant's proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

# 14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the

Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.

- e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens of claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.
- f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.
- g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.
- h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

# 16. Disputes

- a. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.
- b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.
- c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy

Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

# PROFESSIONAL SERVICES AGREEMENT WITH FTA AND PROPOSITION 1B FUNDING ASSISTANCE

# RIVERSIDE COUNTY TRANSPORTATION COMMISSION AGREEMENT WITH MOFFATT & NICHOL FOR ON-CALL DESIGN ENGINEERING AND ENVIRONMENTAL SERVICES FOR THE CONSTRUCTION OF COMMUTER RAIL STATION CAPITAL IMPROVEMENT PROJECTS

#### Parties and Date.

This Agreement is made and entered into this \_\_\_\_ day of \_\_\_\_\_, 2021, by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION ("the Commission") and **Moffatt & Nichol** ("Consultant"), a **Corporation**. The Commission and Consultant are sometimes referred to herein individually as "Party", and collectively as the "Parties".

#### Recitals.

- A. On November 8, 1988 the Voters of Riverside County approved Measure A authorizing the collection of a one-half percent (1/2 %) retail transactions and use tax (the "tax") to fund transportation programs and improvements within the County of Riverside, and adopting the Riverside County Transportation Improvement Plan (the "Plan").
- B. Pursuant to Public Utility Code Sections 240000 <u>et seq.</u>, the Commission is authorized to allocate the proceeds of the Tax in furtherance of the Plan.
- C. On November 5, 2002, the voters of Riverside County approved an extension of the Measure A tax for an additional thirty (30) years for the continued funding of transportation and improvements within the County of Riverside.
- D. A source of funding for payment for on-call professional consulting services provided under this Agreement may be Proposition 1B funds ("Prop 1B") funds administered by the California Department of Transportation ("Caltrans"), and/or funds from the Federal Transit Administration ("FTA"). This Agreement shall not be deemed to be approved by the Commission until the certification shown in Exhibit "E" attached hereto and incorporated herein by reference, is executed.
- E. Consultant desires to perform and assume responsibility for the provision of certain on-call design engineering and environmental services for the construction of

commuter rail station capital improvement projects in the County of Riverside, California. Services shall be provided on the terms and conditions set forth in this Agreement and in the task order(s) to be solicited, awarded and authorized by Commission as further described in this Agreement ("Task Order"). Consultant represents that it is experienced in providing such services to public clients, is licensed in the State of California (if necessary), and is familiar with the plans of the Commission.

G. Commission desires to engage Consultant to render such services on an on-call basis. Services shall be ordered by Task Order(s) to be issued pursuant to this Agreement for future projects as set forth herein and in each Task Order (each such project shall be designated a "Project" under this Agreement).

#### Terms.

- 1. General Scope of Services. Consultant shall furnish all technical and professional services, including labor, material, equipment, transportation, supervision and expertise, and incidental and customary work necessary to fully and adequately supply the on-call design engineering and environmental services for the Projects ("Services"). The Services are generally described in Exhibit "A" attached hereto and incorporated herein by reference. The Services shall be more particularly described in the individual Task Orders issued by the Commission's Executive Director or designee. No Services shall be performed unless authorized by a fully executed Task Order. All Services shall be subject to, and performed in accordance with, this Agreement, the relevant Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.
- 2. <u>Task Orders; Commencement of Services; Schedule of Services</u>. Services under this Agreement shall be requested by the Commission pursuant to Task Order requests. If Commission accepts Consultant's Task Order proposal, Commission shall issue a purchase order or executed task order for the Services ("Commission's Task Order Authorization"). Consultant's agreement to the final terms of a proposed Task Order, Commission's Task Order Authorization and Consultant's commencement of the Services shall indicate the Parties' agreement to the terms of the relevant Task Order.

Consultant shall commence Services under a Task Order within five (5) days of receiving Commission's Task Order Authorization.

Consultant shall perform the Services expeditiously, in accordance with the Schedule of Services set forth in a Task Order. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, Commission shall respond to Consultant's submittals in a timely manner. Upon request of the Commission, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3. <u>Pre-Award Audit</u>. As a result of the funding for this Project, and to the extent Caltrans procedures apply in connection therewith, issuance of a "Notice to Proceed" or

other authorization to proceed under a Task Order may be contingent upon completion and approval of a pre-award audit. Any questions raised during the pre-award audit shall be resolved before the Commission will consider approval of this Agreement. The funding provided under this Agreement is contingent on meeting all funding requirements and could be withdrawn, thereby entitling the Commission to terminate this Agreement, if the procedures are not completed. The Consultant's files shall be maintained in a manner to facilitate State process reviews. In addition, Caltrans may require that prior to performance of any work for which funding reimbursement through Caltrans is requested and provided, that Caltrans must give to Commission an "Authorization to Proceed".

#### Audit Procedures.

4.1 Consultant and certain subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an Independent Cost Review (ICR) Audit, or a CPA ICR audit work paper review. If selected for audit or review, this Agreement, Consultant's cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into this Agreement by this reference if directed by Commission at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of the Agreement terms and cause for termination of this Agreement and disallowance of prior reimbursed costs. Additional audit provisions applicable to this Agreement are set forth in Sections 22 and 23 of this Agreement.

Section 4.2 and 4.3 shall apply to the extent applicable to the Task Order and funding source.

4.2 During any Caltrans' review of the ICR audit work papers created by the Consultant's independent CPA, Caltrans will work with the CPA and/or Consultant toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

Accepted rates will be as follows:

- a. If the proposed rate is less than one hundred fifty percent (150%) the accepted rate reimbursed will be ninety percent (90%) of the proposed rate.
- b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) the accepted rate will be eighty-five percent (85%) of the proposed rate.
- c. If the proposed rate is greater than two hundred percent (200%) the accepted rate will be seventy-five percent (75%) of the proposed rate.
- 4.3 If Caltrans is unable to issue a cognizant letter per Section 4.2 above, Caltrans may require Consultant to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the Caltrans' management letter. Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

Consultant may submit to Commission final invoice only when all of the following items have occurred: (1) Caltrans accepts or adjusts the original or revised independent CPA audited ICR, (2) all work under this Agreement has been completed to the satisfaction of Commission; and, (3) Caltrans has issued its final ICR review letter. The Consultant must submit its final invoice to Commission no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this Agreement and all Task Orders issued under this Agreement, and all other agreements executed between the Commission and the Consultant, either as a prime or subconsultant, with the same fiscal period ICR.

#### 5. Term.

- 5.1 This Agreement shall go into effect on the date first set forth above, contingent upon approval by Commission, and Consultant shall commence work after notification to proceed by Commission's Contract Administrator. This Agreement shall end on September 30, 2024, unless extended by contract amendment. The Commission may extend the term of this Agreement, in its sole discretion, for one additional two (2) year period.
- 5.2 Consultant is advised that any recommendation for contract award is not binding on Commission until this Agreement is fully executed and approved by the Commission.

- 5.3 This Agreement shall remain in effect until the date set forth above, unless earlier terminated as provided herein. Consultant shall complete the Services within the term of this Agreement, and shall meet any other established schedules and deadlines. All applicable indemnification provisions of this Agreement shall remain in effect following the termination of this Agreement.
- 6. <u>Commission's Contract Administrator</u>. The Commission hereby designates the Commission's Executive Director, or his or her designee, to act as its Contract Administrator for the performance of this Agreement ("Commission's Contract Administrator"). Commission's Contract Administrator shall have the authority to act on behalf of the Commission for all purposes under this Agreement. Commission's Contract Administrator shall also review and give approval, as needed, to the details of Consultant's work as it progresses. Consultant shall not accept direction or orders from any person other than the Commission's Contract Administrator or his or her designee.
- 7. Consultant's Representative. Consultant hereby designates Sam Mansour to act as its Representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to act on behalf of Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his or her professional skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement. Consultant shall work closely and cooperate fully with Commission's Contract Administrator and any other agencies which may have jurisdiction over, or an interest in, the Services. Consultant's Representative shall be available to the Commission staff at all reasonable times. Any substitution in Consultant's Representative shall be approved in writing by Commission's Contract Administrator.
- 8. <u>Substitution of Key Personnel</u>. Consultant has represented to the Commission that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval by the Commission. In the event that the Commission and Consultant cannot agree as to the substitution of the key personnel, the Commission shall be entitled to terminate this Agreement for cause, pursuant to the provisions herein. The key personnel for performance of this Agreement are: **Sam Mansour**, **Stephanie Oslick**, **Amr Zaher**, **Chris Lee**, **Keith Gillfillan**, **Alaedin Moubayed**, **and Phil Balmeo**, or as otherwise identified in the Task Order.
- 9. <u>Standard of Care; Licenses</u>. Consultant represents and maintains that it is skilled in the professional calling necessary to perform all Services, duties and obligations required by this Agreement to fully and adequately complete the Project. Consultant shall perform the Services and duties in conformance to and consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Consultant further represents and warrants to the Commission that its employees and subcontractors

have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the Commission, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein, and shall be fully responsible to the Commission for all damages and other liabilities provided for in the indemnification provisions of this Agreement arising from the Consultant's errors and omissions. Any employee of Consultant or its sub-consultants who is determined by the Commission to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the Commission, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

10. <u>Independent Contractor.</u> The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Commission retains Consultant on an independent contractor basis and not as an employee, agent or representative of the Commission. Consultant retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant shall be responsible for all reports and obligations respecting such personnel, including but not limited to, social security taxes, income tax withholdings, unemployment insurance, disability insurance, and workers' compensation insurance.

