

# CONSTRUCTION UPDATE

**Week of June 12, 2023**

Nighttime eastbound 91 lane and ramp closures, including a full eastbound 91 closure, is scheduled for crews to safely continue support column work and remove equipment from the center median.

Daytime pile driving will continue in various locations throughout the project until early July. Minimal impacts to the public are anticipated.

**Weekend closures are scheduled to begin tonight.  
See below for weekend closure information.**

## Weekend Closures Begin Tonight

The Riverside County Transportation Commission's 71/91 Interchange Project will require roadway closures this weekend, June 9-12.

- Nighttime Eastbound 91 Full Closure in Corona
- Weekend Full Closure Eastbound and Westbound 91 Express Lanes in Riverside County
- Nighttime Eastbound 91 Green River Rd. On-Ramp

The southbound 71 connectors to eastbound and westbound 91 will remain open. The eastbound and westbound 91 general purpose lanes will remain open during daytime hours.

The closures will allow crews to safely lift a large support structure in the 91 median, place it in a pre-drilled hole, and pour concrete to form the foundation for one of the support columns for the new interchange. Closure details are below.

*The closure dates are subject to change based on site conditions and other factors.*

### NIGHTTIME FULL CLOSURES

Eastbound 91, Green River  
Rd. to Serfas Club Dr./  
Auto Center Dr.

## Project Background

The new non-tolled interchange is designed to improve safety, expand access to

other modes of travel, reduce greenhouse gas emissions, enhance traffic flow, and support continued movement of native wildlife through the area. Construction is anticipated to be completed in 2025.
