## SMART FREEWAY PILOT PROJECT Temecula/Murrieta

**Week of June 2, 2025**

The I-15 Smart Freeway Pilot Project will require nighttime lane reductions of the northbound I-15 and Rancho California Rd. on-ramp closures during the week of June 2.

Please see closure details below. Construction activity and closures are subject to change due to inclement weather and other factors.

## Highway Closures and Ramp Closures

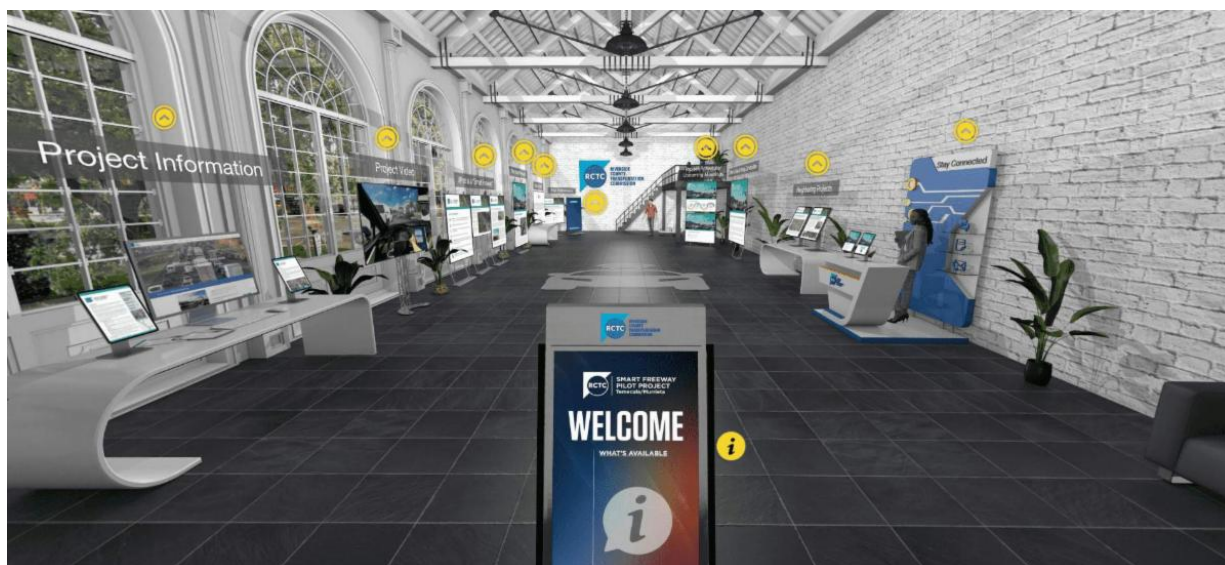

Date/Time	Activity and Location	Detour
Monday, June 2 – Thursday, June 5	Northbound I-15 Rancho California Rd. loop	<a href="#">East on Rancho California Rd. to northbound Ynez</a>

<p>Nightly, 8 p.m. – 5 a.m.</p> <hr/> <p>Friday, June 6 9 p.m. – 6 a.m.</p>	<p>on-ramp closure</p>	<p><a href="#">Rd., west on Winchester Rd. to enter northbound I-15</a></p>
<p>Monday, June 2 – Thursday, June 5 Nightly, 8 p.m. – 5 a.m.</p> <hr/> <p>Friday, June 6 9 p.m. – 6 a.m.</p>	<p>Northbound I-15 Rancho California Rd. direct on-ramp closure</p>	<p><a href="#">West on Rancho California Rd., to northbound Jefferson, east on Winchester Rd. to enter northbound I-15</a></p>
<p>Monday, June 2 – Thursday, June 5 Nightly, 10 p.m. – 6 a.m.</p> <hr/> <p>Friday, June 6 11 p.m. – 7 a.m.</p>	<p>Northbound I-15 lane reductions from Temecula Parkway to Winchester Rd.</p>	<p>No detour required, since other lanes will remain open</p>

## Neighboring Projects

**I-15 / French Valley Parkway Improvements:** Phase 2: Work is nearly complete in Temecula to reduce congestion and improve safety by relieving the I-15/Winchester Road interchange and minimizing weaving movements on I-15 between Winchester Road and the I-15/I-215 Junction. For information and construction details, please visit the **project webpage**.

## Project Background

RCTC, in partnership with Caltrans, the City of Temecula, and the Western Riverside Council of Governments, will be implementing an innovative technology along the northbound Interstate 15 (I-15) in Temecula and Murrieta that is anticipated to improve traffic operations.

The I-15 Smart Freeway Pilot Project will use “smart” technology to continuously monitor real-time traffic conditions along northbound I-15 in Temecula. This section of northbound I-15 encounters high traffic congestion from cars entering the Temecula Parkway, Rancho California Road, and Winchester Road on-ramps during peak afternoon and evening hours. The coordinated system will improve traffic flow by adjusting the optimal number of vehicles to enter and efficiently travel on the I-15.
