PROJECT OVERVIEW

The Riverside County Transportation Commission, in partnership with Caltrans, built the new 15/91 Express Lanes Connector to link the 15 Express Lanes and the 91 Express Lanes for seamless, more reliable commute. These new connections provide:

- Access from the eastbound 91 Express Lanes to the northbound 15 Express Lanes
- Access from the southbound 15 Express Lanes to the westbound 91 Express Lanes

The project also extended both the eastbound 91 outside general-purpose lane and the eastern end of the 91 Express Lanes approximately one-half mile east to Promenade Avenue to help with vehicle merging in this area. Construction began in April 2021 and the new connector opened in November 2023.
