

15/91  
EXPRESS LANES  
CONNECTOR

# CONSTRUCTION UPDATE

A Project of the Riverside County Transportation Commission

NOVEMBER 21, 2023

## 15/91 EXPRESS LANES CONNECTOR OPEN

The Riverside County Transportation Commission (RCTC) is excited to announce the 15/91 Express Lanes Connector opened at approximately 4:45 a.m. The new connector provides Express Lanes access from the eastbound 91 to the northbound 15 and the southbound 15 to westbound 91 Express Lanes.

The connection will allow motorists from Norco, Jurupa Valley, Eastvale, Corona, and other communities to enjoy a faster, seamless, and more reliable commute. Commuters heading towards Orange County from the I-15 will also get a seamless transition on the toll system with the direct connector to the westbound 91.

The project also extended the outside of the eastbound 91 Express Lanes through the I-15 interchange to the Promenade overcrossing.

To use the new Express Lanes and the new 15/91 Express Lanes Connector, drivers must have a properly mounted FasTrak® transponder linked to an account in their vehicle. A FasTrak® transponder issued by any California toll agency will be accepted. Drivers will pay the rate displayed for each travel segment when they enter the lanes. To open an account or learn more about dynamic pricing, visit [riversideexpress.com](https://www.riversideexpress.com) or call 855-951-1500.
