**REVISED** Construction Update: Week of January 17, 2022

## **Nighttime Westbound 91 Lane Closures Santa Ana River Trail Closure, Jan. 21 and 22**

Ongoing closures of the #3, #4, #5 lanes on westbound 91 from Green River Rd. to the 241 Toll Road may be required for project completion activities. Lanes will be closed as needed, Tuesday-Thursday nights from 9 p.m. to 4 a.m. and Friday night between 10 p.m. to 5 a.m. Please allow extra travel time.

On Thursday, January 20 to Saturday, January 22, construction crews will temporarily close portions of Green River Road for paving and striping activities. This may cause delays in traffic for the nearby Green River Village Mobile Home Park and Green River Golf Club. Striping activities are expected to take place Saturday, which could cause 15–20-minute delays. Flaggers and lead cars will be present to guide motorists. Your patience is appreciated to help keep our crews safe and minimize the time needed for these closures.

The Santa Ana River Trail will be closed Friday, January 21 and Saturday, January 22 as part of the paving and striping of Green River Road. Cyclists and pedestrians will not have access to the trail from Green River Road. The Santa Ana River Trail and parking lot both are anticipated to reopen on Sunday, January 23.

Construction activity is subject to change. Please watch for updates and follow @therctc on social media or sign up by texting 91COP to 80123

## Neighboring Project

### **15/91 Express Lanes Connector: Weekend Full Closure of Westbound 91**

A full closure of all lanes on westbound 91, from McKinley St. to Main St. in Corona, is scheduled from Friday, January 21 at 9 p.m. to Monday, January 24 at 5 a.m. The westbound 91 Express Lanes in Riverside County and the westbound 91 on-ramp at McKinley St. will also be closed.

Crews will be placing support structures over the westbound 91 for construction of the new southbound 15 to westbound 91 Express Lanes Connector, which will provide a seamless link between the 91 Express Lanes and the 15 Express Lanes. [More Information](#)

# Project Overview

The Riverside County Transportation Commission, in partnership with Caltrans, the Orange County Transportation Authority, the Transportation Corridor Agencies, and the City of Corona, is building the 91 Corridor Operations Project. The project has added a lane to westbound 91 for approximately two miles between the Green River Road on-ramp and the southbound 241 connector. The new lane, which was built next to the outer shoulder, will help relieve westbound traffic congestion through this heavily traveled corridor.

Please stay connected through construction updates, follow @therctc on social media, and watch for lane closures, narrower lanes, construction crews and equipment, and changing conditions on the 91 and Green River Road. Noisy work also may be required.
