

# WEEKEND FULL CLOSURE

## SOUTHBOUND 15 AT 15/91 INTERCHANGE

Friday, June 10 – Monday, June 13

A full closure of southbound I-15 at the 15/91 interchange in Corona is scheduled the weekend of June 10–13, 2022. The southbound I-15 on-ramps at Second Street and Hidden Valley Parkway in Norco will be closed, as well as the southbound 15 Express Lanes between Route 60 and the 15/91 interchange. The southbound 15 to westbound 91 connector will remain open.

Crews will be placing support structures over southbound I-15 for the new 15/91 Express Lanes Connector, which will provide a seamless link between the 91 Express Lanes and the 15 Express Lanes.

### WHEN:

- **Friday, June 10 at 9 p.m. to Monday, June 13 at 5 a.m. Dates are subject to change, due to weather and other factors. If needed, the closure will be rescheduled as soon as possible.**

### WHAT TO EXPECT:

- Weekend full closure of southbound 15 lanes.
- Closure will occur just south of the southbound 15/westbound 91 connector, which will remain open.
- Weekend full closure of the southbound 15 on-ramps at Second Street and Hidden Valley Parkway.
- Weekend full closure of the southbound 15 Express Lanes between Route 60 and the 15/91 interchange.
- Northbound 15 and northbound 15 Express Lanes will remain open.

### DETOUR ROUTES:

- Avoid the area by using regional detours, including Route 60, Route 71, or Interstate 215 to connect to southbound 15.
- If you must travel on southbound 15, expect significant delays, allow extra travel time, and follow local detours using Main Street, Hidden Valley Parkway, or Second Street.

**Note:** The support structures are being built in stages. Please watch for two additional weekend closures in 2022/2023.

### WHY:

The full closure will improve safety by separating construction work from passenger vehicles, shorten the overall construction schedule, reduce the number of closures needed, and save construction costs.