#### 11. Project Progress.

- 11.1 <u>Modification of the Schedule</u>. Consultant shall regularly report to the Commission, through correspondence or progress reports, its progress in providing required Services within the scheduled time periods. Commission shall be promptly informed of all anticipated delays. In the event that Consultant determines that a schedule modification is necessary, Consultant shall promptly submit a revised Schedule of Services for approval by Commission's Contract Administrator.
- 11.2 <u>Trend Meetings</u>. Consultant shall conduct trend meetings with the Commission's Contract Administrator and other interested parties, as requested by the Commission, on a bi-weekly basis or as may be mutually scheduled by the Parties at a standard day and time. These trend meetings will encompass focused and informal discussions concerning scope, schedule, and current progress of Services, relevant cost issues, and future Project objectives. Consultant shall be responsible for the preparation and distribution of meeting agendas to be received by the Commission and other attendees no later than three (3) working days prior to the meeting.

11.3 <u>Progress Reports</u>. As part of its monthly invoice, Consultant shall submit a progress report, in a form determined by the Commission, which will indicate the progress achieved during the previous month in relation to the Schedule of Services. Submission of such progress report by Consultant shall be a condition precedent to receipt of payment from the Commission for each monthly invoice submitted.

#### 12. <u>Delay in Performance</u>.

- 12.1 <u>Excusable Delays</u>. Should Consultant be delayed or prevented from the timely performance of any act or Services required by the terms of the Agreement by reason of acts of God or of the public enemy, acts or omissions of the Commission or other governmental agencies in either their sovereign or contractual capacities, fires, floods, pandemics, epidemics, quarantine restrictions, strikes, freight embargoes or unusually severe weather, performance of such act shall be excused for the period of such delay.
- 12.2 <u>Written Notice</u>. If Consultant believes it is entitled to an extension of time due to conditions set forth in subsection 12.1, Consultant shall provide written notice to the Commission within seven (7) working days from the time Consultant knows, or reasonably should have known, that performance of the Services will be delayed due to such conditions. Failure of Consultant to provide such timely notice shall constitute a waiver by Consultant of any right to an excusable delay in time of performance.
- 12.3 <u>Mutual Agreement</u>. Performance of any Services under this Agreement may be delayed upon mutual agreement of the Parties. Upon such agreement, Consultant's Schedule of Services shall be extended as necessary by the Commission. Consultant shall take all reasonable steps to minimize delay in completion, and additional costs, resulting from any such extension.
- 13. Preliminary Review of Work. All reports, working papers, and similar work products prepared for submission in the course of providing Services under this Agreement shall be submitted to the Commission's Contract Administrator in draft form, and the Commission may require revisions of such drafts prior to formal submission and approval. In the event plans and designs are to be developed as part of the Project, final detailed plans and designs shall be contingent upon obtaining environmental clearance as may be required in connection with Federal funding. In the event that Commission's Contract Administrator, in his or her sole discretion, determines the formally submitted work product to be not in accordance with the standard of care established under this Agreement, Commission's Contract Administrator may require Consultant to revise and resubmit the work at no cost to the Commission.
- 14. <u>Appearance at Hearings</u>. If and when required by the Commission, Consultant shall render assistance at public hearings or other meetings related to the Project or necessary to the performance of the Services. However, Consultant shall not be required to, and will not, render any decision, interpretation or recommendation regarding questions of a legal nature or which may be construed as constituting a legal opinion.

15. Opportunity to Cure; Inspection of Work. Commission may provide Consultant an opportunity to cure, at Consultant's expense, all errors and omissions which may be disclosed during Project implementation. Should Consultant fail to make such correction in a timely manner, such correction may be made by the Commission, and the cost thereof charged to Consultant. Consultant shall allow the Commission's Contract Administrator and Caltrans to inspect or review Consultant's work in progress at any reasonable time.

#### 16. Claims Filed by Contractor.

- 16.1 If claims are filed by the Commission's contractor for the Project ("Contractor") relating to work performed by Consultant's personnel, and additional information or assistance from the Consultant's personnel is required by the Commission in order to evaluate or defend against such claims; Consultant agrees to make reasonable efforts to make its personnel available for consultation with the Commission's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.
- 16.2 Consultant's personnel that the Commission considers essential to assist in defending against Contractor claims will be made available on reasonable notice from the Commission. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for the Consultant's personnel services under this Agreement.
- 16.3 Services of the Consultant's personnel and other support staff in connection with Contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this Agreement in order to finally resolve the claims.
- 16.4 Nothing contained in this Section shall be construed to in any way limit Consultant's indemnification obligations contained in Section 29. In the case of any conflict between this Section and Section 29, Section 29 shall govern. This Section is not intended to obligate the Commission to reimburse Consultant for time spent by its personnel related to Contractor claims for which Consultant is required to indemnify and defend the Commission pursuant to Section 29 of this Agreement.
- 17. <u>Final Acceptance</u>. Upon determination by the Commission that Consultant has satisfactorily completed the Services required under this Agreement and within the term set forth herein the Commission shall give Consultant a written Notice of Final Acceptance. Upon receipt of such notice, Consultant shall incur no further costs hereunder, unless otherwise specified in the Notice of Final Acceptance. Consultant may request issuance of a Notice of Final Acceptance when, in its opinion, it has satisfactorily completed all Services required under the terms of this Agreement. In the event copyrights are permitted under this Agreement, then in connection with Federal funding, it is hereby acknowledged and agreed that the United States Department of Transportation shall have the royalty-free non-exclusive and irrevocable right to

reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

Laws and Regulations. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. For example, and not by way of limitation, Consultant shall keep itself fully informed of and in compliance with all implementing regulations, design standards, specifications, previous commitments that must be incorporated in the design of the Project, and administrative controls including those of the United States Department of Transportation. Compliance with Federal procedures may include completion of the applicable environmental documents and approved by the United States Department of Transportation. For example, and not by way of limitation, a signed Categorical Exclusion, Finding of No Significant Impact, or published Record of Decision may be required to be approved and/or completed by the United States Department of Transportation. For Consultant shall be liable for all violations of such laws and regulations in connection with Services. If the Consultant performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the Commission. Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold Commission, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

## 19. Fees and Payment.

19.1 The method of payment for this Agreement will be based on actual cost plus a fixed fee. Commission shall reimburse Consultant for actual costs (including labor costs, employee benefits, travel, equipment rental costs, overhead and other direct costs) incurred by Consultant in performance of the Services. Consultant shall not be reimbursed for actual costs that exceed the estimated wage rates, employee benefits, travel, equipment rental, overhead, and other estimated costs set forth in the approved Consultant cost proposal attached hereto as Exhibit "B" and incorporated herein by reference, or any cost proposal included as part of a Task Order ("Cost Proposal") unless additional reimbursement is provided for by written amendment. In no event, shall Consultant be reimbursed for overhead costs at a rate that exceeds Commission's approved overhead rate set forth in the Cost Proposal. To the extent legally permissible, Consultant's approved overhead rate shall be fixed for the term of this Agreement. In the event that Commission determines that a change to the Services from that specified in the Cost Proposal, this Agreement or any Task Order is required, the Agreement time or actual costs reimbursable by Commission shall be adjusted by written amendment to accommodate the changed work. The maximum total cost as specified in Section 19.8 shall not be exceeded, unless authorized by a written amendment.

19.2 In addition to the allowable incurred costs, Commission shall pay Consultant a fixed fee to be set forth in each Task Order ("Fixed Fee"). The Fixed Fee is

nonadjustable for each Task Order, except in the event of a significant change in the Scope of Services, and such adjustment is made by written amendment.

- 19.3 Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal. In addition, payments to Consultant for travel and subsistence expenses claimed for reimbursement or applied as local match credit shall not exceed rates authorized to be paid exempt non-represented State employees under current State Department of Personnel Administration (DPA) rules, unless otherwise authorized by Commission. If the rates invoiced are in excess of those authorized DPA rates, and Commission has not otherwise approved said rates, then Consultant is responsible for the cost difference and any overpayments shall be reimbursed to the Commission on demand.
- 19.4 When milestone cost estimates are included in the approved Cost Proposal for a Task Order, Consultant shall obtain prior written approval for a revised milestone cost estimate from the Contract Administrator before exceeding such cost estimate.
- 19.5 Progress payments shall be made monthly in arrears based on Services provided and allowable incurred costs. A pro rata portion of the Fixed Fee shall be included in the monthly progress payments. If Consultant fails to submit the required deliverable items according to the schedule set forth in the Scope of Services, Commission shall have the right to delay payment or terminate this Agreement in accordance with the provisions of Section 21, Termination.
- 19.6 No payment shall be made prior to approval of any Services, nor for any Services performed prior to approval of this Agreement.
- 19.7 Consultant shall be reimbursed, as promptly as fiscal procedures will permit upon receipt by Commission's Contract Administrator of itemized invoices in triplicate. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing. Invoices shall detail the work performed on each milestone and each project as applicable. # 6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

- 1. Ensure nondiscrimination in the award and administration of DQT-assisted contracts;
- 2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
- 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
- 4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
- 5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
- 6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
- 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.
- C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit to

Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

- E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its "DBE Race-Neutral Participation Listing" submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.
- F. DBE Certification Status: If a listed DBE subconsultant is decertified during the life of this Agreement, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a non-DBE subconsultant becomes a certified DBE during the life of this Agreement, the DBE subconsultant shall notify Consultant in writing with the date of certification. Consultant shall furnish the written documentation to Commission in a timely manner. Consultant shall include this requirement in all subcontracts.
- G. Consultant's Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Consultant shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Consultant shall affirm that they will consider, and utilize subconsultants and vendors, in a manner consistent with non-discrimination objectives.
- H. Violations: Failure by the selected Consultant(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Consultant from future bidding as non-responsible. 49 C.F.R. § 26.13(b).
- I. Prompt Payment: Consultant shall pay its subconsultants for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Consultant. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.
- J. Compliance with DBE Requirements Contained in FTA Provisions: Consultant shall comply with all DBE reporting and other requirements contained in this Agreement.

# 7. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any RCTC requests which would cause RCTC to be in violation of the FTA terms and conditions.

