

During our first year of construction, April 2021-April 2022,  
our hard-working crews...

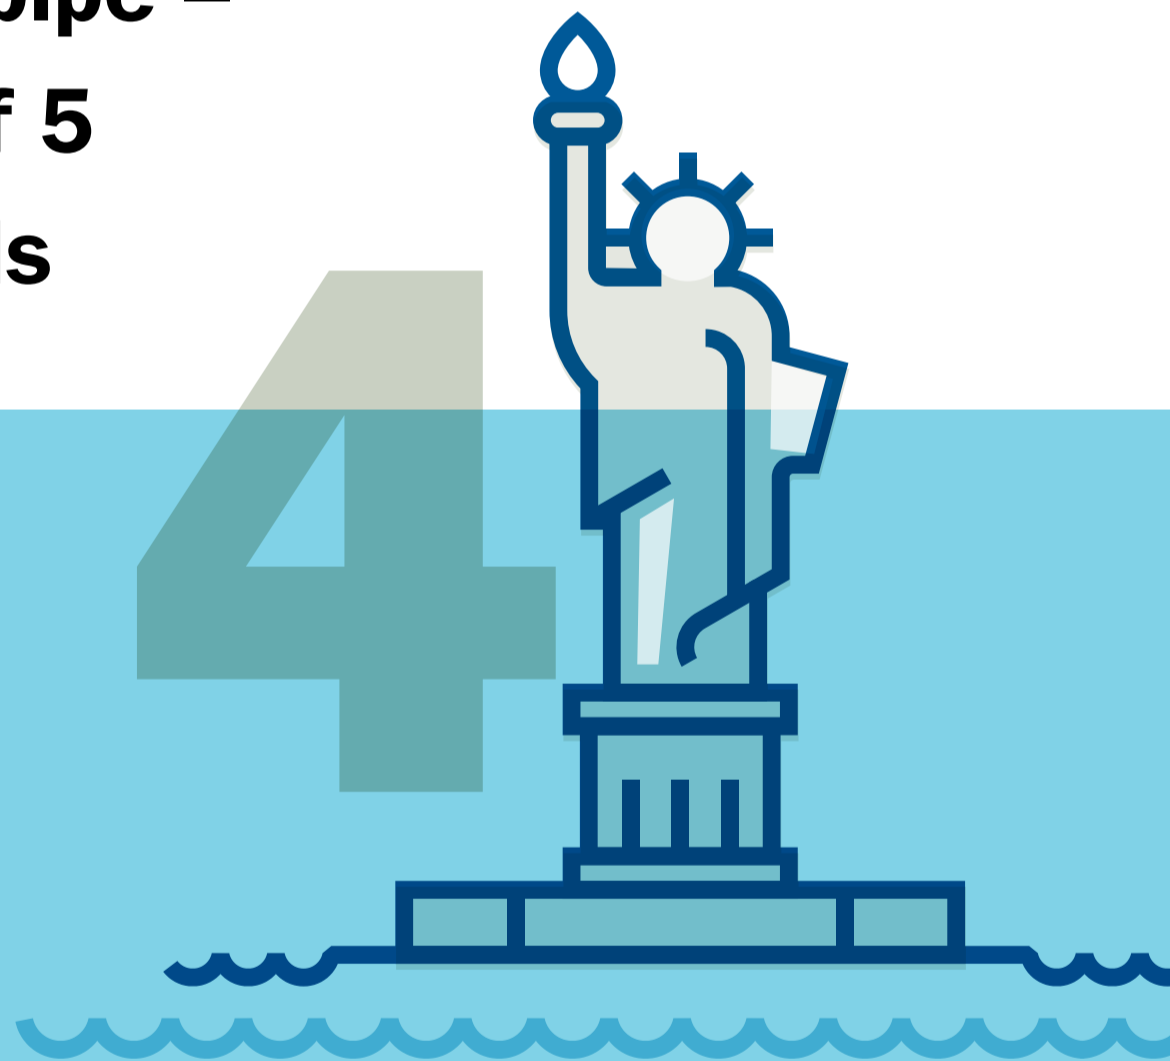

Drove **842 piles** – laid end  
to end, these would stretch to  
the top of Mt. Everest

**29,032 ft.**

Laid **1,500 linear ft.**  
of drainage pipe –  
the length of 5  
football fields

Installed **669 tons** of rebar –  
equal to the weight of more than  
**4 Statues of Liberty**

Removed  
**103,000 cubic yards**  
of dirt – equal to 20 million  
gallons of milk
