Construction Update: Week of January 31, 2022

Daytime Westbound 91 Lane Closure Monday and Tuesday

The westbound 91 outside lane from Coal Canyon to the 241 Toll Road will be closed from 9 a.m. to 3 p.m. on Monday, January 31 and Tuesday, February 1. Crews are placing finishing touches on the project, including erosion control on the slopes. This work must be completed during daytime hours for greater visibility.

Reminder! Nighttime Lane Closures and Green River Rd. Paving this Weekend

The westbound and eastbound 91 Express Lanes will be closed Friday, January 28 at 9 p.m. to Saturday, January 29 at 5 a.m. The #1, #2, and #3 lanes will also be closed during this time to allow crews to install overhead signs.

Green River Road paving activities are rescheduled for this weekend. On Saturday, January 29, crews will temporarily close portions of Green River Road for paving and striping activities. This may cause traffic delays of 15-20 minutes for the nearby Green River Village Mobile Home Park and Green River Golf Club. Flaggers and lead cars will help guide motorists. We appreciate your patience to help keep our crews safe and minimize time needed for these closures.

Construction activity is subject to change. Please watch for updates and follow @therctc on social media or sign up by texting 91COP to 80123

15/91 Express Lanes Connector: Weekend Full Closure of Westbound 91 Rescheduled to Jan. 28-31

A full closure of all lanes on westbound 91, from McKinley St. to Main St. in Corona will be closed Friday, January 28 at 9 p.m. to Monday, January 31 at 5 a.m. The westbound 91 Express Lanes in Riverside County and the westbound 91 on-ramp at McKinley St. will also be closed. This closure had previously been planned for Jan. 21-24 but was canceled due to high winds.

Crews will be placing support structures over the westbound 91 for construction of the new southbound 15 to westbound 91 Express Lanes Connector, which will provide a seamless link

between the 91 Express Lanes and the 15 Express Lanes. [More Information](#)

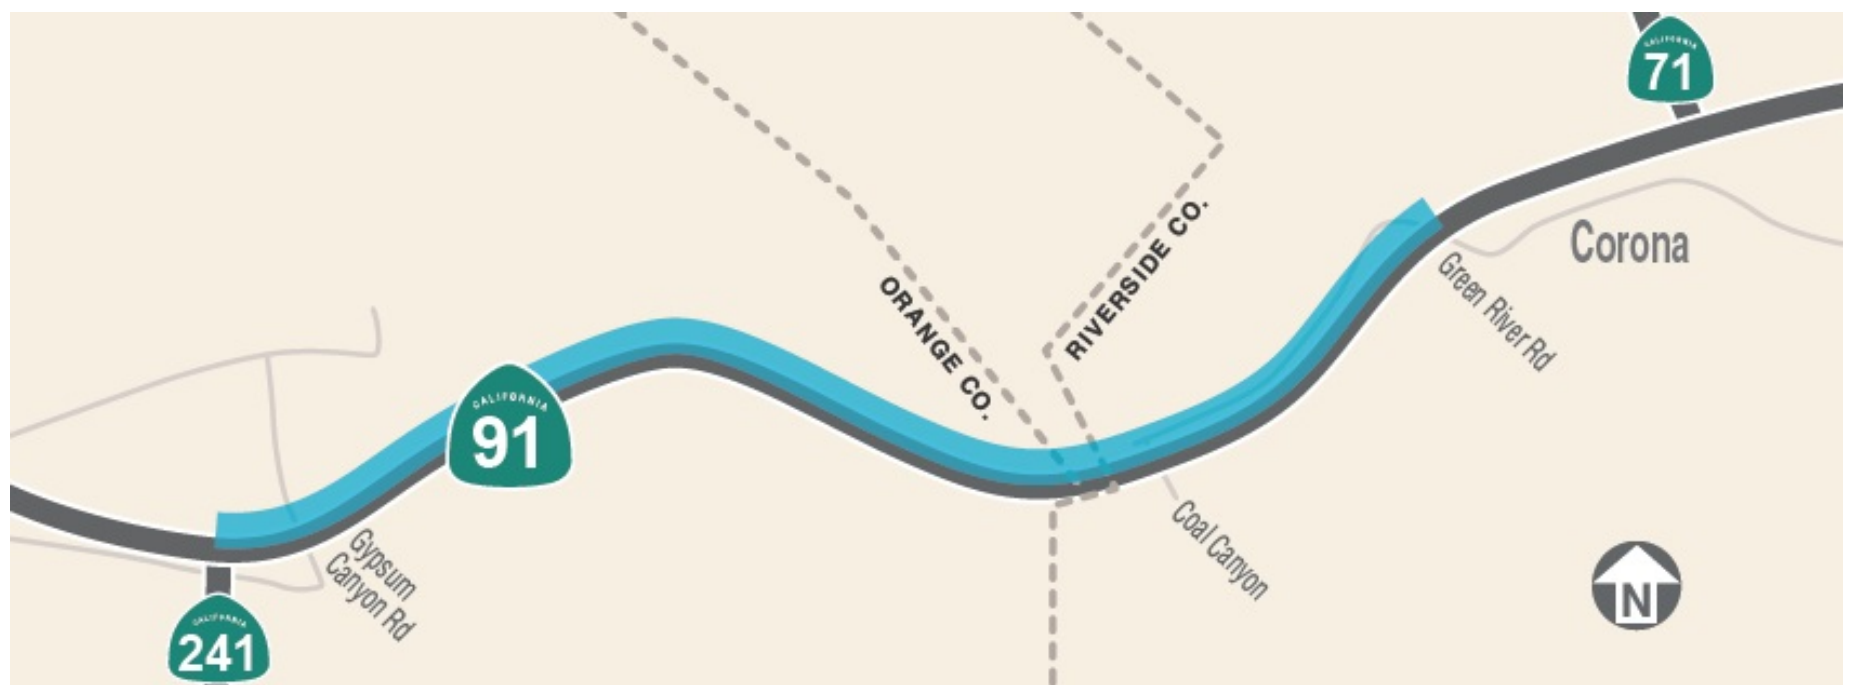

Project Overview

The Riverside County Transportation Commission, in partnership with Caltrans, the Orange County Transportation Authority, the Transportation Corridor Agencies, and the City of Corona, is building the 91 Corridor Operations Project. The project has added a lane to westbound 91 for approximately two miles between the Green River Road on-ramp and the southbound 241 connector. The new lane, which was built next to the outer shoulder, will help relieve westbound traffic congestion through this heavily traveled corridor.

Please stay connected through construction updates, follow @therctc on social media, and watch for lane closures, narrower lanes, construction crews and equipment, and changing conditions on the 91 and Green River Road. Noisy work also may be required.