#### 8. Debarment and Suspension.

The Consultant agrees to the following:

- (1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.

The Consultant shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide

a certificate of compliance with the Fly America requirements. The Consultant agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

#### D. Release of Retainage

No retainage will be withheld by the RCTC from progress payments due Consultant. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise

available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

#### 13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant's proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

# 14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the

Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.

- e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens of claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.
- f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.
- g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.
- h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

# 16. Disputes

Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.
- b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.
- c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy

Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

### 6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

- 1. Ensure nondiscrimination in the award and administration of DQT-assisted contracts;
- 2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
- 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
- 4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
- 5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
- 6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
- 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.

Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit to

Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

- E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its "DBE Race-Neutral Participation Listing" submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.
- F. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise

available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

### 13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant's proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

# 14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the

Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.

- e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens of claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.
- f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.
- g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.
- h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

### 16. Disputes

- a. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.
- b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.
- c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy

Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

# PROFESSIONAL SERVICES AGREEMENT WITH FTA AND PROPOSITION 1B FUNDING ASSISTANCE

# RIVERSIDE COUNTY TRANSPORTATION COMMISSION AGREEMENT WITH STV INCORPORATED FOR ON-CALL DESIGN ENGINEERING AND ENVIRONMENTAL SERVICES FOR THE CONSTRUCTION OF COMMUTER RAIL STATION CAPITAL IMPROVEMENT PROJECTS

### Parties and Date.

This Agreement is made and entered into this \_\_\_\_ day of \_\_\_\_\_, 2021, by and between the RIVERSIDE COUNTY TRANSPORTATION COMMISSION ("the Commission") and **STV Incorporated** ("Consultant"), a **C Corporation**. The Commission and Consultant are sometimes referred to herein individually as "Party", and collectively as the "Parties".

### Recitals.

- A. On November 8, 1988 the Voters of Riverside County approved Measure A authorizing the collection of a one-half percent (1/2 %) retail transactions and use tax (the "tax") to fund transportation programs and improvements within the County of Riverside, and adopting the Riverside County Transportation Improvement Plan (the "Plan").
- B. Pursuant to Public Utility Code Sections 240000 <u>et seq.</u>, the Commission is authorized to allocate the proceeds of the Tax in furtherance of the Plan.
- C. On November 5, 2002, the voters of Riverside County approved an extension of the Measure A tax for an additional thirty (30) years for the continued funding of transportation and improvements within the County of Riverside.
- D. A source of funding for payment for on-call professional consulting services provided under this Agreement may be Proposition 1B funds ("Prop 1B") funds administered by the California Department of Transportation ("Caltrans"), and/or funds from the Federal Transit Administration ("FTA"). This Agreement shall not be deemed to be approved by the Commission until the certification shown in Exhibit "E" attached hereto and incorporated herein by reference, is executed.
- E. Consultant desires to perform and assume responsibility for the provision of certain on-call design engineering and environmental services for the construction of

commuter rail station capital improvement projects in the County of Riverside, California. Services shall be provided on the terms and conditions set forth in this Agreement and in the task order(s) to be solicited, awarded and authorized by Commission as further described in this Agreement ("Task Order"). Consultant represents that it is experienced in providing such services to public clients, is licensed in the State of California (if necessary), and is familiar with the plans of the Commission.

G. Commission desires to engage Consultant to render such services on an on-call basis. Services shall be ordered by Task Order(s) to be issued pursuant to this Agreement for future projects as set forth herein and in each Task Order (each such project shall be designated a "Project" under this Agreement).

### Terms.

- 1. <u>General Scope of Services</u>. Consultant shall furnish all technical and professional services, including labor, material, equipment, transportation, supervision and expertise, and incidental and customary work necessary to fully and adequately supply the on-call design engineering and environmental services for the Projects ("Services"). The Services are generally described in Exhibit "A" attached hereto and incorporated herein by reference. The Services shall be more particularly described in the individual Task Orders issued by the Commission's Executive Director or designee. No Services shall be performed unless authorized by a fully executed Task Order. All Services shall be subject to, and performed in accordance with, this Agreement, the relevant Task Order, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.
- 2. <u>Task Orders; Commencement of Services; Schedule of Services</u>. Services under this Agreement shall be requested by the Commission pursuant to Task Order requests. If Commission accepts Consultant's Task Order proposal, Commission shall issue a purchase order or executed task order for the Services ("Commission's Task Order Authorization"). Consultant's agreement to the final terms of a proposed Task Order, Commission's Task Order Authorization and Consultant's commencement of the Services shall indicate the Parties' agreement to the terms of the relevant Task Order.

Consultant shall commence Services under a Task Order within five (5) days of receiving Commission's Task Order Authorization.

Consultant shall perform the Services expeditiously, in accordance with the Schedule of Services set forth in a Task Order. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, Commission shall respond to Consultant's submittals in a timely manner. Upon request of the Commission, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3. <u>Pre-Award Audit</u>. As a result of the funding for this Project, and to the extent Caltrans procedures apply in connection therewith, issuance of a "Notice to Proceed" or

other authorization to proceed under a Task Order may be contingent upon completion and approval of a pre-award audit. Any questions raised during the pre-award audit shall be resolved before the Commission will consider approval of this Agreement. The funding provided under this Agreement is contingent on meeting all funding requirements and could be withdrawn, thereby entitling the Commission to terminate this Agreement, if the procedures are not completed. The Consultant's files shall be maintained in a manner to facilitate State process reviews. In addition, Caltrans may require that prior to performance of any work for which funding reimbursement through Caltrans is requested and provided, that Caltrans must give to Commission an "Authorization to Proceed".

## Audit Procedures.

4.1 Consultant and certain subconsultant contracts, including cost proposals and ICR, are subject to audits or reviews such as, but not limited to, a contract audit, an incurred cost audit, an Independent Cost Review (ICR) Audit, or a CPA ICR audit work paper review. If selected for audit or review, this Agreement, Consultant's cost proposal and ICR and related work papers, if applicable, will be reviewed to verify compliance with 48 CFR, Part 31 and other related laws and regulations. In the instances of a CPA ICR audit work paper review it is Consultant's responsibility to ensure federal, state, or local government officials are allowed full access to the CPA's work papers including making copies as necessary. This Agreement, Consultant's cost proposal, and ICR shall be adjusted by Consultant and approved by the Commission's contract manager to conform to the audit or review recommendations. Consultant agrees that individual terms of costs identified in the audit report shall be incorporated into this Agreement by this reference if directed by Commission at its sole discretion. Refusal by Consultant to incorporate audit or review recommendations, or to ensure that the federal, state or local governments have access to CPA work papers, will be considered a breach of the Agreement terms and cause for termination of this Agreement and disallowance of prior reimbursed costs. Additional audit provisions applicable to this Agreement are set forth in Sections 22 and 23 of this Agreement.

Section 4.2 and 4.3 shall apply to the extent applicable to the Task Order and funding source.

4.2 During any Caltrans' review of the ICR audit work papers created by the Consultant's independent CPA, Caltrans will work with the CPA and/or Consultant toward a resolution of issues that arise during the review. Each party agrees to use its best efforts to resolve any audit disputes in a timely manner. If Caltrans identifies significant issues during the review and is unable to issue a cognizant approval letter, Commission will reimburse the Consultant at an accepted ICR until a FAR (Federal Acquisition Regulation) compliant ICR {e.g. 48 CFR Part 31; GAGAS (Generally Accepted Auditing Standards); CAS (Cost Accounting Standards), if applicable; in accordance with procedures and guidelines of the American Association of State Highways and Transportation Officials (AASHTO) Audit Guide; and other applicable procedures and guidelines is received and approved by Caltrans.

Accepted rates will be as follows:

- a. If the proposed rate is less than one hundred fifty percent (150%) the accepted rate reimbursed will be ninety percent (90%) of the proposed rate.
- b. If the proposed rate is between one hundred fifty percent (150%) and two hundred percent (200%) the accepted rate will be eighty-five percent (85%) of the proposed rate.
- c. If the proposed rate is greater than two hundred percent (200%) the accepted rate will be seventy-five percent (75%) of the proposed rate.
- 4.3 If Caltrans is unable to issue a cognizant letter per Section 4.2 above, Caltrans may require Consultant to submit a revised independent CPA-audited ICR and audit report within three (3) months of the effective date of the Caltrans' management letter. Caltrans will then have up to six (6) months to review the Consultant's and/or the independent CPA's revisions.

If the Consultant fails to comply with the provisions of this Section 4, or if Caltrans is still unable to issue a cognizant approval letter after the revised independent CPA audited ICR is submitted, overhead cost reimbursement will be limited to the accepted ICR that was established upon initial rejection of the ICR and set forth in Section 4.2 above for all rendered services. In this event, this accepted ICR will become the actual and final ICR for reimbursement purposes under this Agreement.

Consultant may submit to Commission final invoice only when all of the following items have occurred: (1) Caltrans accepts or adjusts the original or revised independent CPA audited ICR, (2) all work under this Agreement has been completed to the satisfaction of Commission; and, (3) Caltrans has issued its final ICR review letter. The Consultant must submit its final invoice to Commission no later than sixty (60) calendar days after occurrence of the last of these items. The accepted ICR will apply to this Agreement and all Task Orders issued under this Agreement, and all other agreements executed between the Commission and the Consultant, either as a prime or subconsultant, with the same fiscal period ICR.

This Agreement shall end on September 30, 2024, unless extended by contract amendment. The Commission may extend the term of this Agreement, in its sole discretion, for one additional two (2) year period.

