Construction Update: Week of November 22, 2021

Nighttime Westbound 91 Lane and Green River Rd. Closures

No closures are scheduled Wednesday through Sunday for the Thanksgiving holiday.

Ongoing closures of the #3, #4, #5 lanes on westbound 91 from Green River Rd. to the 241 Toll Road are needed for the safety of construction workers and motorists. These lanes will be closed as needed on Monday and Tuesday nights from 9 p.m. to 4 a.m.. Please allow extra travel time.

The 91 westbound lanes between Green River Road and Coal Canyon are reduced in width. The #1 and #2 lanes (adjacent to the 91 Express Lanes) are 10.5 feet wide. The #3, #4, and #5 lanes remain the same. The 91 Express Lanes widths have not changed. These conditions will remain in place until December to provide room for crews to build the new westbound 91 lane next to the outer shoulder. Please watch for the narrower lanes and always signal before changing lanes. The speed limit through the construction zone is 55 mph.

Green River Rd. may be closed from the Green River Village Mobile Home Park entrance to the Green River Golf Club Monday and Tuesday nights from 8 p.m. to 5:30 a.m. to allow crews to continue work on retaining walls. There will be no access to the Green River Golf Club, or the Santa Ana River Trail during these closures. Access to the mobile home park will not be affected. Daytime flagging may also be required on Green River Rd. starting at 6:30 a.m. in the same vicinity to allow crews to work on a retaining wall near the SART trailhead.

Lanes #1 and #2
reduced from 12' to 10.5' wide

Lanes #3, #4 and #5
Standard lane width (no change)

Weekly View From Above

SART Temporary Parking

Temporary Santa Ana River Trail Parking Relocation

The parking lot at the Santa Ana River Trailhead near Green River Road will remain temporarily closed for the safety of trail users and construction crews. Please use the upper parking lot at 4740 Green River Road. Do not park at the Green River Golf Club; parking is for club patrons only. The Santa Ana River Trail will remain open during construction, and access to the trail will be provided, although some traffic control measures will be in place. Please do not enter the construction zone near the trailhead.

Project Overview

The Riverside County Transportation Commission, in partnership with Caltrans, the Orange County Transportation Authority, the Transportation Corridor Agencies, and the City of Corona, is building the 91 Corridor Operations Project. The project will add a lane to westbound 91 for approximately two miles between the Green River Road on-ramp and the southbound 241 connector. The new lane, which will be built next to the outer shoulder, will help relieve westbound traffic congestion through this heavily traveled corridor.

Please stay connected through construction updates, follow @therctc on social media, and watch for lane closures, narrower lanes, construction crews and equipment, and changing conditions on the 91 and Green River Road. Noisy work also may be required.