- Knapp to act as its Representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to act on behalf of Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his or her professional skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement. Consultant shall work closely and cooperate fully with Commission's Contract Administrator and any other agencies which may have jurisdiction over, or an interest in, the Services. Consultant's Representative shall be available to the Commission staff at all reasonable times. Any substitution in Consultant's Representative shall be approved in writing by Commission's Contract Administrator.
- 8. <u>Substitution of Key Personnel</u>. Consultant has represented to the Commission that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval by the Commission. In the event that the Commission and Consultant cannot agree as to the substitution of the key personnel, the Commission shall be entitled to terminate this Agreement for cause, pursuant to the provisions herein. The key personnel for performance of this Agreement are: **Richard Quirk**, **Ali Mir**, **Jayna Harris**, **Andrew Sokol**, **Allyn Vogel**, **Jason Davidson**, **Mysore Satish**, **David Ungson**, **Tyler Bonstead**, **and Melissa Holguin**, or as otherwise identified in the Task Order.

Consultant warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Consultant further represents and warrants to the Commission that its employees and subcontractors

have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, and that such licenses and approvals shall be maintained throughout the term of this Agreement. Consultant shall perform, at its own cost and expense and without reimbursement from the Commission, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein, and shall be fully responsible to the Commission for all damages and other liabilities provided for in the indemnification provisions of this Agreement arising from the Consultant's errors and omissions. Any employee of Consultant or its sub-consultants who is determined by the Commission to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the Commission, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

10. <u>Independent Contractor.</u> The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. Commission retains Consultant on an independent contractor basis and not as an employee, agent or representative of the Commission. Consultant retains the right to perform similar or different services for others during the term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant shall be responsible for all reports and obligations respecting such personnel, including but not limited to, social security taxes, income tax withholdings, unemployment insurance, disability insurance, and workers' compensation insurance.

## 11. Project Progress.

- 11.1 <u>Modification of the Schedule</u>. Consultant shall regularly report to the Commission, through correspondence or progress reports, its progress in providing required Services within the scheduled time periods. Commission shall be promptly informed of all anticipated delays. In the event that Consultant determines that a schedule modification is necessary, Consultant shall promptly submit a revised Schedule of Services for approval by Commission's Contract Administrator.
- 11.2 <u>Trend Meetings</u>. Consultant shall conduct trend meetings with the Commission's Contract Administrator and other interested parties, as requested by the Commission, on a bi-weekly basis or as may be mutually scheduled by the Parties at a standard day and time. These trend meetings will encompass focused and informal discussions concerning scope, schedule, and current progress of Services, relevant cost issues, and future Project objectives. Consultant shall be responsible for the preparation and distribution of meeting agendas to be received by the Commission and other attendees no later than three (3) working days prior to the meeting.

11.3 <u>Progress Reports</u>. As part of its monthly invoice, Consultant shall submit a progress report, in a form determined by the Commission, which will indicate the progress achieved during the previous month in relation to the Schedule of Services. Submission of such progress report by Consultant shall be a condition precedent to receipt of payment from the Commission for each monthly invoice submitted.

## 12. <u>Delay in Performance</u>.

- 12.1 <u>Excusable Delays</u>. Should Consultant be delayed or prevented from the timely performance of any act or Services required by the terms of the Agreement by reason of acts of God or of the public enemy, acts or omissions of the Commission or other governmental agencies in either their sovereign or contractual capacities, fires, floods, pandemics, epidemics, quarantine restrictions, strikes, freight embargoes or unusually severe weather, performance of such act shall be excused for the period of such delay.
- 12.2 <u>Written Notice</u>. If Consultant believes it is entitled to an extension of time due to conditions set forth in subsection 12.1, Consultant shall provide written notice to the Commission within seven (7) working days from the time Consultant knows, or reasonably should have known, that performance of the Services will be delayed due to such conditions. Failure of Consultant to provide such timely notice shall constitute a waiver by Consultant of any right to an excusable delay in time of performance.
- 12.3 <u>Mutual Agreement</u>. Performance of any Services under this Agreement may be delayed upon mutual agreement of the Parties. Upon such agreement, Consultant's Schedule of Services shall be extended as necessary by the Commission. Consultant shall take all reasonable steps to minimize delay in completion, and additional costs, resulting from any such extension.
- 13. Preliminary Review of Work. All reports, working papers, and similar work products prepared for submission in the course of providing Services under this Agreement shall be submitted to the Commission's Contract Administrator in draft form, and the Commission may require revisions of such drafts prior to formal submission and approval. In the event plans and designs are to be developed as part of the Project, final detailed plans and designs shall be contingent upon obtaining environmental clearance as may be required in connection with Federal funding. In the event that Commission's Contract Administrator, in his or her sole discretion, determines the formally submitted work product to be not in accordance with the standard of care established under this Agreement, Commission's Contract Administrator may require Consultant to revise and resubmit the work at no cost to the Commission.
- 14. <u>Appearance at Hearings</u>. If and when required by the Commission, Consultant shall render assistance at public hearings or other meetings related to the Project or necessary to the performance of the Services. However, Consultant shall not be required to, and will not, render any decision, interpretation or recommendation regarding questions of a legal nature or which may be construed as constituting a legal opinion.

15. Opportunity to Cure; Inspection of Work. Commission may provide Consultant an opportunity to cure, at Consultant's expense, all errors and omissions which may be disclosed during Project implementation. Should Consultant fail to make such correction in a timely manner, such correction may be made by the Commission, and the cost thereof charged to Consultant. Consultant shall allow the Commission's Contract Administrator and Caltrans to inspect or review Consultant's work in progress at any reasonable time.

## 16. Claims Filed by Contractor.

- 16.1 If claims are filed by the Commission's contractor for the Project ("Contractor") relating to work performed by Consultant's personnel, and additional information or assistance from the Consultant's personnel is required by the Commission in order to evaluate or defend against such claims; Consultant agrees to make reasonable efforts to make its personnel available for consultation with the Commission's construction contract administration and legal staff and for testimony, if necessary, at depositions and at trial or arbitration proceedings.
- 16.2 Consultant's personnel that the Commission considers essential to assist in defending against Contractor claims will be made available on reasonable notice from the Commission. Consultation or testimony will be reimbursed at the same rates, including travel costs that are being paid for the Consultant's personnel services under this Agreement.
- 16.3 Services of the Consultant's personnel and other support staff in connection with Contractor claims will be performed pursuant to a written contract amendment, if necessary, extending the termination date of this Agreement in order to finally resolve the claims.
- 16.4 Nothing contained in this Section shall be construed to in any way limit Consultant's indemnification obligations contained in Section 29. In the case of any conflict between this Section and Section 29, Section 29 shall govern. This Section is not intended to obligate the Commission to reimburse Consultant for time spent by its personnel related to Contractor claims for which Consultant is required to indemnify and defend the Commission pursuant to Section 29 of this Agreement.
- 17. <u>Final Acceptance</u>. Upon determination by the Commission that Consultant has satisfactorily completed the Services required under this Agreement and within the term set forth herein the Commission shall give Consultant a written Notice of Final Acceptance. Upon receipt of such notice, Consultant shall incur no further costs hereunder, unless otherwise specified in the Notice of Final Acceptance. Consultant may request issuance of a Notice of Final Acceptance when, in its opinion, it has satisfactorily completed all Services required under the terms of this Agreement. In the event copyrights are permitted under this Agreement, then in connection with Federal funding, it is hereby acknowledged and agreed that the United States Department of Transportation shall have the royalty-free non-exclusive and irrevocable right to

reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

Laws and Regulations. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. For example, and not by way of limitation, Consultant shall keep itself fully informed of and in compliance with all implementing regulations, design standards, specifications, previous commitments that must be incorporated in the design of the Project, and administrative controls including those of the United States Department of Transportation. Compliance with Federal procedures may include completion of the applicable environmental documents and approved by the United States Department of Transportation. For example, and not by way of limitation, a signed Categorical Exclusion, Finding of No Significant Impact, or published Record of Decision may be required to be approved and/or completed by the United States Department of Transportation. For Consultant shall be liable for all violations of such laws and regulations in connection with Services. If the Consultant performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the Commission. Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold Commission, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

## 19. Fees and Payment.

19.1 The method of payment for this Agreement will be based on actual cost plus a fixed fee. Commission shall reimburse Consultant for actual costs (including labor costs, employee benefits, travel, equipment rental costs, overhead and other direct costs) incurred by Consultant in performance of the Services. Consultant shall not be reimbursed for actual costs that exceed the estimated wage rates, employee benefits, travel, equipment rental, overhead, and other estimated costs set forth in the approved Consultant cost proposal attached hereto as Exhibit "B" and incorporated herein by reference, or any cost proposal included as part of a Task Order ("Cost Proposal") unless additional reimbursement is provided for by written amendment. In no event, shall Consultant be reimbursed for overhead costs at a rate that exceeds Commission's approved overhead rate set forth in the Cost Proposal. To the extent legally permissible, Consultant's approved overhead rate shall be fixed for the term of this Agreement. In the event that Commission determines that a change to the Services from that specified in the Cost Proposal, this Agreement or any Task Order is required, the Agreement time or actual costs reimbursable by Commission shall be adjusted by written amendment to accommodate the changed work. The maximum total cost as specified in Section 19.8 shall not be exceeded, unless authorized by a written amendment.

19.2 In addition to the allowable incurred costs, Commission shall pay Consultant a fixed fee to be set forth in each Task Order ("Fixed Fee"). The Fixed Fee is

nonadjustable for each Task Order, except in the event of a significant change in the Scope of Services, and such adjustment is made by written amendment.

- 19.3 Reimbursement for transportation and subsistence costs shall not exceed the rates specified in the approved Cost Proposal. In addition, payments to Consultant for travel and subsistence expenses claimed for reimbursement or applied as local match credit shall not exceed rates authorized to be paid exempt non-represented State employees under current State Department of Personnel Administration (DPA) rules, unless otherwise authorized by Commission. If the rates invoiced are in excess of those authorized DPA rates, and Commission has not otherwise approved said rates, then Consultant is responsible for the cost difference and any overpayments shall be reimbursed to the Commission on demand.
- 19.4 When milestone cost estimates are included in the approved Cost Proposal for a Task Order, Consultant shall obtain prior written approval for a revised milestone cost estimate from the Contract Administrator before exceeding such cost estimate.
- 19.5 Progress payments shall be made monthly in arrears based on Services provided and allowable incurred costs. A pro rata portion of the Fixed Fee shall be included in the monthly progress payments. If Consultant fails to submit the required deliverable items according to the schedule set forth in the Scope of Services, Commission shall have the right to delay payment or terminate this Agreement in accordance with the provisions of Section 21, Termination.
- 19.6 No payment shall be made prior to approval of any Services, nor for any Services performed prior to approval of this Agreement.
- 19.7 Consultant shall be reimbursed, as promptly as fiscal procedures will permit upon receipt by Commission's Contract Administrator of itemized invoices in triplicate. Invoices shall be submitted no later than 45 calendar days after the performance of work for which Consultant is billing. Invoices shall detail the work performed on each milestone and each project as applicable. Invoices shall follow the format stipulated for the approved Cost Proposal and shall reference this Agreement number and project title. Final invoice must contain the final cost and all credits due Commission including any equipment purchased under the Equipment Purchase provisions of this Agreement. The final invoice should be submitted within 60 calendar days after completion of Consultant's work. Invoices shall be mailed to Commission's Contract Administrator at the following address:

Riverside County Transportation Commission Attention: Accounts Payable P.O. 12008 Riverside, CA 92502

19.8 The total amount payable by Commission, including the Fixed Fee, shall not exceed the amount set forth in each Task Order.

- 19.9 Commission has or will enter into four (4) task order contracts for performance of the Scope of Services identified in Exhibit "A", including this Agreement ("Design & Environmental Services Task Order Contracts"). The other Design & Environmental Services Task Order Contracts are HDR Engineering Inc.; Moffatt and Nichol; and RailPros, Inc. The total amount payable by Commission for the Design & Environmental Services Task Order Contracts shall not exceed a cumulative maximum total value of Ten Million Dollars (\$10,000,000) ("NTE Sum"). It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under the Design & Environmental Services Task Order Contracts through Task Orders. Each time a Task Order is awarded under any of the Design & Environmental Services Task Order Contracts, Commission must send written notification to Consultant and each of the other consultants entering into the Design & Environmental Services Task Order Contracts. The notice must identify the total funds allocated under issued Task Orders, and the remaining unencumbered amount of the NTE Sum. Consultant acknowledges and agrees that Commission must not pay any amount under this Agreement that would exceed the NTE Sum, and Consultant must not enter into a Task Order that exceeds the NTE Sum
- 19.10 Salary increases shall be reimbursable if the new salary is within the salary range identified in the approved Cost Proposal and is approved by Commission's Contract Administrator. For personnel subject to prevailing wage rates as described in the California Labor Code, all salary increases, which are the direct result of changes in the prevailing wage rates are reimbursable.
- 19.11 Consultant shall not be reimbursed for any expenses unless authorized in writing by the Commission's Contract Administrator.
- 19.12 All subcontracts in excess of \$25,000 shall contain the above provisions.

## 20. <u>Disputes</u>.

- 20.1 Any dispute, other than audit, concerning a question of fact arising under this Agreement that is not disposed of by mutual agreement of the Parties shall be decided by a committee consisting of RCTC's Contract Administrator and the Director of Capital Projects, who may consider written or verbal information submitted by Consultant.
- 20.2 Not later than 30 days after completion of all Services under this Agreement, Consultant may request review by the Commission's Executive Director of unresolved claims or disputes, other than audit. The request for review will be submitted in writing.
- 20.3 Neither the pendency of a dispute, nor its consideration by the committee will excuse Consultant from full and timely performance in accordance with the terms of this Agreement.

## 21. Termination.

- 21.1 Commission reserves the right to terminate this Agreement upon thirty (30) calendar days written notice to Consultant, for any or no reason, with the reasons for termination stated in the notice. ## 6. FTA Disadvantaged Business Enterprise (DBE) Requirements

A. General DBE Requirements: In accordance with Federal financial assistance agreements with the U.S. Department of Transportation (U.S. DOT), Commission has adopted a Disadvantaged Business Enterprise (DBE) Policy and Program, in conformance with Title 49 CFR Part 26, "Participation by Disadvantaged Business Enterprises in Department of Transportation Programs" (the "Regulations"). This RFP is subject to these stipulated regulations. In order to ensure that Commission achieves its overall DBE Program goals and objectives, Commission encourages the participation of DBEs as defined in 49 CFR 26 in the performance of contracts financed in whole or in part with U.S. DOT funds.

It is the policy of the Commission to:

- 1. Ensure nondiscrimination in the award and administration of DQT-assisted contracts;
- 2. Create a level playing field on which DBE's can compete fairly for DOT-assisted contracts;
- 3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
- 4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE's;
- 5. Help remove barriers to the participation of DBEs in DOT assisted contracts;
- 6. To promote the use of DBEs in all types of federally assisted contracts and procurement activities; and
- 7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.
- B. Discrimination: Consultant shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts. Any terms used herein that are defined in 49 CFR Part 26, or elsewhere in the Regulations, shall have the meaning set forth in the Regulations.
- C. Commission's Race-Neutral DBE Program: A Race-Neutral DBE Program is one that, while benefiting DBEs, is not solely focused on DBE firms. Therefore, under a Race-Neutral DBE Program, Commission does not establish numeric race-conscious DBE participation goals on its DOT-assisted contracts. There is no FTA DBE goal on this Project.

Consultant shall not be required to achieve a specific level of DBE participation as a condition of contract compliance in the performance of this DOT-assisted contract. However, Consultant shall adhere to race-neutral DBE participation commitment(s) made at the time of award.

D. Race-Neutral DBE Submissions and Ongoing Reporting Requirements (Post-Award): At termination of the Contract, the successful Consultant shall complete and submit to

Commission a "DBE Race-Neutral Participation Listing" in the form provided by Commission. In the event DBE(s) are utilized in the performance of the Agreement, Consultant shall comply with applicable reporting requirements.

- E. Performance of DBE Subconsultants: DBE subconsultants listed by Consultant in its "DBE Race-Neutral Participation Listing" submitted at the time of proposal shall perform the work and supply the materials for which they are listed, unless Consultant has received prior written authorization from Commission to perform the work with other forces or to obtain the materials from other sources. Consultant shall provide written notification to Commission in a timely manner of any changes to its anticipated DBE participation. This notice should be provided prior to the commencement of that portion of the work.
- F. DBE Certification Status: If a listed DBE subconsultant is decertified during the life of this Agreement, the decertified subconsultant shall notify Consultant in writing with the date of decertification. If a non-DBE subconsultant becomes a certified DBE during the life of this Agreement, the DBE subconsultant shall notify Consultant in writing with the date of certification. Consultant shall furnish the written documentation to Commission in a timely manner. Consultant shall include this requirement in all subcontracts.
- G. Consultant's Assurance Clause Regarding Non-Discrimination: In compliance with State and Federal anti-discrimination laws, Consultant shall affirm that it will not exclude or discriminate on the basis of race, color, national origin, or sex in consideration of contract award opportunities. Further, Consultant shall affirm that they will consider, and utilize subconsultants and vendors, in a manner consistent with non-discrimination objectives.
- H. Violations: Failure by the selected Consultant(s) to carry out these requirements shall be a material breach of the contract to be awarded pursuant to this RFP, which may result in the termination of the contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:
- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the Consultant from future bidding as non-responsible. 49 C.F.R. § 26.13(b).
- I. Prompt Payment: Consultant shall pay its subconsultants for satisfactory performance of their contracts no later than 30 days from receipt of each payment Commission makes to the Consultant. 49 C.F.R. § 26.29(a), unless a shorter period is provided in the contract.
- J. Compliance with DBE Requirements Contained in FTA Provisions: Consultant shall comply with all DBE reporting and other requirements contained in this Agreement.

## 7. Incorporation of Federal Transit Administration (FTA) Terms

The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Consultant shall not perform any act, fail to perform any act, or refuse to comply with any RCTC requests which would cause RCTC to be in violation of the FTA terms and conditions.

## 8. Debarment and Suspension.

The Consultant agrees to the following:

- (1) It will comply with the following requirements of 2 CFR Part 180, subpart C, as adopted and supplemented by U.S. DOT regulations at 2 CFR Part 1200.
- (2) It will not enter into any "covered transaction" (as that phrase is defined at 2 CFR §§ 180.220 and 1200.220) with any subconsultant whose principal is, suspended, debarred, or otherwise excluded from participating in covered transactions, except as authorized by— (i) U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR Part 1200; (ii) U.S. OMB regulatory guidance, "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR Part 180; and (iii) Other applicable federal laws, regulations, or requirements regarding participation with debarred or suspended recipients or third party participants.
- (3) It will review the U.S. GSA "System for Award Management Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs," if required by U.S. DOT regulations, 2 CFR Part 1200.

The Consultant shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide

a certificate of compliance with the Fly America requirements. The Consultant agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

# 11. Cargo Preference - Use of United States-Flag Vessels

## D. Release of Retainage

No retainage will be withheld by the RCTC from progress payments due Consultant. Any violation of this provision shall subject the violating Consultant or subconsultants to the penalties, sanctions, and other remedies specified in Section 7108.5 of the California Business and Professions Code. This requirement shall not be construed to limit or impair any contractual, administrative, or judicial remedies, otherwise

available to Consultant or subconsultant in the event of a dispute involving late payment or nonpayment by Consultant or deficient subconsultant performance, or noncompliance by a subconsultant.

#### 13. Termination for Convenience

RCTC may terminate the Agreement for convenience in accordance with the terms of the Agreement.

After such termination, the Consultant shall submit a final termination settlement proposal to RCTC as directed. If the Consultant fails to submit a proposal within the time allowed, RCTC may determine, on the basis of information available, the amount, if any due the Consultant because of the termination and shall pay the amount determined. After the Consultant's proposal is received, RCTC and Consultant shall negotiate a fair and equitable settlement and the contract will be modified to reflect the negotiated agreement. If agreement cannot be reached, RCTC may issue a final determination and pay the amount determined. If the Consultant does not agree with this final determination or the determination resulting from the lack of timely submission of a proposal, the Consultant may appeal under the Disputes clause.

# 14. Administrative and Contractual Remedies on Breach; Termination for Cause

- a. The Consultant may be declared in breach of this Agreement ("Breach") if the Consultant fails to make delivery of the supplies or to perform the services within the time specified herein or any extension thereof; or if the Consultant fails to perform any of the other provisions of the contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms. In case of any of the foregoing, RCTC shall notify the Consultant of the Breach, and the Consultant shall have a period of ten (10) days (or such longer period as RCTC may authorize in writing) after receipt of notice from RCTC to cure the Breach.
- b. RCTC may, by written notice of termination to the Consultant specifying the effective date thereof, terminate the whole or any part of this contract, in the case of a Breach that is not cured within the timeframe set forth in (a) above ("Uncured Breach").
- c. If the contract is terminated in whole or in part for an Uncured Breach, RCTC may procure upon such terms and in such manner as RCTC may deem appropriate, supplies or services similar to those so terminated, or may complete the services with its own forces. The Consultant shall be liable to RCTC for any excess costs for such similar supplies or services, and for any other costs incurred by RCTC as a result of the Uncured Breach. The Consultant shall continue the performance of this contract to the extent not terminated under the provisions of this clause.
- d. Except with respect to defaults of Subconsultants, the Consultant shall not be liable for any excess costs if the failure to perform the contract arises out of causes beyond the control and without the fault or negligence of the Consultant. If the failure to perform is caused by the default of a Subconsultant, and if such default arises out of causes beyond the control of both the Consultant and the Subconsultant, and without the fault or negligence of either of them, the

Consultant shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the Subconsultant were obtainable from other sources in sufficient time to permit the Consultant to meet the required project completion schedule.

- e. Payment for completed services or supplies delivered to and accepted by RCTC shall be at the contract price. RCTC may withhold from amounts otherwise due the Consultant for such completed services or supplies such sum as RCTC determines to be necessary to protect RCTC against loss because of outstanding liens of claims of former lien holders, or to reimburse RCTC for any other costs related to the Uncured Breach.
- f. If, after notice of termination of this contract for cause, it is determined for any reason that an Uncured Breach did not exist, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to the provisions for termination for convenience of RCTC.
- g. The rights and remedies of RCTC provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law, equity or under this contract including, but not limited to, the right to specific performance.
- h. Notwithstanding the above, RCTC may, without providing an opportunity to cure, terminate the contract in accordance with the timeframe set forth in Section 17 of the contract, if RCTC determines such action is in its best interest based on the nature of the Breach. Such actions shall not limit any of RCTC's remedies set forth above.

# 16. Disputes

- a. Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by supplemental agreement shall be decided by RCTC's Deputy Executive Director, who shall reduce the decision to writing and mail or otherwise furnish a copy thereof to the Consultant. The decision of the RCTC Deputy Executive Director shall be final and conclusive unless, within thirty (30) days from the date of receipt of such copy, Consultant mails or otherwise furnishes to the RCTC Deputy Executive Director a written appeal addressed to RCTC's Executive Director. The decision of RCTC Executive Director or duly authorized representative for the determination of such appeals shall be final and conclusive.
- b. The provisions of this Paragraph shall not be pleaded in any suit involving a question of fact arising under this Agreement as limiting judicial review of any such decision to cases where fraud by such official or his representative or board is alleged, provided, however, that any such decision shall be final and conclusive unless the same is fraudulent or capricious or arbitrary or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence. In connection with any appeal proceeding under this Paragraph, the Consultant shall be afforded an opportunity to be heard and to offer evidence in support of its appeal.
- c. Pending final decision of a dispute hereunder, Consultant shall proceed diligently with the performance of this Agreement and in accordance with the decision of RCTC's Deputy

Executive Director. This "Disputes" clause does not preclude consideration of questions of law in connection with decisions provided for above. Nothing in this Agreement, however, shall be construed as making final the decision of any RCTC official or representative on a question of law, which questions shall be settled in accordance with the laws of the State of California.

RIVERSIDE COUNTY TRANSPORTATION COMMISSION		
DATE:	October 13, 2021	
то:	Riverside County Transportation Commission	
FROM:	Western Riverside County Programs and Projects Committee Martha Masters, Senior Management Analyst Jenny Chan, Planning and Programming Manager	
THROUGH:	Anne Mayer, Executive Director	
SUBJECT:	City of Lake Elsinore Request for Additional Funds for Construction of Interstate 15/Main Street Interchange Improvement Project	

# <u>WESTERN RIVERSIDE COUNTY PROGRAMS AND PROJECTS COMMITTEE AND STAFF</u> RECOMMENDATION:

This item is for the Commission to:

- Approve additional programming of \$2,463,000 of 2009 Measure A Western County Regional Arterial (MARA) funds for the city of Lake Elsinore's (Lake Elsinore) Interstate 15 (I-15)/Main Street Interchange Improvement Project (Main Street IC);
- 2) Approve Agreement No. 20-72-089-01, Amendment No. 1 to Agreement No. 20-72-089-00, between the Commission and Lake Elsinore for the additional programming of \$2,463,000 of MARA for the construction phase of Main Street IC and a total amount not to exceed \$7,946,000;
- 3) Approve an adjustment to the Fiscal Year (FY) 2021/22 budget to increase construction expenditures in the amount of \$2,463,000; and
- 4) Authorize the Chair or Executive Director, pursuant to legal counsel review, to execute the agreement.

## **BACKGROUND INFORMATION:**

At the March 11, 2020 Commission meeting, staff recommended award of a construction contract for the I-15/Railroad Canyon Road Interchange Project (Railroad Canyon IC), which the Commission is constructing on behalf of Lake Elsinore. The construction contract came in more than \$7 million under the engineer's estimate. As a result, Commissioner Magee (Lake Elsinore) requested that Railroad Canyon IC cost savings be applied to Lake Elsinore's Main Street IC.

As shown on the location map to Attachment 2, the project is located along I-15 between Central Avenue/State Route 74 to the north and Railroad Canyon Road to the south. The Main Street IC improvements include: widening Main Street from 2 to 4 lanes, ramp metering, improvements to north- and south-bound on and off ramps, and installation of traffic signals at the ramp intersections. The interchange is currently a diamond configuration and the proposed

signalization and ramp widening will extend the life of the interchange. Lake Elsinore and Caltrans are partnering on the project.

The project received an environmental Categorical Exemption determination, signed on March 2, 2018. Caltrans approved an encroachment permit on May 31, 2019 and is making a \$476,000 funding contribution.

Lake Elsinore completed construction of improvements to Camino Del Norte and completed design for the improved Main Street IC. The nexus between using savings from the Railroad Canyon IC on the Main Street IC was to provide a safe detour and access point to I-15 during Railroad Canyon IC construction (currently underway) and to continue the Railroad Canyon/new Franklin Interchange Project into Phase 2 whereby the Main Street IC is the first component.

At the June 10, 2020 Commission meeting, \$5,483,000 of 2009 MARA funds were approved for the Lake Elsinore's Main Street IC, as the city had a funding gap based on the available funding and engineer's estimate.

## **DISCUSSION:**

The Main Street IC construction phase advertisement closed on September 9, 2021. All three bids came in higher than the engineer's estimate. An analysis of the bids indicate that the costs for items such as temporary railing and silt fencing have increased, in addition to structural excavations, aggregate base, structural concrete, shotcrete, and signals which have increased dramatically. With the low bid, the total cost of construction has increased to \$10.12 million, including construction management and post-design services. Lake Elsinore was able to identify an additional \$1.7 million of local funds to narrow the funding gap and is still in need of \$2.463 million.

Improving the Main Street interchange will improve congestion and compliment Railroad Canyon IC. Since the Main Street IC is ready for construction, staff assessed the availability of state and local funds and determined that the Main Street IC is eligible for additional MARA funds. Staff recommends approval of programming an additional \$2,463,000 of MARA funds for construction of the Main Street IC, as funds are available. Further, programming MARA funds provides expediency to maintain the project schedule.

## **FISCAL IMPACT**:

The FY 2021/22 budget includes \$2,741,500 for construction cost reimbursements to Lake Elsinore. Due to the increased construction costs, staff recommends a FY 2021/22 budget adjustment of \$2,463,000 to increase construction expenditures.

RE: Request for Additional Funding for I-15 / Main Street Interchange Improvement Project

Dear Ms. Mayer:

The City of Lake Elsinore is actively continuing our commitment to improved mobility on I-15 and local circulation within the City of Lake Elsinore (*City*). As you may know, the City has completed the design for an improved I-15/Main Street Interchange Improvement Project (*Main Street IC Project*). The project scope includes construction of tieback walls, widening and metering of ramps, and signalization of ramps and Camino Del Norte/Main Street Intersection. The City posted the Construction Request for Proposals in August 2021 and opened for bids on September 9, 2021. Upon review of the construction bids, the City is requesting additional funds for the construction of the Main Street IC Project.

Prior to bid for construction, the City retained a consultant, Sommer Engineering (Sommer), to perform post design services. Sommer provided an updated Engineer's Estimate, as recent as July 2021, totaling \$5,540,000. The construction bid opening date for the Main Street IC Project was on September 9, 2021 where the City received three (3) total bids. The lowest bidder (Griffith Company) and highest bidder (Riverside Construction Company, Inc.) came in at \$7,998,603.50 and \$8,338,073.50, respectively. As seen, bids did not vary and were within a 5% variance. However, all bids came over the Engineer's Estimate with the lowest bid exceeding by \$2,458,603.50. Per City's review of bids, items related to signals and meters, structural work for the tieback walls, and temporary items have significantly increased by an average magnitude of 3 times the estimated costs.

The Agreement for Funding of Measure A Regional Arterial Improvements with City of Lake Elsinore (Agreement) executed June 11, 2020 between the Riverside County Transportation Commission (RCTC) and City provided construction funding for \$5,483,000. Through an executed agreement with the California Department of Transportation, the State SHOPP Minor Funds Contribution (SHOPP) totals \$476,000 in additional construction funding. The City will go to City Council to approve \$8,798,463.85 which includes a 10% contingency. Furthermore, the project will incur costs of \$1,323,502.78 for Construction Management and Post Design Services. This leaves the construction funding deficit total of \$4,162,966.63. The City can obligate an additional funding

951-674-3124

130 S. MAIN STREET
LAKE ELSINORE, CA 92530
WWW.LAKE-ELSINORE.ORG

of \$1,700,000 through local fund sources such as Measure Z. This will equate to approximately \$2,462,966.63 in unfunded costs (See Attachment A for a breakdown of funding and costs). The City requests to the amend the Agreement with RCTC to include the additional unfunded costs for upwards of \$2,462,966.63.

The City of Lake Elsinore appreciates your consideration and I look forward to further discussing with you. If you have any questions, please do not hesitate to contact me at (951) 674-3124 x362.

Sincerely,

Jason Simpson City Manager

#### **BUDGET AND IMPLEMENTATION COMMITTEE AND STAFF RECOMMENDATION:**

This item is for the Commission to:

- Approve programming \$27,698,381 of 2022 State Transportation Improvement Program (STIP) Western Riverside County and Palo Verde Valley target share funding capacity on the Interstate 10 (I-10)/Highland Springs Interchange and Temescal Canyon Road Widening projects, and forward to the California Transportation Commission (CTC);
- 2) Include programming \$7,550,259 of 2022 STIP Coachella Valley target share funding capacity based on the project recommendation by the Coachella Valley Association of Governments (CVAG) and forward to the CTC;
- 3) Include programming Planning, Programming, and Monitoring (PPM) funds (2 percent of STIP target share programming capacity) in the amount of \$719,360 in Fiscal Years (FY) 2024/25 through 2026/27;
- 4) Include programming \$15,657,460 of 2022 STIP maximum share funding capacity on the Coachella Valley-San Gorgonio Pass Rail Corridor Service project and forward to the CTC;
- 5) Include programming PPM funds (2 percent of STIP maximum share programming capacity) in the amount of \$319,540 in FY 2027/28;
- 6) Submit the 2022 STIP submittal to the CTC by the statutory deadline of December 15, 2021;
- 7) Forward the Riverside County 2022 STIP project recommendations to the Southern California Association of Governments (SCAG) to conduct regional performance measures analysis as required by the CTC STIP guidelines;
- Approve a revision to Agreement No. 07-71-028-04, Amendment No. 4 to Agreement No. 07-71-028-00, with the city of Blythe (Blythe) to trade \$155,094 of Palo Verde Valley STIP funds with Measure A Western Riverside County Highway funds to facilitate delivery of local arterial projects for a revised total amount not to exceed \$198,391; and
- 9) Authorize the Executive Director, pursuant to legal counsel review, to execute the revised Agreement No. 07-71-028-04 on behalf of the Commission upon CTC adoption of the 2022 STIP in March 2022.

#### **BACKGROUND INFORMATION:**

At its July 2021 Commission meeting, the updated funding formula for the three geographic areas was approved, per the STIP Intracounty Memorandum of Understanding (MOU) with Western Riverside Council of Governments (WRCOG) and CVAG. Staff also presented an outline of the process for developing the 2022 STIP and reported that the draft Fund Estimate (FE) indicated Riverside County's Target Share for programming was \$32.349 million. Subsequently, the STIP Final FE, which was adopted at the August 18, 2021, CTC meeting, was revised to reflect Riverside County's share target at \$35.968 million. Riverside County's maximum share is \$51.945 million. The maximum share reflects one additional year of STIP programming capacity.

The STIP is primarily funded with revenues derived from the state and federal gasoline excise tax. With the passage of Senate Bill 1 in 2017, an additional \$100 million per year is included in the STIP statewide. Although this amount is beneficial, the more significant benefit from SB 1 is in stabilizing revenues, which became effective with the 2020 STIP. While SB 1 implemented measures to prevent STIP funds from being subjected to the wild fluctuations seen over the preceding years, it is still dependent on the sale of gasoline. The 2022 STIP is likely lower than it would have been without the COVID-19 pandemic which resulted in decreased fuel consumption in California.

#### **DISCUSSION**:

#### **CTC Programming Requirements**

The 2022 STIP covers a five-year period from FYs 2022/23 – 2026/27. CTC staff reported that new programming capacity in the target share (explained in the next section) is mostly available in the last two years of the 2022 STIP cycle (FYs 2025/26 and 2026/27). A few notable requirements for programming STIP projects are:

- ✓ Projects cannot be programmed prior to FY 2025/26 without pushing back projects currently programmed in the first three years.
- ✓ Projects must have a completed project study report (PSR) or PSR Equivalent.
- ✓ Projects costing \$50 million or more or that are requesting over \$15 million in STIP funds must provide additional analysis (e.g. Benefit/Cost (B/C) and air quality analyses).
- ✓ Project phases must be fully funded.

In addition to the target share, the STIP FE also includes a maximum share for each county. The maximum share looks at funding for one additional year beyond the traditional five-year STIP period. In the case of the 2022 STIP, the maximum share amount is available in FY 2027/28.

#### **Riverside County 2022 STIP Target Share**

The 2022 STIP target share funding distribution for the three geographic areas is included in the table below based on the funding distribution approved at the July 2021 Commission meeting.

Table 1. 2022 STIP Fund Estimate for Riverside County – Target Share

		Target Share
Total Riverside County Target Share		\$35,968,000
	Less: 2% Planning, Programming	719,360
	and Monitoring (PPM)	
Total New Project Programming		35,248,640
Western County	78.14%	27,543,287
Coachella Valley	21.42%	7,550,259
Palo Verde Valley	00.44%	155,094

Per an MOU between the Commission and Blythe, Palo Verde Valley STIP funds have been traded with Measure A Western Riverside County highway funds to facilitate delivery of local arterial projects in the Palo Verde Valley. Given Blythe's small staff, lower STIP funding levels, and focus on local arterials, it is more efficient to provide local funding to ensure project delivery and a less cumbersome allocation process. Upon CTC adoption of the 2022 STIP, staff recommends amending the STIP MOU with Blythe trading \$155,094 of STIP funds with Measure A Western Riverside County highway funds. Blythe will also be required to include the STIP trade funds and associated project(s) in its Measure A Capital Improvement Program. As a result, project recommendations for 2022 STIP Western Riverside County total \$27,698,381.

At its May 2021 meeting, the Commission approved Agreement No. 07-71-028-04, Amendment No. 4 to Agreement No. 07-71-028-00, with Blythe to trade \$43,297 of Palo Verde Valley mid-cycle STIP funds related to the CTC's March 2021 distribution of Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) funds. Blythe requested that the amendment not be processed until the 2022 STIP allocations were determined. Accordingly, staff recommends the Commission approve an increase in Agreement No. 07-71-028-04 with Blythe from \$43,297 to \$198,391 related to the 2022 STIP trade.

#### 2022 STIP Target Share Programming Recommendation: Western Riverside County

Due to the relatively small amount of funding available in the 2022 STIP and the long horizon for when the funds can be programmed, there currently is not a Commission-sponsored project suitable for programming the \$27.5 million available in Western Riverside County in FYs 2025/26 and 2026/27. As such, staff researched regionally significant projects from other project sponsors and identified two projects that meet the criteria for STIP programming.

Staff recommends dividing the \$27,698,381 of STIP target share funding between two projects:

- 1. I-10/Highland Springs Interchange in Banning and Beaumont in the amount of \$14,698,381 for the construction phase.
- 2. The next segment of Temescal Canyon Road Widening from Tom Barnes Street to El Cerrito Road in the El Cerrito-area of unincorporated Riverside County in the amount of \$13,000,000 for the construction phase.

The Commission is currently the lead on the I-10/Highland Springs Interchange project. The project study report effort just concluded, and the project is moving to the Project Approval/Environmental Document phase.

The County of Riverside is the project lead on the next segment of Temescal Canyon Road Widening. The County is in the midst of awarding a contract to prepare the environmental document for the project.

Both project timelines and funding plans align well with when 2022 STIP funds are anticipated to be available (FYs 2025/26 and 2026/27) and how much 2022 STIP funds are available for programming. An additional key element that makes both of these projects well-qualified to receive STIP programming is they will both seek federal environmental clearance under the National Environmental Policy Act; this is critical for projects in need of discretionary funding.

#### 2022 STIP Target Share Programming Recommendation: Coachella Valley

As previously stated, CVAG is responsible for STIP programming actions for the Coachella Valley per the STIP Intracounty MOU. At its August 30, 2021, meeting, the CVAG Transportation Committee recommended the Coachella Valley STIP share be programmed on the I-10/Monroe Street Interchange project, the region's top-ranked project in the Transportation Project Prioritization Study. This project is also a great candidate for STIP funding as it meets the CTC programming requirements detailed above. CVAG staff received Executive Committee approval for STIP project recommendations at its September 27, 2021 meeting.

#### **Riverside County 2022 STIP Maximum Share**

The 2022 STIP maximum share funding amount for Riverside County is included in Table 2 based on information in the adopted STIP FE.

The ability to program up to a county's maximum share is dependent on 2022 STIP programming of other counties. Some counties, particularly smaller ones that do not receive substantive STIP funding in a single STIP cycle, opt to save up their STIP shares over several STIP cycles for use on a big-ticket project. In other instances, sometimes a big project is not ready to move forward on time so STIP capacity gets freed up for the year the project was originally programmed in.

Table 2. 2022 STIP Fund Estimate for Riverside County – Maximum Share

		Maximum Share
Total Riverside County Maximum		\$51,945,000
Share		
	Less: Target Share Programming	35,968,000
Delta of Maximum Share and		15,977,000
Target Share		
	Less: 2% Planning, Programming and Monitoring (PPM)	319,540
Total Maximum Share		15,657,460
Programming		

#### **2022 STIP Maximum Share Programming Recommendation: Riverside County**

2022 STIP maximum shares are available for programming in the sixth year of the STIP: FY 2027/28. Programming a project utilizing Riverside County's maximum share comes with some risk as there is a chance there will not be adequate programming capacity. If this is the case, CTC staff will notify Commission staff that there is not programming capacity and they will not recommend the CTC program the project for STIP funding. Staff will return to the Commission following the March 2022 CTC adoption of the final 2022 STIP if the recommendations contained within this staff report, in part or in whole, are not approved.

Recognizing the possibility that there may not be programming capacity for Riverside County's maximum share in the 2022 STIP, staff recommends the Commission program the total maximum share programming amount of \$15,657,460 on a single project that serves all three subregions of Riverside County: Coachella Valley-San Gorgonio Pass Rail Corridor Service. As the Commission nears the completion of the Tier 1 environmental document, the next step is to complete a Tier 2 environmental document. STIP funding of \$15.6 million makes up approximately one-quarter of the funding needed for the Tier 2 environmental document. In the coming months, it is anticipated Commission staff will be pursuing additional state and federal funds to complete the funding plan for this next step in the development of this important interregional rail corridor.

#### **2022 STIP PPM Programming**

A total of \$719,360 in STIP PPM funds will be programmed in FYs 2024/25 through 2026/27. An additional \$319,540 in STIP PPM funds from the delta of the maximum share and target share will be programmed in FY 2027/28. Commission staff will coordinate with CVAG on the use of PPM for planning, programming, and monitoring activities.

#### 2022 STIP Submittal

The 2022 STIP is statutorily required to be submitted to the CTC by December 15, 2021. The submittal requires various forms and reports that will involve input from Caltrans, project sponsors and consultants, and SCAG. The proposed STIP projects were submitted to SCAG on September 24 to give SCAG sufficient time to conduct the required regional performance measures analysis to meet the submittal deadline.

#### **FISCAL IMPACT**:

STIP funding for Commission projects and PPM will be included in future budgets based on the CTC's STIP adoption in March 2022. STIP funding for projects not led by RCTC will not pass through the Commission but will be received directly by the project sponsor.

#### **DISCUSSION**:

#### **State Update**

The Legislature concluded the first year of its two-year legislative session on September 10, 2021, by sending nearly 400 bills to Governor Gavin Newsom for final action. Together with those bills already pending, Governor Newsom has until October 10, 2021, to act on approximately 800 measures currently on his desk. Included in the bills sent to the Governor for consideration was AB 1499 (Daly). AB 1499 (Daly), supported by RCTC earlier this year, extends the January 1, 2024, sunset date to January 1, 2034, for Department of Transportation and regional transportation agencies to use the design-build procurement method for transportation projects in California. While numerous bills made it to the Governor's desk, others either died in the legislative process or became two-years bills that may be considered in 2022.

In May, RCTC adopted an opposed position on SB 261 (Allen). The bill would update the state's greenhouse gas reduction goals for the transportation sector, create new vehicle miles traveled reduction goals, and increase the scrutiny of a Metropolitan Planning Organization's Sustainable Communities Strategy by the California Air Resources Board. This bill is now a two-year bill and RCTC staff will continue to engage throughout the legislative process.

#### State Budget

As part of the Fiscal Year, 2021-22 budget approved by the Legislature and signed by the Governor, several transportation stimulus proposals were included as a result of the \$80 billion budget surplus, with significant investments in transit, active transportation, and climate adaptation programs. However, the state budget included language that would make these funding proposals contingent on additional legislation detailing how the funds would be allocated. In the absence of such legislation, by October 11, 2021, these funds would revert to

the general fund. The Governor was clear that these funding proposals were contingent on the Legislature authorizing the remaining \$4.2 billion in Proposition 1A (2008) high-speed rail bond funding to finish building the first 119-mile section of high-speed rail track in the Central Valley. The Legislature left the funds out of the June budget, pending further negotiation. As the legislative session came to a close in early September, the Legislature and the Governor could not finalize an agreement on the high-speed rail funding request. As a result, all of the new transportation General Fund spending actions were reverted back to the General Fund, consistent with the Budget Act of 2021.

The reversion of the General Fund dollars resulted in the withdrawal of \$2.5 billion from the upcoming competitive Transit and Intercity Rail Program (TIRCP) competitive grant program, which was scheduled to commence later this fall. The reversion of this supplemental investment does not impact the estimated \$500 million available to TIRCP from the ongoing appropriation from the Greenhouse Gas Reduction Fund nor SB 1's Transportation Improvement Fee. In addition, the reversion also includes an additional \$500 million for Active Transportation and \$400 million for Climate Adaptation grants which will also no longer be available.

It is anticipated that negotiations regarding these and other issues will resume in early 2022, the beginning of the second year of the 2021-22 Regular Legislative Session.

On a positive note, the Governor's proposal to provide additional spending authority for \$2 billion for state highways and local roads was retained in the budget. \$930 million of this funding is from the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 and accumulated and future interest earnings produced by SB 1 programs. While most of the funds will augment state resources, an estimated \$400 million will benefit local road programs.

In addition, as part of the Governor's Clean California plan, the budget also retains \$475 million in FY 2021-22 (\$1.1 billion over three years) for litter abatement and beautification projects on state highways and local roads. Caltrans is developing guidelines for competitive grants awards to local agencies and transit districts.

#### **Bus Transit Relief**

The recently signed budget trailer, AB 149, continues several types of temporary statutory relief for transit agencies impacted by the COVID-19 pandemic that were provided as part of the 2020-21 Budget. Specifically, the bill:

- Continues the hold harmless provision for calculation and allocation of State Transit
  Assistance (STA) Program, STA-State of Good Repair, and Low Carbon Transit Operations
  Program allocations (Local Revenue Basis only) provided in through FY 2022-23;
- Extends the temporary suspension of the financial penalties associated with the Transportation Development Act (TDA) requirements that transit agencies obtain specified fixed percentages of their operating budgets from passenger fares through FY 2022-2023; and

• Continues the temporary suspensions of the financial penalties associated with the State Transit Assistance Program's operating cost per revenue vehicle hour requirements through FY 2022-23.

#### **Federal Update**

#### Infrastructure Investment and Jobs Act (IIJA)

The bipartisan surface transportation reauthorization and infrastructure bill, the Infrastructure Investment and Jobs Act, passed the Senate on August 10, 2021. The bill is a product of negotiations between the White House and a bipartisan group of 22 Senators. The IIJA makes \$550 billion in new investments in highway, bridge, public transportation, passenger rail, broadband, energy, and water infrastructure. The Legislative Affairs Team engaged early to ensure a number of RCTC priorities are addressed in the legislation, from funding opportunities to tolling authority.

Speaker Pelosi has set a deadline of September 27, 2021, for the House of Representatives to consider the IIJA. The one-year extension of the last five-year surface transportation reauthorization, the Fixing America's Surface Transportation Act (FAST Act), will expire on September 30, 2021. As of the writing of this staff report, it is uncertain if this deadline will be met and if the bipartisan measure will ultimately pass, given the political complications of coordinating this vote with a vote on the budget reconciliation resolution.

#### The Budget Reconciliation Resolution

Both the House and the Senate continue to develop the details of the \$3.5 trillion budget reconciliation legislation intended to address "human" infrastructure funding priorities of President Biden's American Jobs Plan and American Families Plan. As of the writing of this staff report, the Legislative Affairs Team is reviewing the just released House Transportation and Infrastructure Committee's (T&I) draft markup of their portion of the budget reconciliation resolution.

Of note, the draft markup includes a \$6 billion for Local Transportation Priorities, with a possible attempt to fund the member directed spending requests, or earmarks, that were included in the House's now defunct INVEST Act. Senate procedure does not allow for the inclusion of earmarks in budget reconciliation legislation, so it is speculated that T&I may provide broad funding in their markup, and later follow up with a letter to the US Department of Transportation with the list of projects Congress intends to be funded under the program. RCTC-requested member directed spending requests that were included in the INVEST Act were:

- \$3 million requested by Representative Calvert for the I-15 Corridor Operations Project (15 COP); and
- \$20 million requested by Representative Takano for the I-15 Northern Extension Project (15 NEXT).

The Team will continue to monitor the work of the House and Senate Committees of jurisdiction over transportation programs and weigh in regarding program eligibility, as appropriate.

#### **End of Fiscal Year Appropriations**

The federal fiscal year ends on September 30, 2021. Given that none of the 12 appropriations bills have passed both the House and the Senate, Congress will likely need to enact a continuing resolution (CR) prior to midnight on that date in order to avoid a government shutdown. The White House has proposed a number of items to be included in any CR, including funding for wildfire and hurricane relief, along with funds to facilitate Afghan resettlement. No length of time for the CR has been publicly released as of the writing of this report.

Congress must also address the federal debt limit and an extension of this limit could be added to a CR.

The Team will continue to monitor the appropriations process, particularly for RCTC's pending Community Project Funding requests in the Senate for \$3 million each for the I-10/Highland Springs Interchange Improvements Project and the Moreno Valley/March Field Station Improvements Project, both submitted by Senator Padilla. Representative Calvert's \$5 million request for the Smart Freeway Pilot Project is included in the appropriations bill passed by the House as well.
